Ed Parker's Guide to the Nunchaku - Edmund K.

Parker 2013-11-13

During early 1975, Ed Parker Sr. undertook to complete another masterful work on a specific Martial Arts topic--the Nunchaku. Made famous by the late

Bruce Lee in the motion picture "Enter the Dragon" and often referred to as "chucks" or "Karate sticks," Ed shared a history of this man made weapon, for the first time. Acknowledged by the Martial arts weapons expert Tadashi Yamashita, as the "best book on the subject, it should be on the bookshelf of every Karateka." Curtis Wong, publisher of the internationally acclaimed "Inside Kung-Fu" Magazine said it was "a must for all practitioners." After a brief introductory history of the nunchaku, Ed elaborated on the need for modern day adaptations of this ancient agricultural implement. Revealing for the first time, his own dynamic nunchaku techniques, with catches and movements capable of creating one startling impact after another.

Fantastic Kenpo innovations were illustrated using extensive charts, diagrams, illustrations and hundreds of step by step photographic sequences. Ed executed practical self defense techniques against a multitude of unarmed and armed attacks. It is interesting to note that on the inside cover of this work, Ed is shown in a drawing by his brother, David Parker, wearing a Ninth Degree Belt. However, on the following page, it is stated that Ed is a Tenth Degree Black Belt. The reason is, that at the time of writing this innovative book, Ed was a Ninth Degree Black Belt. As a result of this masterfully exhaustive, inclusive treatise, Ed saw fit to take the recommendations of his senior Black Belts and accepted the honor and status of

Senior Grandmaster of Kenpo. It seemed an almost fitting tribute that the February 1975 issue of Black Belt magazine wrote, "Many Kenpo stylists refer to Ed Parker as the last word on the proper way to do their techniques."

Please see our website honoring Ed Parker Sr. at: edparkersr.com we have included the listing of his other publications and share the man that brought so much to the martial arts world and the only Sr. Grandmaster of Ed Parker's Kenpo Karate.

Bruce Lee The Tao of

Gung Fu - Bruce Lee

2015-09-08

In the months leading up to his death, Bruce Lee was working on this definitive study of the Chinese martial arts—collectively known as Kung Fu or Gung Fu. This book has now been edited and is published here for the first time

in its entirety. Bruce Lee totally revolutionized the practice of martial arts and brought them into the modern world—by promoting the idea that students have the right to pick and choose those techniques and training regimens which suit their own personal needs and fighting styles. He developed a new style of his own called Jeet Kune Do—combining many elements from different masters and different traditions. This was considered heretical at the time within martial arts circles, where one was expected to study with only a single master—and Lee was the first martial artist to attempt this. Today he is revered as the "father" of martial arts practice around the world—including Mixed Martial Arts. In addition to presenting the fundamental

techniques, mindset and training methods of traditional Chinese martial arts, this martial art treatise explores such esoteric topics as Taoism and Zen as applied to Gung Fu, Eastern and Western fitness regimens and self-defense techniques. Also included is a Gung Fu "scrapbook" of Bruce Lee's own personal anecdotes regarding the history and traditions of the martial arts of China. After Lee's death, his manuscript was completed and edited by martial arts expert John Little in cooperation with the Bruce Lee Estate. This book features an introduction by his wife, Linda Lee Cadwell and a foreword from his close friend and student, Taky Kimura. This Bruce Lee Book is part of the Bruce Lee Library which also features: Bruce Lee:

Striking Thoughts Bruce Lee: The Celebrated Life of the Golden Dragon
Bruce Lee: Artist of Life
Bruce Lee: Letters of the Dragon
Bruce Lee: The Art of Expressing the Human Body
Bruce Lee: Jeet Kune Do

Black Belt - 1982-01

Theorizing Bruce Lee - Paul Bowman 2010

"Bruce Lee is a complex and contradictory figure, and it's a formidable task to take on the multiple facets of his legacy—fighter, film star, philosopher, nationalist, multiculturalist,

innovator. With an approach as multidisciplinary and iconoclastic as Lee's approach to martial arts, Bowman provides an original and exhilarating account of Lee as 'cultural event'. No one has done a better job of explaining why the martial arts 'legend' remains such an important and provocative figure."ûLeon Hunt (Brunel University), author of *Kung Fu Cult Masters: From Bruce Lee to Crouching Tiger*. "Taking on Martin Heidegger and Slavoj ÅiPek as well as drawing on Jacques Derrida, Michel Foucault, Guy Debord, Jacques RanciFre, Rey Chow, and Stuart Hall, among others, Bowman shows how Bruce Lee 'speaks' to the philosophical debates that frame our understanding of global popular culture today.

Although Bowman may not be able to resolve the philosophical battles surrounding our ability to 'know' Bruce Lee, he does a remarkable job of articulating why Bruce Lee remains an essential force within not only world cinema but global culture û both 'high' and 'low.' Armoured with his philosophical nunchakus, Bowman goes to battle with anyone who may doubt Lee's ongoing importance, and this book will undoubtedly become essential reading for everyone (from philosopher to kung fu practitioner) interested in popular culture and Asian cinema."ûGina Marchetti (University of Hong Kong), author of *Romance and the "Yellow Peril": Race, Sex and Discursive Strategies in Hollywood Fiction*, and *From Tian'anmen to Times Square: Transnational China and the Chinese*

Diaspora on Global Screens, 1989-1997. Theorizing Bruce Lee is a unique work, which uses cultural theory to analyse and assess Bruce Lee, and uses Bruce Lee to analyse and assess cultural theory. Lee is shown to be a major 'event' in both global film and global popular culture û a figure who is central to many intercultural encounters, texts, and practices. Many key elements of film and cultural theory are employed to theorize Bruce Lee, and Lee is shown to be a complex û and consequential û multimedia, multidisciplinary and multicultural phenomenon. Theorizing Bruce Lee is essential reading for anyone interested in Bruce Lee in popular culture and as an object of academic study.
