*Politics of Gross National Happiness* - Kent Schroeder  
2017-10-03

This book explores the practices of governance in Bhutan and how they shape the implementation of the country's Gross National Happiness (GNH) development strategy. The author examines

whether Bhutan's innovative GNH governance framework successfully navigates competing power dynamics and generates the intended human development outcomes of Gross National Happiness. The analysis is structured around a comparison of the implementation of four GNH development policies - tourism, media, farm roads and human/wildlife conflict - and their larger implications on power, governance and the human development paradigm in Bhutan and beyond.

*The Origin of Consciousness in the Breakdown of the Bicameral Mind* - Julian Jaynes  
2000-08-15

National Book Award Finalist:  
"This man's ideas may be the most influential, not to say controversial, of the second half of the twentieth century."—Columbus Dispatch  
At the heart of this classic, seminal book is Julian Jaynes's

still-controversial thesis that human consciousness did not begin far back in animal evolution but instead is a learned process that came about only three thousand years ago and is still developing. The implications of this revolutionary scientific paradigm extend into virtually every aspect of our psychology, our history and culture, our religion—and indeed our future. “Don’t be put off by the academic title of Julian Jaynes’s *The Origin of Consciousness in the Breakdown of the Bicameral Mind*. Its prose is always lucid and often lyrical...he unfolds his case with the utmost intellectual rigor.”—The New York Times “When Julian Jaynes . . . speculates that until late in the twentieth millennium BC men had no consciousness but were automatically obeying the voices of the gods, we are astounded but compelled to follow this remarkable thesis.”—John Updike, *The New Yorker* “He is as startling as Freud was in *The Interpretation of Dreams*, and

Jaynes is equally as adept at forcing a new view of known human behavior.”—American Journal of Psychiatry

*Feminism without Borders* -  
Chandra Talpade Mohanty  
2003-02-07

Bringing together classic and new writings of the trailblazing

feminist theorist Chandra Talpade Mohanty, *Feminism without Borders* addresses some of the most pressing and complex issues facing contemporary feminism.

Forging vital links between daily life and collective action and between theory and pedagogy, Mohanty has been at the vanguard of Third World and international feminist thought and activism for nearly two decades. This collection highlights the concerns running throughout her pioneering work: the politics of difference and solidarity, decolonizing and democratizing feminist practice, the crossing of borders, and the relation of feminist knowledge and scholarship to organizing and social movements. Mohanty offers here a sustained critique of globalization and urges a reorientation of transnational feminist practice toward anticapitalist struggles. *Feminism without Borders* opens with Mohanty's influential critique of western feminism ("Under Western

Eyes") and closes with a reconsideration of that piece based on her latest thinking regarding the ways that gender matters in the racial, class, and national formations of globalization. In between these essays, Mohanty meditates on the lives of women workers at different ends of the global assembly line (in India, the United Kingdom, and the United States); feminist writing on experience, identity, and community; dominant conceptions of multiculturalism and citizenship; and the corporatization of the North American academy. She considers the evolution of interdisciplinary programs like Women's Studies and Race and Ethnic Studies; pedagogies of accommodation and dissent; and transnational women's movements for grassroots ecological solutions and consumer, health, and reproductive rights. Mohanty's probing and provocative analyses of key concepts in feminist thought—"home," "sisterhood," "experience," "community"—lead the way

toward a feminism without borders, a feminism fully engaged with the realities of a transnational world.
