Blessed - Kate Bowler 2018-03

'Blessed' offers a comprehensive history of the rise of the American prosperity gospel. What began as diverse metaphysical, pentecostal, and self-help conceptions about the power of the mind became one of the most influential popular religious movements of the last century. The book follows how the movement took shape after World War II in pentecostal healing revivals and exploded onto the national scene through televangelists with big hair and bigger promises. It survived the scandals of the late 1980s and remade its image as a therapeutic and effective theology of modern living. Now thriving in the 21st century megachurch movement, the prosperity gospel reigns as a full-fledged cultural phenomenon.

Pastor's Handbook - John R. Bisagno 2011-09-01

Powerful. Practical. Pastoral. Pastor's Handbook is the major expansion and revision of beloved preacher John R. Bisagno's previously heralded work, Letters to Timothy. Based on his sixty years in ministry, it now includes 160 brief yet powerful chapters of practical insight for handling real life pastoral issues—"things that might have fallen through the cracks in seminary." Bisagno still mentors young pastors in his retirement and recognizes new challenges in this profession known for its high dropout rate. Keeping that in mind, Pastor's Handbook adds helpful entries on such issues as "The Seeker Friendly Church," "Solving Worship Wars," "Multiple Campuses," "New Media," and "Home Groups" as well as "Internet Pornography," "Biblical Inerrancy," "The High Cost of Overnight Change," "Homosexuality," "Christianity and Islam," and more than a dozen other timely topics. Bisagno also refreshes many of the original chapters, factoring in new world issues and his updated survey of pastoral colleagues. In the foreword, pastor and best-selling author Rick Warren (The Purpose-Driven Life) writes, "My prayer is that an entire new generation of pastors and church planters will use this book to develop the necessary perspective, convictions, character, and skills needed for ministry in the 21st century from this giant of the 20th century."

The Master's Plan for the Church - John F. MacArthur 2008-09-01

It is absolutely essential that a church perceive itself as an institution for the glory of God, and to do that, claims John MacArthur, the local church must adhere unfalteringly to biblical leadership principles. Christ never intended church leadership to be earned by seniority, purchased with money, or inherited through family ties. He never compared church leaders to governing monarchs, but rather to humble shepherds; not to slick celebrities, but to laboring servants. Drawing from some of the best-received material on church leadership, this updated edition guides the church with crucial, effective lessons in leadership. This book is valuable not only for pastors and elders, but for anyone else who wants the church to be what God intended it to be.

Workers in Training Manual - Enoch Adeboye 2016-08-04

Commitment to the Almighty God is the highest priority for the Christian and it cannot be taken lightly because of its eternal implications. There should be assurance of salvation that is Bible based, which lasts forever. There is a need for an extra spiritual effort on the souls saved to get them established, localised in a church fellowship and mobilised until they too become soul winners. It is not enough for the believer in Christ to go forth and bear fruits in obedience to the Lord's command but must also ensure that the fruits abide. This is why the Workers-in-Training programme is packaged to equip believers for service unto God and the edification of the body of Christ. Our prayer is that at the end of these teachings, you would have become a true Christian, on fire for God and ready to take up mountains. God bless you as you get empowered for the work of ministry, in Jesus name. Amen

Evangelical Christianity and Democracy in Africa - Terence O. Ranger 2008

In recent decades, Christianity has acquired millions of new adherents in Africa, the region with the world's fastest-expanding population. What role has this development of evangelical Christianity played in Africa's democratic history? To what extent do its churches affect its politics? By taking a historical view and focusing specifically on the events of the past few years, *Evangelical Christianity and Democracy in Africa* seeks to explore these questions, offering individual case studies of six countries: Nigeria, Zimbabwe, South Africa, Kenya, Zambia, and Mozambique. Unlike most analyses of democracy which come from a secular Western tradition, these contributors, mainly younger scholars based in Africa, bring first-hand knowledge to their chapters and employ both field and archival research to develop their data and analyses. The result is a groundbreaking work that will be indispensable to everyone concerned with the future of this volatile region. *Evangelical Christianity and Democracy in Africa* is one of four volumes in the series *Evangelical Christianity and Democracy in the Global South*, which seeks to answer the question: What happens when a revivalist religion based on scriptural orthodoxy participates in the volatile politics of the Third World? At a time when the global-political impact of another revivalist and scriptural religion -- Islam -- fuels vexed debate among analysts the world over, these volumes offer an unusual comparative perspective on a critical issue: the often combustible interaction of resurgent religion and the developing world's unstable politics.

Christianity, Wealth, and Spiritual Power in Ghana - Karen Lauterbach 2016-11-25

This book centers around mid-level charismatic pastors in Ghana. Karen Lauterbach analyzes pastorship as a pathway to becoming small "big men" and achieving status, wealth, and power in the country. The volume investigates both the social processes of becoming a pastor and the spiritual dimensions of how power and wealth are conceptualized, achieved, and legitimized in the particular context of Asante in Ghana. Lauterbach integrates her analysis of charismatic Christianity with a historically informed examination of social mobility—how people in subordinate positions seek to join up with power. She explores how the ideas

and experiences surrounding the achievement of wealth and performance of power are shaped and re-shaped. In this way, the book historicizes current expressions of charismatic Christianity in Ghana while also bringing the role of religion and belief to bear on our understanding of wealth and power as they function more broadly in African societies.
