The Arts of Truth - Rud Istvan 2012-11-01

This book is a primer on critical thinking. Without it, the Internet is only a misinformation highway. The dark arts of untruthfulness are ubiquitous in 'official' information. The general techniques used to distort or misrepresent truth are conceptually explored, illustrated by dozens of examples covering a wide range of subjects. Does classroom size reduction improve education? Can tight oil shale provide US petroleum independence? Are eggs unhealthy? Does the Chevy Volt really get 60mpg-e? Is global warming a hoax or a crisis? The many thought provoking examples are entertaining as well as enlightening.

Close That Loan! - Cheryl L. Peck 2008-08-05

This book is designed to help those in residential real estate financing learn the details of originating and processing loans. This step by step guide was developed from insight gained in ten years of making and correcting mistakes. This book can be used to make experienced people more knowledgeable, and can help train new employees on the intricacies of loan processing. This book contains almost all you need to know about the mortgage process but the author realizes there is always some new circumstance, or program, that just didn't get covered within the confines of this writing.

Take The Gap - A South African handbook for two years in London - Nicole Canning 2012-10-02

As an unemployed, poverty-stricken South African in London, Nicole began to pen her thoughts on her two-year experience into her diary. These rambles were to become a weekly column in the South African, the expat newspaper in London, after a chance meeting with the editor, Greg. Greg's job exposed him to lots of useful information such as how to get a fake visa and where to buy blackmarket boerewors. It seemed a shame to confine

these insights to history's slosh bucket, so once back home, the two met up again. It was common sense to combine their experiences, put them all on paper and merge their knowledge into *Take the Gap* - a use-it or lose-it book packed full of advice for those adventurous souls who are considering a stint in London. Or, for those who have been and seen and want to reminisce, a first-class ticket back to the Big Smoke that you grew

to love (like a pounding headache after a night down at the pub). This book is not a guide; guides are boring and go out of date. Anxious parents should not read this book!
