It includes sections on belief; each Pillar of Islam (faith, prayer, fasting, charity, and pilgrimage); and the meaning of jihad. Mawlana Sayyid Abdul A'la Mawdudi (1903-1979), one of the chief architects and leaders of the contemporary Islamic resurgence, was an outstanding Islamic thinker and writer of his time.

Pakistan's Birth & Allama Mashraqi - Nasim Yousaf 2005

Allama Mashraqi (Inayatullah Khan), sage of the East, was among few courageous leaders who bravely fought for the independence of India that resulted in the creation of Pakistan and India. Mashraqi's role prior to and after the partition of India is vital to the history of the Indian sub-continent. He was founder of Khaksar Tehreek (Movement) (founded in 1930) and Islam League (founded after independence). Mashraqi devoted his life to the uplift of the common man. He was not only an outstanding leader of the 20th century but also one of the greatest revolutionaries, visionaries, scholars, and mathematicians that emerged in that part of the world. Mashraqi's genius was proven when early on when he set unprecedented academic records at the Cambridge University (U.K.). There he completed four Triposes in five years with distinction. He was declared a Bachelor Scholar, Foundation Scholar and a Wrangler. It is believed that his academic records at this University are yet to be surpassed. He returned to India after his education and within a few years, in 1917, at age 29, he was appointed Under Secretary (Education Dept.) in British India. The British offered him Ambassadorship to Afghanistan in 1920 and the title of Sir in 1921. However, he declined both offers, and opted to represent and fight for the masses. Mashraqi was also among great speakers and writers, and his monumental work is "Tazkirah" ("Tazkira") an interpretation of the Holy Quran from a scientific perspective. Indeed, these credentials speak of a man born with astounding skills and exceptional abilities. Such personalities are born once in centuries. Mashraqi's followers and supporters ran in millions. He passed away in 1963 and well over 100,000 people came to attend his funeral and mourn his demise. With his death, an important chapter of Pakistan and India's history closed, as he played a vital role in both the pre- and post- independence eras. Though Mashraqi passed away, people will continue to be inspired by this legendary personality. May his soul rest in peace. "Allama Mashriqi's legacy is immortal" - Nasim Yousaf "Pakistan's Birth & Allama Mashraqi" is a time line of events surrounding this giant among men, his political activities, and his parties. This publication is a result of exhaustive research on this subject that Mr. Yousaf, Mashraqi's grandson, has been carrying on for over a decade. This work includes important dates, events, press statements, information on court proceedings, photos, and more. It also provides additional insight through the editor's comments. It is one of the

most comprehensive and important pieces that the editor has published on Mashraqi and his parties. It is a great source of information for scholars, researchers, professors, historians, authors, journalists, students, movie/documentary makers and anyone else interested in this great personality. This book is a sequel to "Pakistan's Freedom and Allama Mashriqi: Statements, Letters, Chronology of Khaksar Tehrik (Movement), Period: Mashriqi's Birth to 1947." Islam and Good Governance - M. A. Muqtedar Khan 2019-04-08

This book advances an Islamic political philosophy based on the concept of Ihsan, which means to do beautiful things. The author moves beyond the dominant model of Islamic governance advanced by modern day Islamists. The political philosophy of Ihsan privileges process over structure, deeds over identity, love over law and mercy and forgiveness over retribution. The work invites Muslims to move away from thinking about the form of Islamic government and to strive to create a self-critical society that defends national virtue and generates institutions and practices that provide good governance.

The Masnavi of Rumi, Book Two - Jalaloddin Rumi 2020-02-20

Jalaloddin Rumi's Masnavi-ye Ma'navi, or 'Spiritual Couplets', composed in the 13th Century, is a monumental work of poetry in the Sufi tradition of Islamic mysticism. For centuries before his love poetry became a literary phenomenon in the West, Rumi's Masnavi had been revered in the Islamic world as its greatest mystical text. Drawing upon a vast array of characters, stories and fables, and deeply versed in spiritual teaching, it takes us on a profound and playful journey of discovery along the path of divine love, toward its ultimate goal of union with the source of all Truth. In Book Two of the Masnavi, the second of six volumes, we travel with Rumi toward an understanding of the deeper truth and reality, beyond the limits of the self. Alan Williams's authoritative new translation is rendered in highly readable blank verse and includes the original Persian text for reference. True to the spirit of Rumi's poem, this new translation establishes the Masnavi as one of the world's great literary

achievements for a global readership. Translated with an introduction, notes and analysis by Alan Williams and including the Persian text edited by Mohammad Este'lami.

Islamic Law and Ethics - David R. Vishanoff 2020-09-01

Does Islamic law define Islamic ethics? Or is the law a branch of a broader ethical system? Or is it but one of several independent moral discourses, Islamic and otherwise, competing for Muslims' allegiance? The essays in this book present a range of answers: some take fiqh as the defining framework for ethics, others insert the law into a broader ethical system, and others present it as just one among several parallel Islamic ethical discourses, or show how Islamic ethics might coexist with non-Muslim normative systems. Their answers have far reaching implications for epistemology, for the authority of jurists and lay Muslims, for the practical moral challenges of daily life, and for relationships with non-Muslims. The book presents Muslim ethicists with a strategic contemporary choice: should they pursue a single overarching methodology for judging all ethical questions, or should they relish the rhetorical and political competition of alternative but not necessarily incompatible moral discourses?

The Vanguard of the Islamic Revolution - Seyyed Vali Reza Nasr 1994-09-23

In this groundbreaking study, Seyyed Vali Reza Nasr examines the origins, historical development, and political strategies of one of the oldest and most influential Islamic revival movements, the Jama'at-i Islami of Pakistan. He focuses on the inherent tension between the movement's idealized vision of the nation as a holy community based in Islamic law and its political agenda of socioeconomic change for Pakistani society. Nasr's work goes beyond the exploration of a single party to examine the diverse sociopolitical roots of contemporary Islamic revivalism, challenging many of the standard interpretations about political expressions of Islam.--Publisher description.

Mawdudi and the Making of Islamic Revivalism - Seyyed Vali Reza Nasr 1996

Nasr examines the life and thought of Mawlana Mawdudi, one of the first and most important Islamic ideological thinkers. Mawdudi was the first to develop a modern political Islamic ideology, and a plan for social action to realize his vision. The prolific writings and indefatigable efforts of Mawdudi's party, the Jamaat-i-Islami, first in India and later in Pakistan, have disseminated his ideas far and wide. His views have informed revivalism from Morocco to Malaysia. Nasr discerns the events that led Mawdudi to a revivalist perspective, and probes the structure of his thought, in order to gain fresh insights into the origins of Islamic revivalism. He argues that Islamic revivalism did not simply develop as a cultural rejection of the West, rather it was closely tied to questions of communal politics and its impact on identity formation, discourse of power in plural societies, and nationalism. Mawdudi's discourse, though aimed at the West, was motivated by Muslim-Hindu competition for power in British India. His aim, according to Nasr, was to put forth a view of Islam whose invigorated, pristine, and uncompromising outlook would galvanize Muslims into an ideologically uniform and hence politically indivisible community. In time, this view developed a life of its own and evolved into an all-encompassing perspective on society and politics, and has been a notable force in South Asia and Muslim life and thought across the Muslim world.

Transformation of the Muslim World in the 21st Century - Muhammed Hüseyin Mercan 2016-03-08

In addition to the important breaking points of the last century – such as the abolition of the Caliphate, the World Wars, the Cold War, the collapse of the Soviet Union, the Iranian Revolution and the foundation of a ‘New World Order’ which directly affected Muslim societies – the new conjuncture formed in the wake of the 9/11 attacks brought about various structural problems and changes in the Muslim world. Political and economic developments in the last ten years in particular have brought many Muslim countries to the edge of crisis. Along with political, economic and social issues, the fact that modernisation and secularisation have become dominant in Muslim societies shows that the outcomes of these changes are of great importance. In this respect, this book offers a significant contribution to debates on the processes of change and transformation in the Muslim world. In addition to theoretical debates, the main dynamics of political and social change in Muslim societies are discussed here using specific examples from each country. As such, this volume will provide the reader with a practical understanding of the historical turning points in the Muslim world over recent years.

Fundamentalism - Torkel Brekke 2011-12-26

This book investigates the origins of fundamentalism, outlining its characteristics and the history of key fundamentalist movements around the world, considering examples from Christianity, Islam, Buddhism and Hinduism. The book argues that fundamentalism develops when modern lay religious leaders challenge the authority of secular states and traditional religious establishments. These new leaders and their followers seek to infuse religious values and practices into all spheres, especially law, politics, education and science. The patterns of religious authority and leadership that characterize fundamentalism have their roots in a Christian context but were globalized through intense intercultural contacts after the mid-nineteenth century. Fundamentalism is a thoroughly modern and global phenomenon because it presupposes the globalization of ideas and practices concerning religious leadership and organization, as well as universal changes in the relationship of religion to modern societies and states.
