Against Eunomius - St. Basil of Caesarea 2014-09-30

Basil of Caesarea is considered one of the architects of the Pro-Nicene Trinitarian doctrine adopted at the

Council of Constantinople in 381, which eastern and western Christians to this day profess as "orthodox." Nowhere is his Trinitarian theology more clearly expressed than in his first major doctrinal work, *Against Eunomius*, finished in 364 or 365 CE. Responding to Eunomius, whose *Apology* gave renewed impetus to a tradition of starkly subordinationist Trinitarian theology that would survive for decades, Basil's *Against Eunomius* reflects the intense controversy raging at that time among Christians across the Mediterranean world over who God is. In this treatise, Basil attempts to articulate a theology both of God's unitary essence and of the distinctive features that characterize the Father, Son, and Holy Spirit--a distinction that some hail as the cornerstone of "Cappadocian" theology. In *Against Eunomius*, we see the clash not simply of two dogmatic positions on the doctrine of the Trinity, but of two fundamentally opposed theological methods. Basil's treatise is as much about how theology ought to be done and what human beings can and cannot know about God as it is about the exposition of Trinitarian doctrine. Thus *Against Eunomius* marks a turning point in the Trinitarian debates of the fourth century, for the first time addressing the methodological and epistemological differences that gave rise to theological differences. Amidst the polemical vitriol of *Against Eunomius* is a call to epistemological humility on the part of the theologian, a call to recognize the limitations of even the best theology. While Basil refined his theology through the course of his career, *Against Eunomius* remains a testament to his early theological development and a privileged window into the Trinitarian controversies of the mid-fourth century.

Institutes of the Christian Religion
- John Calvin 2019-01-31

Institutes of the Christian Religion is John Calvin's original work of systematic theology. Regarded as one of the most influential works of Protestant theology, it was published in Latin in 1536 (at the same time as Henry VIII of England's Dissolution of the Monasteries) and in his native French language in 1541, with the definitive editions appearing in 1559 (Latin) and in 1560 (French). The book was written as an introductory textbook on the Protestant creed for those with some previous knowledge of theology and covered a broad range of

theological topics from the doctrines of church and sacraments to justification by faith alone and Christian liberty. It vigorously attacked the teachings of those Calvin considered unorthodox, particularly Roman Catholicism, to which Calvin says he had been "strongly devoted" before his conversion to Protestantism. The Institutes is a highly regarded secondary reference for the system of doctrine adopted by the Reformed churches, usually called Calvinism. Vatican Assassins - Eric Jon Phelps 2001

A RESEARCH PROJECT & A DOCUMENTARY BOOK ON SCIENCE & WORLD RELIGIONS&COMPARATIVE INTERFAITH DISCUSSIONS(The Qur''an & Modern Science: Compatible or Incompatible?)Ever since the dawn of human life on this planet,Man has always sought to understand

Nature, his own place in the scheme of Creation and the purpose of Life itself. In this quest for Truth, spanning many centuries and diverse civilizations, organized religion has shaped human life and determined to a large extent, the course of history. While some religions have been based on books, claimed by their adherents to be divinely inspired, others have relied solely on human experience. Al-Qur''an, the main source of the Islamic faith, is a book believed by Muslims, to be of completely Divine origin. Muslims also believe that it contains Divine guidance for all humankind. Since the message of the Qur''an is believed to be for all times, it should be relevant to every age. Does the Qur''an pass this test? In this booklet, I intend to give an objective analysis of the Muslim belief regarding the Divine origin of the Qur''an, in the light of established scientific discoveries. There was a time, in the history of world civilization, when ''miracles'', or what was perceived to be a miracle, took precedence over human reason and logic. But how do we define the term ''miracle''? A miracle is anything that takes place out of the normal course of life and for which humankind has no explanation. However, we must be careful before we accept something as a miracle. An article in `The Times of India'', Mumbai, in 1993 reported that ''a saint'' by the name ''Baba Pilot'' claimed to have stayed continuously submerged under water in a tank for three consecutive days and nights. However, when reporters wanted to examine the base of the tank of water where he claimed to have performed this ''miraculous'' feat, he refused to let them do so. He argued by asking as to how one could examine the womb of a mother that gives birth to a child. The `Baba'' was hiding something. It as a

gimmick simply to gain publicity.(THE TRUTH ABOUT MUHAMMAD AND JESUS)Top 10 information you can learn in this book & why this is a must read book for all 1. Biography of Muhammad by a non Muslim.2. The Creation of God - Jacob Hartmann 1893

Class Struggle - Domenico Losurdo 2016-10-06

Available for the first time in English, this book examines and reinterprets class struggle within

Marx and Engels' thought. As Losurdo argues, class struggle is often misunderstood as exclusively the struggle of the poor against the rich, of the humble against the powerful. It is an interpretation that is dear to populism, one that supposes a binary logic that closes its eyes to complexity and inclines towards the celebration of poverty as a place of moral excellence. This book, however, shows the theory of class struggle is a general theory of social conflict. Each time, the most adverse social conflicts are intertwined in different ways. A historical situation always emerges with specific and unique characteristics that necessitate serious examination, free of schematic and biased analysis. Only if it breaks away from populism can Marxism develop the ability to interpret and change the world.

Legend of the Fall - Peter M. Duyzer 2014-03

Within Pentecostal and Charismatic circles William Branham appeared a man with the combined prophetic status and prowess of Moses, Elijah and John the Baptist. His ministry of healing spearheaded the Healing Revival of the '40s and '50s. The miraculous which was said to attend his meetings dwarfed even the biblical accounts of Jesus' ministry. Appearances of pillars of fire, Christ, the Holy Spirit, angels, clouds and other phenomena were stated to accompany his meetings. Discernments of illnesses and personal information of his patients, staggered the minds of many. His name is found in many religious encyclopedia and in countless

Internet Websites, pro and con. Legend of the Fall examines Wm. Branham's life and ministry from the position of an insider. Peter M. Duyzer's evaluation of Wm. Branham's life and his message challenges the status quo of Wm. Branham as a man sent from God. Duyzer holds a Master's degree (MACS) in Modern Apologetics from Northwest Baptist Seminary at Trinity Western University, in Langley, BC, Canada. **Sermons on Several Occasions** - John Wesley 1825

Yancey gently took away my blinders and blazed the trail through my own doubting fears, pious know-it-all, and critical balderdash until I saw the Savior anew and thought I heard him ask me, 'Now whom do you say that I am?' and I understood the question as I never had before." --Lewis B. Smedes, Senior Professor, Fuller Seminary "Philip Yancey takes the reader with him on his very personal journey to Jesus. In *The Jesus I Never Knew*, I became convinced that the Jesus I met--in some ways for the first time--has known me all along. This book is destined to become a favorite--to recommend to those still seeking Jesus and to pass along to those who've met him, but long to know him more." --Elisa Morgan, President Emerita, MOPS International

The Chants of the Vatican Gradual (Classic Reprint) - Dom Dominic Johner 2018-03-13
 Excerpt from *The Chants of the Vatican Gradual* Questions of purely historical interest have been touched upon only as occasion offered. No attempt has been made to portray the historical development of the different Mass formulas, and still less has any critical study of the various readings of texts and melodies been attempted. Nor should the reader expect a systematic introduction to the liturgical year, although the author has made an effort to explain the texts in their proper liturgical setting in the Church year. Pale Blue Dot - Carl Sagan 2011-07-06
"Fascinating . . . memorable . . . revealing . . . perhaps the best of Carl Sagan's books."—The Washington Post Book World (front page review)
In *Cosmos*, the late astronomer Carl Sagan cast his gaze over the magnificent mystery of the Universe and made it accessible to millions of people around the world. Now in this stunning sequel, Carl Sagan completes his revolutionary journey through space and time. Future generations will look back on our epoch as the time when the human race finally broke into a radically new frontier—space. In *Pale Blue Dot*, Sagan traces the spellbinding history of our launch into the cosmos and assesses the future that looms before us as we move out into our own solar system and on to distant galaxies beyond. The exploration and eventual settlement of other worlds is neither a fantasy nor luxury, insists Sagan, but rather a necessary condition for the survival of the human race. "Takes readers far beyond *Cosmos* . . . Sagan sees humanity's future in the stars."—Chicago Tribune
Introduction to Magic - Julius Evola 2018-07-13

The rites, practices, and texts collected by the mysterious UR group for the use of aspiring mages. • Rare Hermetic texts published in English for the first time. • Includes instructions for developing psychic and magical powers. In 1927 Julius Evola and other leading Italian intellectuals formed the mysterious UR group. Their goal: to bring their individual egos into a state of superhuman power and awareness in which they could act "magically" on the world. Their methods: the practice of ancient Tantric and Buddhist rituals and the study of rare Hermetic texts. So successful were they that rumors spread throughout Italy of the group's power, and Mussolini himself became quite fearful of them. Now for the first time in English *Introduction to Magic* collects the rites, practices, and knowledge of the UR group for the use of aspiring mages. Included in *Introduction to Magic* are instructions for creating an etheric double, speaking words of power, using fragrances, interacting with entities, and creating a "magical chain." Among the arcane texts translated are the Tibetan teachings of the Thunderbolt Diamond Path, the Mithraic mystery cult's "Grand Papyrus of Paris," and the Greco-Egyptian magical text *De Mysteriis*. Anyone who has exhausted the possibilities of the mundane world and is ready to take the steps necessary to purify the soul in the light of knowledge and the fire of dedication will find a number of expert mentors here.

Trance Formation of America - Cathy O'Brien 1995

This is the documented autobiography of a victim of government mind control. Cathy O'Brien is the only vocal and recovered survivor of the Central Intelligence Agency's MK-Ultra Project Monarch mind control operation. Chiseled deep into the white stone of the CIA's Langley, Virginia headquarters is a partial verse lifted from the Holy Bible and writings of Saint John..."and the truth shall set you free." This statement, like the agency, is total reality. The building that it is engraved upon houses the world's most successful manufacturer of lies to facilitate psychological warfare. The "Company" uses truth and technology as their raw materials to produce "pure" lies for control of you and America's allies.

Clothing Sacred Scriptures - David Ganz 2018-12-03

According to a longstanding interpretation, book religions are agents of textuality and logocentrism. This volume inverts the traditional perspective: its focus is on the strong dependency between scripture and aesthetics, holy books and material artworks, sacred texts and ritual performances. The contributions, written by a group of international specialists in Western, Byzantine, Islamic and Jewish Art, are committed to a comparative and transcultural approach. The authors reflect upon the different strategies of »clothing« sacred texts with precious materials and elaborate forms. They show how the pretypographic cultures of the Middle Ages used book ornaments as media for building a close relation between the divine words and their human audience. By exploring how art shapes the religious practice of books, and how the religious use of books shapes the evolution of artistic practices this book contributes to a new understanding of the deep nexus between sacred scripture and art.

The Secret History of the World - Jonathan Black 2013-05-30
THE INTERNATIONAL BESTSELLER The complete history of the world, from

the beginning of time to the present day, based on the beliefs and writings of the secret societies. Jonathan Black examines the end of the world and the coming of the Antichrist. Or is the Antichrist already here? How will he make himself known and what will become of the world when he does? Will it be the end of Time? Having studied theology and learnt from initiates of all the great secret societies of the world, Jonathan Black has learned that it is possible to reach an altered state of consciousness in which we can see things about the way the world works that hidden from our everyday commonsensical

consciousness. This history shows that by using secret techniques, people such as Leonardo da Vinci, Isaac Newton and George Washington have worked themselves into this altered state - and have been able to access supernatural levels of intelligence. This book will leave you questioning every aspect of your life and spotting hidden messages in the very fabric of society and in life itself. It will open your mind to a new way of living and leave you questioning everything you have been taught - and everything you've taught your children.
