Left for Dead - Pete Nelson 2002-05-14

For fans of sea battles, adventures, and war stories like Unbroken, this is the incredible true story of a boy who helps to bring closure

to the survivors of the tragic sinking of the USS Indianapolis, and helps exonerate the ship's captain fifty years later. Hunter Scott first learned about the sinking of the USS Indianapolis by watching the movie Jaws when he was just eleven-years-old. This was fifty years after the ship had sunk, throwing more than 1,000 men into shark-infested waters—a long fifty years in which justice still had not been served. It was just after midnight on July 30, 1945 when the USS Indianapolis was torpedoed by a Japanese submarine. Those who survived the fiery sinking—some injured, many without life jackets—struggled to stay afloat as they waited for rescue. But the United States Navy did not even know they were missing. As time went on, the Navy needed

a scapegoat for this disaster. So it court-martialed the captain for “hazarding” his ship. The survivors of the Indianapolis knew that their captain was not to blame. For fifty years they worked to clear his name, even after his untimely death. But the navy would not budge—not until Hunter entered the picture. His history fair project on the Indianapolis soon became a crusade to restore the captain's good name and the honor of the men who served under him. Praise for *Left for Dead*: Christopher Award Winner An ALA-YALSA Best Nonfiction for Young Adults Book “Compelling, dreadful, and amazing.”—VOYA “This exciting, life-affirming book about war heroics and justice . . . proves without question the impact one student can have on

history.”—Booklist “Well written and well documented ... this excellent presentation fills a void in most World War II collections”—School Library Journal “Young readers . . . will no doubt be inspired by the youth’s tenacity—and by the valor of those who served on the Indianapolis.”—The Horn Book

The Irish in the American Civil War - Damian Shiels 2013-02-13
Just under 200,000 Irishmen took part in the American Civil War, making it one of the most significant conflicts in Irish history. Hundreds of thousands more were affected away from the

battlefield, both in the US and in Ireland itself. The Irish contribution, however, is often only viewed through the lens of famous units such as the Irish Brigade, but the real story is much more complex and fascinating. From the Tipperary man who was the first man to die in the war, to the Corkman who was the last General mortally wounded in action; from the flag bearer who saved his regimental colours at the cost of his arms, to the Roscommon man who led the hunt for Abraham Lincoln's assassin, what emerges in this book is a catalogue of gallantry, sacrifice and bravery.

The Miracle & Tragedy of the Dionne Quintuplets - Sarah Miller 2019-08-27
In this riveting, beyond-belief true story from the author of The

Borden Murders, meet the five children who captivated the entire world. When the Dionne Quintuplets were born on May 28, 1934, weighing a grand total of just over 13 pounds, no one expected them to live so much as an hour. Overnight, Yvonne, Annette, Cécile, Émilie, and Marie Dionne mesmerized the globe, defying medical history with every breath they took. In an effort to protect them from hucksters and showmen, the Ontario government took custody of the five identical babies, sequestering them in a private, custom-built hospital across the road from their family--and then, in a stunning act of hypocrisy, proceeded to exploit them for the next nine years. The Dionne Quintuplets became a more popular attraction than Niagara Falls, ogled through

one-way screens by sightseers as they splashed in their wading pool at the center of a tourist hotspot known as Quintland. Here, Sarah Miller reconstructs their unprecedented upbringing with fresh depth and subtlety, bringing to new light their resilience and the indelible bond of their unique sisterhood.

Women in the Civil War -

Larry G. Eggleston

2015-07-11

When the Civil War broke out, women answered the call for help. They broke away from their traditional roles and served in many capacities, some of them even going so far as to disguise themselves as men and enlist in the army. Estimates of such women enlistees range from 400 to 700. About 60 women soldiers were known to have been killed or wounded. More than sixty women who

fought or who served the Union or Confederacy in other ways are featured. Among them are Sarah Thompson, the Union spy and nurse who brought down the famous raider John Hunt Morgan; Elizabeth Van Lew, the Union spy instrumental in the largest prison break of the war; Sarah Malinda Blalock, who fought for the Confederacy as a soldier and then for the Union as a guerrilla raider; Dr. Mary Walker, a doctor for the Union and the only woman to receive the Congressional Medal of Honor for Civil War service; and Jennie Hodgers, the longest serving woman soldier (and the only woman to receive a soldier's pension).

Nine Irish Lives - Mark Bailey 2018-03-06

"These are not just nine Irish lives but nine extraordinary lives,

their struggles universal, their causes never more important than today. As the saying goes, the best stories belong to those who can tell them. And these are well told, by some of our best storytellers.” –Timothy Egan, New York Times bestselling author of *The Immortal Irishman* In this entertaining and timely anthology, nine contemporary Irish Americans present the stories of nine inspiring Irish immigrants whose compassion, creativity, and indefatigable spirit helped shape America. The authors here bring to bear their own life experiences as they reflect on their subjects, in each essay telling a unique and surprisingly intimate story. Rosie O’Donnell, an adoptive mother of five, writes about Margaret Haughery, the

Mother of Orphans. Poet Jill McDonough recounts the story of a particularly brave Civil War soldier, and filmmaker and activist Michael Moore presents the original muckraking journalist, Samuel McClure. Novelist Kathleen Hill reflects on famed New Yorker writer Maeve Brennan, and historian Terry Golway examines the life of pivotal labor leader Mother Jones. In his final written work, activist and politician Tom Hayden explores his own namesake, Thomas Addis Emmet. Nonprofit executive Mark Shriver writes about the priest who founded Boys Town, and celebrated actor Pierce Brosnan—himself a painter in his spare time—writes about silent film director Rex Ingram, also a sculptor. And a pair of Pulitzer Prize-winning journalists, Mary Jordan

and Kevin Sullivan, take on the story of Niall O'Dowd, the news publisher who brokered peace in Northern Ireland. Each of these remarkable stories serves as a reflection—and celebration—of our nation's shared values, ever more meaningful as we debate the issue of immigration today. Through the battles they fought, the cases they argued, the words they wrote, and the lives they touched, the nine Irish men and women profiled in these pages left behind something greater than their individual accomplishments—our America.

Were I Not A Girl - Lisa Robinson 2020-10-20
This unique picture book biography tells the story of Dr. James Barry, born female, who lived as a man from age 18 to his death. Like

other girls of her time, Margaret Bulkley didn't go to school. She wouldn't grow up to own property, be a soldier, a doctor, or hold any job other than perhaps maid or governess--such was a girl's lot in 19th century England. And was she comfortable born in a girl's body? We will never know. What we do know is that at the age of 18, she tugged off her stockings and dress, cut her red-gold curls, and vanished. In her place appeared a young man. Margaret became James Barry. James would attend medical school, become a doctor and a soldier, travel the world. He would fall in love, deliver babies, and fight in a duel. And he would live a rich full life. Here is a picture book that is both a fascinating and sensitively drawn portrait of someone who would not be

undervalued, and an important introduction to the concept of gender identity.

Unexpected Bravery - A. J. Schenkman 2021-11-01
The American Civil War divided the United States from 1861-1865. During those years, over two million soldiers served in both the Union and Confederate Armies. What is little known is that not only the numerous children, some as young 12, enlisted on both sides, but also women who disguised themselves as men in an attempt to make a difference in the epic struggle to determine the future of the United States of America.

Pre-Incident Indicators of Terrorist Incidents -

Brent L. Smith 2011-01

This is a print on demand edition of a hard to find publication.

Explores whether sufficient data exists to examine the temporal and spatial relationships that existed in terrorist group planning, and if so, could patterns of preparatory conduct be identified? About one-half of the terrorists resided, planned, and prepared for terrorism relatively close to their eventual target. The terrorist groups existed for 1,205 days from the first planning meeting to the date of the actual/planned terrorist incident. The planning process for specific acts began 2-3 months prior to the terrorist incident. This study examined selected terrorist groups/incidents in the U.S. from 1980-2002. It provides for the potential to identify patterns of conduct that might lead to intervention prior to

the commission of the actual terrorist incidents.

Faith Through the Storm

- Major James Capers,
2018-11-20

This is a book about war. A war against America's enemies, against racism, against the loss of fellow warriors in battle, and against the personal loss of family back home. This is the story of Major James Capers, Jr. (USMC Ret.) Jim was born to a family of sharecroppers in South Carolina who escaped to Baltimore, Maryland in the dead of night to escape the days of Jim Crow laws for a better life. Joining the Marines fresh out of high school, Jim had no idea that he was paving the road for future Marines, black and white alike. The first African-American Marine to receive a battlefield

commission as a member of 3rd Force Recon, a new special forces unit designed specifically for the war in Vietnam; the first African-American Marine officer used on a Marine recruitment poster; co-leader of the first special forces team to attempt the rescue of American and allied POW's held in a North Vietnamese prison; a leader in Team Broadminded, whose missions were so secret, their military records from Vietnam were not declassified until 2006; nominated for the Medal of Honor; inducted into the Commando Hall of Honor for special forces; awarded the Bronze and the Silver Stars. This book is about a man who is a true American hero, though he denies the notion. Above all, Jim is a husband, a father, a patriot, a warrior who

has dealt with the tragedies of his military and personal life, always depending on his faith in God to guide him through the storm.

Always Human - Ari North
2021-10-19

"This beautifully illustrated slice-of-life tale that shows two young women of color getting to know each

other and creating a relationship is so warm and charming that readers will hardly notice how much they are learning about how to better interact with folx who are different from themselves and the importance of not making assumptions." -- Kirkus Reviews "...soft, expressive art adds a visceral charge to the couple's very human experiences, which range from excitement and affection to pain and doubt." -- Publisher's Weekly "This wholesome plot focuses on building understanding, offering mutual support, and budding self-acceptance, as well as the importance of asking rather than making assumptions; avoiding othering; and regarding all those in one's orbit with compassion...A charming, sensitive story of love and acceptance." --School

Library Journal " In a technologically advanced near future, two young women bumble through their first dates and fights together as they enjoy the exhilaration of new love....Always Human by Ari North is an endearingly feel-good sapphic romance set against a diverting futuristic backdrop." -- Samantha Zaboski, Shelf Awareness First serialized on the popular app and website WebToon, Always Human ran from 2015-2017 and amassed over 76,000 unique subscribers during its run. Now reformatted for a print edition in sponsorship with GLAAD, Always Human is a beautifully drawn graphic novel about a developing relationship between two young women in a near-future, soft sci-fi setting. Always Human is drawn in a manga-influenced style and with an incredible

color palette that leaps off the page! In the near-future, people use technology to give the illusion of all kinds of body modifications-but some people have "Egan's Syndrome," a highly sensitive immune system that rejects these "mods" and are unable to use them. Those who are affected maintain a "natural" appearance, reliant on cosmetics and hair dye at most to help them play with their looks. Sunati is attracted to Austen the first time she sees her and is drawn to what she assumes is Austen's bravery and confidence to live life unmodded. When Sunati learns the truth, she's still attracted to Austen and asks her on a date. Gradually, their relationship unfolds as they deal with friends, family, and the emotional conflicts that come with every romance.

Together, they will learn and grow in a story that reminds us no matter how technology evolves, we will remain . . . always human.

Rendered in beautiful detail and an extraordinary color palette, Always Human is a sweet love story told in a gentle sci-fi setting by a queer woman cartoonist, Ari North.

The Eternal Soldier -
Allison Crotzer Kimmel
2019-05-07

This is the untold story of Sallie, a dog whose life as a soldier began in a basket and ended as a Civil War hero. The pup barked and nearly tumbled out of the basket. We laughed, and immediately we knew--she was one of us already. Brindle fur with streaks of brown and black swirled all over her like a patchwork quilt. She was as pretty as an apple tree in full bloom. We called her

Sallie. During the Civil War, Sallie came to the 11th Pennsylvania Volunteer Infantry as a gift from a townspeople, but she quickly became a favorite among her men. She marched with them from battle to battle, always guarding the unit's colors, and even met President Lincoln. And over three long days at the battle of Gettysburg, Sallie stayed with the dead, guarded their bodies, and nearly died herself from hunger and thirst as the conflict raged on. Though she fell in battle, her loyalty was rewarded years later when her men met again on the battlefield at Gettysburg to erect her likeness in bronze so that she might eternally guard them. This beautiful story about a dog's dedication and loyalty shows that bravery comes in all shapes and forms!

This beautifully written and timely story shows a transgender soldier's personal bravery as he faced daring challenges on the battlefield and privately battled the restrictions and confines of gender. By the time she arrived in Belvidere, Illinois, and started working as a farmhand, Jennie had a new name and a new

identity . . . Albert D. J. Cashier. In 1861, the winds of war blew through the United States. Jennie Hodgers, a young immigrant from Ireland, moved west to Illinois and soon had a new name and a new identity--Albert D. J. Cashier. Like many other young men, Albert joined the Union Army. Though the smallest soldier in his company, Albert served for nearly three years and fought in forty battles and skirmishes. When the war ended, Albert continued to live his life as a man. His identity fit him as snug as his suspenders. Decades later, a reporter caught wind of the news that an old man in the Soldiers' and Sailors' Home was actually a woman. The news swept through the country. What would happen to Albert and his military pension? Would he be allowed to

continue to live as he wished? How would his friends, fellow soldiers, and others in the community react? This book is published in partnership with GLAAD to accelerate LGBTQ inclusivity and acceptance.
