Chinese Made Easy - Yamin Ma, Xinying Li 2004

Chinese Made Easy adopts a new approach to teaching Chinese as a second or foreign language. It is designed for young students taking GCSE/IGCSE/A-Level Mandarin Chinese Exams (UK), SAT II / AP-Chinese Examinations (USA), IB Chinese Exam, Australian Chinese exams, HSK (Mainland China), or for those students who are starting to learn Chinese on their own. Chinese Made Easy has two levels: level 1-Book 1, 2 and 3; and level 2-Book 4 and 5. After completing this series, learners will acquire a vocabulary of approximately 1,700 Chinese characters and several thousand phrases. This course features task-based learning coupled with a focus on form and function. Textbooks are in full color and it includes both simplified and traditional Chinese characters in its vocabulary lists.

How to Build Self-Discipline - Martin Meadows 2015-06-05

How to Develop Self-Discipline, Resist Temptations and Reach Your Long-Term Goals If you want to make positive changes in your life and achieve your long-term goals, I

can't think of a better way to do it than to learn how to become more self-disciplined. Science has figured out a lot of interesting aspects of self-discipline and willpower, but most of this knowledge is buried deep inside long and boring scientific papers. If you'd like to benefit from these studies without actually reading them, this book is for you. I've done the job for you and researched the most useful and viable scientific findings that will help you improve your self-discipline. Here are just a couple things you will learn from the book: - what a bank robber with lemon juice on his face can teach you about self-control. The story will make you laugh out loud, but its implications will make you think twice about your ability to control your urges. - how \$50 chocolate bars can motivate you to keep going when faced with an overwhelming temptation to give in. - why President Obama wears only gray and blue suits and what it has to do with self-control (it's also a possible reason why the poor stay poor). - why the popular way of visualization can actually prevent you from reaching your goals and destroy your self-control (and what to do instead). - what dopamine is and why it's crucial to understand its role to break your bad habits and form good ones. - 5 practical ways to train your self-discipline. Discover some of the most important techniques to increase your self-control and become better at resisting instant gratification. - why the status quo bias will threaten your goals and what to do to reduce its effect on your resolutions. - why extreme diets help people achieve long-term results, and how to apply these findings in your own life. - why and when indulging yourself can actually help you build your self-discipline. Yes, you can stuff yourself (from time to time) and still lose weight. Instead of sharing with you the detailed "why" (with confusing and boring descriptions of studies), I will share with you the "how" - advice that will change your life if you decide to follow it. You too can master the art of self-discipline and learn how to resist temptations. Your long term goals are worth it. Scroll up and buy the book now. As a gift for buying my book, you'll get my another book, "Grit: How to Keep Going When You Want to Give Up." Keywords: Develop self discipline, willpower and self discipline, self-discipline, self control books, stress, reach your goals, self-control, achieve your goals, instant gratification, long term goals, goal setting success, goal setting books, how to reach your goals, how to achieve your goals, persistence, how not to give up, stick to a diet, stay motivated, build habits, delayed gratification, personal development

The Individual and Society - 2005-09

Bakhita - Véronique Olmi 2019-04-16

Inspired by the true story of a former slave who became a saint, this poignant novel explores how a human being can survive the obliteration of her identity, and how kindness and generosity can be born out of profound trauma. She recalls little of her childhood, not even her own name. She was barely seven years old when she was snatched by slave raiders from her village in the

Darfur region of southern Sudan. In a cruel twist, they gave her the name that she will carry for the rest of her life: Bakhita, "the Lucky One" in Arabic. Sold and resold along the slave trade routes, Bakhita endures years of unspeakable abuse and terror. At age thirteen, at last, her life takes a turn when the Italian consul in Khartoum purchases her. A few years later, as chaos engulfs the capital, the consul returns to Italy, taking Bakhita with him. In this new land, another long and arduous journey begins--one that leads her onto a spiritual path for which she is still revered today. With rich, evocative language, Véronique Olmi immerses the reader in Bakhita's world--her unfathomable resilience, her stubborn desire to live, and her ability to turn toward the pain of others in spite of the terrible sufferings that she too must endure.

NLP at Work - Sue Knight 2020-07-16

'This book may help you to understand life more clearly' Paul Smith, fashion designer Welcome to THE book on NLP. The essence of NLP is the ability to study and reproduce excellence in yourself and to support others to do the same. NLP AT WORK helps you do that by developing an attitude of curiosity, naivety and learning - and giving you the ability to improvise with skill in real-time. Neuro Linguistic Programming is how you make sense of your world and, most importantly, how you make it what you want it to be: * Neuro: the way you filter and process your experience through your senses. * Linguistic: the way you interpret your experience through language. * Programming: the way you make sense of your experience to create your personal programme. NLP AT WORK is one of the most popular books ever published on the practical skills of NLP and how it can be applied in business. It transformed NLP from a peripheral art into an accessible, practical concept with relevant applications in the areas of influence, communication, negotiation, teamwork and coaching. This major new edition has been revised throughout and expanded to include a new section on coaching with NLP, showing how this approach is so different to traditional methods, and a new chapter on Metamessages. Clear, readable and jargon free, this book will help you get to the essence of what makes you and your business excellent and unique.
