The Industrial Novels - Mehmet Akif Balkaya
2015-11-25

This book provides a clear historical and theoretical framework for reading three important novels published in Britain in the second half of the nineteenth century. Examining the novels by Charlotte Brontë, Charles Dickens and Elizabeth Gaskell, the book offers an analysis of their strategies for radical reforms and for

the restructuring of society and politics through improvements in the living and working conditions of the working class. The Industrial Novels begins with an introduction of the Industrial Revolution, which is then followed by chapters devoted to a detailed discussion of each novel. Through this, the book explores the negative social, political and economic effects of industrialization and urbanization, as reflected in Charlotte Brontë's Shirley (1849), Charles Dickens' Hard Times (1854), and Elizabeth Gaskell's North and South (1855). As such, the book will be of interest to academics and students in the fields of both literature and sociology.

Hard Times - Charles Dickens 2020-10-28

Hard Times is the most "Victorian" novel among the others by great Charles Dickens. It is the novel where under an external sentimentality there is rough furiousness of the realist writer, to whom imperfection of a human nature and darkness of a human soul are not the

news, but still provoke rejection. Friendship and betrayal, love and hate, opposition of the children of the fortune and forgotten men are just some plot lines of the novel. *Hard Times* is a truly all embracing epochal novel where the history of the whole country and era is depicted in the story of a small town. *Hard Times* is a novel by Charles Dickens, published in 1854. It is significant for being the shortest of his full novels. The book is one of a number of state-of-the-nation novels published around the same time, another being *North and South* by Elizabeth Gaskell, which aimed to highlight the social and economic pressures some people were under. The novel is unusual, in that it is not set in London, as is Dickens' usual wont, but the fictitious Victorian industrial town of Coketown. It has met mixed critical response from a diverse range of critics, such as F. R. Leavis, George Bernard Shaw, and

Thomas Macaulay. This was usual for Dickens' treatment of trade unions, and the pessimism about the division between capitalistic millowners and the undervalued workers, after the Industrial Revolution, set in the Victorian era of Britain. This story of class conflict in Victorian England serves as a powerful critique of the social injustices that plagued the Industrial Revolution.

Times is arguably Dickens's most controversially

discussed work. It was

published in 1854 as a serial in his weekly periodical

Household Words. Critics

such as F.R. Leavis

reprehend his novel for having flat and stereotypical characters that seem to be crude caricatures of reality, whereas others applaud him for his socio-economic critique of 19th century England and his amiable characters. In this paper I will show that Dickens strongly criticizes the utilitarian ideas of Jeremy Bentham and his ideological followers through the characters and the plot as well as the stylistic device of repetition.

Hard Times illustrated - Charles Dickens 2021-08-18
Hard Times illustrated Charles Dickens - Hard Times: For These Times (commonly known as Hard Times) is the tenth novel by Charles Dickens, first published in 1854. The book surveys English society and satirises the social and economic conditions of the era. "Now, what I want is, Facts. . . . Facts alone are

wanted in life." Thus begins Superintendent Mr. Gradgrind—a wealthy, retired merchant—addressing a group of young students at his school in the industrial town of Coketown, England. A rigid man of fact, rational self-interest and realities, he not only teaches his pupils according to the utilitarian principles, but also raises his children with the same philosophy. When they grow up, as their lives begin to turn chaotic, they reproach their father for their upbringing. Will Mr. Gradgrind realize his flaws and become a humble man? Satirizing the laissez-faire system, Dickens' *Hard Times* lays bare the wide gap between the rich and the poor. Criticizing the materialistic world, this Victorian novel throws light on the value of emotions and the human heart. It has undergone several film and theatre adaptations.

19th Century England, language: English, abstract: Charles Dickens was born on the 7th of February 1812 and the British Empire was about to become the greatest empire on the planet. Unfortunately not all citizens have profited from this development. Dickens himself had to quit school and started his work in Warren's Blacking Factory, a period in his life which had - by his own comments - a huge impact on his lifetime and on his works thus, too. His biographer and friend John Forster also points out this factor. This assumption correlates with the sociology of the Frenchman Hippolyte Taine (1828 - 1893) who has said that each individual is determined by the three factors: race, milieu and moment. Stronger related to literary criticism Wilhelm Scherer (1841 -1886) had searched explicitly in the lives of authors for reasons which explain their works. Especially *Hard Times* which was written in 1854 is

strongly suitable because it mirrors these bad experiences Dickens made during his life. It reflects firstly the current conflict between the class of the working people (proletariat) and the smaller class of the manufacturers (bourgeoisie), secondly the sympathy for the first group resulting from his own youth. In a letter to Charles Knight (17th March 1854) he wrote: "The English are, so far as I know, the hardest worked people on whom the sun shines. [...] They are born at the oar, and they live and die at it." Hans Ulrich Seeber adds that English society decayed into two parts which know almost nothing about each other. Dickens wanted to give a signal which should wake up both sides to stop this development before a revolution would destroy much more. To guarantee an impact on his readers it seems obvious that he has to describe the milieu and the moment of th

Charles Dickens: Hard Times (English Edition) - Charles Dickens 2018-12-18
"It was a town of red brick, or of brick that would have been red if the smoke and ashes had allowed it; but as matters stood, it was a town of unnatural red and black like the painted face of a savage. It was a town of machinery and tall chimneys, out of which interminable serpents of smoke trailed themselves for ever and ever, and never got uncoiled. It had a black canal in it, and a river that ran purple with ill-smelling dye, and vast piles of building full of windows where there was a rattling

and a trembling all day long, and where the piston of the steam-engine worked monotonously up and down, like the head of an elephant in a state of melancholy madness." "Hard Times" by Charles Dickens surveys English society and satirises the social and economic conditions of the Victorian era. The story of "Hard Times" is set in the fictitious Victorian industrial Coketown, a generic Northern English mill-town.

The scene was a plain, bare, monotonous vault of a school-room, and the speaker's square forefinger emphasized his observations by underscoring every sentence with a line on the schoolmaster's sleeve. The emphasis was helped by the

speaker's square wall of a forehead, which had his eyebrows for its base, while his eyes found commodious cellarage in two dark caves, overshadowed by the wall. The emphasis was helped by the speaker's mouth, which was wide, thin, and hard set. The emphasis was helped by the speaker's voice, which was inflexible, dry, and dictatorial.

F.R. Leavis and Charles Dickens - John Kelly 1989

Hard Times - Charles Dickens 1996-03-12
Despite the title, Dickens's portrayal of early industrial society here is less relentlessly grim than that in novels by contemporaries such as Elizabeth Gaskell or Charles Kingsley. *Hard Times* weaves the tale of Thomas Gradgrind, a hard-headed politician who raises his children Louisa and Tom without love, of Sissy the circus girl with love to spare who is deserted and adopted into their family, and of the honest mill

worker Stephen Blackpool and the bombastic mill owner Josiah Bounderby. The key contrasts created are finally less those between wealth and poverty, or capitalists and workers, than those between the head and the heart, between “Fact”—the cold, rationalistic approach to life that Dickens associates with utilitarianism—and “Fancy”—a warmth of the imagination and of the feelings, which values individuals above ideas. Concentrated and compressed in its narrative form, *Hard Times* is at once a fable, a novel of ideas, and a social novel that seeks to engage directly and analytically with political issues. The central conflicts raised in the text, between government’s duty not to intervene to guarantee the liberty of the subject, and between quantitative and qualitative assessments of progress, remain unresolved today in the late or post

industrial stages of liberal democracies.

Synopsis: In life the only thing that matters is the facts. With these words from

the sinister Mr. Gradgrind begins the novel *Hard Times*, a novel in which from the beginning to the end the theme is the desperate search for happiness on the part of his characters. Located in an industrial city in the north of England, the reader witnesses the slow and progressive destruction of the doctrine of the facts, which pretends to be implacable but which, seeping into the lives of the characters, remodels them, sinking some already others infusing them with new life. *Hard Times* is Dickens's most critical and passionate novel and at the same time, like all of this author's works, it is an ambitious, deep and intelligent exploration of English society two centuries ago. Biography of Charles Dickens Charles Dickens, born February 7, 1812 in Portsmouth, is considered the most famous of the writers of the Victorian era in England, as well as one of the undoubted universal

classics of literature. From a humble family, his father ended up being imprisoned for debt problems, which led a Dickens still child to seek work in a dye factory. This was an experience that he would write later, although adding large doses of fiction, in one of his best-known works: *David Copperfield* (1850). In 1843 he published what would be his best known work, *A Christmas Carol*, a children's play that has been adapted countless times to film, theater and television

Charles Dickens' Hard Times

- Charles Dickens

2013-08-28

"Have a heart that never hardens and a temper that never tires, and a touch that never hurts." *Hard Times* is Charles Dickens's tenth novel that has been considered much seriously

by literary critics and historians. It concentrates on the portrayal of the English society of the nineteenth century as well as on its different cultural and economic aspects. The story, which is set in a fictional Victorian town, is divided into three parts which are respectively entitled "Sowing," "Reaping," and "Garnering." The central character of the first part is Mr. Thomas Gradgrind, a wealthy man, a school headmaster and a father to 5 children. Generally, Mr. Gradgrind is a man of reason and thought, but also of strict rules and codes of behavior. The narrative gives minute details of his daily activities and habits as well as of the way he brings up his children, teaching them principles of rationalism and self-interest. The story then follows the existence of his children and family in the remaining parts of the novel. Dickens mainly deals with the much-debated

social issues of the time such as the importance of professional careers, love and marriage. By the end of the narrative, Mr. Gradgrind eventually seems to become less categorical as to his strict principles of rationalism and utilitarianism.
