**Complete Guide to Career  
Planning** - DEVAJIT

BHUYAN 2015-06-01

Career planning has become a survival skill in today's world. Choosing a Career should be by Choice and not by Chance. But HOW TO CHOOSE THE RIGHT CAREER? What are the factors one should consider while choosing a career? A Complete Guide to Career Planning is about how to decide the direction your career will take. The purpose behind writing this book is to make you conversant with the various career options that you can pursue and enable you to select the right career you most fit in. The author has meticulously explored and mapped the

cavernous paths of the globe of careers, which exist presently. The book provides a straightforward introduction to the concepts of career choices and the importance of planning. It emphasises the importance of self-exploration by empowering readers to look at themselves, their strengths and weaknesses, and their background and values, and then realistically evaluate the various opportunities in the world of career. With this comprehensive guide a student can learn how to explore career options, plan a career path, and find the right school and colleges for higher studies that will help him achieve his goals easily and convincingly. The book includes all the information you need to plan your future and

take control of your career.

**Logical Reasoning -  
Bradley Harris Dowden  
1993**

This book is designed to  
engage students'  
interest and promote  
their writing abilities  
while teaching them to  
think critically and  
creatively. Dowden takes  
an activist stance on  
critical thinking,  
asking students to  
create and revise  
arguments rather than  
simply recognizing and  
criticizing them. His  
book emphasizes  
inductive reasoning and  
the analysis of  
individual claims in the  
beginning, leaving  
deductive arguments for  
consideration later in  
the course.
