Arabic for Nerds - Gerald Drißner 2015-10-16

FILL THE GAPS. Arabic for Nerds 1 will push you from the intermediate to the advanced level. Gerald Drißner has been collecting interesting facts about Arabic grammar, vocabulary and expressions, hints and traps for almost ten years. Finally he has compiled them to a book: Arabic for Nerds. This book should fill a gap. There are plenty of books about Arabic for beginners, but it is difficult to find good material for intermediate students. This book is suitable for readers who have been studying Arabic for at least two years. Readers should have a sound knowledge of vocabulary (around 3000 words) and know about tenses, verb moods and plurals. If a student wants to reach an advanced level, it is not about learning vocabulary lists - it is about understanding the fascinating core of Arabic. Arabic for Nerds doesn't teach vocabulary, nor are there exercises. This book explains how Arabic works and gives readers hints in using and understanding the language better. Since most of the Arabic words are given in translation, the reader should be able to read this book without a dictionary. This is what Arabic for Nerds is all about. It is

specifically intended for intermediate learners.

**The Routledge Intermediate Persian Course** - Dominic Parviz Brookshaw 2013-05-20

The Routledge Intermediate Persian Course: Farsi Shirin Ast, Book Two is the first intermediate level Persian textbook written specifically for English-speaking university students that makes use of up-to-date pedagogical techniques, and stresses the importance of communicative competence. The diversity of the texts in this textbook helps to familiarize students with a range of literary genres, and provides them with the necessary building blocks to continue reading on their own. One of the distinctive features of this book is the approach to language learning it is based on; all the material contained in it is geared towards a content-based and task-based approach to learning the language. This approach enhances a student-centred class environment. As with The Routledge Introductory Persian Course, all the texts in this volume are available online in the form of audio files. These texts are recorded by native speakers and available for instructors and students to download freely at <http://www.routledge.com/books/details/9780415691376/>. The Routledge Intermediate Persian Course: Farsi Shirin Ast, Book Two

follows on where the first textbook ends and is ideal for all intermediate learners of Persian in their second year of study. .

Arabic-English Dictionary - Hans Wehr 2020-06-14

"This Dictionary of Modern Written Arabic (fourth edition) has been enlarged and amended with 13,000 new entries. It is the only authorized paperback edition of the famous Hans Wehr Arabic-English Dictionary, edited by J. Milton Cowan. This new edition has thousands of new entries include numerous additions and corrections to the material and presents the results in a single handsome volume. The author provides a useful introduction in which he discusses, clearly and precisely, the present state of the Arabic language. He points out the situations in which written and spoken varieties of Arabic are used, and remarks on the forces that influenced the development of the lexicon of Modern Arabic. He discusses both the purist movement with its normative tradition, and what might be called the laissez-faire actual usage of writers and journalists under the influence of Western modes of expression, of their everyday colloquial, or both. He then moves on to the problem of local terminology, especially for public institutions, offices, administrative matters, titles, and foods. Although such terms are included for most of the Arab countries, the list is not complete, as indeed the author recognizes (viii); readers of Arabic material characterized by a distinct regional coloring are advised to refer to dialect dictionaries and glossaries."

**Introduction to Latin** - Susan C. Shelmerdine 2013-04-01

Introduction to Latin, Second Edition is an introductory Latin textbook

designed with a streamlined flow that allows it to be completed in one year. Its concise and uncluttered approach gives students what they need to master the material. Grammar is integrated within the context of reading fluency. Innovative exercises provide translation practice as well as build “instinctive skills” that prepare students for reading authentic Latin works. Features: Concise, streamlined presentation focuses on what students need to know, allowing the material to be covered in a year, even for courses which meet only three days a week Innovative exercises that go beyond the usual translation practice, engaging students with the mechanisms of the language and developing “more instinctive” skills Succinct grammatical explanations that don’t overwhelm the students with superfluous detail while also providing help for students with little or no understanding of English grammar Latin readings from ancient sources in the form of both sentences and short passages allow for students to connect with authentic Latin Practical instructions often overlooked by other textbooks, including reading a dictionary entry, reading strategies, sentence patterns, gapping, and expectations New to the Second Edition Revised order of presentation that spreads material out more evenly between the first and second halves of the book Derivatives exercises added at the end of each chapter providing practice connecting English words with their Latin roots Bridge to next level: final three chapters provide review and include longer narrative readings with minimal editing to bridge students to the next level of Latin Revised selection of readings for more appropriate level of difficulty

**Arabic as One Language** - Mahmoud Al-Batal 2017-12-04

For decades, students learning the Arabic language have begun with Modern Standard Arabic (MSA) and then transitioned to learning spoken Arabic. While the MSA-first approach neither reflects the sociolinguistic reality of the language nor gives students the communicative skills required to fully function in Arabic, the field continues to debate the widespread adoption of this approach. Little research or evidence has been presented about the effectiveness of integrating dialect in the curriculum. With the recent publication of textbooks that integrate dialect in the Arabic curriculum,

however, a more systematic analysis of such integration is clearly becoming necessary. In this seminal volume, Mahmoud Al-Batal gathers key scholars who have implemented integration to present data and research on the method's success. The studies address curricular models, students' outcomes, and attitudes of students and teachers using integration in their curricula. This volume is an essential resource for all teachers of Arabic language and those working in Teaching Arabic as a Foreign Language (TAFL).

*Revisiting Music Theory* - Alfred Blatter 2012-08-06

*Revisiting Music Theory: A Guide to the Practice* contains the basics of music theory with the vocabulary used in harmonic and formal analysis. The book assumes few music reading skills, and progresses to include the basic materials of music from J. S. Bach to the twentieth century. Based on Blatter's own three decades of teaching music theory, this book is aimed at a one or two year introductory course in music theory, can serve for individual study, or as a review for graduate students returning to school. Drawing examples from well-known classical works, as well as folk and popular music, the book shows how theory is applied to practice. The book is divided into five parts. The first part introduces music notation, reviewing the basics of pitch, time, and dynamics as represented in written music. Part 2 introduces the concept of melody, covering modes, scales, scale degrees, and melodic form. Part 3 introduces harmony, dealing with harmonic progression, rhythm, and chord types. Part 4 addresses part writing and harmonic analysis. Finally, Part 5 addresses musical form, and how form is used to structure a composition.

*Revisiting Music Theory* will be a valuable textbook for students, professors, and professionals.

**Arabiyyat al-Naas (Part One)** - Munther Younes 2017-07-14

'Arabiyyat al-Naas (Part One) offers a groundbreaking introduction to Arabic as it is written and spoken by native speakers. It combines a progressive and rigorous grounding in Modern Standard Arabic (MSA) – the form employed for reading, writing and formal speaking – with an innovative integration of

the spoken Levantine variety used in everyday situations in Syria, Lebanon, Jordan and Palestine. Introducing the two simultaneously 'Arabiyyat al Naas (Part One) uses each in its proper context: Levantine for conversations and MSA for reading and writing activities. In this way, the course efficiently prepares students for the practical realities of learning and "living" Arabic today. Features include: 21 theme-based units covering all the core topics expected in a first-year Arabic course, such as countries, clothes, colors, family and professions a broad range of stimulating activities and exercises fostering active engagement with the course and the development of comprehension and communication skills comprehensively covers the 5 Cs: communication, culture, connections, comparisons and communities a free DVD filmed on location in Jordan, presenting over 40 videos and incorporating a wide variety of entertaining and realistic scenarios a free companion website ([www.routledge.com/cw/younes](http://www.routledge.com/cw/younes)) offering a wealth of additional instructor and student resources, including a teacher's guide, an introduction to the letters and sounds of Arabic (with audiovisual aid and writing demonstrations), audio recordings of songs and listening passages, video clips, sample tests, an answer key and language games clear explanations of grammatical structures and concepts as they occur in the reading and listening materials to encourage progressive learning and active interaction with the text a user-friendly and vibrant full colour text design, richly illustrated throughout with over 200 illustrations and photographs songs with simple lyrics tied to the themes of the course to help advance vocabulary acquisition and understanding of basic grammatical structures. Written by a dynamic author team and tested over a number of years at Cornell University, 'Arabiyyat al-Naas (Part One) will be an essential resource for students beginning to learn Arabic. While primarily designed for classroom use, the accessibility of the course and website also renders it highly suitable for independent study. This volume is the first in an exciting three-part series of

Arabic textbooks which together provide a complete three-year undergraduate language program.

**Al-Kitaab fii Ta'allum al-Arabiyya with DVD and MP3 CD** - Kristen Brustad 2007

**The Cuban Way** - Ana Julia Jatar-Hausmann 1999

Focusing on the experiences of the people who actually reside on the island, this book is an original analysis of the economic policies and trends in socialist Cuba. The analysis is based on first-hand data collected during Dr. Jatar's multiple trips to Cuba in the past four years, including a survey of more than 200 self-employed individuals as well as interviews with government officials, academics and average Cubans on the street. Jatar emphasizes the unique aspects of Cuba's current economy. The issues discussed in each chapter are complemented with vignettes depicting the daily problems of real people. This adds depth to the discussion by presenting the reader with dilemmas and complexities of a socialist country in transition towards a more open economy. The reader sees that it has not been easy for Cubans to find the right mix of social equality and political freedom. The book is a result of Dr. Jatar's personal journey in that she was born in Cuba and left the island when she was only two years old. She returned to Cuba in 1994 and found a deep need to understand Cuban society. She decided to write the book to share this personal quest with those who share the same curiosity about Cuba.

**Arabiyyat al-Naas (Part Three)** - Munther Younes 2015-05-19

'Arabiyyat al-Naas (Part Three): An Advanced Course in Arabic builds further on the groundbreaking approach used in Part One and Part Two of the series. It integrates Modern Standard Arabic (MSA) and spoken Levantine in a way specially tailored to the needs of advanced students. Levantine Arabic strongly features in spoken discussions of MSA materials, reflecting authentic practice by native speakers. However, the overall ratio of MSA – the form employed for reading, writing and formal speaking in the Arab world – to Levantine has been increased, supporting students' mounting need for MSA as they progress further in their education. This textbook is designed to take learners from the Advanced Low to the Advanced High level according to the ACTFL criteria, and from level B2 to C1 on the CEFR proficiency scales. Features include: 18 theme-based units covering topics such as Arab minorities; education; religion; love and marriage; the Arab woman; economics; politics; military matters; and the environment thorough coverage of listening, speaking, reading, and writing skills with clear grammar explanations and lessons structured to provide opportunities for further practice humorous, realistic dialogues reflecting educated speech among Arabs, to build up strong and practical communication skills attention to issues highly relevant to modern Arab society, encouraging active engagement with the course and further exploration of the themes a rich variety of reading passages from contemporary sources such as Al Jazeera as well as excerpts from the classic works One Thousand and One Nights and Kalila wa Dimna an extensive range of stimulating exercises and activities, including crossword puzzles, root-and-pattern identification exercises, passage completions, and free compositions free companion website ([www.routledge.com/cw/younes](http://www.routledge.com/cw/younes)) with the audio tracks, and texts of the listening passages and answer key. Developed by a dynamic author team and tested over a number of years at Cornell University, 'Arabiyyat al-Naas (Part Three) is an essential resource for advanced-level students of Arabic. While primarily designed for classroom

use, the accessibility of the course also renders it highly suitable for independent study. This volume is the final installment of a pioneering three-part series of Arabic textbooks which together provide a complete three-year undergraduate language program. Munther Younes and Yomna H. Chami both teach Arabic at Cornell University, USA.

*Madinah Arabic Reader: Book3 (Goodword)* - Dr. V. Abdur Rahim 2014-02-08  
Professor Abdur Rahim's eight-volume texts enable the student to acquire a knowledge of Arabic in the classical structural form. All of the books teach

essential language skills through applied grammar. Each lesson is based on a conversation which illustrates distinctive language patterns. A variety of exercises helps the student to understand and master each of the patterns occurring in the lesson. The vocabulary ranges from classical and Quranic Arabic to words and expressions current in modern Arabic. This series of books is currently being utilized at various schools to prepare students for the University of London (UK) GCE O-Level and A-Level examinations.
