The Organ - Douglas Earl Bush 2006

"The Organ: An Encyclopedia" includes articles on the organ family of instruments, including famous players, composers, instrument builders, the construction of the instruments, and related terminology. It is the first complete reference on this important family of keyboard instruments. The contributors include major scholars of music and musical instrument history from around the world. It completes the three-volume Encyclopedia of Keyboard Instruments, which also includes the "Piano Encyclopedia" and the "Harpsichord & Clavichord Encyclopedia."

The Musical Times and Singing-class Circular - 1954

The Organ As a Mirror of Its Time - Kerala J. Snyder 2002-07-18

Because it has always represented a rich collaboration of the music, art, architecture, handicraft and science of its day, the organ, more than any other instrument, continues to reflect the spirit of the age in which it was built. The Organ as a Mirror of its Time, the first book to consider this instrument's historical and cultural significance, reflects the efforts of twenty leading scholars of the organ. The book chronicles the history of six organs in Scandinavia and Northern Germany, at least one specimen for every century from 1600 to the present. By considering their original contexts and their histories since they were built, as well as the

extraordinary coincidences that link them together, the book offers a unique perspective on the cultural history of northern Europe. A CD with appropriate repertoire played on each of the six instruments accompanies the book.

Continuum Encyclopedia of Popular Music of the World, Volume 2 - John Shepherd 2003-05-08

The Bloomsbury Encyclopedia of Popular Music Volume 1 provides an overview of media, industry, and technology and its relationship to popular music. In 500 entries by 130 contributors from around the world, the volume explores the topic in two parts: Part I: Social and Cultural Dimensions, covers the social phenomena of relevance to the practice of popular music and Part II: The Industry, covers all aspects of the popular music industry, such as copyright, instrumental manufacture, management and marketing, record corporations, studios, companies, and labels. Entries include bibliographies, discographies and filmographies, and an extensive index is provided.

Catalogue of Music for Organ and Instruments - James Laster 2005

"This book presents music titles in which the organ is part of a chamber ensemble. Alphabetized by composer, entries contain the bibliographical information for each title and a brief commentary or description, as well as information on the level of difficulty, timing, mood, fingerings/pedalings, and other performance aids. The selections are suitable for concerts and religious services and are written in a variety of styles, from Baroque to contemporary." "This catalogue will be of interest to church organists searching for a piece for organ and brass appropriate for Easter, visiting instrumentalists choosing music for a Sunday service, teachers introducing their organ students to the experience of accompanying a violin, and instrumentalists seeking a composition to play with the organ, among many others."--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc. The Organ in Manitoba - James B. Hartman 1997-12-15

Pipe organs were once a central (and sometimes hotly debated) part of Manitoba's cultural life. *The Organ in Manitoba* portrays that history--the instruments, builders, players and critics--from the date of the earliest known installations to the 1990s, and includes information on musical organizations such as the Royal Canadian College of Organists. It documents over a century of evolution and changes, from concepts of tonal design to styles of musical commentary and tastes, and includes an inventory of installations and specifications for over 100 organs. Well-illustrated with photographs and excerpts from historical reviews and other documents, it will be of interest to musicians, teachers, and music, church, and cultural historians.
