A Loser's Revenge - Tammi Lynn 2020-07-23

I watch from the shadows of trees against the cars lining the street. Invisible to the three I

keep under my anger filled glare. Dressed in black, I have the hood of my zip-up hoodie pulled over my head and drawn closed as I fade into the afternoon shadows to observe and plan my revenge. They probably wouldn't recognize me if they did see me standing here. I've changed a lot over the past nine years and I'm no longer the slightly chubby kid who wore overalls or t-shirts and jeans everyday of the week until I was thirteen and everything changed. Everything. When my best friends became my worst enemies. I watch as Seamus, Hayden, and Axel laugh and joke around in their front yard and toss a football back and forth between one another. We're only a five minute walk from the college we all attend, a college I just transferred to mid semester of our senior year. They don't know I'm here and that's the way I want to keep it for a little bit longer. I patiently watch, waiting for them to leave for the football game so I can begin my plan. I will get my revenge. Barretta Dawn Bowers thought she had the three best

friends in the whole world. There was nothing and no one that could come between them. Never in a million years did she think that they would be the reason for their friendship to be torn apart and her heart to break. Having moved to Florida with her aunt when her whole life had been turned upside down it isn't until nine years of being gone and a family emergency calls her home does she return to Oklahoma. Transferring to the local college and moving into an apartment close to campus with her best friend who tagged along for support, old memories and anger start rising to the surface when she soon finds herself face to face with her ex-friends turned enemies. To keep her mind off the troubles at home she begins to plot the revenge she promised herself so long ago.*Trigger Warnings*This Contemporary college-age romance is a medium/fast burn RH and contains several themes that readers should be aware of: swearing (shocking, I know), flashbacks of bullying, present revenge, and sexual themes

suitable for 18+

Rescuing Socrates - Roosevelt Montas
2023-03-21

A Dominican-born academic tells the story of how the Great Books transformed his life—and why they have the power to speak to people of all backgrounds What is the value of a liberal education? Traditionally characterized by a rigorous engagement with the classics of

Western thought and literature, this approach to education is all but extinct in American universities, replaced by flexible distribution requirements and ever-narrower academic specialization. Many academics attack the very idea of a Western canon as chauvinistic, while the general public increasingly doubts the value of the humanities. In *Rescuing Socrates*, Dominican-born American academic Roosevelt Montás tells the story of how a liberal education transformed his life, and offers an intimate account of the relevance of the Great Books today, especially to members of historically marginalized communities. Montás emigrated from the Dominican Republic to Queens, New York, when he was twelve and encountered the Western classics as an undergraduate in Columbia University's renowned Core Curriculum, one of America's last remaining Great Books programs. The experience changed his life and determined his career—he went on to earn a PhD in English and comparative

literature, serve as director of Columbia's Center for the Core Curriculum, and start a Great Books program for low-income high school students who aspire to be the first in their families to attend college. Weaving together memoir and literary reflection, *Rescuing Socrates* describes how four authors—Plato, Augustine, Freud, and Gandhi—had a profound impact on Montás's life. In doing so, the book drives home what it's like to experience a liberal education—and why it can still remake lives.

Loser - Jerry Spinelli 2009-10-13

From renowned Newbery-winning author Jerry Spinelli comes a powerful story about how not fitting in just might lead to an incredible life. This classic book is perfect for fans of Gordon Korman and Carl Hiaasen. Just like other kids, Zinkoff rides his bike, hopes for snow days, and wants to be like his dad when he grows up. But Zinkoff also raises his hand with all the wrong answers, trips over his own feet, and falls down with laughter over a word like "Jabip." Other

kids have their own word to describe him, but Zinkoff is too busy to hear it. He doesn't know he's not like everyone else. And one winter night, Zinkoff's differences show that any name can someday become "hero." With some of his finest writing to date and great wit and humor, Jerry Spinelli creates a story about a boy's individuality surpassing the need to fit in and the genuine importance of failure. As readers follow Zinkoff from first through sixth grade, it becomes impossible not to identify with and root for him through failures and triumphs. The perfect classroom read.

Too Much and Never Enough - Mary L. Trump
2020-07-14

In this revelatory, authoritative portrait of
Donald J. Trump and the toxic family that made
him, Mary L. Trump, a trained clinical
psychologist and Donald's only niece, shines a
bright light on the dark history of their family in
order to explain how her uncle became the man
who now threatens the world's health, economic
security, and social fabric. Mary Trump spent
much of her childhood in her grandparents'
large, imposing house in the heart of Queens,
New York, where Donald and his four siblings

grew up. She describes a nightmare of traumas,
destructive relationships, and a tragic
combination of neglect and abuse. She explains
how specific events and general family patterns
created the damaged man who currently
occupies the Oval Office, including the strange
and harmful relationship between Fred Trump
and his two oldest sons, Fred Jr. and Donald. A
firsthand witness to countless holiday meals and
interactions, Mary brings an incisive wit and
unexpected humor to sometimes grim, often
confounding family events. She recounts in
unsparing detail everything from her uncle
Donald's place in the family spotlight and
Ivana's penchant for regifting to her
grandmother's frequent injuries and illnesses
and the appalling way Donald, Fred Trump's
favorite son, dismissed and derided him when he
began to succumb to Alzheimer's. Numerous
pundits, armchair psychologists, and journalists
have sought to parse Donald J. Trump's lethal
flaws. Mary L. Trump has the education, insight,

and intimate familiarity needed to reveal what makes Donald, and the rest of her clan, tick. She alone can recount this fascinating, unnerving saga, not just because of her insider's perspective but also because she is the only Trump willing to tell the truth about one of the world's most powerful and dysfunctional families.
