[5 Easy Steps to Financial Freedom](#) - Duane Harden 2012-04

Book Praise & Reviews ""As a how-to guide, this book contains everything you may need to know to turn your passions into profits."" Bill Bartmann (Billionaire entrepreneur, author, speaker, educator) Read & Give Program A portion of the sale of this book is donated to charity. Book Description Are you unhappy in your job? Are you tired of living paycheck to paycheck and feel like you just don't have enough money, skills, or education to turn your life around? Even if you're not sure you know what it is you like to do, you can change your life and get rich doing it, says entrepreneur Duane Harden in his wise and entertaining new book, 5 Easy Steps

to Financial Freedom: Do What You Love & Get Rich Doing It. Turning your passion into a profitable business is easy, fast, and fun, says Harden, and you can become rich in just five easy steps. First, start by saying yes to financial freedom. Attitude is everything and as the Law of Attraction states, what you put out into the universe is often what you attract. If you imagine yourself financially secure and happy, you will be. Imagining a new life for yourself is the inspiration you need to go out and do the concrete things to turn your dreams into a reality. Conversationally written and filled with humorous drawings, helpful worksheets, and key tips, *5 Easy Steps to Financial Freedom* also offers a 90-day action plan that includes blueprints for success that Harden himself used to build his wealth. His own journey included the purchase of numerous real-estate properties, opening a restaurant, starting a music company, and much more. Harden gives you "Life Assignments" that get you thinking and acting differently. Beware of what he calls the "crabs in a pot" mentality, where everyone is trying to pull everyone else down in order to struggle to the top. Instead, he advises, think positively. Stay away from the naysayers and feed your dream. Soon you will realize that your inner life is reflected in your outer life. Harden helps you to discover the real you, what you want, and how much money you want to be there for you now and in the future. He explains how the real difference between rich people and poor people is fear and an unwillingness to keep an open mind to new opportunities. Rich people are not afraid to take risks, and well-planned risks almost always pay off. Success, he reminds you, is your birthright and it's your job to claim it. Review your credit and your financial house. Clean up the clutter in your life, whether it is the wrong way of thinking or a messy desk. Discover what really makes you tick because when you love what you do it's never really work, and when passion is present the money will miraculously follow. Keep daily positive reminders taped where you can see them, or even have a vision board filled with photographs of where you want to be in life. Write your resignation letter to your boss, but don't send it yet. Just the act of writing it puts you in the right frame of mind for moving on to something much better. "You are what you think and will become what you dream," says Harden. You'll learn to be a PIG (passive income generator) Farmer, which requires little work but makes you tons of money. *5 Easy Steps to Financial Freedom* shows you how go from rags to riches and is understandable and easy to read. This invaluable guide will change your life!

**Online Dating Bliss in 5 Simple Steps** - Max Editorial

2023-01-30

LIGHTNING PROMOTION "Online dating is not all fun and games and there are a lot of things that a person has to know about online dating before one gets into the intricacies of it. Online dating may seem to be the simplest thing in the world but it is not. It should be viewed in all earnestness or things could go haywire. Every game has its rules and unless you know all the rules you just can't become a good player and eventually a winner. Sizes, builds, shapes, features... they are all so different! And that is just about the external appearances. And when it comes to character, it becomes a very different story altogether. Take a trip down memory lane, go back to your classrooms and look around. A classroom is one place where we get to interact with a lot of different people on a very close basis. We get to rub shoulders and corners with very different people and we get to know them on a one to one basis. So how many of your classmates did you genuinely like? I don't mean like them as classmates but as people. Was it easy to get along with all of them? That is why we often end up with best friends or clichés in classrooms. We do not and do not have to like everybody. The tastes and interests of one person might match with ours while the tastes and interests of another person may be at complete loggerheads with ours. So when it comes to dating, it is very much the same story. But over here there are some strings attached. Unlike in a classroom contact, most people go on dates with a more impressive purpose, and that is to find life mate. There are a hundred and one things that should match before two people decide to spend the rest of their lives with each other. Many people are of the opinion that they do not need any help with dating. They may be right because nobody knows a person's tastes and likes better than the person himself or herself. Maybe most of us do not need any help in making the right choice but isn't it good to get a few pointers on the dating process as such, particularly on Online dating? It is with this objective that this matter was prepared so that the thousands who are now availing of Internet dating may get the best out of it.

**5 Simple Steps to Financial Freedom** - Dan Willis 2019-01-08

As a young and naïve pastor, Dan Willis maxed out twenty-three credit cards and ruined his credit to support his ministry. It wasn't until massive debt caused the cards to stop working that he realized that God never asked him to do this. Through his candor and honesty, Dan reveals the five steps God showed him to get

out of debt: stop spending, create a budget, develop a debt payoff plan, begin saving, and repair bad credit. This led him to becoming a thriving and financially-free ministry. Now, Dan is on a mission to teach this to the world. Using biblical principles, but not relying on miracles or "name-it-and-claim-it" theology, Dan provides easy-to-follow, practical steps that can be used by anyone to escape financial bondage. Finally, he encourages readers to use their financial freedom to help others and advance God's kingdom, and to use their newfound fiscal wisdom to store up wealth. Without shaming those who struggle financially, 5 Simple Steps to Financial Freedom is the perfect combination of spiritual wisdom and practical advice for those who desperately need it.
