Organized by genres--letters, memoirs, public documents, profiles, reports, commentaries, proposals, and reviews, this innovative rhetoric gives students the practice they need to write both in college and in the public sphere.

Connecting writing to the real worlds of everyday life, college, and work, it gives students reasons to write and the skills to help them succeed. A strong emphasis on public writing promotes civic involvement through writing--to inform the public, to shape opinion, to advocate change, etc.--while relevant, provocative readings underscore when and why citizens are called to write. The Third Edition retains the best features of the second edition while greatly expanding the coverage of research. This hardcover version includes a grammar handbook. Heal Your Face - Markus Rothkranz 2011-03-01

Unhappy with your face? Your body is trying to tell you something. Every line, wrinkle, spot, mole and crease means something. They did NOT just randomly show up on your face. Every part of your face is connected to an organ or body part. If that body part is not functioning properly, it will show up on your face. No amount of cream will change that. If you want to improve your face, you must improve your health. And lucky for you--your face tells you exactly what's wrong with you. Forget plastic surgery--you can do it yourself. After this event, you will never look at people the same way again. You will instantly be able to tell what issues they have. And they will wonder why you now look 20 years younger !
