Your mind is an extraordinarily powerful instrument—here is the only guide you'll ever need to maximize its reality-shaped abilities.

Success Through A Positive Mental Attitude - Napoleon Hill 2009-12-01

The bestselling self-help classic that has helped millions—promoting positive mental attitude as a key to personal success. Your mind has a secret invisible talisman. On one side is emblazoned the letters PMA (positive mental attitude) and on the other the letters NMA (negative mental attitude). A positive attitude will naturally attract the good and the beautiful. The negative attitude will rob you of all that makes life worth living. Your success, health, happiness, and wealth depend on how you make up your mind! When motivational pioneer Napoleon Hill and millionaire CEO W. Clement Stone teamed up to form one of the most remarkable partnerships of all time, the result was *Success Through a Positive Mental Attitude*, the phenomenon that proposed to the world that with the right attitude, anyone can achieve his or her dreams. Now this remarkable book is available for the twenty-first century. You, too, can take advantage of the program that has brought success to generations of people seeking -- and finding -- a better way to live.

How to Own Your Own Mind - Napoleon Hill 2018-01-01

Napoleon Hill's timeless classic, *Think and Grow Rich*, has the distinction of being the best read self-help book of the twentieth century. Not so well known is how Hill earned his livelihood before he wrote 'Think and Grow Rich'. Another classic work of Dr. Hill is 'How to Own Your Own Mind' which shows the way to stabilise your mind and achieve success in life. As Dr. Hill repeatedly emphasised, action is critical to success. But you must think before you act or your actions will be wasted. These timeless chapters about the importance of thought before action will prove to be very instructive in helping you attain your own Definite Major Purpose. To do so, you must learn how to own your own mind, and this book will tell you how to do it.

Atitude mental positiva - Napoleon Stone, W. Clement" "Hill 2015-05-15

"Tudo o que a mente humana pode conceber e acreditar, ela pode conquistar." — NAPOLEON HILL Um clássico de Napoleon Hill que tem

mudado milhões de vidas! Sua mente é um talismã secreto. De um lado é dominado pelas letras AMP (Atitude Mental Positiva) e, por outro, pelas letras AMN (Atitude Mental Negativa). Uma atitude positiva irá, naturalmente, atrair sucesso e prosperidade. A atitude negativa vai roubá-lo de tudo que torna a vida digna de ser vivida. Seu sucesso, saúde, felicidade e riqueza dependem de qual lado você irá usar. Quando o pioneiro motivacional Napoleon Hill e o CEO milionário W. Clement Stone se uniram para formar uma das parcerias mais notáveis de todos os tempos, o resultado foi Atitude Mental Positiva, o fenômeno editorial que sugeriu ao mundo que, com a atitude certa, qualquer um pode realizar seus sonhos. "Há muitos anos, devido à minha própria estupidez e defeitos, perdi tudo o que era precioso para mim. Passei muito tempo em bibliotecas públicas porque tinham entrada franca — e eram aquecidas. Li tudo, de Platão a Peale, buscando uma mensagem que pudesse explicar onde eu tinha errado — e o que eu poderia fazer para salvar o resto da minha vida. Finalmente encontrei minha resposta em Atitude Mental Positiva, de Napoleon Hill e W. Clement Stone. (...) De um vagabundo sem dinheiro e sem uma única raiz, acabei me tornando o presidente de duas corporações e editor-executivo da Success Unlimited, a melhor revista do mundo na sua categoria. Também escrevi seis livros, e um deles, O maior vendedor do mundo, traduzido em quatorze idiomas e com mais de três milhões de cópias vendidas. Nada disso teria sido alcançado sem a aplicação diária dos princípios de sucesso e de vida que encontrei neste clássico." Og Mandino

The Power of the Master Mind - Mitch Horowitz 2019-03-04

Millions read the works of Napoleon Hill and are catapulted to their dreams. Others say they get nowhere. Why? The difference between success and failure lies in the use of the Master Mind. The Master Mind, Hill taught, is the pooling of intellectual, intuitive, and creative mental resources, which occurs when two or more people enter a supportive pact to assist one another's aims. A Master Mind group multiplies the mental powers of all its participants. This is the "secret ingredient," Hill insisted, that delivers lasting success. Now, acclaimed historian and New Thought author, MITCH HOROWITZ shows you, step by step, how and why the Master Mind works—and how truly easy it is to form and maintain your own Master Mind group. If you love the motivational lessons of Napoleon Hill, you cannot afford to be without the Napoleon Hill Success Course on the Master Mind. "Great power," Hill wrote, "can be accumulated through no other principle."

Quem pensa enriquece - Napoleon Hill 2020-11-03

Quem Pensa Enriquece é baseado no resultado de mais de 20 anos de estudo e análise de indivíduos que acumularam fortunas pessoais. Napoleon Hill estudou os hábitos de 16 mil pessoas, entre elas 500 milionários e os homens mais ricos de sua época, e chegou às "leis" que devem ser aplicadas para a conquista do sucesso. Quem Pensa Enriquece condensa essas leis dando a você os 13 princípios na forma da "Filosofia da Conquista". Mark Hansen, disse que o tempo mostrou que duas das leis/princípios possuem especial importância: 1) O princípio da Mastermind (Mente Mestra) e 2) A necessidade de um Objetivo Definido. O livro afirma que desejo, unido à fé e à persistência, pode levar o indivíduo a realizar qualquer feito, desde que este possa se livrar de pensamentos negativos e manter o foco em seu objetivo.

Summit Lake - Charlie Donlea 2016-01-26

"A gem of a mystery, fast-paced and suspenseful."--Catherine Coulter, #1 New York Times bestselling author Set in a small, picturesque North Carolina town, Charlie Donlea's suspenseful debut novel tells the haunting story of a murdered law school student, the reporter assigned to her story—and the intimate connection that comes when the living walk in the footsteps of the dead. "No suspects. No persons of interest. Just a girl who was alive one day and dead the next." Some places seem too beautiful to be touched by horror. Summit Lake, nestled in the Blue Ridge Mountains, is that kind of place, with charming stilt houses dotted along the pristine water. But two weeks ago, Becca Eckersley, a first-year law student, was brutally murdered in one of those houses. The daughter of a powerful attorney, Becca was hard-working, accomplished, and ambitious. Now, while the town reels with grief and shocked residents gather to share their theories, the police are baffled. At first, investigative reporter Kelsey Castle thinks of the assignment as a fluff piece. But the savagery of the crime, and the determined efforts to keep the case quiet, all hint at something far more than a random attack by a stranger. As Kelsey digs deeper, pushing on despite danger and warnings, she feels a growing connection to the dead girl. And the more she learns about Becca's friendships, her love life—and the secrets she was keeping—the more convinced she becomes that learning the truth about Becca could be the key to overcoming her own dark past... Advance Praise for *Summit Lake* "An exciting debut, with all the right touches, captivating from the first page to the last. There's a bright future ahead for this newcomer to the thriller genre — definitely a talent to watch."--Steve Berry, New York Times bestselling author "Gripping! This one kept me up late into the night."--Nancy Bush, New York Times bestselling author "A swift, outstanding debut. *Summit Lake* engrossed me then knocked me cold. Charlie Donlea is a superb storyteller sure to damage the best seller lists."--Robert Dugoni, New York Times bestselling author "Summit Lake makes a small town come alive through the lens of madness, misunderstandings, betrayal, and a pile of the kind of secrets that makes a mystery of a life so hard to untangle from its death. The pages fly by, zinging through the twists and revelations, all the way to the shattering conclusion."--Jamie Mason "A brilliant, haunting thriller in which *The Lovely Bones* meets *The Silence of the Lambs*—with a bit of *Twin Peaks* thrown in for good measure! Charlie Donlea weaves a unique, spellbinding tale about a bond between two fascinating women—one living, one dead. Full of unexpected twists and turns, *Summit Lake* is an irresistible page-turner."--Kevin O'Brien, New York Times bestselling author "Grabs you from the very start and doesn't let go! This gripping thriller keeps you at the edge of your seat and gasping in all the right places. Donlea spins a perfectly crafted story of two women, both victims of violent crime, searching for justice, redemption and ultimately—peace. You won't be able to put this book down until you've uncovered all the secrets hidden inside the picturesque town of Summit Lake."--Emily Bleeker

Mais tarde, após fazer uma entrevista com o empresário Andrew Carnegie, o autor foi inspirado a escrever livros de grande sucesso. Também trabalhou em publicidade e foi consultor do presidente Franklin Roosevelt. O escritor, que faleceu em 08 de novembro de 1970, na Carolina do Sul, foi um dos principais nomes do Movimento Pensamento Novo. Autor de best-sellers de autoajuda,

publicou livros de caráter motivacional que defendem a força do pensamento, como sua obra *Mais esperto que o diabo*. Qual é o segredo de Napoleon Hill? Segundo o livro de Napoleon, Pense e Enriqueça, você deve acreditar profundamente que consegue. Acreditar nas suas habilidades e desenvolver as que ainda não possui. Para ele, o jeito mais fácil de fazer isso é visualizar continuamente o sucesso futuro, como se já tivesse alcançado seu sonho. Qual foi a fortuna de Napoleon Hill? Em 1908, Andrew Carnegie, lançou um desafio ao jovem Napoleon Hill. Considerado o segundo homem mais rico do mundo (de todos os tempos) com um patrimônio estimado em US\$ 309 bilhões - atrás apenas de John D. Como as 16 leis de Napoleon Hill podem lhe ajudar a obter sucesso Associação com outras pessoas com o mesmo perfil de pensamento. Objetivo principal definido. Confiança em si próprio. Economia. Iniciativa e liderança. Imaginação. Entusiasmo. Autocontrole. O que Napoleon Hill diz sobre o medo? Medo não é oposto de coragem- Mesmo quem tem coragem tem medo. Diz Napoleon Hill " medos são apenas estados mentais". O medo é como uma planta, quanto mais você cultiva mas ela cresce. O medo cresce à medida que você não o enfrenta, que você procrastina o enfrentamento. Quem financiou Napoleon Hill? Andrew Carnegie Financiado pelo Magnata do Aço, Andrew Carnegie, o jovem jornalista de 25 anos Napoleon Hill começou em 1908 a entrevistar homens de sucesso e a investigar suas carreiras. Tudo isso para detectar o que havia de especial neles e descobrir se existe o gene do sucesso. Acreditar verdadeiramente no que você faz e nos seus objetivos é o que vai transformar seus planos em ação e seus sonhos em realidade. Se você não sabe lidar com suas próprias emoções, não vai conseguir enxergar de forma clara qual o seu real objetivo. O que Napoleon Hill ensina? Napoleon Hill aborda fatores essenciais para atingir seus sonhos e objetivos. Ensina como definir um objetivo e o caminho para alcançá-lo. Hill, em sua pesquisa sobre como atingir o êxito, percebeu que o sucesso não se trata apenas da riqueza financeira, essa é uma das áreas que compõem a vida da vida. Como pensar com exatidão? "Pensar com exatidão envolve dois princípios. O primeiro é separar os fatos das meras informações, pois grande parte das informações que dispomos não é baseada em fatos. O segundo princípio é separar o [Summary of The Secret by Rhonda Byrne](#) - Readtrepreneur Publishing 2019-05-24

Outwitting the Devil - Napoleon Hill 2011

Originally written in 1938 but never published due to its controversial nature, an insightful guide reveals the seven principles of good that will allow anyone to triumph over the obstacles that must be faced in reaching personal goals.

The Self-Aware Universe - Amit Goswami 1995-03-21

In this stimulating and timely book, Amit Goswami, PhD, shatters the widely popular belief held by Western science that matter is the primary "stuff" of creation and proposes instead that consciousness is the true foundation of all we know and perceive. His explanation of quantum physics for lay readers, called "a model of clarity" by Kirkus Reviews, sets the stage for a voyage of discovery through the common ground of science and religion, the entwined nature of mind and body, and our

interconnectedness with all of creation.

The 5 Levels of Leadership - John C. Maxwell 2011-10-04

Use this helpful book to learn about the leadership tools to fuel success, grow your team, and become the visionary you were meant to be. True leadership isn't a matter of having a certain job or title. In fact, being chosen for a position is only the first of the five levels every effective leader achieves. To become more than "the boss" people follow only because they are required to, you have to master the ability to invest in people and inspire them. To grow further in your role, you must achieve results and build a team that produces. You need to help people to develop their skills to become leaders in their own right. And if you have the skill and dedication, you can reach the pinnacle of leadership—where experience will allow you to extend your influence beyond your immediate reach and time for the benefit of others. The 5 Levels of Leadership are: 1. Position—People follow because they have to. 2. Permission—People follow because they want to. 3. Production—People follow because of what you have done for the organization. 4. People Development—People follow because of what you have done for them personally. 5. Pinnacle—People follow because of who you are and what you represent. Through humor, in-depth insight, and examples, internationally recognized leadership expert John C. Maxwell describes each of these stages of leadership. He shows you how to master each level and rise up to the next to become a more influential, respected, and successful leader.

Success is No Accident - Lair Ribeiro 1996

Offers advice on achieving success by realizing dreams, thinking productively, improving one's self-esteem, and discovering previously unnoticed opportunities

Impulse - David Lewis 2013-10-01

Impulse explores what people do despite knowing better, along with snap decisions that occasionally enrich their lives. This eye-opening account looks at two kinds of thinking--one slow and reflective, the other fast but prone to error--and shows how our mental tracks switch from the first to the second, leading to impulsive behavior.

Super Brain - Rudolph E. Tanzi, Ph.D. 2012-11-06

A manual for relating to the brain in a revolutionary new way, *Super Brain* shows you how to use your brain as a gateway for achieving health, happiness, and spiritual growth. The authors are two pioneers: bestselling author and physician Deepak Chopra and Harvard Medical School professor Rudolph E. Tanzi, one of the world's foremost experts on the causes of Alzheimer's. They have merged their wisdom and expertise for a bold new understanding of the "three-pound universe" and its untapped potential. In contrast to the "baseline brain" that fulfills the tasks of everyday life, Chopra and Tanzi propose that, through a person's increased self-awareness and conscious intention, the brain can be taught to reach far beyond its present limitations. "We are living in a golden age for brain research, but is this a golden age for your brain?" they ask. *Super Brain* explains how it can be, by combining cutting-edge research and spiritual insights, demolishing the five most widespread myths about the brain that limit your potential, and then showing you methods to: -Use your brain instead of letting it use you -Create the ideal lifestyle for a healthy brain -Reduce the risks of aging -Promote happiness and well-being through the mind-body connection -Access the enlightened brain, the gateway to freedom and bliss -Overcome the most common challenges, such as memory loss, depression, anxiety, and obesity Your brain is capable of incredible healing and constant reshaping. Through a new relationship with your brain you can transform your life. In *Super Brain*, Chopra and Tanzi guide you on a fascinating journey that envisions a leap in human evolution. The brain is not just the greatest gift that Nature has given us. It's the gateway to an unlimited future that you can begin to live today.

Napoleon Hill's Keys to Success - Napoleon Hill 1997-10-01

Napoleon Hill summed up his philosophy of success in *Think and Grow Rich!*, one of the bestselling inspirational business books ever. A recent USA Today survey of business leaders named it one of the five most influential books in its field, more than 40 years after it was first published. Now, in *Napoleon Hill's Keys to Success*, his broadly outlined principles are expanded in detail for the first time, with concrete advice on their use and implementation. Compiled from Hill's teaching materials, lectures, and articles, *Napoleon Hill's Keys to Success* provides mental exercises, self-analysis techniques, powerful encouragement, and straightforward advice to anyone seeking personal and financial improvement. In addition to Hill's many personal true-life examples of the principles in action, there are also contemporary illustrations featuring dynamos like Bill Gates, Peter Lynch, and Donna Karan. No other

Napoleon Hill book has addressed these 17 principles so completely and in such precise detail. For the millions of loyal Napoleon Hill fans and for those who discover him each year, *Napoleon Hill's Keys to Success* promises to be a valuable and important guide on the road to riches.

Mini Habits - Stephen Guise 2013-12-22

Discover the Life-Changing Strategy of This Worldwide Bestseller in 17 Languages! Lasting Change For Early Quitters, Burnouts, The Unmotivated, And Everyone Else Too When I decided to start exercising consistently 10 years ago, this is what actually happened: I tried "getting motivated." It worked sometimes. I tried setting audacious big goals. I almost always failed them. I tried to make changes last. They didn't. Like most people who try to change and fail, I assumed that I was the problem. Then one afternoon--after another failed attempt to get motivated to exercise--I (accidentally) started my first mini habit. I initially committed to do one push-up, and it turned into a full workout. I was shocked. This "stupid idea" wasn't supposed to work. I was shocked again when my success with this strategy continued for months (and to this day). I had to consider that maybe I wasn't the problem in those 10 years of mediocre results. Maybe it was my prior strategies that were ineffective, despite being oft-repeated as "the way to change" in countless books and blogs. My suspicions were correct. Is There A Scientific Explanation For This? As I sought understanding, I found a plethora of scientific studies that had answers, with nobody to interpret them correctly. Based on the science--which you'll find peppered throughout *Mini Habits*--we've been doing it all wrong. You can succeed without the guilt, intimidation, and repeated failure associated with such strategies as "getting motivated," New Year's Resolutions, or even "just doing it." In fact, you need to stop using those strategies if they aren't giving you great results. Most popular strategies don't work well because they require you to fight against your subconscious brain (a fight not easily won). It's only when you start playing by your brain's rules and taking your human limitations seriously--as mini habits show you how to do--that you can achieve lasting change. What's A Mini Habit? A mini habit is a very small positive behavior that you force yourself to do every day; its "too small to fail" nature makes it weightless, deceptively powerful, and a superior habit-building strategy. You will have no choice but to believe in yourself when you're always moving forward. The barrier to the first step is so low that even depressed or "stuck" people can find early success and begin to reverse their lives right away. And if you think one push-up a day is too small to matter, I've got one heck of a story for you! Aim For The First Step They say when you aim for the moon, you'll land among the stars. Well, that doesn't make sense, as the moon is closer than the stars. I digress. The message is that you should aim very high and even if you fall short, you'll still get somewhere. I've found the opposite to be true in regards to productivity and healthy behaviors. When you aim for the moon, you won't do anything because it's too far away. But when you aim for the step in front of you, you might keep going and reach the moon. I've used the *Mini Habits* strategy to get into the best shape of my life, read 10x more books, and write 4x as many words. It started from requiring one push-up from myself every day. How ridiculous is that? Not so ridiculous when you consider the science of the brain, habits, and willpower. The *Mini Habits* system works because it's how our brains are designed to change. Note: This book isn't for eliminating bad habits (some principles could be useful for breaking habits). *Mini Habits* is a strategy to create permanent healthy habits in: exercise, writing, reading, thinking positively, meditating, drinking water, eating healthy foods, etc. Lasting change won't happen until you take that first step into a strategy that works. Give *Mini Habits* a

try. You won't look back.

The Gluten Lie - Alan Levinovitz 2015-04-21

An incendiary work of science journalism debunking the myths that dominate the American diet and showing readers how to stop feeling guilty and start loving their food again—sure to ignite controversy over our obsession with what it means to eat right. FREE YOURSELF FROM ANXIETY ABOUT WHAT YOU EAT Gluten. Salt. Sugar. Fat. These are the villains of the American diet—or so a host of doctors and nutritionists would have you believe. But the science is far from settled and we are racing to eliminate wheat and corn syrup from our diets because we've been lied to. The truth is that almost all of us can put the buns back on our burgers and be just fine. Remember when butter was the enemy? Now it's good for you. You may have lived through times when the Atkins Diet was good, then bad, then good again; you may have wondered why all your friends cut down on salt or went Paleo; and you might even be thinking about cutting out wheat products from your own diet. For readers suffering from dietary whiplash, *The Gluten Lie* is the answer. Scientists and physicians know shockingly little about proper nutrition that they didn't know a thousand years ago, even though Americans spend billions of dollars and countless hours obsessing over "eating right." In this groundbreaking work, Alan Levinovitz takes on bestselling physicians and dietitians, exposing the myths behind how we come to believe which foods are good and which are bad—and pointing the way to a truly healthful life, free from anxiety about what we eat.

Master Mind - Napoleon Hill 2021-09-21

Napoleon Hill on two occasions wrote extensive memoirs about his life, starting with his youth in Wise County, Virginia, and ending, apparently, during World War II. I say "apparently" because the archives of the Napoleon Hill Foundation contain these two manuscripts, but they are obviously incomplete and end in the 1940s. Mr. Hill died in 1970. His last book, *Grow Rich with Peace of Mind*, was written in 1967 and sheds some light on his later years; but his own journals and memoirs of those years, if they ever existed, have not yet been found. The two memoirs were titled by Mr. Hill, *Wheel of Fortune* and *Hand of Destiny*. They contain details of his life, including his four marriages, two divorces and one annulment, which we at the Foundation have not seen in any of his other writings or speeches. They also contain many details about his successes and failures in business and there were more failures than successes, as he readily admits. The memoirs contain thoughtful insights into the state of mind of this great thinker—how he dealt with failure, profited from defeat, turned adversity into advantage, and ultimately achieved happiness with his last wife, Annie Lou, happiness which had eluded him for most of his life. Mr. Hill has said that the Master Mind principle, in which two or more minds work harmoniously to achieve a common goal, is the most important of the seventeen principles of success he studied during his decades of research into how people attain happy and successful lives. One of the many interesting stories in the memoirs is about how he and his third wife, Rosa Lee, used the Master Mind principle to discover the only one of the seventeen principles that no one had understood or realized before, *Cosmic Habitforce*. The Trustees of the Napoleon Hill Foundation have combined the two memoirs into one, editing out repetition and putting events in chronological order where it made sense to do so. They chose to title the combined memoirs *Master Mind*, in recognition of the importance this principle played in his

philosophy and life, and as a tribute to the mental giant who was the greatest thinker and writer ever in the fields of personal achievement and self-improvement.

You Can Work Your Own Miracles - Napoleon Hill 2011-03-23

Everything you desire is within your reach, if you learn to tap the miraculous power that lies within your own personality. Success belongs to those lucky people who are blessed with successful personalities. With these outstanding human beings, success is a daily miracle, a way of life, a habit. You can be one of these people. Napoleon Hill, world-famous author, associate of great and successful people from Andrew Carnegie to Franklin D. Roosevelt, lifelong teacher of the open secrets of success, can give you this knowledge and power.

A lei do triunfo - Napoleon Hill 2015-11-19

16 lições práticas para o sucesso, um clássico atemporal agora em edição com nova capa Financiado pelo Magnata do Aço, Andrew Carnegie, o jovem jornalista de 25 anos Napoleon Hill começou em 1908 a entrevistar homens de sucesso e a investigar suas carreiras. Tudo isso para detectar o que havia de especial neles e descobrir se existe o gene do sucesso. Ou talvez, uma lei que permita identificar em cada indivíduo o potencial para vencer na vida. Em duas décadas, ouviu mais de 16 mil pessoas, entre elas os 500 milionários mais importantes da época. Pesquisou a vida de grandes inventores e pioneiros, como Thomas Edison, Graham Bell, Henry Ford, Roosevelt, George Eastman e Rockefeller. O resultado foi *A lei do triunfo*: 16 lições práticas para o sucesso, que ensinou, pela primeira vez na história do mundo, o verdadeiro segredo para o sucesso pessoal.

The Lean Startup - Eric Ries 2011-09-13

Most startups fail. But many of those failures are preventable. The Lean Startup is a new approach being adopted across the globe, changing the way companies are built and new products are launched. Eric Ries defines a startup as an organization dedicated to creating something new under

conditions of extreme uncertainty. This is just as true for one person in a garage or a group of seasoned professionals in a Fortune 500 boardroom. What they have in common is a mission to penetrate that fog of uncertainty to discover a successful path to a sustainable business. The Lean Startup approach fosters companies that are both more capital efficient and that leverage human creativity more effectively. Inspired by lessons from lean manufacturing, it relies on “validated learning,” rapid scientific experimentation, as well as a number of counter-intuitive practices that shorten product development cycles, measure actual progress without resorting to vanity metrics, and learn what customers really want. It enables a company to shift directions with agility, altering plans inch by inch, minute by minute. Rather than wasting time creating elaborate business plans, The Lean Startup offers entrepreneurs—in companies of all sizes—a way to test their vision continuously, to adapt and adjust before it’s too late. Ries provides a scientific approach to creating and managing successful startups in a age when companies need to innovate more than ever.

Three Feet from Gold - Sharon L. Lechter CPA 2018-10-16

“Most great people have attained their greatest success just one step BEYOND their greatest failure.” -Napoleon Hill This remarkable business allegory tells a fascinating story in presenting the key principles of Napoleon Hill’s revolutionary bestseller *Think and Grow Rich*. While you follow a struggling young entrepreneur through a life-changing series of encounters with some of today’s foremost business leaders and inspirational figures, you’ll find encouragement and motivation to believe in yourself, discover your own Personal Success Equation™, and to never give up. You are just three feet from gold! A century ago Napoleon Hill began the research that ultimately resulted in his extraordinary bestseller *Think and Grow Rich*. Since its publication in 1937, with more than 100 million copies sold worldwide, the book has inspired generations of men and women to turn their dreams into reality with its wise and effective principles of self-motivation, leadership, service, and achievement culled from Hill’s interviews with visionaries of his day. Now, a hundred years later, in *Three Feet from Gold*, a young entrepreneur whose life is falling apart finds himself retracing Hill’s steps after a serendipitous encounter with a powerful businessman who sees the young man’s potential and sets him on a challenging journey of personal, spiritual, and financial growth. Sharon L. Lechter—co-author of the #1 New York Times best-seller *Rich Dad Poor Dad*—and Greg S. Reid—a successful author, and in-demand motivational speaker—have given us more than the story of one man’s dogged pursuit of success. They deliver an effective equation for accomplishing goals that calls for combining passion and talent, taking action with the right association, and above all else, having faith that you

are on the right path.
