As this Beautiful Souls Saying No Breaking Ranks And Heeding The Voice Of Conscience In Dark Times Eyal Press , it ends up living thing one of the favored books Beautiful Souls Saying No Breaking Ranks And Heeding The Voice Of Conscience In Dark Times Eyal Press collections that we have. This is why you remain in the best website to look the unbelievable book to have.

My Soul to Break - Daria M. Loshlin 2021-10-31

Hayes Davenport:She was the love of my young life, my best friend, then nothing but a fading memory stitched to my blackened heart.I lived a cold existence, trapped in the darkness, weighed down by all the secrets and lies; until she crashed back into my life and set my world on fire.Her alluring jade pools unleashed the beast within, and I had to have her.But I underestimated her innocence and fell for the sheltered she-devil and her poisonous kiss.Twin flame, or soul mate, I may never know.However, in all of life's uncertainties, one thing remains clear: she's the beginning and my end.Georgiana Crawford:My life was forever changed one fateful night.A void in my memory. A pain in my heart. A nightmare on repeat.His blue eyes haunt my dreams with the fleeting glimpse of a life not lived.Or a past, all but forgotten.For years, he'd been a tormented stare and

grimace on the street.A familiar passerby in a small southern town, a ghost I'd yet to meet.The moment he fell into my life, whether by fate or chance, I knew there was no turning back.Our connection is magnetic, and his body calls to mine in ways I've only ever read about.He's pain and pleasure, my favorite nightmare.But is he my savior?Or did I hand him my heart, my soul, to break?

Heroines of Vichy France: Rescuing French Jews during the Holocaust - Paul R. Bartrop 2019-05-31

This book tells the largely unknown story behind the rescue activities of several remarkable young Jewish women in Vichy France during World War II and their role in the resistance against Nazi and Vichy France deportation policies. • Grounds a captivating narrative in extensive field research conducted in France, which focused especially on holdings at the Memorial de la

Shoah (Center of Contemporary Jewish Documentation) in Paris, the Resistance and Deportation Center and Museum in Lyon, and the Departmental Archives of Haute Savoie • Offers compelling profiles of the resisters and gives voice to those who were rescued in addition to speculation as regards their respective fates after the Holocaust • Reflects the expertise of Paul Bartrop, a well-known scholar of Holocaust and Genocide Studies, and Samantha Lakin, an emerging scholar with a track record of achievement in Genocide Studies who has undertaken extensive research for this project while on a Fulbright fellowship in Switzerland • Appeals to a broad audience at both public and academic libraries, with readers of World War II history and Holocaust studies

Whistleblowing - Kate Kenny 2019-04

When people try to speak up about serious wrongdoing in their organizations, they are often ignored and sometimes punished for their efforts. Society tends to accept the suffering of whistleblowers, who often experience significant retaliation, as more or less normal. This book challenges this acceptance. It explores how the narrative might be changed.

Whistleblowing draws on emergent theories in the fields of organization studies and sociology to address the questions of why whistleblowers are frequently ignored and why, if they are acknowledged for speaking up, they are then isolated by colleagues, industry peers, and even loved ones. Kate Kenny offers a new way to understand whistleblowing and the experiences of those involved in it, and explains both how whistleblowers can cope and survive their ordeal and how organizations can change to protect and benefit from whistleblowers.--

I Pledge Allegiance - David Crump 2018-02-01

What does it really mean for Christians to live as faithful kingdom citizens in today's world? Bitter partisan conflict. State-sanctioned torture. Economic injustice. Ethical corruption. Even a cursory glance over daily news headlines shows a stark contrast between the American political state and the kingdom of heaven. Where, then, does the Christian's ultimate allegiance lie? In *I Pledge Allegiance* David Crump issues a clarion call to Jesus's twenty-first-century disciples, stirring them up to heed God's word and live out their kingdom citizenship here on earth. Closely examining the ethical teachings of Jesus and his apostles in the New Testament and using real-world examples to illustrate the vital issues at stake, Crump challenges Christians to embrace the radical, counterintuitive, upside-down way of Jesus—a way of living and thinking that turns the world's values on their head, smashes through stale political and cultural conventions, and welcomes God's kingdom into the very heart of our shared society.

Jesuit Kaddish - James Bernauer, S.J. 2020-03-30

While much has been written about the Catholic Church and the Holocaust, little has been published about the hostile role of priests, in particular Jesuits, toward Jews and Judaism. *Jesuit Kaddish* is a long overdue study that examines Jesuit hostility toward Judaism before the Shoah and the development of a new understanding of the Catholic Church's relation to Judaism that culminated with Vatican II's landmark decree *Nostra aetate*. James Bernauer undertakes a self-examination as a member of the Jesuit order and writes this story in the hopes that it will contribute to interreligious reconciliation. *Jesuit Kaddish* demonstrates the way Jesuit hostility operated, examining Jesuit moral theology's dualistic approach to sexuality and, in the case of Nazi Germany,

the articulation of an unholy alliance between a sexualizing and a Judaizing of German culture. Bernauer then identifies an influential group of Jesuits whose thought and action contributed to the developments in Catholic teaching about Judaism that eventually led to the watershed moment of Nostra aetate. This book concludes with a proposed statement of repentance from the Jesuits and an appendix presenting the fifteen Jesuits who have been honored as "Righteous Among the Nations" by Israel's Yad Vashem Holocaust Center. Jesuit Kaddish offers a crucial contribution to the fields of Catholicism and Nazism, Catholic-Jewish relations, Jesuit history, and the history of anti-Semitism in Europe.

Embodied Collective Memory - Rafael F. Narváez 2013

The human body is not a given fact--it is acquired, achieved, and learned. The body remembers, and it does so in collectively relevant ways. This book discusses how, why, and to what extent corporeal memories are constructed but also resisted, modified, or created anew.

Diary of an Oxygen Thief - Anonymous 2016-05-23

Hurt people hurt people. Say there was a novel in which Holden Caulfield was an alcoholic and Lolita was a photographer's assistant and, somehow, they met in Bright Lights, Big City. He's blinded by love. She by ambition. Diary of an Oxygen Thief is an honest, hilarious, and heartrending novel, but above all, a very realistic account of what we do to each other and what we allow to have done to us.

Law's Wars - Richard L. Abel 2018-08-16

Law's Wars is the first comprehensive account of efforts to resist and correct rule of law violations in the US 'war on terror'.

The Outsiders - William N. Thorndike 2012-10-02

"An outstanding book about CEOs who excelled at capital allocation." – Warren Buffett #1 on Warren Buffett's Recommended Reading List, Berkshire Hathaway Annual Shareholder Letter, 2012 Named one of "19 Books Billionaire Charlie Munger Thinks You Should Read" in Business Insider. "A book that details the extraordinary success of CEOs who took a radically different approach to corporate management." – Charlie Munger, Vice-Chairman of Berkshire Hathaway Corporation "Thorndike explores the importance of thoughtful capital allocation through the stories of eight successful CEOs. A good read for any business leader but especially those willing to chart their own course." – Michael Dell, chairman of the board of directors and chief executive officer of Dell What makes a successful CEO? Most people call to mind a familiar definition: "a seasoned manager with deep industry expertise." Others might point to the qualities of today's so-called celebrity CEOs—charisma, virtuoso communication skills, and a confident management style. But what really matters when you run an organization? What is the hallmark of exceptional CEO performance? Quite simply, it is the returns for the shareholders of that company over the long term. In this refreshing, counterintuitive book, author Will Thorndike brings to bear the analytical wisdom of a successful career in investing, closely evaluating the performance of companies and their leaders. You will meet eight individualistic CEOs whose firms' average returns outperformed the S&P 500 by a factor of twenty—in other words, an investment of \$10,000 with each of these CEOs, on average, would have been worth over \$1.5 million twenty-five years later. You may not know all their names, but you will recognize their companies: General

Cinema, Ralston Purina, The Washington Post Company, Berkshire Hathaway, General Dynamics, Capital Cities Broadcasting, TCI, and Teledyne. In *The Outsiders*, you'll learn the traits and methods—striking for their consistency and relentless rationality—that helped these unique leaders achieve such exceptional performance. Humble, unassuming, and often frugal, these “outsiders” shunned Wall Street and the press, and shied away from the hottest new management trends. Instead, they shared specific traits that put them and the companies they led on winning trajectories: a laser-sharp focus on per share value as opposed to earnings or sales growth; an exceptional talent for allocating capital and human resources; and the belief that cash flow, not reported earnings, determines a company's long-term value. Drawing on years of research and experience, Thorndike tells eye-opening stories, extracting lessons and revealing a compelling alternative model for anyone interested in leading a company or investing in one—and reaping extraordinary returns.

Speaking Rights to Power - Alison Brysk 2013-08-01

How can "Speaking Rights to Power" construct political will to respond to human rights abuse worldwide?

Examining dozens of cases of human rights campaigns and using an innovative analysis of the politics of persuasion, this book shows how communication politics build recognition, solidarity, and social change.

Building on twenty years of research on five continents, this comprehensive study ranges from Aung San Suu Kyi to Anna Hazare, from Congo to Colombia, and from the Arab Spring to Pussy Riot. *Speaking Rights to Power* addresses cutting edge debates on human rights and the ethic of care, cosmopolitanism, charismatic leadership, communicative action and political theater, and the role

of social media. It draws on constructivist literature from social movement and international relations theory, and analyzes human rights as a form of global social imagination. Combining a normative contribution with judicious critique, this book shows how human rights rhetoric matters—and how to make it matter more.

The Stranger and the Chinese Moral Imagination - Haiyan Lee 2014-11-12

In the last two decades, China has become a dramatically more urban society and hundreds of millions of people have changed residence in the process. Family and communal bonds have been broken in a country once known as "a society of kith and kin." There has been a pervasive sense of moral crisis in contemporary China, and the new market economy doesn't seem to offer any solutions. This book investigates how the Chinese have coped with the condition of modernity in which strangers are routinely thrust together. Haiyan Lee dismisses the easy answers claiming that this "moral crisis" is merely smoke and mirrors conjured up by paternalistic, overwrought leaders and scholars, or that it can be simply chalked up to the topsy-turvy of a market economy on steroids. Rather, Lee argues that the perception of crisis is itself symptomatic of a deeper problem that has roots in both the Confucian tradition of kinship and the modern state management of stranger sociality. This ambitious work is the first to investigate the figure of the stranger—foreigner, peasant migrant, bourgeois intellectual, class enemy, unattached woman, animal—across literature, film, television, and museum culture. Lee's aim is to show that hope lies with a robust civil society in which literature and the arts play a key role in sharpening the moral faculties and apprenticing readers in the art of living with

strangers. In so doing, she makes a historical, comparative, and theoretically informed contribution to the on-going conversation on China's "(un)civil society."

The Invisible Life of Addie LaRue - V. E. Schwab
2020-10-06

Genocide Perspectives IV - Colin Tatz 2012-01-01
Genocide isn't past tense and the Nazi and Bosnian eras are not yet closed. The demonising of people as 'unworthy' and expendable is ever-present and the consequences are all too evident in the daily news. These fourteen essays by Australian scholars confront the issues: the need for a measuring scale that encompasses differences and similarities between seemingly divergent cases of the crime; the complicity of bureaucracies, the healing professions and the churches in this 'crime of crimes'; the quest for historical justice for genocide victims generally following the Nuremberg Trials; the fate of children in the Nazi and postwar eras; the 'worthiness' of Armenians, Jews and Romani people in twentieth century Europe; and the imperative to tackle early warning signs of an incipient genocide. Colin Tatz is a founding director of the Australian Institute for Holocaust and Genocide Studies, visiting fellow in Politics and International Relations at the Australian National University, and honorary visiting fellow at the Australian Institute of Aboriginal and Torres Strait Islander Studies. He teaches and publishes in comparative race politics, youth suicide, migration studies, and sports history.

Bared Souls - Ellie Wade 2020-09

Watchdogs and Whistleblowers: A Reference Guide to Consumer Activism - Stephen Brobeck 2015-07-20

This book is the most comprehensive and up-to-date source of information about ways in which consumer activism has reshaped the economic and political well-being of citizens in the United States and around the world. This all-encompassing collection of information about consumer activism and the consumer movement will provide students, public officials, business groups, and other activists with a one-stop source of facts and insights. The contributors explore hundreds of major consumer protections that have significantly enhanced the quality of life and safety for all Americans, showing how these protections were won through the skillful and determined work of leading activists and activist organizations. Many of the stories told here are related by the activists themselves, often for the first time. More than 140 entries offer a comprehensive treatment of the consumer activism of specific organizations, their leaders, and strategies. The book also includes more than 40 entries about consumer movements in Europe, Asia, Africa, and Latin America. A timeline of key events and a listing of the most important books on the subject of consumer activism help provide context for the individual entries as do two introductory essays. Cross references in each entry establish linkages among topics.

- Provides the single most comprehensive source available of information about consumer activism and advocacy
- Shows how activism has influenced laws and regulations affecting more than 40 consumer issues
- Shares personal accounts from activists about their work on these issues
- Details information on U.S. national consumer organizations and many state and local consumer groups, including their goals, strategies, leaders, finances, and impact
- Offers insights into the ways consumer activist groups

have interacted with other nonprofits, policymakers, regulators, and business groups

Gandhi's Footprints - Predrag Cicovacki 2017-10-24
Mahatma K. Gandhi's dedication to finding a path of liberation from an epidemic of violence has been well documented before. The central issue and the novelty of this book is its focus on what Gandhi wanted to liberate us for. The book also provides an assessment of how viable his positive vision of humanity is. Gandhi revolutionized the struggle for Indian liberation from Great Britain by convincing his countrymen that they must turn to nonviolence and that India needed to be liberated from its social ills—poverty, unemployment, opium addiction, institution of child marriage, inequality of women, and Hindu-Muslim frictions—even more than it needed political freedom. Although Gandhi's legacy has not been forgotten, it has often been distorted. He is called "Mahatma" and venerated as a saint, but not followed and often misinterpreted. Predrag Cicovacki attempts to de-mythologize Gandhi and take a closer look at his thoughts, aims, and struggles. He invites us to look at the footprints Gandhi left for us, and follow them as carefully and critically as possible. Cicovacki concludes that Gandhi's spiritual vision of humanity and the importance of adherence to truth (satyagraha) are his lasting legacy.

Good and Beautiful and Kind - Rich Villodas 2022-07-12
An invitation to love like Jesus and step beyond distraction and division into the joy we long to experience—from the author of *The Deeply Formed Life*, winner of the Christianity Today Book Award “A stunning book with power to reshape our world . . . if we let it.”—Glenn Packiam, pastor and author of *Blessed Broken Given*
We long for a good life, a beautiful life, a kind

life. But clearly that's not the world we live in. We carry the stress of our fractured world in our bodies and relationships. Families that once gathered around tables have converted those tables into walls. Hostility, rage, and offense is the language of our culture. How did we lose goodness, kindness, and beauty? And more important, how do we get them back into our lives? These are the two questions crying out in our streets, homes, churches, and from deep within our souls. Pastor and author Rich Villodas is convinced that only Jesus offers a way of being human that is both strong and tender enough to tear down the walls of hostility we experience daily. In *Good and Beautiful and Kind*, he reveals how...

- These three essentials are stolen by sin, powers and principalities, and trauma.
- We can get goodness, beauty, and kindness back through contemplative prayer, humility, and the cultivation of calm presence.
- The traits of healthy conflict, forgiveness, and justice lead to wholeness, healing, and a new collective future—when rooted in the ancient way of Jesus. Filled with fresh energy, classic truth, and practical solutions, this is your road map for stepping beyond distraction and division to love like Jesus. Doing so will change the atmosphere within you...and around you!

The Book Thief - Markus Zusak 2007-12-18

#1 NEW YORK TIMES BESTSELLER • ONE OF TIME MAGAZINE'S 100 BEST YA BOOKS OF ALL TIME The extraordinary, beloved novel about the ability of books to feed the soul even in the darkest of times. When Death has a story to tell, you listen. It is 1939. Nazi Germany. The country is holding its breath. Death has never been busier, and will become busier still. Liesel Meminger is a foster girl living outside of Munich, who scratches out a

meager existence for herself by stealing when she encounters something she can't resist—books. With the help of her accordion-playing foster father, she learns to read and shares her stolen books with her neighbors during bombing raids as well as with the Jewish man hidden in her basement. In superbly crafted writing that burns with intensity, award-winning author Markus Zusak, author of *I Am the Messenger*, has given us one of the most enduring stories of our time. "The kind of book that can be life-changing." —The New York Times "Deserves a place on the same shelf with *The Diary of a Young Girl* by Anne Frank." —USA Today DON'T MISS BRIDGE OF CLAY, MARKUS ZUSAK'S FIRST NOVEL SINCE THE BOOK THIEF.

Democracy and Education - John Dewey 1916

In this book, Dewey tries to criticize and expand on the educational philosophies of Rousseau and Plato. Dewey's ideas were seldom adopted in America's public schools, although a number of his prescriptions have been continually advocated by those who have had to teach in them.

Her Soul to Take - Harley Laroux 2021-10

Leon I earned my reputation among magicians for a reason: one wrong move and you're dead. Killer, they called me, and killing is what I'm best at. Except her. The one I was supposed to take, the one I should have killed - I didn't. The cult that once controlled me wants her, and I'm not about to lose my new toy to them. Rae I've always believed in the supernatural. Hunting for ghosts is my passion, but summoning a demon was never part of the plan. Monsters are roaming the woods, and something ancient - something evil - is waking up and calling my name. I don't know who I can trust, or how deep this darkness goes. All I know is my one shot

at survival is the demon stalking me, and he doesn't just want my body - he wants my soul. Her Soul to Take is book 1 in the Souls Trilogy. Although all the books are interconnected, they are stand-alone and can be read in any order. Content Note This book contains sexual scenes, kink/fetish content, horror elements, drug use, and depictions of hard kink/edgeplay. Reader discretion is advised.

Resisting the Holocaust: Upstanders, Partisans, and Survivors - Paul R. Bartrop 2016-06-06

This book enables readers to learn about upstanders, partisans, and survivors from first-hand perspectives that reveal the many forms of resistance—some bold and defiant, some subtle—to the Nazis during the Holocaust.

- Provides readers with insights into how and when resistance activities took place during the Holocaust—historical information that is both deeply saddening and inspirational
- Documents the myriad ways in which upstanders sought to minimize the worst effects of Nazi anti-Jewish measures
- Explains how those who came to be recognized as the Righteous among the Nations engaged in their life-saving work
- Supplies document introductions and scholarly analysis that help readers to better understand the primary source material as well as a comprehensive bibliography that serves as a gateway to further research

Law's Infamy - Austin Sarat 2021-12-21

An analysis of how problematic laws ought to be framed and considered From the murder of George Floyd to the systematic dismantling of voting rights, our laws and their implementation are actively shaping the course of our nation. But however abhorrent a legal decision might be—whether *Dred Scott v. Sanford* or *Plessy v. Ferguson*—the stories we tell of the law's failures refer

to their injustice and rarely label them in the language of infamy. Yet in many instances, infamy is part of the story law tells about citizens' conduct. Such stories of individual infamy work on both the social and legal level to stigmatize and ostracize people, to mark them as unredeemably other. *Law's Infamy* seeks to alter that course by making legal actions and decisions the subject of an inquiry about infamy. Taken together, the essays demonstrate how legal institutions themselves engage in infamous actions and urge that scholars and activists label them as such, highlighting the damage done when law itself acts infamously and focus of infamous decisions that are worthy of repudiation. *Law's Infamy* asks when and why the word infamy should be used to characterize legal decisions or actions. This is a much-needed addition to the broader conversation and questions surrounding law's complicity in evil.

Genocide - Adam Jones 2016-12-16

Genocide: A Comprehensive Introduction is the most wide-ranging textbook on genocide yet published. The book is designed as a text for upper-undergraduate and graduate students, as well as a primer for non-specialists and general readers interested in learning about one of humanity's enduring blights. Fully updated to reflect the latest thinking in this rapidly developing field, this unique book: Provides an introduction to genocide as both a historical phenomenon and an analytical-legal concept, including the concept of genocidal intent, and the dynamism and contingency of genocidal processes. Discusses the role of state-building, imperialism, war, and social revolution in fuelling genocide. Supplies a wide range of full-length case studies of genocides worldwide, each with a supplementary study. Explores perspectives on genocide from the social sciences,

including psychology, sociology, anthropology, political science/international relations, and gender studies. Considers "The Future of Genocide," with attention to historical memory and genocide denial; initiatives for truth, justice, and redress; and strategies of intervention and prevention. Highlights of the new edition include: Nigeria/Biafra as a "contested case" of genocide Extensive new material on the Kurds, Islamic State/ISIS, and the civil wars/genocide in Iraq and Syria. Conflict and atrocities in the world's newest state, South Sudan. The role, activities, and constraints of the United Nations Office of Genocide Prevention. Many new testimonies from genocide victims, survivors, witnesses—and perpetrators. Dozens of new images, including a special photographic essay. Written in clear and lively prose with over 240 illustrations and maps, *Genocide: A Comprehensive Introduction* remains the indispensable text for new generations of genocide study and scholarship. An accompanying website (www.genocidetext.net) features a broad selection of supplementary materials, teaching aids, and Internet resources.

Research in Organizational Change and Development - 2015-06-29

Over 22 Volumes and 25 years, the Research in Organizational Change and Development series has offered publication outlets for papers addressing a wide array of topics related to organization development interventions and research.

Beautiful Souls - Eyal Press 2012-02-14

On the Swiss border with Austria in 1938, a police captain refuses to enforce a law barring Jewish refugees from entering his country. In the Balkans half a century later, a Serb from the war-blasted city of Vukovar

defies his superiors in order to save the lives of Croats. At the height of the Second Intifada, a member of Israel's most elite military unit informs his commander he doesn't want to serve in the occupied territories. Fifty years after Hannah Arendt examined the dynamics of conformity in her seminal account of the Eichmann trial, *Beautiful Souls* explores the flipside of the banality of evil, mapping out what impels ordinary people to defy the sway of authority and convention. Through the dramatic stories of unlikely resisters who feel the flicker of conscience when thrust into morally compromising situations, Eyal Press shows that the boldest acts of dissent are often carried out not by radicals seeking to overthrow the system but by true believers who cling with unusual fierceness to their convictions. Drawing on groundbreaking research by moral psychologists and neuroscientists, *Beautiful Souls* culminates with the story of a financial industry whistleblower who loses her job after refusing to sell a toxic product she rightly suspects is being misleadingly advertised. At a time of economic calamity and political unrest, this deeply reported work of narrative journalism examines the choices and dilemmas we all face when our principles collide with the loyalties we harbor and the duties we are expected to fulfill.

Stop Calling Me Beautiful - Phyllicia Masonheimer 2020-02-18

Publishers Weekly Bestseller "If you're tired of surface-level teaching and shallow faith, this book will ignite a fire in your soul for a deeper walk with Jesus and draw you into the depths of the Word." —Gretchen Saffles, founder of Well-Watered Women Why We Need Jesus More Than Compliments "You're a beautiful daughter of the Most High King." And it's true. But it's not the

whole truth. The beauty of being God's daughter has backstory. If you're tired of hearing the watered-down Christian teaching and hungry for a deeper spiritual life—one that gives real answers to your hardest questions—Stop Calling Me Beautiful teaches you how. You will learn how to pursue the truths of who God is and who you are in relationship to Him how to study Scripture, and how your view of God determines how you face life's challenges how legalism, shallow theology, and false teaching keep you from living boldly as a woman of the Word how to experience God's presence in painful circumstances Jesus doesn't offer a powerless salvation. He makes your brokenness part of His whole redemption story—if you allow Him to. Don't settle for a feel-good faith. If you want victory over insecurity, fear, shame, and the circumstances you are facing, it's time to embrace Jesus. All of Him.

Why Courage Matters - John McCain 2004-04-13
NEW YORK TIMES BESTSELLER • In this inspiring meditation on courage, Senator John McCain shares his most cherished stories of ordinary individuals who have risked everything to defend the people and principles they hold most dear. “We are taught to understand, correctly, that courage is not the absence of fear but the capacity for action despite our fears,” McCain reminds us, as a way of introducing the stories of figures both famous and obscure that he finds most compelling—from the Nobel Peace Prize laureate Aung San Suu Kyi to Sgt. Roy Benavidez, who ignored his own well-being to rescue eight of his men from an ambush in the Vietnam jungle; from 1960s civil rights leader John Lewis, who wrote, “When I care about something, I’m prepared to take the long, hard road,” to Hannah Senesh, who, in protecting her comrades in the Hungarian

resistance against Hitler’s SS, chose a martyr’s death over a despot’s mercy. These are some of the examples McCain turns to for inspiration and offers to others to help them summon the resolve to be both good and great. He explains the value of courage in both everyday actions and extraordinary feats. We learn why moral principles and physical courage are often not distinct quantities but two sides of the same coin. Most of all, readers discover how sometimes simply setting the right example can be the ultimate act of courage. Written by one of our most respected public figures, Why Courage Matters is that rare book with a message both timely and timeless. This is a work for anyone seeking to understand how the mystery and gift of courage can empower us and change our lives. Praise for Why Courage Matters “[John] McCain the man remains one of the most inspiring public figures of his generation.”—The Washington Post Book World “Thrilling . . . John McCain’s profiles in courage offer inspiration. . . . A marvelous collection of stories featuring honest-to-God heroes.”—Fort Worth Star-Telegram “Extraordinary . . . McCain proves how courage can change lives and improve the world.”—New York Daily News “[McCain] is open and candid, a refuge from spin and arrogance.”—The Washington Post “Wise words from a man who personifies courage.”—The Sunday Oklahoman

Beasts - Jeffrey Moussaieff Masson 2015-02-10

Reveals what the world's largest predators can teach humans about the origins of ethical behavior, arguing that humans are more violent than animals and have a limited capacity for stopping species-threatening behaviors.

Dirty Work - Eyal Press 2021-08-17

A groundbreaking, urgent report from the front lines of "dirty work"—the work that society considers essential but morally compromised. Drone pilots who carry out targeted assassinations. Undocumented immigrants who man the “kill floors” of industrial slaughterhouses. Guards who patrol the wards of the United States’ most violent and abusive prisons. In *Dirty Work*, Eyal Press offers a paradigm-shifting view of the moral landscape of contemporary America through the stories of people who perform society’s most ethically troubling jobs. As Press shows, we are increasingly shielded and distanced from an array of morally questionable activities that other, less privileged people perform in our name. The COVID-19 pandemic has drawn unprecedented attention to essential workers, and to the health and safety risks to which workers in prisons and slaughterhouses are exposed. But *Dirty Work* examines a less familiar set of occupational hazards: psychological and emotional hardships such as stigma, shame, PTSD, and moral injury. These burdens fall disproportionately on low-income workers, undocumented immigrants, women, and people of color. Illuminating the moving, sometimes harrowing

stories of the people doing society’s dirty work, and incisively examining the structures of power and complicity that shape their lives, Press reveals fundamental truths about the moral dimensions of work and the hidden costs of inequality in America.

Brave Enough - Cheryl Strayed 2015-10-27

NATIONAL BEST SELLER • A collection of quotes from the internationally acclaimed author of *Wild*—drawn from the wide range of her writings—that capture her wisdom, courage, and outspoken humor, presented in a gift-sized package that's as irresistible to give as it is to receive. "Cheryl Strayed is a tough-love truth-teller." —The Washington Post Around the world, thousands of people have found inspiration in the words of Cheryl Strayed, who in her three prior books and in her "Dear Sugar" columns has shared the twists and trials of her remarkable life. Her honesty, spirit, and ample supply of tough love have enabled many of us, even in the darkest hours, to somehow put one foot in front of the other—and be brave enough. This book gathers, each on a single page, more than 100 of Strayed's indelible quotes and thoughts—"mini instruction manuals for the soul" that urge us toward the incredible capacity for love, compassion, forgiveness, and endurance that is within us all. • Be brave enough to break your own heart. • You can't ride to the fair unless you get on the pony. • Keep walking. • Acceptance is a small, quiet room. • Romantic love is not a competitive sport. • Forward is the direction of real life. • Ask yourself: What is the best I can do? And then do that.

Absolute Convictions - Eyal Press 2007-02-20

In 1998, one of only two doctors in Buffalo, New York, who performed abortions was shot dead by a radical antiabortion activist. The son of the surviving doctor

now presents a gripping account of a family and a city caught in the crossfire of moral fervor and individual rights in the fierce battle over abortion.

An Uncommon Journey - Deborah Strobil 2011

In September 1939, the family Wacs saved their lives by fleeing Vienna as Nazi Austria turned on the Jews. They left for Shanghai, to them a completely alien culture, a week before war broke out. Unique and poignant, this memoir addresses universal issues: persecution and the will to survive. Written by a brother and sister, their differing memories of the same events form a moving portrait of a family uprooted. The authors, who now live in the USA, will be personally promoting the book through a variety of media.

The Myth of the Spoiled Child - Alfie Kohn 2016-03-08

A prominent and esteemed critic challenges widely held beliefs about children and parenting, revealing that underlying each myth is a deeply conservative ideology that is, ironically, often adopted by liberal parents. Somehow a set of deeply conservative assumptions about children—what they're like and how they should be raised—has congealed into the conventional wisdom in our society. Parents are accused of being both permissive and overprotective, unwilling to set limits and afraid to let their kids fail. Alfie Kohn systematically debunks these beliefs, not only challenging erroneous factual claims but also exposing the troubling ideology that underlies them. Complaints about pushover parents and coddled kids are hardly new, he shows, and there is no evidence that either phenomenon is especially widespread today—let alone more common than in previous generations. Moreover, new research reveals that helicopter parenting is quite rare and, surprisingly, may do more good than harm when it does occur. The major

threat to healthy child development, Kohn argues, is parenting that is too controlling rather than too indulgent. With the same lively, contrarian style that marked his influential books about rewards, competition, and education, Kohn relies on a vast collection of social science data, as well as on logic and humor, to challenge assertions that appear with numbing regularity in the popular press and are often accepted uncritically, even by people who are politically liberal. These include claims that young people • suffer from inflated self-esteem • are entitled and narcissistic • receive trophies, praise, and A's too easily • are in need of more self-discipline and "grit" Kohn's invitation to reexamine these and other assumptions is particularly timely; his book has the potential to change our culture's conversation about kids and the people who raise them.

The Fall of the House of Murdoch - Peter Jukes 2012-08-08

Structured around the fourteen days in 2011, from the moment the News of the World's hacking of the phone of a murdered 13-year-old schoolgirl was exposed, The Fall of the House of Murdoch is a riveting account of the scandal that closed the world's best-selling English-language newspaper, forced one of the most powerful families in the world to appear before Parliament and finally prompted Murdoch's departure from the UK newspaper world he dominated for three decades. But the book covers more than just Hackgate. It is a forensic expose of News Corp's culture, through the early days in Australian media, the purchase of the News of the World, the Sun and the Times group, the Wapping move to the move into satellite broadcasting and the creation of the Fox Network. Exhaustively researched and fully sourced,

The Fall of the House of Murdoch is a morality tale for our times, a family drama played out on a world stage and required reading for anyone seeking to understand the hidden connections that bind politics, business and culture together.

Locating Urban Conflicts - W. Pullan 2013-07-29

Cities have emerged as the epicentres for many of today's ethno-national and religious conflicts. This book brings together key themes that dominate our current attention including emerging areas of contestation in rapidly changing and modernising cities and the effects of extreme and/or enduring conflicts upon ordinary civilian life.

Behavioral Ethics in Practice - Cara Biasucci 2020-11-01

This book is an accessible, research-based introduction to behavioral ethics. Often ethics education is incomplete because it ignores how and why people make moral decisions. But using exciting new research from fields such as behavioural psychology, cognitive science, and evolutionary biology, the study of behavioural ethics uncovers the common reasons why good people often screw up. Scientists have long studied the ways human beings make decisions, but only recently have researchers begun to focus specifically on ethical decision making. Unlike philosophy and religion, which aim to tell people how to think and act about various moral issues, behavioral ethics research reveals the factors that influence how people really make moral decisions. Most people get into ethical trouble for doing obviously wrong things. Aristotle cannot help, but learning about behavioral ethics can. By supplementing traditional approaches to teaching ethics with a clear, detailed, research-based introduction to behavioral ethics, beginners can quickly become familiar with the

important elements of this new field. This book includes the bonus of being coordinated with Ethics Unwrapped – a free, online, educational resource featuring award-winning videos and teaching materials on a variety of behavioral ethics (and general ethics) topics. This book is a useful supplement for virtually every ethics course, and important in any course where incorporating practical ethics in an engaging manner is paramount. The content applies to every discipline –business ethics, journalism, medicine, legal ethics, and others – because its chief subject is the nature of moral decision making. The book is also highly relevant to practitioners across all sectors.

Reflections of a Man - Mr. Amari Soul 2015-02-16

Shattered Souls - Mary Lindsey 2012-12-06

Death, love, destiny, and danger! Lenzi knows she must be going crazy. She's hearing voices and having visions –specifically of gravestones, floods, and a gorgeous guy with steely gray eyes. And there's nothing anyone can do to help, not even her handsome musician boyfriend, Zak. Until she meets Alden, the boy from her dreams, and learns she can speak with lost souls. Now Lenzi must choose: destiny or normalcy. Alden or Zak. Life or death. And time is quickly running out.

Rebuilding the Foundations - John Brueggemann 2017-02-16

In this unique volume, father-and-son team Walter and John Brueggemann take a close look at our fractured American society and suggest ways for improvement. Using six themes identified by some scholars as the moral foundations of society—care, fairness, liberty, loyalty, authority, and sanctity—they examine the unsustainable patterns of our contemporary society and reveal how those patterns played out in the ancient world of the

Old Testament. Brueggemann and Brueggemann demonstrate how comparing the current state of these moral foundations with what God wanted them to be can help us better respond to the challenges of today. They assert

that achieving any significant change will require the work of all of us and will be grounded in a vision of neighborliness. Rebuilding the Foundations will inspire readers to reorient toward a better way of living, both for themselves and for all living things.
