Generic Tree Flora of Madagascar - George E. Schatz 2001

This is a practical field manual for the identification of the 500 genera of native and naturalized Malagasy trees. Identification keys emphasise vegetative and gross morphological features. All genera are provided with full descriptions, distribution information, key characteristics, up-to-date taxonomic references and over 3,000 Malagasy vernacular names and almost all are illustrated. This is the first comprehensive guide to be published in both English and French.

A Word To The Students - Zacharias Tanee Fomum 2015-03-26

In this book: *A Word to the Students*, Professor Fomum, based on his personal testimony, makes it clear that the student life is not incompatible with a rich spiritual life. Rather, academic excellence depends on the priority the student gives to God during his student years. This book overturns many misconceptions supported by Christians to justify their mediocrity at the University. Indeed, the student years are the most determinant because it is the time a person ought to walk with God with all his strength, and invest his all in his studies. The author argues that the best certificates are for believers, and gives the secret in this book. Indeed, if God has destined you for university studies, you have to honour Him by putting in your best efforts to achieve the results that God expects of you. Among the obstacles to a successful academic life, the author cites, among others, 1. The lack of a sense of destiny, 2. Emotional entanglement 3. Etc. Read this book, and may you be blessed.

Blood Power - Dag Heward-Mills 2014-07-26

The Bible speaks of many types of blood: the blood of goats, the blood of sheep, the blood of pigeons! The Bible also speaks very categorically that without the shedding of blood there is no remission of sins. So can any one of these different types of blood take away our sins? The answer is an emphatic "No!" So what can wash away our sins? Nothing, but the blood of Jesus! Only the blood of Jesus.
