Long Walk to Freedom - Nelson Mandela 2008-03-11

The book that inspired the major new motion picture Mandela: Long Walk to Freedom. Nelson Mandela is one of the great moral and political leaders of our time: an international hero whose lifelong dedication to the fight against racial oppression in South Africa won him the Nobel Peace Prize and the presidency of his country. Since his triumphant release in 1990 from more than a quarter-century of imprisonment, Mandela has been at the

center of the most compelling and inspiring political drama in the world. As president of the African National Congress and head of South Africa's antiapartheid movement, he was instrumental in moving the nation toward multiracial government and majority rule. He is revered everywhere as a vital force in the fight for human rights and racial equality. LONG WALK TO FREEDOM is his moving and exhilarating autobiography, destined to take its place among the finest memoirs of history's greatest figures. Here for the first time, Nelson Rolihlahla Mandela tells the extraordinary story of his life--an epic of struggle, setback, renewed hope, and ultimate triumph.

This book showcases cutting-edge research papers from the 8th International Conference on Research into Design (ICoRD 2021) written by eminent researchers from across the world on design processes, technologies, methods and tools, and their impact on innovation, for supporting design for a connected world. The theme of ICoRD'21 has been "Design for Tomorrow". The world as we know it in our times is increasingly becoming connected. In this interconnected world, design has to address new challenges of merging the cyber and the physical, the smart and the mundane, the technology and the human. As a result, there is an increasing need for strategizing and thinking about design for a better tomorrow. The theme for ICoRD'21 serves as a provocation for the design community to think about rapid changes in the near future to usher in a better tomorrow. The papers in this book explore these themes, and their key focus is design for tomorrow: how are products and their development be addressed for the immediate pressing needs within a connected world? The book will be of interest to researchers, professionals and entrepreneurs working in the areas on industrial design, manufacturing, consumer goods, and industrial management who are interested in the new and emerging methods and tools for design of new products, systems and services. LOVE BY AN INTROVERT - SAW - HILL 2022-05-02

Most of the content in this book is fiction but some incidents are my personal experiences or happenings that I saw in my social circle. The idea about writing this book is to narrate a unique story for the voracious readers. This book also throws a light on the future existence of word 'GOD', as the people with rationale mindset disagree with the traditional belief system until they find a proper logic behind it. The Resurrection Machine invented by the protagonist and his children challenges the existence of 'GOD'. The mess around this machine goes on with a sweet love story running parallel. This amazing love story continues even after demise of the lovers, who are now stronger than their previous lives. Although my book is intended mainly for entertainment, but at the same time it also emphasizes on the qualities like Hard Work, Honesty and values of life that should be adhered for a happy life.
