Answers That Work - 2020-01-15

"295 FLIGHT ATTENDANT INTERVIEW QUESTIONS WITH ANSWERS THAT WORK" is a very unique book which evolved from the first edition which had only 101 questions in 1998. It has always been a companion to another book written by Tom Janovsky, called FLIGHT ATTENDANT CAREER (ISBN 978-1-7337588-0-2). The fifth edition of that book was published in 2019. Both books helped thousands to the highly coveted job as a flight attendant. Tom Janovsky spent years working for the airlines and by far he enjoyed the most

working for Delta Air Lines as a flight attendant.. He attended many Open Houses for the flight attendant job and saw that while he always got in, there was a huge number of those who have come to one interview after another but were always rejected. Since he had a knack for simplifying concepts (wrote several manuals for physicians and nurses when working as a registered nurse in Critical Care), he authored his first book on how to succeed at airline interviews. This question and answer book is now in its 5th edition. It owes its success to the system used for preparing flight attendant

candidates for the tough interviews. It features all questions Tom collected around the world over the last two decades, and each question is followed by an answer that worked for many people during interviews. Those answers are merely examples so that each candidate can come up with his or her own answer that is uniquely theirs, but along the successful "line." It is profusely illustrated, mainly but great aviation photos taken by a Czech aviation professional, Mr. Martin Novak.

*Cabin Crew Interview ANSWERS Made Easy -*

Caitlyn Rogers 2014-10-24

Interviews have always been nerve wracking experiences, however, the new style of behavioural questioning has made the final cabin

crew interview a particularly gruelling process. Questions are fired in a way that actually keeps candidates from knowing what to say in response, and yet the recruiters are looking for quick and well-prepared answers. Under this pressure, candidates are often thrown off guard and, information that would never otherwise be revealed, is openly volunteered as they struggle to come up with appropriate answers on demand. And, if this wasn't enough, recruiters are able to use a variety of tactics to trick candidates into volunteering sensitive information that would be illegal to ask in an interview. It is this kind of

information that recruiters use to unfairly eliminate candidates based on their secret criteria. Generic answers such as: I'm a workaholic, a perfectionist and I always try to please everyone are no longer going to cut it and neither is memorising lists of answers. In fact, memorising answers and trying to prepare for every possible scenario will work against you. Not only do you run the risk of sounding like a robot, with a boring and flat delivery, you are also more likely to be caught off guard by the aggressive and fast-paced style of questioning. Within this guide, you will be shown how to create powerful answers that are flexible

and can be applied to any scenario. You will learn why airlines use these trick questions, what the recruiter is secretly screening for and how to spot one so that you can avoid being culled by their deceptive tactics. No longer will you be cursed with run-of-the-mill and uninspiring answers that will have you sounding like everyone else, but can enter the process sounding like a top candidate. So prepare yourself, as you are about to understand the interview and hiring process from an entirely different viewpoint.
