The Cat's Table - Michael Ondaatje 2012-06-12

From Michael Ondaatje: an electrifying new novel, by turns thrilling and deeply moving -- one of his most vividly rendered and compelling works of fiction to date. In the early 1950s, an eleven-year-old boy boards a huge liner bound for England. At mealtimes, he is placed at the lowly "Cat's Table" with an eccentric and unforgettable group of grownups and two other boys. As the ship makes its way across the Indian Ocean, through the Suez Canal, into the Mediterranean, the boys find themselves immersed in the worlds and stories of the adults around them. At night they spy on a shackled prisoner -- his crime and fate a galvanizing mystery that will haunt them forever. Looking back from deep within adulthood, and gradually moving back and forth from the decks and holds of the ship to the years that follow the narrator unfolds a spellbinding and layered tale about the magical, often forbidden discoveries of childhood and the burdens of earned understanding, about a life-long journey that began unexpectedly with a sea voyage.

Sleep No More - P. D. James 2017-11-14

No one gets inside the head of the murderer—or makes it a more thrilling read—than the late, great P. D. James. Fast on the heels of her latest best seller: a new, fiendishly entertaining gathering of previously uncollected stories, from the author of *Death Comes to Pemberley* and *The Private Patient*. It's not always a question of "whodunit?" Sometimes there's more mystery in the why or how. And although we usually know the unhealthy fates of both victim and perpetrator, what of those clever few who plan and carry out the perfect crime? The ones who aren't brought down even though they're found out? And what about those who do the finding out who witness a murder or who identify the murderer but keep the information to themselves? These are some of the mysteries that we follow through those six stories as we are drawn into the thinking, the memories, the emotional machinations, the rationalizations, the dreams and desires behind murderous cause and effect.

After her father's death, young Anne Beddingfeld moves to London with her meagre inheritance, hopeful and ready to meet adventure. She witnesses a fatal accident at a Tube station and picks up a cryptic note

dropped by the anonymous doctor who appeared on the scene. When Anne learns of a murder at the estate that the dead man was on his way to visit, it confirms her suspicion that the man in the brown suit who lost the note was not a real doctor. With her clue in hand she gains a commission from the newspaper leading the search for the “man in the brown suit,” and her investigation leads her to take passage on a South Africa-bound ocean liner. On board, she meets a famous socialite, a fake missionary, a possible secret service agent, and the M.P. at whose estate the second murder occurred. She learns about a secretive criminal mastermind known only as the Colonel and of stolen diamonds connected to it all. During the voyage, she evades an attempt on her life, and in South Africa she escapes from a kidnapping and barely survives another attack on her at Victoria Falls. She falls in love, finds the diamonds, and discovers the truth about the two deaths in London that started it all. Finally, she confronts the mysterious criminal mastermind, the Colonel. Published in 1924 by the Bodley Head, *The Man in the Brown Suit* is Agatha Christie’s fourth novel. Unlike the classic murder mysteries that made her famous, *The Man in the Brown Suit*, like her second novel *The Secret Adversary*, is an international crime thriller. And one day Olga arrives at her hut only to be knocked unconscious by a man falling from the Trans-Siberian, an American tourist with his throat cut from ear to ear and his mouth stuffed with 10-ruble coins. Another death soon follows, and Sergeant Vassily Marushkin, the brooding, enigmatic policeman who takes on the case, finds himself falsely imprisoned by his Machiavellian superior, Chief-Inspector Babikov. To Build a Better World - Philip Zelikow 2019-09-10

A deeply researched international history and "exemplary study" (New York Times Book Review) of how a divided world ended and our present world was fashioned, as the world drifts toward another great time of choosing. Two of America's leading scholar-diplomats, Philip Zelikow and Condoleezza Rice, have combed sources in several languages, interviewed leading figures, and drawn on their own firsthand experience to bring to life the choices that molded the contemporary world. Zeroing in on the key moments of decision, the might-have-beens, and the human beings working through them, they explore both what happened and what could have happened, to show how one world ended and another took form. Beginning in the late 1970s and carrying into the present, they focus on the momentous period between 1988 and 1992, when an entire world system changed, states broke apart, and societies were transformed. Such periods have always been accompanied by terrible wars -- but not this time. This is also a story of individuals coping with uncertainty. They voice their hopes and fears. They try out desperate improvisations and careful designs. These were leaders who grew up in a "postwar" world, who tried to fashion something better, more peaceful, more prosperous, than the damaged, divided world in which they had come of age. New problems are putting their choices, and the world they made, back on the operating table. It is time to recall not only why they made their choices, but also just how great nations can step up to great challenges. Timed for the thirtieth anniversary of the fall of the Berlin Wall, *To Build a Better World* is an authoritative depiction of

contemporary statecraft. It lets readers in on the strategies and negotiations, nerve-racking risks, last-minute decisions, and deep deliberations behind the dramas that changed the face of Europe -- and the world -- forever.

Put Your Cards On the Table - Historia 2015-04-17

This is a history of my relationships from childhood, adolescence, and adulthood. As a black man in America, I was forced to take God and my world around me seriously because I came from a dysfunctional background. I was the youngest of six children of my absent biological father, who I felt did not care for the five black sons he created. My book deals with all factual encounters with reference to my understanding of my relationships. It is important for me to explain to the world that God had my back when I left my home at a tender age to attend this prestigious university. I had no family whatsoever in the Chocolate City, and I was only twenty going on twenty-one by myself. These are my memoirs, my history, and my experiences that God helped me write. I believe I can change the way we look at relationships because many black people in America come from dysfunctional backgrounds, such as a single-parent household. My mother was the father and mother to six children: five boys and one girl. God was clearly in this equation. My book will bring more people together with reference to their newfound relationships. The key to a successful relationship is getting to know a person first before anything else happens, such as sex. In short, there are no perfect persons on earth, and there is no Utopia on earth, so the person you meet may not be the person that is meant to be with you. There should always be a six-month dating period. My book expresses the importance of getting to know their baggage before you make a commitment. My book is the history of my relationships that God allowed me to experience to grow as a black man in America.

Three Act Tragedy - Agatha Christie 2006-10-03

In Agatha Christie's classic, Three Act Tragedy, the normally unflappable Hercule Poirot faces his most baffling investigation: the seemingly motiveless murder of the thirteenth guest at dinner party, who choked to death on a cocktail containing not a trace of poison. Sir Charles Cartwright should have known better than to allow thirteen guests to sit down for dinner. For at the end of the evening one of them is dead—choked by a cocktail that contained no trace of poison. Predictable, says Hercule Poirot, the great detective. But entirely unpredictable is that he can find absolutely no motive for murder....
