*Examining Radio Receiver Technology Through Magazine Advertising in the 1920s and 1930s* - Thomas W. Volek 1990

Frenemies - Ken Auletta  
2018-06-05  
An intimate and profound reckoning with the changes buffeting the \$2 trillion

global advertising and marketing business from the perspective of its most powerful players, by the bestselling author of *Googled Advertising* and marketing touches on every corner of our lives, and is the invisible fuel powering almost all media. Complain about it though we might,

without it the world would be a darker place. And of all the industries wracked by change in the digital age, few have been turned on its head as dramatically as this one has. We are a long way from the days of Don Draper; as *Mad Men* is turned into *Math Men* (and women--though too few), as an instinctual art is transformed into a science, the old lions and their kingdoms are feeling real fear, however bravely they might roar. Frenemies is Ken Auletta's reckoning with an industry under existential assault. He enters the rooms of the ad world's most important players, some of them business partners, some adversaries, many "frenemies," a term whose ubiquitous use in this industry reveals the level of anxiety, as former allies become competitors, and accusations of kickbacks and corruption swirl. We meet the old guard, including Sir Martin Sorrell,

the legendary former head of WPP, the world's largest ad agency holding company; while others play nice with Facebook and Google, he rants, some say Lear-like, out on the heath. There is Irwin Gotlieb, maestro of the media agency GroupM, the most powerful media agency, but like all media agencies it is staring into the headlights as ad buying is more and more done by machine in the age of Oracle and IBM. We see the world from the vantage of its new powers, like Carolyn Everson, Facebook's head of Sales, and other brash and scrappy creatives who are driving change, as millennials and others who disdain ads as an interruption employ technology to zap them. We also peer into the future, looking at what is replacing traditional advertising. And throughout we follow the industry's peerless matchmaker, Michael Kassin, whose company, MediaLink, connects all

these players together, serving as the industry's foremost power broker, a position which feasts on times of fear and change. Frenemies is essential reading, not simply because of what it says about this world, but because of the potential consequences: the survival of media as we know it depends on the money generated by advertising and marketing--revenue that is in peril in the face of technological changes and the fraying trust between the industry's key players.

The Dragon in the West is the first book to offer an in-depth examination of the history of the image and idea of the dragon. A creature popular in contemporary fiction and cinema, Ogden reveals how the dragon was known to the ancient Greek and Roman worlds, and came down to us through early Christianity, Anglo-Saxon,

and Norse legends.

**Satchmo Blows Up the World** - Penny VON

ESCHEN 2009-06-30

At the height of the ideological antagonism of the Cold War, the U.S. State Department unleashed an unexpected tool in its battle against Communism: jazz. From 1956 through the late 1970s, America dispatched its finest jazz musicians to the far corners of the earth, from Iraq to India, from the Congo to the Soviet Union, in order to win the hearts and minds of the Third World and to counter perceptions of American racism. Penny Von Eschen escorts us across the globe, backstage and onstage, as Dizzy Gillespie, Louis

Armstrong, Duke Ellington, and other jazz luminaries spread their music and their ideas further than the State Department anticipated. Both in concert and after hours, through political statements and romantic liaisons, these musicians broke through the government's official narrative and gave their audiences an unprecedented vision of the black American experience. In the process, new collaborations developed between Americans and the formerly colonized peoples of Africa, Asia, and the Middle East--collaborations that fostered greater racial pride and solidarity. Though intended as a color-blind promotion of democracy, this unique Cold War strategy unintentionally demonstrated the essential role of African Americans in U.S. national culture. Through the tales of these tours, Von Eschen captures the fascinating interplay between the efforts of the

State Department and the progressive agendas of the artists themselves, as all struggled to redefine a more inclusive and integrated American nation on the world stage.

**Hell** - Eldon Woodcock, PH. D. 2012-09-10

“You look like hell,” gasped a woman on TV to a disheveled man. What did she mean? What did she think hell looked like? What did the term hell contribute to her portrait? This is an example of the widespread trivializing of a once-powerful term to depict eternal damnation to mere minutia. Why does God damn the wicked to eternal punishment? Or does He? How is His judgment just? Why and how do theologians strive to modify the results of his judgment? How are we to evaluate views of hell that either soften or deny it? The doctrine of punishment of the unredeemed after death originates in the Old Testament, is developed in

the intertestamental Jewish literature, and culminates in the divinely authoritative New Testament doctrine of hell. How can people avoid that dreadful fate? If they should escape from it, what should they then do? What is involved in their saving others “by snatching them out of the fire” (Jude 23)? How does the deliverance from eternal punishment enhance our appreciation of what Jesus Christ accomplished on the cross? What effect should it have on our Christian witness? Distinctive contributions include: (1) a careful exegesis of key biblical texts, containing a thorough analysis of the doctrine of hell, (2) a rationale of God’s punishment of the unredeemed, (3) examination of the tours of hell genre, (4) biblical and historical theological themes of witness and evangelism, (5) ramifications of eternal damnation of the unsaved in terms of the urgency of

witness.

*The Biblical Tour of Hell* -  
Matthew Ryan Hauge  
2013-08-15

It is difficult to underestimate the significance of the story of the Rich Man and Lazarus in Luke 16:19-31 within the biblical tradition. Although hell occupies a prominent position in popular Christian rhetoric today, it plays a relatively minor role in the Christian canon. The most important biblical texts that explicitly describe the fate of the dead are in the Synoptic Gospels. Yet among these passages, only the Lukan tradition is intent on explicitly describing the abode of the dead; it is the only biblical tour of hell. Hauge examines the story of the Rich Man and Lazarus in Luke 16:19-31, uniquely the only 'parable' that is set within a supernatural context. The parables characteristically feature concrete realities of first-century Mediterranean life, but the majority of Luke

16:19-31 is narrated from the perspective of the tormented dead. This volume demonstrates that the distinctive features of the story of the Rich Man and Lazarus are the result of a strategic imitation, creative transformation, and Christian transvaluation of the descent of Odysseus into the house of Hades in *Odyssey* Book 11, the literary model par excellence of postmortem revelation in antiquity.

*Correct Me If I'm Wrong* -  
Dennis Camlek 2005-09-01

The inevitable death of home fitness equipment. The humor of debt-counseling commercials. Militants who use plastic dividers at supermarket checkouts. Jared and his goofy Subway sandwich diet. The State of the Union Address. Movie studio research screenings. These are just a handful of the many subjects Dennis Camlek tackles in this

collection of amusing observations. Drawing upon humorous life and entertainment career experiences, he not only takes aim at pop culture, but celebrates it, and promises to make you laugh at the proceedings, often at his own expense. Call it a commentary on subjects with little to no social relevance; a real "less is more" philosophy.

**The Way We Think** - Gilles Fauconnier 2008-08-06

In its first two decades, much of cognitive science focused on such mental functions as memory, learning, symbolic thought, and language acquisition -- the functions in which the human mind most closely resembles a computer. But humans are more than computers, and the cutting-edge research in cognitive science is increasingly focused on the more mysterious, creative aspects of the mind. *The Way We Think* is a landmark synthesis that exemplifies

this new direction. The theory of conceptual blending is already widely known in laboratories throughout the world; this book is its definitive statement. Gilles Fauconnier and Mark Turner argue that all learning and all thinking consist of blends of metaphors based on simple bodily experiences. These blends are then themselves blended together into an increasingly rich structure that makes up our mental functioning in modern society. A child's entire development consists of learning and navigating these blends. *The Way We Think* shows how this blending operates; how it is affected by (and gives rise to) language, identity, and concept of category; and the rules by which we use blends to understand ideas that are new to us. The result is a bold, exciting, and accessible new view of how the mind works.

**The Penguin Book of Hell**

- Scott G. Bruce 2018-09-04

"From the Bible through Dante and up to Treblinka and Guantánamo Bay, here is a rich source for nightmares." --The New York Times Book Review  
Three thousand years of visions of Hell, from the ancient Near East to modern America From the Hebrew Bible's shadowy realm of Sheol to twenty-first-century visions of Hell

on earth, *The Penguin Book of Hell* takes us through three thousand years of eternal damnation. Along the way, you'll take a ferry ride with Aeneas to Hades, across the river Acheron; meet the Devil as imagined by a twelfth-century Irish monk--a monster with a thousand giant hands; wander the nine circles of Hell in Dante's *Inferno*, in which gluttons, liars, heretics, murderers, and hypocrites are made to endure crime-appropriate torture; and witness the debates that raged in Victorian England when new scientific advances cast doubt on the idea of an eternal hereafter. Drawing upon religious poetry, epics, theological treatises, stories of miracles, and accounts of saints' lives, this fascinating volume of hellscape illuminates how Hell has long haunted us, in both life and death.

**We Are The Clash** - Mark Andersen 2018-07-03

"An ambitious look at the

last days of the Clash . . . as much a political history of the 1980s as it is a look at an influential band in its final years."—Publishers Weekly *The Clash* was a paradox of revolutionary conviction, musical ambition, and commercial drive. *We Are The Clash* is a gripping tale of the band's struggle to reinvent itself as George Orwell's 1984 loomed. This bold campaign crashed headlong into a wall of internal contradictions and rising right-wing power. While the world teetered on the edge of the nuclear abyss, British miners waged a life-or-death strike, and tens of thousands died from US guns in Central America, Clash cofounders Joe Strummer, Paul Simonon, and Bernard Rhodes waged a desperate last stand after ejecting guitarist Mick Jones and drummer Topper Headon. The band shattered just as its controversial final album, *Cut the Crap*, was emerging. Andersen and

Heibutzki weave together extensive archival research and in-depth original interviews with virtually all of the key players involved to tell a moving story of idealism undone by human frailty amid a climatic turning point for our world. “The Clash’s final chapter, after guitarist Mick Jones’ 1983 departure, has largely been forgotten—until this book, in which authors Mark Andersen and Ralph Heibutzki argue that the punk pioneers were still creating vital music to the very end.”—Rolling Stone, an RS Picks/New Books “Focuses on a very different moment in the band’s history: the point at which the group splintered in the early 1980s, and its members grappled with an onset of reactionary governments around the world.”—Vol. 1 Brooklyn “One of the most rewarding music books you’ll come across this year.”—Johns Hopkins Magazine

**Guided Tours of Hell -**

Francine Prose 2013-09-24  
An “irresistibly readable” pair of novellas skewering Americans abroad—by the New York Times–bestselling author and National Book Award finalist (The New York Times Book Review). “In a style that is bold, witty, richly detailed, and suffused with a wry subtlety,” Francine Prose offers penetrating portraits of Americans in Europe who have brought all their baggage—ego, ambition, sexual desire—with them (Elle). Guided Tours of Hell  
When the insecure (and rightfully so) playwright Landau travels from New York to Prague to read at the first annual Kafka conference, he’s certain this is his chance to prove himself—and his work. But he quickly finds himself upstaged by Jiri Krakauer, a charismatic Holocaust survivor whose claim to fame is a long-ago death-camp love affair with Kafka’s sister. On a group tour to the camp-turned-

tourist-attraction, Landau sets out to prove that Krakauer is lying—with unexpected results. Three Pigs in Five Days Ambitious young journalist Nina has been stranded in Paris by her editor and sometimes boyfriend, Leo. When he finally shows up, playfully suggesting a romantic tour of the catacombs, prisons, and shadows of the City of Light, the bloom begins to come off the rose for the infatuated Nina—who must ask herself how much of herself she is willing to sacrifice for love.

*Go to Hell* - Chuck Crisafulli  
2010-06-15

Close your eyes and picture -- just for a moment -- hell. Fire? Demons? Eternal

torment? Well, yes -- that's the place, in one very hot nutshell. But that's not all there is to the forbidding world beneath us. For a few millennia now, we mortals have imagined and reimagined hell in countless ways: as a realm of damnation, as an inspiration for highest art, as a setting for the lowest of lowbrow comedy. One might conclude that for all our good intentions to enter paradise, we can't seem to get enough vivid details of its counterpart, hell. Provocative, colorful, and damned entertaining, *Go to Hell* takes readers on a tour of the underworld that is both darkly comical and seriously informative. From the frozen hell of the Vikings to the sun-drenched Cayman Islands' town of Hell (where tourists line up to have their postcards aptly postmarked), from Dante's circles of hell to Buffy the Vampire Slayer's Hellmouth, *Go to Hell* embraces our evolving

relationship with the sinner's final destination, revealing how we truly think of ourselves in this world. What's down below? Meet HEL, the hideous, half-rotting goddess of the Viking underworld. Beware the Egyptians' AM-MUT, an unsightly mix of lion, crocodile, and hippo parts, and insatiably hungry for wicked souls. Visit JIGOKU, a Buddhist realm of eight fiery hells and eight icy hells: an all-you-can-suffer hot-and-cold buffet. Step into the INFERNO for a tour of Dante's nine circles of the damned...

*Tours of Hell* - Martha

Himmelfarb 2016-11-11  
From the ancient Book of the Dead to Dante's Divine Comedy, the living have attempted to describe the world of the dead. Tours of Hell focuses on one form of that attempt: the tours of hell found in Jewish and Christian apocalypses of late antiquity and the early Middle Ages. Himmelfarb examines seventeen texts, preserved in five languages and spanning a thousand years of human history. These include Hebrew texts and Christian texts in Greek, Latin, Ethiopic, and Coptic, such as the Apocalypse of Peter and the Apocalypse of Paul family. Muslim texts, medieval visions, and other related literatures are also discussed. Himmelfarb details the common elements of the tour tradition, including such features as a hero or heroine figure, a heavenly revealer, and descriptions of the punishments awaiting those who arrive in hell. She

convincingly refutes the accepted nineteenth-century critical view of the earliest of these tours, the Apocalypse of Peter, as a Christian form of an "Orphic-Pythagorean" descent to Hades. She places the work instead on the family tree of the tour apocalypse, a genre she traces back to the third century B.C.E. Book of the Watchers (1 Enoch 1-36). Linking the Apocalypse of Peter with later Jewish tours of hell, Himmelfarb reveals significant sin-and-punishment combinations that seem to point to a common source, which she theorizes to be a lost Jewish Tour work of the late Second Temple period. Rich and fascinating texts seldom before brought to light are treated in detail in this pioneering study. A comprehensive work on the apocalyptic tradition, Tours of Hell will be of great interest to scholars and students of religion, history, ancient and medieval

literature, and Dante studies.

That storyline drives *Hell of a Book* and is the scaffolding of something much larger and more urgent: Mott's novel also tells the story of Soot, a young Black boy living in a rural town in the recent past, and The Kid, a possibly imaginary child who appears to the author on his tour. As these

characters' stories build and converge, they astonish. For while this heartbreaking and magical book entertains and is at once about family, love of parents and children, art and money, it's also about the nation's reckoning with a tragic police shooting playing over and over again on the news. And with what it can mean to be Black in America. Who has been killed? Who is The Kid? Will the author finish his book tour, and what kind of world will he leave behind? Unforgettably told, with characters who burn into your mind and an electrifying plot ideal for book club discussion, *Hell of a Book* is the novel Mott has been writing in his head for the last ten years. And in its final twists, it truly becomes its title.

### **The Jewish World Around the New Testament -**

Richard Bauckham 2010-07  
Renowned biblical scholar Richard Bauckham believes that the New Testament texts cannot be adequately

understood without careful attention to their Judaic and Second Temple roots. This book contains twenty-four studies that shed essential light on the religious and biblical-interpretive matrix in which early Christianity emerged. Bauckham discusses the "parting of the ways" between early Judaism and early Christianity and the relevance of early Jewish literature for the study of the New Testament. He also explores specific aspects or texts of early Christianity by relating them to their early Jewish context. Originally published by Mohr Siebeck, this book is now available as an affordable North American paperback edition.

*A Guided Tour of Hell* -

Samuel Bercholz

2016-12-06

Take a trip through the realms of hell with a man whose temporary visitor's pass gave him a horrifying—and enlightening—preview of its torments. This true account of Sam Bercholz's near-death experience has more in common with Dante's *Inferno* than it does with any of the popular feel-good stories of what happens when we die. In the aftermath of heart surgery, Sam, a longtime Buddhist practitioner and teacher, is surprised to find himself in the lowest realms of karmic rebirth, where he is sent to gain insight into human suffering. Under the guidance of a luminous being, Sam's encounters with a series of hell-beings trapped in repetitious rounds of misery and delusion reveal to him how an individual's own habits of fiery hatred and icy disdain,

of grasping desire and nihilistic ennui, are the source of horrific agonies that pound consciousness for seemingly endless cycles of time. Comforted by the compassion of a winged goddess and sustained by the kindness of his Buddhist teachers, Sam eventually emerges from his ordeal with renewed faith that even the worst hell contains the seed of wakefulness. His story is offered, along with the modernist illustrations of a master of Tibetan sacred arts, in order to share what can be learned about awakening from our own self-created hells and helping others to find relief and liberation from theirs.

Parting Knowledge - James Wetzell 2013-08-08

There are forms of knowing that seem either to come from a parting or to require one. Paradigmatically in Genesis, Adam parts from God in order to join in knowledge with his partner, the flesh of his flesh, and the result is a bereft but not

unpromising knowledge, looking like a labor of love. Saint Augustine famously--some would say infamously--reads the Genesis paradigm of knowing as a story of original sin, where parting is both damnable and disfiguring and reuniting a matter of incomprehensible grace. Roughly half the essays in this collection engage directly with Augustine's theological animus and follow his thinking into self-division, perversity of will, grief, conversion, and the aspiration for transcendence. The remaining ones, more concerned with grace than with sin, bring an animus more distantly Augustinian to the preemption of forgiveness and the persistence of hell, morality and its limits, sexual piety, strange beauty, and a philosophy that takes in confession. The common pull of all the essays is towards the imperfection in self-knowledge--a place of

disfigurement perhaps, but also a nod to transformation.
