Nutrition for Intuition - Doreen Virtue 2016

"Nutrition for Intuition shows the connection between what we eat and our spiritual abilities. Previous books have spoken about how to become psychic, and how to trust your intuition, through meditation, prayer, and so on. And, of course, these methods are extremely effective. However, this book is different because it recognizes that meditation alone may not change your intuition if you continue to ingest unhealthy, low-vibration foods. Nutrition for Intuition speaks about how to enhance your natural gifts by combining good dietary practices with energizing spiritual techniques. This book also covers the pineal gland and its connection to clairvoyance, as well as the energetic properties of nutritional supplements like zinc and magnesium. Readers will learn exactly what to eat and drink to increase their intuition, and what to avoid in their diets."--

In 1908, three Hermetic students recorded them in a book called The Kybalion. Yet this work was still difficult to understand because of its archaic and confusing language. Now, in Divine Magic, Doreen Virtue presents a clear, edited version of The Kybalion, written in understandable and modern language while retaining all of the original teachings. She gives comments and practical suggestions based upon her own success in using Hermetic teachings for healing and manifestation. With Divine Magic, you can master your moods, release negativity, manifest new levels of abundance, and attract wonderful opportunities in all areas of your life.
