A List of the Early Settlers of Georgia -

Coulter 2009-05-01

This list of settlers in Georgia up to 1741 is taken from a manuscript volume of the Earl of Egmont, purchased with twenty other volumes of manuscripts on early Georgia history by the University of Georgia in 1947. The 2,979 settlers are listed in alphabetical order, followed by their age, occupation, date of embarkation, date of arrival, lot in Savannah or in Frederica, and (where applicable) "Dead, Quitted, or Run Away." Footnotes give additional information concerning many of the people listed. This volume was published in 1949 to help scholarly research in the history of colonial of Georgia.

American Universities and Colleges, 19th Edition [2 Volumes] - Praeger 2010-04-16

For well over a half century, American Universities and Colleges has been the most comprehensive and highly respected directory of four-year institutions of higher education in the United States. A two-volume set that Choice magazine hailed as a most important resource in its November 2006 issue, this revised edition

features the most up-to-date statistical data available to guide students in making a smart yet practical decision in choosing the university or college of their dreams. In addition, the set serves as an indispensable reference source for parents, college advisors, educators, and public, academic, and high school librarians. These two volumes provide extensive information on 1,900 institutions of higher education, including all accredited colleges and universities that offer at least the baccalaureate degree. This essential resource offers pertinent, statistical data on such topics as tuition, room and board; admission requirements; financial aid; enrollments; student life; library holdings; accelerated and study abroad programs; departments and teaching staff; buildings and grounds; and degrees conferred. Volume two of the set provides four indexes, including an institutional Index, a subject accreditation index, a levels of degrees offered index, and a tabular index of summary data by state. These helpful indexes allow readers to find information easily and to make comparisons among institutions effectively. Also contained within the text are charts and tables that provide easy access to comparative data on relevant topics.
