Business Law and the Legal Environment - Jethro K. Lieberman 1993-04

Law Books Published - 2000

Employment Law in Context - Brian Willey 2012

This textbook is aimed at helping those with day-to-day responsibilities for employee relations and human resource management to manage within the law.

Employment Law in Context - Brian Willey 2009-03

Employment Law - John Jude Moran 2002

For courses in Employment Law, Labor Law, and Human Resource Management. Using cases and examples in every chapter, the second edition of *Employment Law* deals with this complex and controversial subject by making it easy to understand. The text is a simple approach to employment law, with a foundation of legal principles explained in the layperson's language. The principles, once learned, can be applied to understand the judges' opinions in the cases presented.

Pearson's Magazine - 1914

Vol. 49, no. 9 (Sept. 1922) accompanied by a separately paged section entitled ERA: electronic reactions of Abrams.

[Introduction to Employment Relations](#) - R Loudon 2015-05-20

The second edition of *Introduction to Employment Relations* takes a broad-based approach to the subject of workplace relations in Australia. Employment relations encompasses all aspects of people at work whereas, historically, industrial relations (IR) and human resource management (HRM) have focused on distinct aspects. The focus of IR is on collective approaches to employment, while for HRM, the emphasis is on more individual approaches. In keeping with its broad-based approach, the book covers the organisation of work, unions and employer associations, awards and agreements, staffing and development, managing performance and rewards, in addition to identifying and explaining the major changes in employment relations in recent years. This book is suitable for introductory courses at undergraduate and postgraduate levels.

Restatement of Labour Law in Europe - Bernd Waas 2020-01-09

This book is part of a series which sets out a restatement of labour law in Europe. Its second volume looks at atypical employment relationships in Europe. Opening with a restatement, the book provides comparative commentary on the question of how fixed-term employment relationships, part-time employment relationships and temporary agency work is regulated by law in the individual states, which case law of the courts must be observed in this respect and which possibilities exist for shaping such relationships on the basis of collective bargaining agreements. The

book goes on to systematically explore the national regulatory framework of: Austria, Belgium, Bulgaria, Croatia, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, Latvia, Lithuania, Luxembourg, Malta, Montenegro, Netherlands, North Macedonia, Norway, Poland, Portugal, Romania, Russia, Serbia, Slovakia, Slovenia, Spain, Sweden, Switzerland, Turkey and the United Kingdom. In this area, which is largely shaped by EU law in many countries, the commonalities and differences with regard to the relevant regulatory issues are examined. This important new project provides the definitive survey of labour law in Europe today.

Law Express: Employment Law - David Cabrelli 2018-07-23

1989 Red Flag Employment Law Issues on Selling a Dental Practice - Richard A. Pearson 1989

Managing Employment Relations - Tony Bennett 2020-02-03

Employment relations is concerned with the relationship between employees and their employers and is one of the most important aspects of an HR role. Managing Employment Relations will give students a thorough grounding in the processes, context and practical application of employment relations and give them the knowledge and skills they need for a successful career in HR. Covering everything from the legal aspects of employment relations, essential policies, strategies and the changing social context to conflict resolution, mediation, employee engagement and workplace discipline, Managing Employment Relations is an indispensable guide. With brand new content on gig economy workers, supporting diversity in the workplace, individual and group policies and the need for greater transparency in the employer-employee relationship, this book is a comprehensive guide to the theory and practice of employment relations. Mapped to the CIPD Level 7 module in employment relations and full of case studies and exercises to help students understand the practical application of the core topics, this is an essential textbook for postgraduate HR students and practitioners in an employment relations role. Online resources include a lecturer guide, lecture slides, sample essay questions and additional case studies for students and lecturers as well as annotated weblinks.

Employment Relationships - Erling Juul Rasmussen 2004

The first significant evaluation of the controversial Employment Relations Act 2000, which completely changed the Industrial/Labor Relations landscape in New Zealand.

Criminal Justice Research Methods - Gerald J. Bayens 2011-01-19

The study of research methodologies can be daunting to many students due to complex terminology, mathematical formulas, and lack of practical examples. Now in its second edition, *Criminal Justice Research Methods: Theory and Practice* offers a straightforward, easy-to-understand text that clarifies this complex subject matter, keeping perplexing research language and associated complexities to a minimum and ensuring that students get a practical grasp of this essential topic. The authors discuss scientific inquiry, establishing a framework for thinking about and understanding the nature of research. They examine various types of research methods in the broad categories of quantitative, qualitative, and evaluation designs and provide coverage of analytical and experimental research designs. The book also examines survey methods, survey instruments, and questionnaires, including wording, organization, and pretesting. It describes the fundamental characteristics of the qualitative approach, setting the stage for an in-depth discussion of the participant observation and case study methods of research. Other topics include ethical standards of conduct, topic selection, literature review, and guidelines for writing a research report or grand proposal. The second edition features updated examples, reworked exercises, additional discussion points, and new research-in-action sections. Defining a clear approach to the study of research, the book enables student experiencing their initial exposure to this subject to be fundamentally prepared to be proficient researchers in criminal justice and criminology.

Employment Law - John Jude Moran 2005

For courses in Employment Law, Labor Law, and Human Resource Management. Moran approaches employment law with a clear introduction of legal principles explained in the layperson's language. These principles can then be applied to understand judicial opinions in the extensive series of cases and examples that appear throughout each chapter. The scenarios and human resource dilemmas challenge the students' critical thinking skills as they attempt to resolve the problems. The Third Edition features extensive revisions on HR law, class actions, a new chapter on alternate dispute resolution, and a special packaging option with VersusLaw.

NZ Employment Relations - Fryer G., Oldfield Y Haynes P 2006-05
New Zealand Employment Relations looks at the ways in which employers, employees and their representatives interact, examining their motives and actions in a social, political and economic context. It provides an accessible and practical guide to legal rights and responsibilities, basic employment law, and topical issues in the workplace. Written specifically to cover the learning outcomes for the level 4 employment relations paper of the NZIM Certificate in Management, this book is suitable for a range of introductory employment relations courses. Managers, supervisors and worker representatives, as well those seeking a general introduction to labour and employment relations, will also find this book useful.

Business Law I Essentials - MIRANDE. DE ASSIS VALBRUNE (RENEE. CARDELL, SUZANNE.) 2019-09-27

A less-expensive grayscale paperback version is available. Search for ISBN 9781680923018. *Business Law I Essentials* is a brief introductory textbook designed to meet the scope and sequence requirements of courses on Business Law or the Legal Environment of Business. The concepts are presented in a streamlined manner, and cover the key concepts necessary to establish a strong foundation in the subject. The textbook follows a traditional approach to the study of business law. Each chapter contains learning objectives, explanatory narrative and concepts, references for further reading, and end-of-chapter questions. *Business Law I Essentials* may need to be supplemented with additional content, cases, or related materials, and is offered as a foundational resource that focuses on the baseline concepts, issues, and approaches.

An Introduction to Labor and Employment Law - Michael Evan Gold 2020-06

"An Introduction to Labor and Employment Discrimination Law is not an attempt to teach law to undergraduates, but rather to introduce them to legal reasoning. The principal means to this end are cases that present competing arguments (e.g., in majority and dissenting opinions) on major issues. Each case is preceded by the author's introduction and followed by the author's comments and questions. Chapter 1 focuses on labor law in

the Nineteenth and early Twentieth Centuries, i.e., before the National Labor Relations Act of 1935. Chapter 2 surveys modern labor law under the Labor Act, covering such topics as representation and unfair labor practices. Chapter 3 is a brief introduction to the law of employment discrimination under the Equal Pay Act, Title VII of the Civil Rights Act of 1964, and Americans With Disabilities Act. The book is accompanied by an appendix that contains a glossary of legal terms plus excerpts from the Constitution and relevant federal statutes"--Textbook Web page.

Smith & Keenan's English Law - Charles Wild 2013

"The latest edition of Smith and Keenan's English Law cannot fail to impress once again. This comprehensive introductory law text is a dependable companion for every non-law student and layman alike. The new authors are to be commended for successfully carrying on the tradition upon which the book's excellent reputation was built." Andrea Cerevkova, Senior Lecturer in Law, Edge Hill University. "Smith and Keenan's English Law is the most comprehensive text on English law available on the market. Suitable for students at all levels." Lachmi Singh, University of the West of England Have you ever wondered what exactly constitutes an unwritten constitution? What your rights are as an employee? When a contractual agreement is binding? Well-known for its uniquely comprehensive coverage of the legal system and the main, substantive areas of English law, Smith and Keenan's English Law is the definitive introduction to the law of the land and an all-purpose reference guide for students and professionals alike.

Employment Law - A. C. L. Davies 2015-05-01

Written by an eminent employment law scholar, this exciting new textbook offers a comprehensive introduction to individual and collective employment law principles.

Basic Labor and Employment Law For Paralegals - Clyde E. Craig 2022-12-26

An effective teaching and learning text, Basic Labor and Employment Law for Paralegals covers all the essential elements in depth and breadth in a rational three part structure. "Introduction to Labor and Employment Law" examines the historical development of labor and employment law in

America alongside the nature of the employment relationship. "Labor-Management Relations in the Union Setting" shows how American labor law regulates labor-management relations and includes methods of selecting collective bargaining representatives, unfair labor practices by employers and unions, economic weapons in labor disputes and the formation and administration of labor contracts. "Employment Discrimination" deals with the various forms of discrimination and the methods and procedures of pursuing employment discrimination claims. To underscore concepts and ensure student understanding, each chapter features marginal definitions, fact scenarios illustrating the concepts, and questions about specific facts for the students to consider. Answers to the fact scenarios are included at the end of each chapter. Discussion questions and exercises are provided to help students apply the concepts, and engaging case excerpts give them experience with case analysis. The Second Edition has been completely updated to include new material analyzing the Lilly Ledbetter Fair Pay Act of 2009, a federal statute amending the Civil Rights Act of 1964. Additional new material discusses the Genetic Information Nondiscrimination Act, a federal statute prohibiting employment discrimination on the basis of genetic information. Fresh case references and examples appear throughout the text. Hallmark features of Basic Labor and Employment Law for Paralegals: Covers all essential elements of United States labor and employment law in depth Divided into three sections o Introduction to Labor and Employment Law historical development of labor and employment law in America nature of the employment relationship o Labor-Management Relations in the Union Setting how labor law regulates labor-management relations methods of selecting collective bargaining representatives unfair labor practices by employers and unions economic weapons in labor disputes the formation and administration of labor contracts o Employment Discrimination various forms of employment discrimination in American law methods and procedures of pursuing employment discrimination claims Chapter pedagogy o marginal definitions o fact scenarios illustrating the concepts

Introduction to Law - Joanne Banker Hames 2006

Appropriate for Paralegal Studies, Legal Studies, Pre-Law, and Business Programs Hames and Ekern's Introduction to Law, 2e will teach students the basic legal concepts related to substantive and procedural law, introduces them to cases, statutes, and the constitution, and develops their legal vocabulary and analytical skills. A new chapter on constitutional law, expanded coverage of employment and environmental law, and information on technology makes this an excellent resource for any Introduction to Law course for all disciplines of study including pre-law, legal studies, and business programs. Using this text, your students will learn how to develop their own critical-thinking skills, read high-interest cases, expand their legal vocabulary and discuss case law and issues impacting today's legal system.

Changing Concepts of Contract - David Campbell 2017-02-28

Changing Concepts of Contract is a prestigious collection of essays that re-examines the remarkable contributions of Ian Macneil to the study of contract law and contracting behaviour. Ian Macneil, who taught at Cornell University, the University of Virginia and, latterly, at Northwestern University, was the principal architect of relational contract theory, an approach that sought to direct attention to the context in which contracts are made. In this collection, nine leading UK contract law scholars re-consider Macneil's work and examine his theories in light of new social and technological circumstances. In doing so, they reveal relational contract theory to be a pertinent and insightful framework for the study and practice of the subject, one that presents a powerful challenge to the limits of orthodox contract law scholarship. In tandem with his academic life, Ian Macneil was also the 46th Chief of the Clan Macneil. Included in this volume is a Preface by his son Rory Macneil, the 47th Chief, who reflects on the influences on his father's thinking of those experiences outside academia. The collection also includes a Foreword by Stewart Macaulay, Malcolm Pitman Sharp Hilldale Professor Emeritus at the University of Wisconsin-Madison, and an Introduction by Jay M Feinman, Distinguished Professor of Law at Rutgers School of Law.

Introduction to Business Law - Lucy Jones 2013-06-06

Introduction to Business Law is a student-centred text ideal for those new

to the study of law. Offering lively and readable coverage of all main topics, the law is firmly rooted in the business context. This text adopts a fresh approach and is packed with diagrams and examples of how the law impacts on the business world.

Leading Works in Law and Religion - Russell Sandberg 2018-12-13

Leading Works in Law and Religion brings together leading and emerging scholars in the field from the United Kingdom and Ireland. Each contributor has been invited to select and analyse a 'leading work', which has for them shed light on the way that Law and Religion are intertwined. The chapters are both autobiographical, reflecting upon the works that have proved significant to contributors, and also critical analyses of the current state of the field, exploring in particular the interdisciplinary potential of the study of Law and Religion. The book also includes a specially written introduction and conclusion, which critically comment upon the development of Law and Religion over the last 25 years and likely future developments in light of the reflections by contributors on their chosen leading works.

Introduction to Law - Henry R. Cheeseman 2005

This complete introduction to law places emphasis on ethics and international issues, showing readers how to engage in ethical, analytical reasoning with every topic from legal fundamentals to areas of substantive law. The features of this book encourage readers to apply critical thinking, organizational and summation skills, and legal research tools to solve specific legal problems. KEY TOPICS: The American court system, criminal law and ethics, contracts and E-Commerce, family law, real and personal property, agency, employment, and equal opportunity law, intellectual property and internet law, and administrative law, consumer, investor, and environmental protection. MARKET: For paralegals, legal assistants, lawyers, and all legal professionals.

Smith and Wood's Employment Law - Ian Smith 2017

Authoritative and accessible, Smith & Wood's Employment Law provides detailed and well-explained coverage on the core areas and key case law. Critique and contextual treatment engages students and helps them to develop a well-rounded and deep understanding of the subject.

Human Resource Management: a Very Short Introduction - Adrian Wilkinson 2022

"Human Resource Management: A Very Short Introduction describes how the key players and watershed moments in labour history shaped the state of human resource management today. In our era of globalization, human resource management has to contend with a number of new and increasingly complex factors. These include global sourcing, regional trade agreements and labour standards, remote working, strategic alliances, and innovation driven by competition. As traditional sources of competitive advantage evaporate, firms increasingly look to human resource management to offer a competitive edge. This VSI shows how human resource management covers the relations between employees and their employers, exploring the range of HR practices, processes, and line management activities"--

An Introduction to Labor Law, Third Edition - Michael Evan Gold 2014

An Introduction to Labor Law is a useful and course-tested primer that explains the basic principles of the federal law regulating the relationship of employers to labor unions. In this updated third edition, which features a new introduction, Michael Evan Gold discusses the law that applies to union organizing and representation elections, the duty to bargain in good faith, economic weapons such as strikes and lockouts, and the enforcement of collective bargaining agreements. Gold describes the structure and functions of the National Labor Relations Board and of the federal courts in regard to labor cases and also presents a number of legal issues presently in contention between labor and management.

Research Handbook on Political Economy and Law - Ugo Mattei 2015-11-27

Events such as the global financial crisis have helped reveal that the drivers and contours of governance on a national and international level remain a mystery in many respects. This is so despite the ever-increasing complexity and sophistication in the management and understanding of economic, legal and political spheres of global society. Set in this context, this timely Research Handbook is the first to explicitly address the

constitutive relationship between law and political economy. With scholarly contributions from diverse disciplinary and geographic backgrounds, this authoritative book provides an expansive overview of the legal architecture of the global political economy. It covers, in three parts, topics surrounding money and markets, the relations of organization, and commodities, land and resources. Scholars and policymakers as well as undergraduate and postgraduate law students interested in the intersection of socio-political, economic, and legal dynamics of governance will find this book a thought-provoking and insightful resource.

Q and a Employment Law 2008 And 2009 - Richard Benny 2008
Q & A Equity and Trusts offers a lifeline to students revising for exams. It provides clear guidance on how best to tackle exam questions from the perspective of experienced examiners, giving students the opportunity to practise their exam technique and assess their progress.

Encyclopedia of Human Resource Management - Adrian Wilkinson 2016-01-29

The Encyclopedia of Human Resource Management is an authoritative and comprehensive reference resource with almost 400 entries on core HR areas and key concepts. From age discrimination, to zero hours contracts, each entry reflects the views of an expert and authoritative author. The terms included vary from singular concepts such as performance appraisal and industrial conflict, to organisational behaviour terms including organisational culture and commitment; and broader management terms such as resourcing and management development. Each entry provides a list of references and further reading to enable the reader to gain a deeper awareness and understanding of each topic. This book is an ideal companion to a standard HRM textbook, and both undergraduate and postgraduate students will find it to be of value. It will also be useful for academic researchers, HR practitioners and policy specialists looking for a succinct expert summary of key HR concepts.

Unlocking Employment Law - Chris Turner 2013-06-26

A new volume in the successful Unlocking the Law series on this fascinating and dynamic area of law, containing the essential recent

developments, including the Equality Act 2010. Each chapter opens with aims and objectives and contains activities such as quick quizzes and self-test questions, key facts charts, diagrams to aid learning and numerous headings and sub-headings to make the subject manageable. Features include summaries to check your understanding of each chapter, a glossary of legal terminology, essay questions with answer plans and exam questions with guidance on answering. All titles in the series follow the same formula and include the same features so students can move easily from one subject to another. The series covers all the core subjects required by the Bar Council and the Law Society for entry onto professional qualifications as well as popular option units. Resources supporting this book are available online at www.unlockingthelaw.co.uk.

Valuepack - Michael Jefferson 2008-09-01

This book] provides a good introduction to the subject. In a particularly useful way, the author sets out some of the main arguments on either side of controversial issues. Students are likely to find this a readable and enjoyable text.' Jonathan Herring, THES of 26 May 2006 Michael Jefferson's Criminal Law, now in its eighth edition, is a trusted, clear and engaging explanation of the main principles and offences in criminal law. This book lights a clear path through the subject for you, explaining the law as it stands but also considering proposals for reform so that you can gain an understanding of the development of the law. This new edition has been revised to include recent developments in the law including: - Expanded coverage of the law on sex crimes. -Commentary on the Law Commission Consultation Papers, with particular consideration of homicide. -Discussion of the Privy Council's advice in Holley on provocation and its Court of Appeal applications. -The book has been updated throughout. This eighth edition also provides: -Clearly distinguished case summaries help you to quickly recognise the key cases and differentiate them from surrounding commentary.-New colour text design and larger format enable you to use the text with ease. -Chapter summaries highlight the main points covered in each chapter, cementing your understanding. www.mylawchamber.co.uk/jefferson. This text is supported by a MyLawChamber website including regular case and

legislation updates, weblinks, practice assessment questions, an online glossary and key terms flashcards. He has been the Director of Teaching for the School of Law and Director of Learning and Teaching Development for the Faculty. He was the Chair of the Association of Law Teachers. He teaches and supervises at all levels from first year undergraduate to PhD in both criminal Law and Employment Law.His publications include a monograph on restraint of trade and confidential information as well as books on Employment Law and articles in the leading Anglo-Welsh law journals.

Employment Law - David A. Cabrelli 2020

Introduction to Law - Jaap Hage 2017-08-07

This book is exceptional in the sense that it provides an introduction to law in general rather than the law of one specific jurisdiction, and it presents a unique way of looking at legal education. It is crucial for lawyers to be aware of the different ways in which societal problems can be solved and to be able to discuss the advantages and disadvantages of different legal solutions. In this respect, being a lawyer involves being able to reason like a lawyer, even more than having detailed knowledge of particular sets of rules. Introduction to Law reflects this view by focusing on the functions of rules and on ways of arguing the relative qualities of alternative legal solutions. Where 'positive' law is discussed, the emphasis is on the legal questions that must be addressed by a field of law and on the different solutions which have been adopted by, for instance, the common law and civil law tradition. The law of specific jurisdictions is discussed to illustrate possible answers to questions such as when the existence of a valid contract is assumed.

Adams: Law for Bus Students PDF eBook_o10 - Alix Adams

2018-02-13

Alix Adams' *Law for Business Students* explains the law in a jargon-free, engaging style and explores the law firmly within the context of the business world using real-life examples.. The text follows a six-part structure, beginning with an introduction to the study of law for those new to the subject, before outlining each major area of legal concern in business including contracts and sales, tort, employment, corporate organisation (now expanded to include dissolution of companies) and intellectual property.. This 10th edition has been updated with over 20 new case references including all relevant key decisions of the European Court of Justice and the UK Supreme Court. Reference to new legislation includes the Equality Act (Gender Pay Gap) Regulations 2017.. Catering for a range of learning styles, *Law for Business Students* clearly outlines the main legal rules and cases. It uses business examples and topical news stories to reinforce understanding and demonstrate the practical application of the law. Key terms are explained in helpful margin notes, and a broad variety of end-of-chapter resources ensures that you understand the issues covered in the chapter and gives you an opportunity to apply your knowledge in questions and activities relating to each topic. The full-colour page design clearly identifies each learning feature to help you get the most out of your study..

The Business Environment - Paul Wetherly 2011-01-20

Designed specifically for students new to the study of business, this book explores the range of environments within which business operates.

Wetherly and Otter encourage critical thinking via a unique 'themes and issues' approach, which reflects the integrated, dynamic reality of businesses today.

Employment Relations under Coalition Government - Steve Williams

2016-06-10

Drawing on a wide range of up-to-date research, *Employment Relations under Coalition Government* critically examines developments in UK employment relations during the period of Conservative-Liberal Democrat government between 2010 and 2015, against the background of the 2007-08 financial crisis, subsequent economic recession and in the context of the primacy accorded to neo-liberal austerity. Contributions cover a series of important and relevant topics in a rigorous, yet accessible manner: labour market change and the rise of zero-hours contracts and other forms of precarious employment; policy development relating to young people's employment; the coalition's welfare-to-work agenda; its programme of employment law reform and its approach to workplace equality and health and safety; labour migration; the experience of the trade unions under the coalition and their responses; and developments in employment relations in the public services. This book addresses the broader issues relating to the coalition period, such as the implications of political and regulatory change for employment relations, including the greater devolution of powers to Scotland and Wales, and locates UK developments in comparative perspective. The book concludes with an assessment of the prospects for employment relations in the aftermath of the May 2015 Conservatives election victory.
