We know Karen Grassle best as the proud prairie woman Caroline Ingalls, with her quiet strength and devotion to family, but this memoir introduces readers to the complex, funny, rebellious, and soulful woman who, in addition to being the force behind those many strong women she played, fought passionately—as a writer, producer, and activist—on behalf of equal rights for women. In April 1916, Nell Richardson and Alice Burke set out from New York City in a little yellow car, embarking on a bumpy, muddy, unmapped journey ten thousand miles long. They took with them a teeny typewriter, a tiny sewing machine, a wee black kitten, and a message for Americans all across the country: Votes for Women! The women's suffrage movement was in full swing, and Nell and Alice would not let anything keep them from spreading the word about equal voting rights for women. Braving blizzards, deserts, and naysayers—not to mention a whole lot of tires stuck in the mud—the two courageous friends made their way through the cities and towns of America to further their cause. One hundred years after Nell and Alice set off on their trip, Mara Rockliff revives their spirit in a lively and whimsical picture book, with exuberant illustrations by Hadley Hooper bringing their inspiring historical trek to life.

Clara never quit, and she never accepted that girls should be treated poorly and paid little. Fed up with the mistreatment of her fellow laborers, Clara led the largest walkout of women workers the country had seen. *Witnessing Girlhood* - Leigh Gilmore 2019-09-03

When more than 150 women testified in 2018 to the sexual abuse inflicted on them by Dr. Larry Nassar when they were young, competitive gymnasts, they exposed and transformed the conditions that shielded their violation, including the testimonial disadvantages that cluster at the site of gender, youth, and race. In *Witnessing Girlhood*, Leigh Gilmore and Elizabeth Marshall argue that they also joined a long tradition of autobiographical writing led by women of color in which adults use the figure and narrative of child witness to expose harm and seek justice. *Witnessing Girlhood* charts a history of how women use life narrative to transform conditions of suffering, silencing, and injustice into accounts that enjoin ethical response.

Drawing on a deep and diverse archive of self-representational forms—slave narratives, testimonio, memoir, comics, and picture books—Gilmore and Marshall attend to how authors return to a narrative of traumatized and silenced girlhood and the figure of the child witness in order to offer public testimony. Emerging within these accounts are key scenes and figures that link a range of texts and forms from the mid-nineteenth century to the contemporary period. Gilmore and Marshall offer a genealogy of the reverberations across timelines, self-representational acts, and jurisdictions of the child witness in life writing. Reconstructing these historical and theoretical trajectories restores an intersectional testimonial history of writing by women of color about sexual and racist violence to the center of life writing and, in so doing, furthers our capacity to engage ethically with representations of vulnerability, childhood, and collective witness.
