Finding the Answers to Legal Questions, Second Edition - Virginia M. Tucker 2018-12-20

Whether for self-representation, to be an informed consumer of legal services, or to learn the U.S. legal system, more people than ever are using the library to obtain legal information and legal research advice. The new edition of Finding the Answers to Legal Questions is a comprehensive guide to help librarians confidently assist users in finding the legal information they need. Newly revised and updated, this timely, clearly organized, and easy-to-use resource is packed with guidance to help librarians answer questions that span the gamut of the law. An ideal book for practicing librarians looking to better serve users' legal needs, as well as for students preparing for careers as librarians, it provides an overview of fundamental legal information, including the basic structure of the U.S. legal system and primary law;how-to instructions for finding primary law in

print sources, free websites, and pay-for-view databases; information on how to evaluate the trustworthiness of online and print resources; tips for conducting a legal reference interview; guidance for handling common legal questions, such as lawsuits, family law, landlord-tenant disputes, wills and estate planning, debt, bankruptcy, employment, and criminal law; and advice on how to build a basic legal reference collection. This book will help librarians connect users to the most accurate, up-to-date legal information.

Texas Rules of Evidence Manual - Tenth Edition - David A. Schlueter 2015-07-01
Texas Rules of Evidence Manual provides an updated comprehensive reference to Texas evidence for both civil and criminal cases. The book provides a rule-by-rule analysis of each Rule of Evidence. This sturdy hard-cover text is designed for heavy use in the courtroom. This text helps those who are bound to use the Texas Rules of Evidence, whether it is the bench or the bar or those studying evidence. While the text contains some academic discussions, the book is designed to explain what a particular Rule requires or prohibits, to indicate what the appellate courts have said about the Rules, and to offer some practical pointers on using the Rules. The book itself has been designed to make it as useful as possible to the harried judge, counsel, and student who must quickly find the "law." Following

each Rule is an editorial commentary on the Rule explaining how the Rule works, what the Texas courts have said about the Rule, and how it compares with the Federal Rule, because Texas courts often review federal precedent where they find it helpful in applying a Texas Rule. When appropriate, practical pointers are also provided on how to use the Rule. Where the Rules apply in the same fashion for both civil and criminal cases, those points are discussed together. On the other hand, where they diverge, the authors have used separate headings for "Civil" and "Criminal" when that seems appropriate. One of the objectives of the Editorial Analysis in this text is to deal with the interrelationships of the various Rules. The authors have noted those areas where the Rules differ from pre-Rules case law or statutory provisions. Some of the Rules changed the prior Texas evidence law and, although many of the Texas Rules agree with the Federal Rules, a number differ significantly.
