Business Essentials - Ronald J. Ebert 2015
Business Essentials continues to provide a solid foundation of the essential topics in business. Its focus on practical skills, knowledge of the basics, and important developments in business makes for a brief book, but a rich experience. The recent events in domestic and global economies are presenting unprecedented challenges, excitement, and disappointments for business--and a need for a change in the Introduction to Business course and text. This text captures the widespread significance of these developments and presents their implications on businesses today. MyBizLab for Business Essentials is a total learning package. MyBizLab is an online homework, tutorial, and assessment program that truly engages students in learning. It helps students better prepare for class, quizzes, and exams--resulting in better performance in the course--and provides educators a dynamic set of tools for gauging individual and class progress. This program will provide a better teaching and learning experience--for you and your students. Here's how: Personalize Learning with MyBizLab: Inspire the exchange of new ideas and foster intriguing discussions with the abundant resources found in MyBizLab. Real World Business Practices Focus: An abundance of the latest real world business developments and examples provide clear illustrations of business concepts and current dilemmas, and every chapter shows how basic practices apply not only in business upswings, but also during economically challenging times as well. Help Students Review and Apply Concepts: Examples and

exercises allow students to see how entrepreneurs are putting into practice the concepts that they are learning. Keep Your Course Current and Relevant: New examples, research findings, and examples appear throughout the text. Note: You are purchasing a standalone product; MyBizLab does not come packaged with this content. If you would like to purchase both the physical text and MyBizLab search for ISBN-10: 0133771555/ISBN-13: 9780133771558. That package includes ISBN-10: 0133454428/ISBN-13: 9780133454420 and ISBN-10: 0133456358/ISBN-13: 9780133456356. MyBizLab is not a self-paced technology and should only be purchased when required by an instructor.

Essentials of Criminal Justice - Larry J. Siegel 2009

Marketing Research - Carl D. McDaniel 2002

Marketing Research provides comprehensive information on both the quantitative methods used in marketing research and the many considerations a manager faces when interpreting and using market research findings. Marketing research hot topics are featured, including competitive intelligence, published secondary data and the Internet, and marketing research suppliers and users. Each chapter helps you explore ethical dilemmas related to the topics discussed, the uses and needs for marketing research across business functions, and how to use the Internet to gather marketing research data in an efficient, cost-effective manner. By focusing on the managerial aspects of marketing research, this book provides you with both the tools to conduct marketing research, as well as those to interpret the results and use them effectively as a manager.

Sociology in Our Times - Diana Kendall 2016-01-01

This best-selling comprehensive book conveys the relevance of sociology by presenting a timely collection of theories, research, and examples -- including its signature first-person accounts that open many chapters. These lived experiences are relevant to students and introduce themes that provide a framework for learning the chapter material. Kendall's vivid and inviting writing style, emphasis on applications, and eye for compelling current examples further highlight sociology's relevance to all students. Now in its eleventh edition, SOCIOLOGY IN OUR TIMES is acclaimed for being the first textbook to integrate race, class, and gender issues, and for its thorough presentation of sociological theory, including contemporary perspectives such as feminism and postmodernism. This edition focuses more on social/global change and on the contemporary world, presenting such current debates as bullying and social media abuse, digital-age methods to increase school attendance, food trucks and the spread of culture, modern slavery, and weight bias. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Essentials of Business Law - Anthony Liuzzo 2019

Business Essentials Mybizlab With Pearson Etext Access Card - Ronald J. Ebert 2009-11-10

Just Business: Multinational Corporations and Human Rights (Norton Global Ethics Series) - John Gerard Ruggie 2013-03-25

"A true master class in the art of making the impossible possible." –Paul Polman One of the most vexing human rights issues of our time has been how to protect the rights of individuals and communities worldwide in an age of globalization and multinational business. Indeed, from Indonesian sweatshops to oil-based violence in Nigeria, the challenges of regulating harmful corporate practices in some of the world's most difficult regions long seemed insurmountable. Human rights groups and businesses were locked in a stalemate, unable to find common ground. In 2005, the United Nations appointed John Gerard Ruggie to the modest task of clarifying the main issues. Six years later, he had accomplished much more than that. Ruggie had developed his now-famous "Guiding Principles on Business and Human Rights," which provided a road map for ensuring responsible global corporate practices. The principles were unanimously endorsed by the UN and embraced and implemented by other international bodies, businesses, governments, workers' organizations, and human rights groups, keying a revolution in corporate social responsibility. *Just Business* tells the powerful story of how these landmark "Ruggie Rules" came to exist. Ruggie demonstrates how, to solve a seemingly unsolvable problem, he had to abandon many widespread and long-held understandings about the relationships between businesses, governments, rights, and law, and develop fresh ways of viewing the issues. He also takes us through the journey of assembling the right type of team, of witnessing the severity of the problem firsthand, and of pressing through the many obstacles such a daunting endeavor faced. *Just Business* is an illuminating inside look at one of the most important human rights developments of recent times. It is also an invaluable book for anyone wanting to learn how to navigate the tricky processes of global problem-solving and consensus-building and how to tackle big issues with ambition, pragmatism, perseverance, and creativity.

Fundamentals of Risk and Insurance - Emmett J. Vaughan 1978

This classic, comprehensive book is divided into three sections. The first section examines the concept of risk, the nature of the insurance device, and the principles of risk management. This section also provides an overview of the insurance industry. The second section examines the traditional fields of life and health insurance as solutions to the risks connected with the loss of income. The Social Security system, workers compensation, and other social insurance coverages are discussed. The final section deals with the risks associated with the ownership of property and legal liability. Updated to reflect the changes in the field of insurance since 1996, and a listing of Web sites of interest.

Essentials of Business Communication - Mary Ellen Guffey 2003-02-01

Covering business communication skills, this text includes a grammar check, writing improvement exercises and cases which break down the writing process into simple components. E-mail, Web research, team and critical thinking exercises have also been added to this edition.

Business and Administrative Communication - Kitty O. Locker 2000

Essentials of Business Law - Anthony Liuzzo 2005-08-30

The sixth edition of this popular textbook presents the most practical, most current, and only concise, broad-based introduction to the study of business law principles and practices. The material has been revised and updated to reflect recent developments in the legal field, and every chapter includes an abundance of real-

world examples that illustrate the law at work. In-depth coverage of the latest issues in business law, including new coverage of technology, product liability, and employment law, is also provided. New presentation and an engaging design make the book easy to teach and understand, and the new and expanded pedagogy, with an emphasis on teachability and assessment, offers teachers and students a wealth of opportunities for enriching the learning experience. Students will come away with a clear understanding of business law topics and be able to identify, explain, and apply the principles of business law in the world around them.

Emergency Medical Responder - Chris Le Baudour 2011
The leader in the field, *Emergency Medical Responder*, Ninth Edition, provides clear first responder-level training for fire service, emergency, law enforcement, military, civil, and industrial personnel. The new ninth edition retains many successful features from previous editions and includes new topics and concepts that have recently become part of most *Emergency Medical Responder* programs. The foundation of this text is the new National Emergency Medical Services Education Standards for *Emergency Medical Responder*, and it also includes the 2010 American Heart Association guidelines for *Cardiopulmonary Resuscitation and First Aid*.

Business Data Networks and Security, Global Edition - Julia L. Panko 2014-12-18

For undergraduate and graduate courses in Business Data Communication / Networking (MIS) Clear writing style, job-ready detail, and focus on the technologies used in today's marketplace *Business Data Networks and Security* guides readers through the details of networking, while helping them train for the workplace. It starts with the basics of security and network design and management; goes beyond the basic topology and switch operation covering topics like VLANs, link aggregation, switch purchasing considerations, and more; and covers the latest in networking techniques, wireless networking, with an emphasis on security. Teaching and Learning Experience This textbook will provide a better teaching and learning experience-for you and your students. Here's how: *The basic, introductory topics provide a firm foundation. *Job-level content prepares students with the skills demanded by today's employers.*The latest in networking techniques and wireless networking, including a focus on security, keeps students up to date and aware of what's going on in the field. *The flow of the text guides students through the material. MyMISLab not included. Students, if MyMISLab is a recommended/mandatory component of the course, please ask your instructor for the correct ISBN and course ID. MyMISLab is not a self-paced technology and should only be purchased when required by an instructor. Instructors, contact your Pearson representative for more information. MyMISLab is an online homework, tutorial, and assessment product designed to personalize learning and improve results. With a wide range of interactive, engaging, and assignable activities, students are encouraged to actively learn and retain tough course concepts.

Emergency - American Academy of Orthopaedic Surgeons 2006-03

Textbook for EMT training. The DVD walks students through the skills necessary to pass the EMT-Basic practical exam.

Loose-Leaf for Essentials of Business Law - Anthony Liuzzo 2021-01-13

The new, eleventh edition of the *Essentials of Business Law* program is a practical, concise, and broad-based introduction to the vibrant field of business law. While continuing to offer all the features that have made this

title successful, this new edition includes a chapter on the areas of law affected by social media, updated content, and enhanced support materials. Both the traditional areas of law, such as contracts and property, and the emerging areas of law, such as e-commerce and environmental, are covered in short, informative chapters written to capture the essence of each topic. The objective of the text throughout its coverage is ease - ease of use, ease of teaching, ease of assessment, and ease of understanding. It has been developed for those seeking a more fundamental overview of the concepts and principles that are vital to the understanding of business law.

Business - Ricky W. Griffin 2004

For Introduction to Business courses. This best-selling text by Ricky Griffin and Ronald Ebert provides students with a comprehensive overview of all the important functions of business. Each edition has introduced cutting-edge firsts while ensuring the underlying principles that guided its creation, *Doing the Basics Best*, were retained. The seventh edition focuses on three simple rules- Learn, Evaluate, Apply. - **NEW-Chapter 2: Understanding the Environments of Business** - This new chapter puts business operations in contemporary context, explaining the idea of organizational boundaries and describing the ways in which elements from multiple environments cross those boundaries and shape organizational activities. This chapter sets the stage as an introduction to some of the most important topics covered in the rest of the book, for example: - The Economics Environment includes the role of aggregate output, standard of living, real growth rate; GDP per capita; real GDP; purchasing power parity; and the Consumer Price Index. - The Technology Environment includes special attention to new tools for competitiveness in both goods and services and business process technologies, plus e

Business Law Today - Roger LeRoy Miller 2017

Small Gas Engines - Alfred C. Roth 2011-10-14

The Small Gas Engines Workbook includes a variety of questions, in various formats, to help reinforce the student's understanding of the material presented in the textbook chapters. Step-by-step jobs in the Workbook guide the students through important engine service procedures. The Workbook also includes sample Equipment & Engine Training Council (EETC) technician certification tests for the four-stroke and two-stroke areas of certification. These tests help the students prepare for EETC certification.

Business Communication Today - Courtland L. Bovee 2003-01

Learn to Write Business Messages Quickly and Easily with the Three-Step Process You will learn to write business messages quickly, easily, and effectively with the exclusive Bovee/Thill/Schatzman three-step process: planning, writing, and completing business messages. When you use a process, you move toward a particular result, and this text's three-step process helps you get better results than you would get with any other business communication textbook. Students and instructors alike will appreciate how this practical, three-step strategy provides a solid foundation for solving communication problems and creating well-crafted business messages. The three-step process is fully integrated throughout the book. It is introduced and explained in detail in chapters 4-6, just before the specific types of business messages are discussed. Then the three-step process is applied to short messages (letters, memos, and e-mail) in chapters 7-9, to reports and proposals in chapters 12-14, to speeches and oral presentations in chapters 15-16, and to employment messages in chapters 17-18. *Planning *Analyze Study your purpose, lay out your writing schedule, and then profile your audience. your audience. *Analyze Study your purpose, lay out your writing schedule, and then profile your audience. *Writing *Organize Define your main ideas, limit the scope, group your points, and choose the direct or indirect approach. *Compose Control your style through level of formality and conversational tone. Choose your words carefully so that you can create effective sentences and paragraphs. *Completing *Revise Evaluate content and review readability, editing, and rewriting for clarity and conciseness. *Produce Use effective design elements and suitable delivery methods. *Proofread Review for errors in layout, spelling, and mechanics. This text provides dozens of superb examples of the finished product, including documents from such well-known companies as Krispy Kreme Doughnuts, Ace Hardware, Target, Office Depot, Petsmart, and Carnival Cruise Lines, to name just a few. Many documents are accompanied by a graphic describing how the three-step process is applied, and all include annotations in the margins that discuss precisely how to apply the principles presented in the text. reasons that **Business Communication Today** is the most successful business communication textbook published in the past 50 years.

Business Law - Henry R. Cheeseman 2017

Business Essentials - Ronald J. Ebert 2002-02-01

Appropriate for Introduction to Business courses at both the university and college levels. Back by popular demand, **Business Essentials, Canadian Second Edition**, is the perfect option for those who want a no-nonsense approach for an introduction to business course. It retains the smooth, conversational writing style, extensive pedagogy, and well-integrated supplements package of the big **Business** book. Thoroughly updated and condensed, this text engages the reader by providing

accurate and focused coverage in a brief, inexpensive, and high-quality format. Not only does this book reflect the changes occurring in the practice of business, it also meets the changing needs of students and teachers in the field.

Essentials of Management -- 11th Ed - Andrew DuBrin 2020-05

Essentials of Management is written for newcomers to the field of management and for experienced managers seeking updated information and a review of the fundamentals. It is also written for the many professionals and technical people who work closely with managers and who take their turn at performing some management work. An example would be the member of a cross-functional team who is expected to have the perspective of a general manager. Based on extensive research about curriculum needs, the design of Essentials of Management addresses itself to the needs of introductory management courses and supervision courses offered in educational settings. Previous editions of the text were used in the study of management in colleges and universities, as well as in career schools in such diverse programs as hospitality and tourism management, and nursing. The book can also be used as a basic resource for management courses that rely heavily on lecture notes, PowerPoint presentations, and videos rather than an encyclopedia-like text.

Essentials of Business Law - Anthony Liuzzo 2021

"The new, eleventh edition of the Essentials of Business Law program is a practical, concise, and broad-based introduction to the vibrant field of business law. While continuing to offer all of the features that have made the ten prior editions successful, this new edition includes a chapter on the areas of law affected by social media, updated content, and enhanced support materials. Both the traditional areas of law, such as contracts and property, and the emerging areas of law, such as e-commerce and environmental, are covered in short, informative chapters written to capture the essence of each topic. The objective of the text throughout its coverage is ease-of-use, ease of teaching, ease of assessment, and ease of understanding. It has been developed for those seeking a more fundamental overview of the concepts and principles that are vital to the understanding of business law"--

Modern Food Service Purchasing: Business Essentials to Procurement - Robert B Garlough 2010-03-02

MODERN FOOD SERVICE PURCHASING is designed specifically to provide culinary arts professionals with current, in-depth coverage of the essential concepts of purchasing, storeroom operations, and financial stewardship. This comprehensive resource brings together under one cover the four fundamentals of contemporary food service purchasing: Market and distribution systems. Storeroom operations. Cost controls. Product information. Delivering a chef-focused overview of financial management and the formulas used to control a successful

business, *Modern Food Service Purchasing* explains in detail how to set up a successful storeroom operation while providing chefs and buyers with a comprehensive reference that will deliver value for years to come. Extensive color photography, useful charts and forms, and a comprehensive glossary of key terms round out the coverage. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Introduction to Business - Lawrence J. Gitman 2018
Introduction to Business covers the scope and sequence of most introductory business courses. The book provides detailed explanations in the context of core themes such as customer satisfaction, ethics, entrepreneurship, global business, and managing change. Introduction to Business includes hundreds of current business examples from a range of industries and geographic locations, which feature a variety of individuals. The outcome is a balanced approach to the theory and application of business concepts, with attention to the knowledge and skills necessary for student success in this course and beyond.
