Project Hail Mary - Andy Weir 2021-05-04
#1 NEW YORK TIMES BESTSELLER • From the author of *The Martian*, a lone astronaut must save the earth from disaster in this “propulsive” (Entertainment Weekly), cinematic thriller full of suspense, humor, and fascinating science—in development as a major motion picture starring Ryan Gosling. HUGO AWARD FINALIST • ONE OF THE YEAR’S BEST BOOKS: Bill Gates, GatesNotes, New York Public Library, Parade, Newsweek, Polygon, Shelf Awareness, She Reads, Kirkus Reviews, Library Journal • “An epic story of redemption, discovery and cool

speculative sci-fi.”—USA Today
“If you loved *The Martian*,
you’ll go crazy for Weir’s
latest.”—The Washington Post
Ryland Grace is the sole
survivor on a desperate, last-
chance mission—and if he fails,
humanity and the earth itself
will perish. Except that right
now, he doesn’t know that. He
can’t even remember his own
name, let alone the nature of
his assignment or how to
complete it. All he knows is
that he’s been asleep for a
very, very long time. And he’s
just been awakened to find
himself millions of miles from
home, with nothing but two
corpses for company. His
crewmates dead, his memories
fuzzily returning, Ryland
realizes that an impossible task
now confronts him. Hurling
through space on this tiny ship,
it’s up to him to puzzle out an
impossible scientific
mystery—and conquer an
extinction-level threat to our
species. And with the clock
ticking down and the nearest
human being light-years away,
he’s got to do it all alone. Or
does he? An irresistible

interstellar adventure as only
Andy Weir could deliver,
Project Hail Mary is a tale of
discovery, speculation, and
survival to rival *The
Martian*—while taking us to
places it never dreamed of
going.
