Modern Land Law - Martin Dixon 2014-03-05

Modern Land Law offers a lively and thought-provoking account of a subject that remains at the heart of our legal system. Dispelling any apprehension about the subject's formidability from the outset, this compact textbook provides an absorbing and exact analysis of all the key legal principles relating to land. Written with students firmly in mind, the principal features of this textbook include: • a clear introduction to every chapter which frames each topic in its wider context; • corresponding chapter summaries which help to

consolidate learning and encourage reflection; • the use of tables and diagrams to aid understanding of complicated topics; • a friendly two-color text design which complements Martin Dixon's comprehensible and engaging writing; • an updated companion website which supports this textbook with a fully customizable testbank for lecturers; self-test questions and practice exam-style questions for students as well as podcasts to keep students updated with new cases, important decisions and other newsworthy issues relating to land law. This 9th edition has been thoroughly revised and updated to take into account key developments in the law in the light of the Law Commission's recommendations on easements and covenants, as well as the increased impact of the HRA 1998 on case law. All major recent decisions and judgments will be incorporated alongside a discussion of proposals for reform and new legislation. Modern Land Law is one of the most current and reliable textbooks available on land law today.

Dynamic Business Law: The Essentials - Lucien Dhooge
2012-01-05

Dynamic Business Law: The Essentials is appropriate for the one-semester Business Law course. It contains the basics of business law but does not get bogged down in the kind of details that are more appropriate in an upper-level law class. The text provides an examination of the basic questions, concepts, and legal rules of business law. Emphasis on the BUSINESS in business law. Dynamic Business Law: The Essentials emphasizes the tie of legal issues back to the core business curriculum. This will help both students and faculty. Faculty need to know how this is integrated as they are constantly 'defending' the inclusion of this course in the business curriculum. And students need to understand how the concepts tie to their future business careers. Emphasis on TEACHING. Many professors teaching this course are attorneys first and academics second. They do not have a lot of time to prepare or think about how to apply this information effectively for their business students. Dynamic Business Law: The Essentials contains a helpful

instructor's manual, particularly for the many adjuncts teaching this course. Emphasis on CRITICAL THINKING. Neil Browne, one of the co-authors of this text, has written a successful text on critical thinking. His framework is included in Dynamic Business Law: The Essentials as well - to help students learn how to frame and reframe a question/issue. Critical thinking questions are also included at the end of each case, to tie in this component even further.

The Legal and Regulatory Environment of Business - Robert Neil Corley 1996

Upon its publication in 1963, Corley's Legal Environment of Business was the first and only business law textbook to emphasize public rather than private law, government regulation of business rather than contracts, and legal relationships rather than business transactions. A major innovation, it established a new course that the authors termed the legal environment of business. Over the years others have attempted to attain the success and stature of *The Legal and Regulatory Environment of Business*, but none has been able to match its timely, innovative coverage. Substantially updated, the 10th edition continues the text's reputation for ethics, authority and coverage of current areas of importance to business.

Business Law - Jamie Darin Prenkert 2021-03

"This is the 18th Edition (and the 24th overall edition) of a business law text that first appeared in 1935. Throughout its more than 80 years of existence, this book has been a leader and an innovator in the fields of business law and the legal environment of business. One reason for the book's success is its clear and comprehensive treatment of the standard topics that form the traditional business law curriculum. Another reason is its responsiveness to changes in these traditional subjects and to new views about that curriculum. In

1976, this textbook was the first to inject regulatory materials into a business law textbook, defining the "legal environment" approach to business law. Over the years, this textbook has also pioneered by introducing materials on business ethics, corporate social

responsibility, global legal issues, and the law of an increasingly digital world. The 18th Edition continues to emphasize change by integrating these four areas into its pedagogy"--
