Why and how to Prepare an Effective Job Resume - Juvenal Londoño Angel 1972

Matching Armed Forces Training to Civilian Jobs - Juvenal Londoño Angel 1971

Real-Resumes for Aviation & Travel Jobs - Anne McKinney 2002

Title shows resumes and cover letters of people who wish to obtain jobs in the aviation and travel field or to exit from the industry into new careers. The title reveals techniques for finding aviation and travel industry jobs, and also provided are strategies for transferring skills and experience to other industries. The book contains more than 100 "real" resumes and cover letters tailored to aviation and travel backgrounds, and the purpose of the book is to give models or examples for people to use in creating their own resumes and cover letters tailored to the aviation and travel industry. Readers will find resumes of commercial pilots, ground support equipment operators, airport managers, quality control inspectors, aircraft loading managers, and many others. This book will be of enormous

help to people seeking employment in the aviation and travel industry and to people who desire to transfer their aviation and travel backgrounds into new occupational areas.

Decisions and Orders of the National Labor Relations Board - United States. National Labor Relations Board 2007

Real-resumes for Engineering Jobs - Anne McKinney 2004

Civil engineers, mechanical engineers, structural engineers, marine engineers, chemical engineers, systems engineers, and engineering support personnel have a lot in common when they want to create a resume, and this book shows resumes and cover letters of individuals who want to work in the field. For those who seek federal employment, there's a special section showing how to create federal resumes and government applications. Since many technical types aren't writers, this comes as a special gift: select a winning format, plug in your background specs, and away you go. It's that easy--with REAL RESUMES in hand. - The Midwest Book Review1-885288-42-5 **Expert Resumes for Engineers** - Wendy S. Enelow 2009

Expert Resumes for Engineers features an impressive collection of more than 180 pages of professionally written resume samples for all of the most prevalent types of engineers, including civil, mechanical, industrial, electrical, electronics, computer, and more. Plus, top professional resume writers Enelow and Kursmark share tips and strategies for writing outstanding engineering resumes and finding the best jobs.

Taking Flight - National Research Council 1997-03-14

The commercial aviation industry is a major part of the U.S. transportation infrastructure and a key contributor to the nation's economy. The industry is facing the effects of a reduced role by the military as a source of high-quality trained personnel, particularly pilots and mechanics. At the same time, it is facing the challenges of a changing American workforce. This book is a study of the civilian training and education programs needed to satisfy the workforce requirements of the commercial aviation industry in the year 2000 and beyond, with particular emphasis on issues related to access to aviation careers by women and minorities.

Blue Collar Resumes - Steven Provenzano 1999

This practical and helpful guide takes you step by step through the process of writing a job-winning resume. Steve Provenzano starts off with some general background on deciding what kind of job to look for, and how to find the best opportunities. This resource offers sound advice on how best to present education and work experience...including what to tell, and what the job candidate shouldn't reveal. There are suggestions for workers who have been fired, have gaps in their work history, or have

some other troublesome issue in their past.

Your Resume - Leonard Corwen 1988

If you've set your sights on a better job with higher pay, you need to write a powerful, targeted resume-and this classic, popular guide will show you how! Its packed with carefully crafted model resumes, proven ways to make your interview count, sample cover letters-and the most practical, authoritative job-hunting information available anywhere!

Expert Resumes for Military-to-civilian Transitions - Wendy S. Enelow 2010

Navigating the job hunt, already a tough task during an economic downturn, is especially difficult for veterans hoping to transition into a civilian career. A major obstacle they face is to write a resume that resonates with civilian hiring managers and recruiters. Expert Resumes for Military-to-Civilian Transitions shows veterans exactly how to market their skills and experience, and translate them into language their resume readers will understand. This book features a collection of superior professionally written resumes designed for veterans and ex-military job seekers. In addition to 180 pages of sample resumes, this book provides winning job search strategies, sound resume-writing advice, and tips for creating and using electronic resumes. This enhanced edition now includes advice and samples for writing outstanding cover letters and updated resume samples.

Real-Resumes for Firefighting Jobs - Anne McKinney 2004

When firefighters and emergency medical technicians prepare their resume and other materials needed to explore employment opportunities, they realize that they have a unique

background. At last there is a resume book that shows firefighters how to best present their qualifications, credentials, licenses, experience, volunteer work, education and training, affiliations, and other information. Would-be firefighters as well as experienced firefighting professionals will find outstanding samples of resumes and cover letters that worked for real people in their field. A special section of the book shows firefighters how to apply for government jobs and how to write the specialized resumes needed to apply for federal employment. As part of that section on the federal hiring process, the book shows how to write KSAs (statements describing Knowledge, Skills, and Abilities). This is a highly specialized title for a highly specialized field and for the very special people in that field.

A National Study of the Aviation Mechanics Occupation - University of California, Los Angeles. Division of Vocational Education 1971

Job Hunters Sourcebook 6 - Gale Group
2004-07

Job Hunter's Sourcebook pulls

together all the research and resources needed for a successful job hunt into one central place. Included in this edition are 13,867 entries -- entries may appear in multiple sections. Part One profiles 216 high-interest professional and vocational occupations, from accountant and aircraft mechanic to sports official and stockbroker. A Master List of Profiled Professions lists alternate, popular, synonymous, and related job titles and links them to the jobs profiled, providing quick access to information sources on specific occupations by all their variant names. Entries contain complete contact information and are arranged by type of resource. Part Two serves as a clearinghouse in organizing the wide-ranging information available to today's job seeker. It features such topics as resume resources, alternative ways to work, and opportunities for a diverse work force. Sources of Essential Job-Hunting Information addresses 32 employment topics, such as resume writing, interviewing skills, employment issues for disabled workers, working from home, and electronic job search information. Each category features a multitude of sources, including reference works, online and database services, software programs, and more. Entries contain complete contact information. Also included is The Index to Information Sources which alphabetically lists all of the publications, organizations, electronic resources, and other sources of job-hunting information. Slam Dunk Resumes-- that Score Every Time! - Steven Provenzano 1994 The secrets to writing a sharp, focused, and effective resume--from a consultant who has written more than 3,000. Provenzano shows how to organize knowledge, talents, and achievements and use "slam dunk"

writing and editing principles to transform a resume from boring to brilliant. Includes dozens of "before and after" samples and 100 slam dunk resumes.

Real-resumes for Safety and Quality Assurance Jobs - Anne McKinney 2005
Job hunters aiming for employment in the safety and quality assurance field will welcome this resource for resume and cover letter preparation! The 192-page book gives valuable tips on interviewing, but the the "meat"

of the book is the section containing samples of resumes and cover letters used by real people to gain employment related to safety and quality assurance.

Real Resumix & Other Resumes for Federal Government Jobs - Anne McKinney 2003

This book is designed to help people who seek their first federal government job as well as federal employees who want to advance in the system. The process of getting a government job often involves preparing complex applications or specialized resumes which include the "resumix." One complication of the federal hiring process is that the resume used for federal employment is not the same as the resume used to obtain civilian employment. This book shows examples of effective federal resumes and "resumix" that have worked for real people. The book doesn't simply "tell how" to write the resumix or federal resume; it actually "shows how" to write effective federal resumes in sample after sample related to multiple fields. This book will do a great deal to make the federal hiring process understandable as it illuminates one of the most complex features of getting a government job: writing the federal resume or resumix. In addition to the federal resume, application for federal employment can be made by preparing the Optional Form 612 (OF 612). This book also contains examples of the 612 application.

Cyberspace Resume Kit - Mary B. Nemnich 1999

A guide to putting a resume online that shows how to take advantage of state-of-the-art Internet features that have revolutionized job searching. The authors show how to incorporate numerous elements into HTML resumes, including graphics, color, and links. Also included are

evaluations of 80-plus Internet resume sites, interviews with industry insiders on the most effective ways to produce and use

cyberspace resumes, and how to register a Web resume. Annotation copyrighted by Book News, Inc., Portland, OR
