Reading the Bible

Supernaturally - John

Piper 2017-04-13

The Bible reveals glorious things. And yet we often miss its power because we read it the same way we read any other book. In *Reading the Bible Supernaturally*, best-selling author John Piper teaches us how to read the Bible in light of its divine author. In doing so, he highlights the Bible's unique ability to reveal God to humanity in a way that informs our minds, transforms our hearts, and ignites our love. With insights into the biblical text drawn from decades of experience studying, preaching, and teaching Scripture, Piper helps us experience the transformative power of God's Word—a power that extends beyond the mere words on the page. Ultimately, Piper shows us that in the seemingly ordinary act of reading the Bible, something supernatural happens: we encounter the living God.

The Baptist Manual - American Baptist Publication Society
2015-07-14

Excerpt from The Baptist Manual: A Selection From the Series of Publications: Of the American Baptist Publication and Sunday School Society, Designed for the Use of Families The increasing demand for The

Baptist Manual, has induced the Board of the American Baptist Publication and Sunday School Society, to issue a new edition. In order to give a more uniform appearance to the work, they have omitted some of the titles which were prefixed to the different tracts; they have removed from the plates the numbers intended to designate the pages of the vol. to which the tract belonged, and mother minute alterations have endeavoured to improve the appearance of this interesting manual. The table appended to the "Brief History of the Burman Mission," has also been corrected to the present time, through the kindness of Br. S. Peck, one of the Secretaries of the Board of Foreign Missions, thus rendering it much more valuable. The object of this publication will be learned from the original Preface, which is retained, and the revised edition is now sent forth with the earnest

prayer that it may prove an efficient instrument in removing error, and in promoting the practice of the truth.
