*Anton Rubinstein* - Philip S. Taylor 2007-06-14

The first modern biography in English of Russian composer-pianist Anton Rubinstein, this book places Rubinstein within the context of Russian and western European musical culture during the late 19th century, exploring his rise to international fame from humble origins in Bessarabia, as well as his subsequent rapid decline and marginalization in later

musical culture. Taylor provides a balanced account of Rubinstein's life and his career as a piano virtuoso, conductor, composer, and as the founder of Russia's first conservatory. Widely considered the virtuosic heir to Liszt, and recognized internationally as an equivalent cultural icon, he performed with most leading musicians of the day, including Liszt himself, Joachim, Clara Schumann, Vieuxtemps, Wieniawski, Saint-Saens, and YsaËre.

**Theory of Questions** - Anna Brożek 2011

It is hard to imagine our life without questions. They facilitate orientation in our environment, enable interpersonal communication and make the acquisition of knowledge possible. Questions direct scientific research, are used as research tools and are an important medium of transferring knowledge in teaching. The book is intended as a par excellence philosophical monograph of the theory of questions, presenting the most important erotetic problems, their general background and selected

practical applications. It is prepared in all fairness to results acquired in the framework of the logical theories of questions but goes beyond this framework.

**An Index to Articles  
Published in The Etude  
Magazine, 1883-1957, Part  
2** - Pamela Richardson Dennis  
2011-01-01

Annotation: The Index is published in two physical volumes and sold as a set for \$250.00. As America's geography and societal demands expanded, the topics in The Etude magazine (first published in 1883) took on such important issues as women in music; immigration; transportation; Native American and African American composers and their music; World War I and II; public schools; new technologies (sound recordings, radio, and television); and modern music (jazz, gospel, blues, early 20th

century composers) in addition to regular book reviews, teaching advice, interviews, biographies, and advertisements. Though a valued source particularly for private music teachers, with the de-emphasis on the professional elite and the decline in salon music, the magazine ceased publication in 1957. This Index to the articles in The Etude serves as a companion to E. Douglas Bomberger's 2004 publication on the music in The Etude. Published a little over fifty years after the final issue reached the public, this Index chronicles vocal and instrumental technique, composer biographies, position openings, department store orchestras, the design of a successful music studio, how to play an accordion, recital programs in music schools, and much more. The Index is a valuable tool for research, particularly in the music culture of American in the late nineteenth and early twentieth centuries. With titles of these articles available, the doors are

now open for further research in the years to come.

**Ignaz Friedman** - Allan Evans  
2009-06-29

Allan Evans's groundbreaking biography of Ignaz Friedman gives the reader the behind and the between of the life and career of this extraordinary pianist. Friedman's repertory emphasized the major works of Beethoven, Schumann, Liszt, and Brahms, but he was perhaps best known for his interpretation of the Chopin mazurkas, which by all accounts he played with the same rhythmic nuance as their composer. Evans examines Friedman's life as a cultured Jewish musician from Poland; his studies in Leipzig and Vienna; his marriage to Manya Schidlowsky -- a Russian countess and relative of Tolstoy; and his performing career, teaching, and retirement in Australia.
