Conheça O Inferno Sem Ir Para Ele - Robson Soares 2019-03-31

Este livro conta a história do homem que se perdeu ao longo do seu caminho, ele nasceu perfeito e no percurso da sua caminhada sofreu deformação do seu estado original, e, por sempre estar em dificuldade, ele nunca teve a oportunidade de conhecer a verdade sobre o inferno. Todavia, ao ser informado, que Deus decidiu enviar Jesus Cristo como o salvador, ele ficou surpreso e mais forte para enfrentar os seus desafios e medos, mostrando que ainda pode ser salvo das correntes do hades, (Inferno). Tudo indica, que uma grande porta foi aberta, ou talvez um meio sagrado de salvação raiou meio a escuridão. Esta obra levanta os

problemas espirituais e questões cotidianas que vai do nascimento até a velhice humana, conseqüentemente, a aceitação da parte de Cristo em relação ao homem caído. Faz com que a obra prima de Deus, entre num repleto mundo de libertação, cura e salvação. Tudo isso, traz a revelação que o Senhor Deus ainda se dispõe em prol dos perdidos e ovelhas sem pastor. Se a preocupação de satanás era destruir o homem, levando-o para o inferno, a linha do pensamento de Deus verificou e apontou uma saída para a salvação da humanidade, Agora podemos ficar tranqüilo, já que Jesus Cristo desmascarou o inferno, descendo as partes mais baixas da Terra. Deus mostrou um excelente trabalho dirigindo e enviando Cristo até nós. Que a graça de Jesus Cristo nos ilumine sempre!

Coronavirus and Christ - John Piper 2020-04-08

“This is a time when the fragile form of this world is felt. The seemingly solid foundations are shaking. The question we should be asking is, Do we have a Rock under our feet? A Rock that cannot be shaken—ever?”

—John Piper On January 11, 2020, a novel coronavirus (COVID-19)

reportedly claimed its first victim in the Hubei province of China. By March 11, 2020, the World Health Organization had declared a global pandemic. In the midst of this fear and uncertainty, it is natural to wonder what God is doing. In *Coronavirus and Christ*, John Piper invites readers around the world to stand on the solid Rock, who is Jesus Christ, in whom our souls can be sustained by the sovereign God who ordains, governs, and reigns over all things to accomplish his wise and good purposes for those who trust in him. What is God doing through the coronavirus? Piper offers six biblical answers to that question, showing us that God is at work in this moment in history.

Let Us Pray - Watchman Nee 1977-08

What is prayer? Are we really praying when we pray? Do we know the power of prayer? These matters and others must be understood if we would have a real prayer life and be effective in prayer. In this little volume

of collected messages given over a long period of ministry by the author, and which are now translated and published in English for the first time, Watchman Nee shares with us the lessons on prayer that he has learned through the years. He considers prayer to be a mystery, though not something that is incomprehensible. He views prayer as the greatest work to which men are called. It is a working together with God. Through it, God's purpose is accomplished and Satan's intentions are broken. And its benefit to the one who prays is something great as well. Let us therefore follow the admonition of our blessed Lord, who said: "Rise and pray" (Luke 22.46).

Evangelho de Madalena e outros contos - JORGE ALMEIDA 2013-07-19

Este livro é uma coletânea de sete contos com estilos e temáticas muito diferentes. O primeiro, "Evangelho Segundo Madalena", considero-o o embrião de um romance histórico com uma ação principal a desenrolar-se no Século XVI, ensombrado pela inquisição, e as ações secundárias na atualidade e no Século I da nossa era. Durante as obras de restauro do Mosteiro de Pombeiro, em finais do século XX, é encontrado um diário de um frade que afirma ter encontrado na Biblioteca do Mosteiro e traduzido um livro escrito em grego intitulado "Evangelho Segundo Maria Madalena". Quando apresentou a tradução ao superior do Mosteiro, este enviou a tradução para o Inquisidor-Mor, o Cardeal D. Henrique, que se deslocou ao Mosteiro para interrogar o Frei Luís de Gusmão sobre o

polémico e herético conteúdo do Evangelho. O segundo texto, "E nesse dia ninguém nasceu..." é um pequeno conto irónico sobre o problema da baixa taxa de natalidade em Portugal que tenta responder à questão: e se, de repente, as mulheres deixassem de engravidar e as crianças deixassem de nascer em todo o Mundo. O terceiro, "Casamento de Portugal com a Europa" é um conto satírico àqueles que consideravam, em 2008, a União Europeia como uma deusa, mãe de todas as virtudes e não, como alguns possam pensar, uma crítica a qualquer religião. O quarto texto, "Mayday! Mayday!", é um brevíssimo conto metaforizando a situação política em Portugal em finais de 2012, num estilo de literatura de intervenção, pois a Arte deve servir para fazer a sociedade refletir e, se possível, mudar. O quinto, "Presumível Violação" é um conto que se desenrola num tribunal, tratando a temática da violação e do aborto, quando este era proibido em Portugal. O sexto conto, "Laços de Sangue" foi escrito há 17 anos, é baseado em factos verídicos e trata da temática da pedofilia e do incesto. Uma jovem fica grávida do irmão e os pais para protegerem a sua família das críticas sociais resolveram fingir que a sua neta era sua filha, "roubando" a crian

365 Frases de Martinho Lutero + As 95 Teses - Martinho Lutero
2020-09-16

Há poucos anos comemoramos nada menos que quinhentos anos de Reforma Protestante. Assim, redondos, perfeitos. Quinhentos anos depois,

devemos ter e manter por mote capital o lema proposto pelo reformador holandês Gisbertus Voetius (1589-1676): “Ecclesia Reformata et Semper Reformanda Est” (“A Igreja é reformada e está sempre se reformando”). A frase significa que a obra da Reforma não está concluída, mas persevera ou deve perseverar em seu avanço em direção à verdade e à vivência de um cristianismo a cada dia mais bíblico (há quem utilize o termo apostólico, perfeitamente válido) e equilibrado. Este breve e-book, em sua humildade, simplicidade e gratuidade, vem somar-se ao volume de realizações em comemoração ao 503º aniversário da Reforma Protestante. E proporcionar a todos um singelo aprofundamento no pensamento daquele que, apoiado nos ombros de gigantes, verdadeiramente deflagrou a Reforma ensaiada por muitos, dos quais diversos pagaram a ousadia com sua própria vida.

Why Nations Fail - Daron Acemoglu 2013-09-17

Brilliant and engagingly written, Why Nations Fail answers the question that has stumped the experts for centuries: Why are some nations rich and others poor, divided by wealth and poverty, health and sickness, food and famine? Is it culture, the weather, geography? Perhaps ignorance of what the right policies are? Simply, no. None of these factors is either definitive or destiny. Otherwise, how to explain why Botswana has become one of the fastest growing countries in the world, while other African nations, such as Zimbabwe, the Congo, and Sierra Leone, are mired in poverty and violence? Daron Acemoglu and James Robinson conclusively show that it is man-made political and economic institutions that underlie economic

success (or lack of it). Korea, to take just one of their fascinating examples, is a remarkably homogeneous nation, yet the people of North Korea are among the poorest on earth while their brothers and sisters in South Korea are among the richest. The south forged a society that created incentives, rewarded innovation, and allowed everyone to participate in economic opportunities. The economic success thus spurred was sustained because the government became accountable and responsive to citizens and the great mass of people. Sadly, the people of the north have endured decades of famine, political repression, and very different economic institutions—with no end in sight. The differences between the Koreas is due to the politics that created these completely different institutional trajectories. Based on fifteen years of original research Acemoglu and Robinson marshal extraordinary historical evidence from the Roman Empire, the Mayan city-states, medieval Venice, the Soviet Union, Latin America, England, Europe, the United States, and Africa to build a new theory of political economy with great relevance for the big questions of today, including: - China has built an authoritarian growth machine. Will it continue to grow at such high speed and overwhelm the West? - Are America's best days behind it? Are we moving from a virtuous circle in which efforts by elites to aggrandize power are resisted to a vicious one that enriches and empowers a small minority? -

What is the most effective way to help move billions of people from the rut of poverty to prosperity? More philanthropy from the wealthy nations of the West? Or learning the hard-won lessons of Acemoglu and Robinson's breakthrough ideas on the interplay between inclusive political and economic institutions? *Why Nations Fail* will change the way you look at—and understand—the world.
