All You Need to Know About the Music Business - Donald S. Passman
2015-11-10

All You Need to Know About the Music Business by veteran music lawyer
Don Passman—dubbed “the industry bible” by the Los Angeles Times—is now
updated to address the biggest transformation of the music industry yet:
streaming. For more than twenty-five years, *All You Need to Know About
the Music Business* has been universally regarded as the definitive guide to
the music industry. Now in its tenth edition, Donald Passman leads novices
and experts alike through what has been the most profound change in the
music business since the days of wax cylinders and piano rolls. For the first
time in history, music is no longer monetized by selling something—it’s
monetized by how many times listeners stream a song. And that completely
changes the ecosystem of the business, as Passman explains in detail. Since the
advent of file-sharing technology in the late 1990s to the creation of the iPod,
the music industry has been teetering on the brink of a major
transformation—and with the newest switch to streaming music, this change
has finally come to pass. Passman’s comprehensive guide offers timely,
authoritative information from how to select and hire a winning team of
advisors and structure their commissions and fees; navigate the ins and outs of
record deals, songwriting, publishing, and copyrights; maximize concert,
touring, and merchandising deals; and how the game is played in a streaming
world. “If you want to be in music, you have to read this book,” says Adam
Levine, lead singer and guitarist of Maroon 5. With its proven track record,
this updated edition of *All You Need to Know About the Music Business* is
more essential than ever for musicians, songwriters, lawyers, agents,
promoters, publishers, executives, and managers—anyone trying to navigate
the rapid transformation of the industry.
