A haunting and mesmerizing story about sisterhood, family, love and loss by literary luminary Edwidge Danticat. Giselle Boyer and her identical twin, Isabelle, are as close

as sisters can be, even as their family seems to be unraveling. Then the Boyers have a tragic encounter that will shatter everyone's world forever. Giselle wakes up in the hospital, injured and unable to speak or

move. Trapped in the prison of her own body, Giselle must revisit her past in order to understand how the people closest to her -- her friends, her parents, and above all, Isabelle, her twin -- have shaped and defined her. Will she allow her love for her family and friends to lead her to recovery? Or will she remain lost in a spiral of longing and regret? Untwine is a spellbinding tale, lyrical and filled with love, mystery, humor, and heartbreak. Award-winning author Edwidge Danticat brings her extraordinary talent to this graceful and unflinching examination of the bonds of friendship, romance, family, the horrors of loss, and the strength we must discover in ourselves when all seems hopeless.

The Dew Breaker - Edwidge Danticat
2007-12-18

We meet him late in life: a quiet man, a good father and husband, a fixture in his Brooklyn neighborhood, a landlord and barber with a terrifying scar across his face. As the book unfolds, moving seamlessly

between Haiti in the 1960s and New York City today, we enter the lives of those around him, and learn that he has also kept a vital, dangerous secret. Edwidge Danticat’s brilliant exploration of the “dew breaker”--or torturer--s an unforgettable story of love, remorse, and hope; of personal and political rebellions; and of the compromises we make to move beyond the most intimate brushes with history. It firmly establishes her as one of America’s most essential writers. BONUS: This edition includes an excerpt from Edwidge Danticat's *Claire of the Sea Light*.

Krik? Krak! - Edwidge Danticat 1995
Nine powerful stories about life under Haiti's dictatorships: the terrorism of the Tonton Macoutes; the slaughtering of hope and the resiliency of love; about those who fled to America to give their children a better life and those who stayed behind in the villages; about the linkages of generations of women

through the magical tradition of storytelling.

New World Babel - Edward G. Gray
2014-07-14

New World Babel is an innovative cultural and intellectual history of the languages spoken by the native peoples of North America from the earliest era of European

conquest through the beginning of the nineteenth century. By focusing on different aspects of the Euro-American response to indigenous speech, Edward Gray illuminates the ways in which Europeans' changing understanding of "language" shaped their relations with Native Americans. The work also brings to light something no other historian has treated in any sustained fashion: early America was a place of enormous linguistic diversity, with acute social and cultural problems associated with multilingualism. Beginning with the sixteenth and seventeenth centuries, and using rarely seen first-hand accounts of colonial missionaries and administrators, the author shows that European explorers and colonists generally regarded American-Indian languages, like all languages, as a divine endowment that bore only a superficial relationship to the distinct cultures of speakers. By relating these

accounts to thinkers like Locke, Adam Smith, Jefferson, and others who sought to incorporate their findings into a broader picture of human development, he demonstrates how, during the eighteenth century, this perception gave way to the notion that language was a human innovation, and, as such, reflected the apparent social and intellectual differences of the world's peoples. The book is divided into six chronological chapters, each focusing on different aspects of the Euro-American response to indigenous languages. *New World Babel* will fascinate historians, anthropologists, and linguists-- anyone interested in the history of literacy, print culture, and early ethnological thought. Trauma, Hybridity, and Creolization in Edwidge Danticat's *Breath, Eyes, Memory* and *The Dew Breaker* - Chloé Gonthier 2020

Edwidge Danticat's Breath, Eyes, Memory (1994) tells the story of Sophie Caco, a young Haitian girl who moves from Croix-Des-Rosets, Haiti, to New York City to reunite with Martine, her birth mother. Her coming-of-age-narrative becomes an exploration of cultural displacement, political violence, and intergenerational sexual abuse. *The Dew Breaker* (2004), a

novel as short stories, recounts the tales of different characters whose lives intersect under the Haitian regimes of both François and Jean-Claude Duvalier. The text explores a multiplicity of perspectives representing the long-term effects of political terror on a host of characters. At their center are Ka Bienaimé, a young Haitian-American woman, who has idealized her father, whom she has perceived as a victim of the Duvalier regime, and her father, a Haitian immigrant hiding his past as a dew breaker, a Tonton Macoute, working as a violent enforcer of the dictatorship. Both novels depict the psychological, interpersonal, and cultural damage caused by the violence of an authoritarian regime. In my thesis, I investigate how Danticat uses the characters of Sophie and Ka to interrogate questions related to trauma and emotional betrayal. My study argues that in these texts the author creates a space where

notions of hybridity and creolization mingle and give birth to new forms of discourse. More particularly, I provide an account of how the Creole language helps the reader to "come to a better understanding of the cultural, physical, and the historical realities of Haiti" (Sarhou 20). In acknowledging the traumatic experiences of their past as part of themselves, Danticat's characters exercise agency by choosing to address the past. I will thus divide my thesis in three chapters. In Chapter One, I explore hybridity and creolized language as a space to articulate new forms of identity. In my second chapter, I examine how the author uses *Breath, Eyes, Memory* to reformulate memory and reclaim tradition. In Chapter Three, I analyze how *The Dew Breaker* interweaves explorations of violence, remembrance, and forgiveness to interrogate the potential for emotional healing.

Tracing Meaning - Adam D. Young 2007

Krik? Krak! - Edwidge Danticat 2004-01-01
Arriving one year after the Haitian-American's first novel (*Breath, Eyes, Memory*) alerted critics to her compelling voice, these 10 stories, some of which have appeared in small literary journals, confirm Danticat's reputation as a remarkably gifted writer. Examining the lives of ordinary Haitians, particularly those struggling to survive under the brutal Duvalier regime, Danticat illuminates the distance between people's desires and the stifling reality of their lives. A profound mix of Catholicism and voodoo spirituality informs the tales, bestowing a mythic importance on people described in the opening story, "Children of the Sea," as those "in this world whose names don't matter to anyone but themselves." The ceaseless grip of dictatorship often leads men to emotionally

abandon their families, like the husband in "A Wall of Fire Rising," who dreams of escaping in a neighbor's hot-air balloon. The women exhibit more resilience, largely because of their insistence on finding meaning and solidarity through storytelling; but Danticat portrays these bonds with an honesty that shows that sisterhood, too, has its power plays. In the book's final piece, "Epilogue: Women Like Us," she writes: "Are there women who both cook and write? Kitchen poets, they call them. They slip phrases into their stew and wrap meaning around their pork before frying it. They make narrative dumplings and stuff their daughter's mouths so they say nothing more." The stories inform and enrich one another, as the female characters reveal a common ancestry and ties to the fictional Ville Rose. In addition to the power of Danticat's themes, the book is enhanced by an element of suspense (we're never

certain, for example, if a rickety boat packed with refugees introduced in the first tale will reach the Florida coast). Spare, elegant and moving, these stories cohere into a superb collection.

Massacre River - René Philoctète 2005
Haitian poet Philoctete's novel paints a graphic picture of the 1937 slaughter of thousands of Haitians during the reign of the

Dominican dictator Generalissimo Trujillo. In chapters that alternate among the voices of Trujillo; Pedro, a young Dominican; and Adele, his Haitian wife, the author slowly builds toward his brutal though foregone conclusion. Even as a young child, Trujillo is focused on reclaiming territory lost to Haiti along the Dominican border. Pedro and Adele are apolitical and so devoted to one another that if one disappeared, "the other would languish and die." As Haitians begin to perceive the "menace of Trujillo," Pedro fears for his wife's safety and despises his inability to help her.

Conversations with Edwidge Danticat -
Maxine Lavon Montgomery 2017-07-06

This volume sheds a much-needed light on Edwidge Danticat (b. 1969) and her ability to depict timely issues in sparkling prose that delves deep into the borderlands, an uncharted in-between space located outside fixed geographic, cultural, and ideological

bounds. Prevalent throughout many interviews here is Danticat's expressed determination not only to reveal Haitian immigrant experience, but also to make that nuanced culture and its vibrant traditions accessible to a wide audience. These interviews coincide with Edwidge Danticat's evolving artistic vision, her steady book publication, and her expanding roles as fiction writer, essayist, memoirist, documentarian, young adult book author, editor, songwriter, cultural critic, and political commentator. Dating from her appearance on the literary scene at the age of twenty-five, the many interviews that she has granted attest to not only her productivity, but also her accessibility to scholars, teachers, writers, and journalists eager for knowledge about her vision. Included in this volume are interviews that range from 2000, covering the publication of her debut work of fiction, *Breath, Eyes,*

Memory, to a personal interview conducted with the volume editor in 2016. The Art of Death - Edwidge Danticat
2017-07-11

A moving reflection on a subject that touches us all, by the bestselling author of *Claire of the Sea Light* Edwidge Danticat's *The Art of Death: Writing the Final Story* is at once a personal account of her mother dying from cancer and a deeply considered reckoning with the ways that other writers have approached death in their own work. "Writing has been the primary way I have

tried to make sense of my losses," Danticat notes in her introduction. "I have been writing about death for as long as I have been writing." The book moves outward from the shock of her mother's diagnosis and sifts through Danticat's writing life and personal history, all the while shifting fluidly from examples that range from Gabriel García Márquez's *One Hundred Years of Solitude* to Toni Morrison's *Sula*. The narrative, which continually circles the many incarnations of death from individual to large-scale catastrophes, culminates in a beautiful, heartrending prayer in the voice of Danticat's mother. A moving tribute and a work of astute criticism, *The Art of Death* is a book that will profoundly alter all who encounter it.

Stories from Quarantine - The New York Times
2020-11-10

A stunning collection of new fiction previously published as The Decameron Project and originally commissioned by The New York Times Magazine as the COVID-19 pandemic first spread across the world, from twenty-nine authors including Margaret Atwood, Tommy Orange, Edwidge Danticat, Rachel Kushner, Colm Tóibín, Charles Yu, and more. When reality is surreal, only fiction can make sense of it... In 1353, Giovanni Boccaccio wrote The Decameron: one hundred nested tales told by a group of young men and women passing the time at

a villa outside Florence while waiting out the gruesome Black Death, a plague that killed more than 25 million people. Some of the stories are silly, some are bawdy, some are like fables. In March 2020, the editors of The New York Times Magazine worked to create a collection of stories written just as the pandemic first swept the globe. How might new fiction from some of today's finest writers help us memorialize and understand the unimaginable? And what could be learned about how this crisis will affect the art of fiction? These Stories from Quarantine by twenty-nine authors vary widely in texture and tone. The work is a historical tribute to a moment unlike any other in our lifetimes, offering perspective and solace to the reader now and in the uncertain future. After the Dance - Edwidge Danticat
2015-04-28

In *After the Dance*, one of Haiti's most renowned daughters returns to her homeland, taking readers on a stunning, exquisitely rendered journey beyond the hedonistic surface of Carnival and into its deep heart. Edwidge Danticat had long been scared off from Carnival by a loved one, who spun tales of people dislocating hips from gyrating with too much abandon, losing their voices from singing too loudly, going deaf from the clamor of immense speakers, and being punched, stabbed, pummeled, or fondled by other lustful revelers. Now an adult, she resolves to return and exorcise her Carnival demons. She spends the week before Carnival in the area around Jacmel, exploring the rolling hills and lush forests and meeting the people who live and die in them. During her journeys she traces the

heroic and tragic history of the island, from French colonists and Haitian revolutionaries to American invaders and home-grown dictators. Danticat also introduces us to many of the performers, artists, and organizers who re-create the myths and legends that bring the Carnival festivities to life. When Carnival arrives, we watch as she goes from observer to participant and finally loses herself in the overwhelming embrace of the crowd. Part travelogue, part memoir, this is a lyrical narrative of a writer rediscovering her country along with a part of herself. It's also a wonderful introduction to Haiti's southern coast and to the true beauty of Carnival.

Haitian-American writer Edwidge Danticat is one of the most recognized writers today. Her debut novel, *Breath, Eyes, Memory*, was an Oprah Book Club selection, and works such as *Krik? Krak!* and *Brother, I'm Dying*

have earned her a MacArthur "genius" grant and National Book Award nominations. Yet despite international acclaim and the relevance of her writings to postcolonial, feminist, Caribbean, African diaspora, Haitian, literary, and global studies, Danticat's work has not been the subject of a full-length interpretive literary analysis until now. In *Edwidge Danticat: The Haitian Diasporic Imaginary*, Nadège T. Clitandre offers a comprehensive analysis of Danticat's exploration of the dialogic relationship between nation and diaspora. Clitandre argues that Danticat—moving between novels, short stories, and essays—articulates a diasporic

consciousness that acts as a form of social, political, and cultural transformation at the local and global level. Using the echo trope to approach Danticat's narratives and subjects, Clitandre effectively navigates between the reality of diaspora and imaginative opportunities that diasporas produce. Ultimately, Clitandre calls for a reconstitution of nation through a diasporic imaginary that informs the way people who have experienced displacement view the world and imagine a more diverse, interconnected, and just future.
