Knowledge Engineering: Practice and Patterns - Philipp Cimiano 2010-11-18

Knowledge Management and Knowledge Engineering is a fascinating field of research these days. In the beginning of EKAW, the modeling and acquisition of knowledge was the privilege of - or rather a burden for - a few knowledge engineers familiar with knowledge engineering paradigms and knowledge representation formalisms. While the aim has always been to model knowledge declaratively and allow for reusability, the knowledge models produced in these early days were typically used in single and very specific applications and rarely changed. Moreover, these models were typically rather complex, and they could be understood only by a few expert knowledge engineers. This situation has changed radically in the last few years as clearly indicated by the following trends: - The creation of (even formal) knowledge is now becoming more and more collaborative. Collaborative ontology engineering tools and social software platforms show the potential to leverage the wisdom of the crowds (or at least of "the many") to lead to broader consensus and thus produce shared models which qualify better for reuse. - A trend can also be observed towards developing and publishing small but 2 3 4 high-impact vocabularies (e.g., FOAF, Dublin Core, Good Relations) rather than complex and large knowledge models.

Mastering the American Accent with Online Audio - Lisa Mojsin 2016-09-15

Publisher's Note: Products purchased from Third Party sellers are not guaranteed by the publisher for quality, authenticity, or access to any online entitlements included with the product. Mastering the American Accent is an easy-to-follow approach for reducing the accent of non-native speakers of English. Well-sequenced lessons in the book correspond over eight hours of audio files covering the entire text. The audio program provides clear models (both male and female) to help coach a standard American accent. The program is designed to help users speak Standard American English with clarity, confidence, and accuracy. The many exercises in the book concentrate on topics such as vowel sounds, problematic consonants such as V, W, TH, the American R and T and others. Correct lip and tongue positions for all sounds are discussed in detail. Beyond the production of sounds, the program provides detailed instruction in prosodic elements such as syllable stress, emphasis, intonation, linking words for smoother speech flow, common word contractions, and much more. Additional topics that often confuse ESL students are also discussed and explained. They include distinguishing between casual and formal speech, homophones (e.g., they're and there), recognizing words with silent letters (e.g., comb, receipt), and avoiding embarrassing pronunciation mistakes, such as mixing up "pull" and "pool." Students are familiarized with many irregular English spelling rules and exceptions, and are shown how such irregularities can contribute to pronunciation errors. A native language guide references problematic accent issues for 13 different language backgrounds. *20 Practice Sets IBPS Bank Clerk Main Exam 2021* -

Fundamental Concepts and Skills for Nursing 4e - Susan C. deWit

Real-Life Writing - Eleanor S. Angeles 2002

Impact Evaluation in Practice, Second Edition - Paul J. Gertler 2016-09-12

The second edition of the Impact Evaluation in Practice handbook is a comprehensive and accessible introduction to impact evaluation for policy makers and development practitioners. First published in 2011, it has been used widely across the development and academic communities. The book incorporates real-world examples to present practical guidelines for designing and implementing impact evaluations. Readers will gain an understanding of impact evaluations and the best ways to use them to design evidence-based policies and programs. The updated version covers the newest techniques for evaluating programs and includes state-of-the-art implementation advice, as well as an expanded set of examples and case studies that draw on recent development challenges. It also includes new material on research ethics and partnerships to conduct impact evaluation. The handbook is divided into four sections: Part One discusses what to evaluate and why; Part Two presents the main impact evaluation methods; Part Three addresses how to manage impact evaluations; Part Four reviews impact evaluation sampling and data collection. Case studies illustrate different applications of impact evaluations. The book links to complementary instructional material available online, including an applied case as well as questions and answers. The updated second edition will be a valuable resource for the international development community, universities, and policy makers looking to build better evidence around what works in development.

New Interchange Teacher's Edition 3 - Jack C. Richards 1998-09-13

-- Students' Book -- Workbook.

Active Grammar Level 2 without Answers and CD-ROM - Fiona Davis 2014-04-07

A three-level series of grammar reference and practice books for teenage and young adult learners. Active Grammar Level 2 covers all the grammatical points usually taught at B1-B2 (CEF) level. The book presents grammar points in meaningful context through engaging and informative texts, followed by clear explanations. Useful tips highlight common mistakes that intermediate students usually make. Carefully graded exercises provide plenty of challenging practice and encourage students to apply their own ideas creatively to grammar learning. A large number of contrastive revision exercises in the book and on the CD-ROM allow students to assess and monitor their progress. This version without answers and CD-ROM is suitable for classroom use and self-study.

Advanced Expert - Jan Bell 2005

Bilingual Grammar of English-Spanish Syntax - Sam Hill 2014-06-13

This third edition of this text presents the major grammatical contrasts between English and Spanish in a simple and direct manner that is ideal for teachers of either language. This book addresses difficult grammatical topics for the English speaker, such as the question of aspect (preterit/imperfect) and the Spanish indicative/subjunctive; the English modal auxiliary system; and other challenging topics for the Spanish speaker. This reworked and expanded edition presents a complete inventory of all the major inter-lingual contrasts, emphasizing those contrasts that pose difficulties for teachers and students alike. The text features numerous exercises and, new with this edition, an extensive glossary of grammatical terms. Answer key available for download from the "features" tab on the publisher's website:

Research-Practice Partners Assess Their First Joint Project - Suzanne L. Wenzel 2008-05

Two investigators joined forces to test an intervention to improve services for patients with co-occurring mental disorders. The researchers; applied theoretical understanding & the counselors; intimacy with patient responses combined to strengthen the intervention. However, counselors; discomfort with some protocols & changes reflecting the dynamic nature of the community-based research setting complicated the study execution & interpretation. The intervention improved the counselors; ability to identify & respond appropriately to patients; co-occurring disorders. The experience also demonstrated the advisability of consulting collaboratively with clinic staff during the planning of studies & the pre-testing of study protocols. Chart.
