**Mormonism, Medicine, and Bioethics** - Courtney S. Campbell 2021-01-22  
**Mormonism, Medicine, and Bioethics** provides the first comprehensive treatment of principles and positions on questions of bioethics encountered by members, professionals, and ecclesiastical leaders of The Church of Jesus Christ of Latter-day Saints (LDS or Mormon). The book addresses three fundamental features of a coherent religious bioethics: precepts for practical decision-making, general ethical principles, and core religious convictions that give a distinctive motivation for personal, communal, and

professional integrity. LDS ethical principles of love, hospitality to strangers, covenantal solidarity, justice, and moral agency are integrated with central topics in bioethics including abortion, genetic testing and enhancements, in vitro fertilization, medical assisted death, medicinal marijuana, neonatal intensive care, organ donation, preventive health care, universal access to care, and vaccinations. This book uses first-person experiences to give voice to the lived moral realities of Latter-day Saints as they experience difficult and wrenching ethical questions and choices as persons, family

members, community members, professionals, and as citizens within the context of their distinctive faith convictions. It situates these communal conversations within the broader discourse of bioethics and thereby supports both bioethics and religious literacy. Mormonism, Medicine, and Bioethics also examines circumstances in which The Church of Jesus Christ of Latter-day Saints engages in a moral witness of its values on matters of public policy, such as legalization of physician-assisted death, of elective abortion, and of medicinal marijuana. The book concludes with a distinctive normative argument on why LDS ethical principles and practices require support of universal access to an adequate level of health care for all persons. It provides an appendix of significant LDS ecclesiastical policies on medical, health, and moral issues, making it a definitive educational and reference compilation.

*Business Ethics Decision Making Personal -*

HARTMAN 2023-03-28

*Loose Leaf for Business Ethics - Laura P.*

Hartman 2020-02-03

Business Ethics: Decision Making for Personal Integrity & Social Responsibility 5e prepares students to apply an ethical decision-making model to make sound business decisions. This model teaches students ethical skills, vocabulary, and tools to apply in everyday business decisions and throughout their business courses. The authors' goal is to engage students by focusing on relevant and interesting cases and business scenarios and then asking them to look at the issues from an ethical perspective. Additionally, its focus on AACSB requirements makes it a comprehensive business ethics text for business school courses. Practical applications throughout the text show how theories relate to the real world. The 5th edition features thoroughly updated statistics and coverage of timely issues

and dilemmas throughout the text.

*Leadership and Business Ethics* - Gabriel Flynn

2022-01-24

This book offers new and challenging approaches to business ethics that successfully link theory and practice thereby overcoming lacunae and inadequacies in much of the literature concerning ethics and governance, a theme that recurs with remarkable frequency in the history of business ethics as an academic discipline. This work provides imaginative and innovative proposals for the indispensable coupling of virtue, integrity, and character with global business, finance, and banking. The volume seeks to overcome the marginal status of business ethics in universities, business, and enterprise by demonstrating that virtue ethics is an important step in the direction of an adequate response to the leadership issue. This new edition of a popular work points to new ways of achieving an ever more urgent coalescence of ethics and business. It proposes practical advice and viable suggestions to business people on what is right and wrong in business. The volume makes a vital contribution in the area of education that should serve the ongoing development of top leaders. In the important domain of women in leadership, the volume provides new solutions that break boundaries on the global stage. The work challenges unethical marketing of human images with important implications for citizenship and

society. The volume contains creative suggestions for the use of spirituality and human development for the enhancement of business and society. The significantly extended second edition includes an exciting line up of leading academics and practitioners in the audacious hope that something may change for the better in the realms of business and banking.

*Business Ethics* - Laura Hartman 2010

Hartman/DesJardins is designed to prepare the student to apply an ethical decision-making model, not only in this ethics course but throughout her or his business discipline. This model teaches students ethical skills, vocabulary, and tools to apply in everyday business decisions and throughout their business courses. The authors speak in a sophisticated yet accessible manner while teaching the fundamentals of business ethics. Hartman's professional background in law and her teaching experience in the business curriculum, combined with DesJardins' background in philosophy, results in a broad.

**Moral Imagination and Management Decision-making** - Patricia Hogue Werhane 1999

Managers are not motivated only by greed, but applying moral principles to decision-making has not been a big success. The author argues that managers and their companies need a moral imagination which lets them be aware of, evaluate, and change the mental models that

constrict business behaviour.

**Perspectives in Business Ethics - Laura Pincus**

Hartman 2002

Perspectives in Business Ethics offers a foundation in ethical thought, followed by a variety of perspectives on difficult ethical dilemmas in both the personal and professional context. This anthology encourages the reader to "critically evaluate each perspective using his or her own personal ethical theory base." Instructors who favor an interactive, discussion-oriented approach to the ethics course will appreciate the different perspectives offered by the Hartman text. The contemporary topics and contexts will energize your classroom: international worker's rights, PETA's controversial anti-milk campaign, Stonyfield Farms' emphasis on good corporate citizenship and many more.

**BUSINESS ETHICS - LAURA. HARTMAN 2017**

*Business Ethics* - Laura Pincus Hartman 2023

"We began writing the first edition of this textbook in 2006, soon after a wave of major corporate scandals had shaken the financial world. Headlines made the companies involved in these ethical scandals household names: Enron, WorldCom, Arthur Andersen, KPMG, J.P. Morgan, Merrill Lynch, Morgan Stanley, Citigroup, Salomon Smith Barney. At that time, we suggested that, in light of such significant cases of financial fraud, mismanagement, criminality,

and deceit, the relevance of business ethics could no longer be questioned"--

**Business Ethics: Decision Making for Personal Integrity & Social Responsibility - Laura Hartman**

2013-03-04

Business Ethics: Decision-Making for Personal Integrity & Social Responsibility, 3e is designed to prepare the student to apply an ethical decision-making model, not only in the ethics course but throughout her or his business discipline. This model teaches students ethical skills, vocabulary, and tools to apply in everyday business decisions and throughout their business courses. The authors speak in a sophisticated yet accessible manner while teaching the fundamentals of business ethics. Hartman's professional background in law and her teaching experience in the business curriculum, combined with DesJardins' background in philosophy and MacDonald's ability to distill complicated business transactions into understandable terms, results in a broad language, ideal for this approach and market. The authors' goal is to engage the student by focusing on cases and business scenarios that students already find interesting. Students are then asked to look at the issues from an ethical perspective. Additionally, its focus on AACSB requirements makes it a comprehensive business ethics text for business school courses. The goal for the third edition is to provide "a comprehensive yet accessible

introduction to the ethical issues arising in business.” Hartman and DesJardins have retained the focus on decision-making as well as the emphasis on both personal and policy-level perspectives on ethics. This edition continues to provide pedagogical support throughout the text. The most noticeable changes involve a thorough updating of distinct items such as Reality Checks, Decision Points, and readings to reflect new cases, examples and data.

*Loose-Leaf for Business Ethics: Decision Making for Personal Integrity & Social Responsibility* -

Laura P. Hartman 2017-02-14

Author Note: Laura Hartman was most recently at DePaul University. She also currently services as executive director of a trailblazing trilingual elementary school in Haiti, the School of Choice/l'Ecole de Choix. She is also cofounded an online micro-development, finance, and education system for people living in poverty in Haiti, called Zafen. Previously, Hartman served as director of external partnerships for Zynga.org, the charitable arm of the social game developer Zynga. She has written many other books including *Rising above Sweatshops: Innovative Management Approaches to Global Labor Challenges*. *Business Ethics: Decision Making for Personal Integrity & Social Responsibility 4e* provides a comprehensive, accessible, and practical introduction to the ethical issues arising in business. Hartman et al., focuses on real-world

ethical decision making at both the personal and policy levels and provides students with a decision-making process that can be used in any situation. Practical applications throughout the text show how theories relate to the real world. The 4th edition features thoroughly updated statistics and coverage of timely issues and dilemmas throughout the text.

*Obstacles to Ethical Decision-Making* - Patricia H. Werhane 2013-02-14

An examination of how obedience affects and overpowers the ethics of decision-making in business, and how this can be overcome.

**Obstacles to Ethical Decision-Making** - Patricia H. Werhane 2013-02-14

In commerce, many moral failures are due to narrow mindsets that preclude taking into account the moral dimensions of a decision or action. In turn, sometimes these mindsets are caused by failing to question managerial decisions from a moral point of view, because of a perceived authority of management. In the 1960s, Stanley Milgram conducted controversial experiments to investigate just how far obedience to an authority figure could subvert his subjects' moral beliefs. In this thought-provoking work, the authors examine the prevalence of narrow mental models and the phenomenon of obedience to an authority to analyse and understand the challenges which business professionals encounter in making ethical decisions. *Obstacles to Ethical Decision-*

Making proposes processes - including collaborative input and critique - by which individuals may reduce or overcome these challenges. It provides decision-makers at all levels in an organisation with the means to place ethical considerations at the heart of managerial decision-making.

*Professional Integrity* - Michael S. Pritchard 2006

Examines what it means to be a responsible professional, including the sorts of things thoughtful, conscientious people ought to perceive and care about.

*Ethical Issues in Business* - Thomas Donaldson 1983

*Ethical Obligations and Decision Making in*

*Accounting* - Steven M. Mintz 2008

Ethical Obligations and Decision-Making in Accounting gives students a robust ethical framework that is crucial for accountants in the post-Enron era. Incorporating the principles of the

AICPA code and other systems of ethics, Mintz and Morris show accounting students how a commitment to ethics can enable accounting professionals to meet their ethical obligations both to investors and creditors. No other book so comprehensively examines the elements of the financial reporting system - including the ethics of the internal control environment and the effectiveness of board of director and audit committee oversight - that determine the ethical standard of the accounting process.

**ISE Business Ethics: Decision Making for Personal Integrity & Social Responsibility** - Laura Hartman 2019-11-17

*Managing Business Ethics* - Linda K. Trevino 2016-09-13

Revised edition of the authors' *Managing business ethics*, [2014]

*Business Ethics* - Laura Pincus Hartman 2021

**Conscious Capitalism, With a New Preface by the Authors** - John Mackey 2014-01-07

The bestselling book, now with a new preface by the authors At once a bold defense and reimagining of capitalism and a blueprint for a new system for doing business, *Conscious Capitalism* is for anyone hoping to build a more cooperative, humane, and positive future. Whole Foods Market cofounder John Mackey and professor and *Conscious Capitalism, Inc.*

cofounder Raj Sisodia argue that both business and capitalism are inherently good, and they use some of today's best-known and most successful companies to illustrate their point. From Southwest Airlines, UPS, and Tata to Costco, Panera, Google, the Container Store, and Amazon, today's organizations are creating value for all stakeholders—including customers, employees, suppliers, investors, society, and the environment. Read this book and you'll better understand how four specific tenets—higher purpose, stakeholder integration, conscious leadership, and conscious culture and management—can help build strong businesses, move capitalism closer to its highest potential, and foster a more positive environment for all of us.

**Contemporary Issues in Business Ethics - Joseph R. DesJardins** 2014-04-08

CONTEMPORARY ISSUES IN BUSINESS ETHICS, 6E introduces readers to business ethics by focusing on the influence of market mechanisms and social values on workplace norms. And because business is increasingly a global enterprise, this edition emphasizes the role of ethics both at home and abroad.

CONTEMPORARY ISSUES IN BUSINESS ETHICS, 6E also takes time to look at ethics from the unique perspectives of either employee or employer. Along the way, readers also learn about such topics as ethical relativism, ethics and

the law, virtue ethics, and ethical decision-making. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

*Business Ethics For Dummies* - Norman E. Bowie  
2011-02-09

The tools you need to deal with ethical dilemmas in business In today's world, it's increasingly important for all businesses and government agencies to implement ethical conduct in the workplace. Therefore, business ethics has become required coursework for most students in undergraduate and postgraduate business programs. Mapping to a business ethics course, *Business Ethics For Dummies* examines ethical theory and discusses the moral issues facing corporate America. It covers topics such as conflicts of interest, trade secrets and insider trading, product safety and product liability, hiring, drug testing, sexual harassment, diversity, and much more. The basics of ethics and making ethical decisions How-tos on incorporating business ethics in the workplace A discussion of moral issues facing corporate America Packed with easy-to-understand explanations and examples, *Business Ethics For Dummies* is a helpful resource for students, professors, business owners, managers, and CEOs who seek a clear understanding of the importance of ethics. [The Moral Imagination of Patricia Werhane: A](#)

Festschrift - R. Edward Freeman 2018-04-26

This book celebrates the work of Patricia Werhane, an iconic figure in business ethics. This festschrift is a collection of articles that build on Werhane's contributions to business ethics in such areas as Employee Rights, the Legacy of Adam Smith, Moral Imagination, Women in Business, the development of the field of business ethics, and her contributions to such fields as Health Care, Education, Teaching, and Philosophy. All papers are new contributions to the management literature written by well-known business ethicists, such as Norman Bowie, Richard De George, Ronald Duska, Edwin Hartman, Michael Hoffman, Mollie Painter-Morland, Mark Schwartz, Andrew Wicks, and others. The volume is comprised of articles that reflect on Werhane's work as well as build on it as a way to advance further research. At the end of the festschrift, Pat Werhane provides responses to each chapter. The first chapter of the book also includes the overview of Patricia Werhane's work and her academic career. The book is written to appeal to management scholars and graduate students interested in the areas of Business Ethics, Modern Capitalism, and Human Rights. Patricia Werhane is one of the most distinguished figures in the field of business ethics. She was a founder of the field, she is one of its leading scholars, and she has had a profound impact on the world of business

practice. Among her many accomplishments, Pat is known for her original work on moral imagination, she is an acclaimed authority on employee rights in the workplace, and she is one of the leading scholars on Adam Smith. Having been active in Academia for over 50 years, Werhane is a prolific author of over a hundred articles and book chapters, and the author or editor of twenty-seven books, including Adam Smith and his Legacy for Modern Capitalism, Moral Imagination and Management Decision-Making, and co-authored books Organization Ethics in Health Care, Alleviating Poverty Through Profitable Partnerships, Obstacles to Ethical Decision-Making, Corporate Responsibility: The American Experience, and Research Approaches to Business Ethics and Corporate Responsibility. **Business Ethics: Decision-Making for Personal Integrity & Social Responsibility** - Laura Hartman 2010-06-18

Hartman/DesJardins is designed to prepare the student to apply an ethical decision-making model, not only in this ethics course but throughout her or his business discipline. This model teaches students ethical skills, vocabulary, and tools to apply in everyday business decisions and throughout their business courses. The authors speak in a sophisticated yet accessible manner while teaching the fundamentals of business ethics. Hartman's professional background in law and her teaching experience in

the business curriculum, combined with DesJardins' background in philosophy, results in a broad language, ideal for this approach and market. The authors' goal is to engage the student by focusing on cases and business scenarios that students already find interesting. Students are then asked to look at the issues from an ethical perspective. Additionally, its focus on AACSB requirements makes it a comprehensive business ethics text for business school courses. The goal for the second edition remains the same as for the first: to provide "a comprehensive yet accessible introduction to the ethical issues arising in business." Hartman and DesJardins have retained the focus on decision-making as well as the emphasis on both personal and policy-level perspectives on ethics. This edition continues to provide pedagogical support throughout the text. The most noticeable changes involve a thorough updating of distinct items such as Reality Checks, Decision Points, and readings to reflect new cases, examples and data.

**The Global Corporation** - Laura P. Hartman  
2013-12-19

This text brings together case studies focusing on specific instances of corporate best practices. All too often, we showcase cases based on questionable or unethical corporate behavior. Instead, the editors bring together in this book examples of how some firms got it right. Certainly, there is no claim that the companies in

these case are perfect; some of them may have histories that include questionable practices. But, these are companies that work to foster trust, both internally and in their relationships with customers, suppliers, shareholders, and the communities in which they operate. The book is not, however, merely a descriptive iteration of effective corporate conduct. The editors conclude with an analysis of frameworks for corporate and managerial ethical decision-making - frameworks that help to establish models for best practices. These frameworks then can be generalized and applied to other corporate situations, and replicated by other companies in their search for excellence and the resulting avoidance of misconduct.

**Employment Law for Business** - Dawn Bennett-Alexander 2001

Addresses law and employment decisions with a management perspective. This text explains how to approach and manage legal employment decisions, and outlines the specific legal framework in which management decisions are made.

**Business Ethics and Corporate Governance** - Fernando A.C. 2010-09

**The Market for Virtue** - David Vogel 2007-05-01  
In the highly praised *The Market for Virtue*, David Vogel presents a clear, balanced analysis of the contemporary corporate social responsibility

(CSR) movement in the United States and Europe. In this updated paperback edition, Vogel discusses recent CSR initiatives and responds to new developments in the CSR debate. He asserts that while the movement has achieved success in improving some labor, human rights, and environmental practices in developing countries, there are limits to improving corporate conduct without more extensive and effective government regulation. Put simply, Vogel believes that there is a market for virtue, but it is limited by the substantial costs of socially responsible business behavior. Praise for the cloth edition: "The definitive guide to what corporate social responsibility can and cannot accomplish in a modern capitalist economy."—Robert B. Reich, Brandeis University, and former U.S. Secretary of Labor "Vogel raises a number of excellent points on the present and future of CSR."—Working Knowledge, Harvard Business School "A useful corrective to the view that CSR alone is the full answer to social problems."—Business Ethics "The study combines sound logic with illustrative cases, and advances the sophistication of the CSR debate considerably." —John G. Ruggie, Harvard University, co-architect of UN Global Compact

**An Introduction to Business Ethics** - Joseph R. DesJardins 2023

"The overarching goal in the seventh edition of this text remains what it was for the first edition:

"to provide a clear, concise, and reasonably comprehensive introductory survey of the ethical choices available to us in business." This book arose from the challenges encountered in my own teaching of business ethics. Over the years I have taught business ethics in many settings and with many formats. I sometimes relied on an anthology of readings, other times I emphasized case studies"--

*Understanding Business Ethics* - Peter A.

Stanwick 2015-09-16

Filled with real-world case studies and examples of ethical dilemmas, *Understanding Business Ethics, Third Edition* prepares students and managers alike to make ethical decisions in today's complex, global environment. Bestselling authors Peter A. Stanwick and Sarah D. Stanwick explain the fundamental importance of ethical leadership, decision making, and strategic planning while examining emerging trends in business ethics such as the developing world, human rights, environmental sustainability, and technology. In addition to presenting information related to the Association to Advance Collegiate Schools of Business (AACSB), the text's 26 real-world cases profile a variety of industries, countries, and ethical issues in a way that is relevant and meaningful to students' lives. The Third Edition features new cases from well-known companies such as Disney and General Motors, new coverage of emerging topics such as big

data and social media, expanded coverage of corporate social responsibility, and more. Using an applied approach, this text helps students understand why and how business ethics really do matter!

**Rising Above Sweatshops** - Laura Pincus Hartman  
2003

Workers have basic rights that should not be violated, notwithstanding the geographical locale of their work. But those rights often appear to conflict with the economic and commercial needs of both developing nations and multinational enterprises. Creative approaches are necessary if workers' rights are to coexist with commercial success, or even survival. This book introduces the current global labor milieu and showcases innovative solutions via original case studies (e.g., Nike, Levi Strauss), which demonstrate how multinational enterprises can respect worker rights while benefiting from the economic advantages of a global labor market. Part I provides an overview of global labor challenges from a broad variety of perspectives, including economics, public policy, philosophy, and strategic management. The facts and contention of the new sweatshop school of thought are analyzed, along with industrialization and utilization of labor in developing countries; the application of basic human rights to the circumstances of workers; the unique role of nongovernmental organizations in the debate over

global labor practices; and the Total Responsibility Management approach to implementing improved labor practices. Part II analyzes case studies, based on original field research, of well-known global corporations. The examined programs provide examples of innovative responses by multinational firms, the International Labor Organization, and other NGOs to challenges regarding global labor practices. These cases can help other firms avoid the unhappy dilemma of either exploiting workers and enduring a public relations backlash, or terminating operations in various developing nations. The true solution lies in companies respecting worker rights, while benefiting from the economic advantages of a global labor market.

**ISE Business Ethics: Decision Making for Personal Integrity & Social Responsibility** - Laura Hartman  
2019-11-17

The A to Z of Corporate Social Responsibility - Wayne Visser 2010-05-20

CSR has now moved beyond the stage of specialist or niche subject to become an integral part of global business and society. This timely edition is destined to become the definitive guide to CSR, Sustainability, Business Ethics and the organizations and standards in the field. The A to Z of Corporate Social Responsibility is a unique publication and is the culmination of over a hundred of the world's leading thinkers, opinion

formers, academic and business people providing an easy-to-use guide to CSR: from general concepts such as sustainability, stakeholder management, business ethics and human rights to more specific topics such as carbon trading, microfinance, biodiversity, the Base of the Pyramid model and globalisation. In addition to definitions of the most important terms across the wide range of CSR associated topics, this book also covers all the most important codes and guidelines, such as the Equator Principles, the UN Global Compact and ISO standards, as well as providing background on organizations such as the World Business Council for Sustainable Development and Transparency International and profiles of CSR in particular industries and regions. This paperback edition includes all the latest developments in CSR as well as incorporating new sections on boardroom pay, the sub-prime market and the financial crisis. Praise for the first edition: "A complete reference guide...offers an invaluable combination of lessons learned and best practice for the future...provides first-hand insights" (Forum CSR International, October 2008) "This is a timely and innovative contribution to the field of Corporate Social Responsibility" (Retail & Leisure International, February 2008) "...a handy reference to have on the shelf behind your desk..." (Ethical Performance, February 2008) "You will not find a wider display of today's key

global players and their action programs than here." (CSR-News.net, May 2008) "The book contains a great deal of detailed research."

(Supply Management, May 2008)

*Business Ethics* - W. Michael Hoffman 2001

Can a corporation have a conscience? What is wrong with reverse discrimination? Can ethical management and managed care coexist?

Hoffman, Frederick, and Schwartz address these and many other current, intriguing, often complex issues in corporate morality. This introductory business ethics text contains a thorough general introduction on ethical theory, 54 readings, and 25 cases. Divided into five parts, each with an introduction that presents the major themes of its articles and cases, the text contains an impartial,

point-counterpoint presentation of different perspectives on the most important issues being debated in business ethics. Each chapter ends with questions that can be used for student discussion, review, tests/quizzes, or for student assignments. The fourth edition has 27 new readings, 15 new cases, and 10 new mini-cases.

*Business Ethics* - Laura P. Hartman 2017
