ACCA Paper P5 - Advanced Performance Management Study Text - BPP Learning Media 2009-07-01

The Association of Chartered Certified Accountants (ACCA) is the global body for professional accountants. With over 100 years of providing world-class accounting and finance qualifications, the ACCA has significantly raised its international profile in recent years and now supports a BSc (Hons) in Applied Accounting and an MBA. BPP Learning Media is an ACCA Official Publisher. Paper P5 Advanced Performance Management is an optional paper at Professional level. It builds on the performance management techniques introduced in Paper F5. There is also a significant element of strategic thinking and thus P5 has links with paper P3 Business Analysis. The syllabus looks at external factors that affect the organisation's performance such as stakeholders. Internal factors are also considered including the design features of effective performance management information and monitoring systems. Ethics is introduced as a key ACCA topic. Finally, the syllabus considers the impact of current developments in management accounting and performance management on organisational performance. This examiner-reviewed Study Text covers

all that you need to know for P5. It features plenty of recent case studies illustrating key syllabus areas and questions to hone your understanding of what you have just read. This paper tests your application of knowledge so these studies and questions are key learning tools. You will also find up-to-date information on the latest management theories and techniques which feature highly in this paper. Then there are plenty of exam tips to guide your study and help you focus on what is essential to know. Now it's up to you. BPP Learning Media is the publisher of choice for many ACCA students and tuition providers worldwide. Join them and plug into a world of expertise in ACCA exams.

Management Accounting - Professor Carsten Berkau 2020-04-20

Management Accounting is written for students in international Business Management study programs. It covers the widely applied syllabus of Cost Accounting and Management Accounting at universities on bachelor's and master's level. The book is based on more than 20 years' academic teaching experience in Germany and at international universities in South Africa, Malaysia, China, the Netherlands and South Korea. In this text book, the application of methods and instruments comes first.

Management Accounting follows a case study based approach. All cases are taken from previous exam papers and explained in detail. The text book starts with a case study of a manufacturing company and compares Financial Accounting to Management Accounting. It covers two point of views: (1) a General Management view, with aspects of business planning, cost-volume-profit analysis, degree of operating leverage, mergers and cross-border acquisitions and risk valuation. (2) a Cost Accounting view with Management Accounting systems, flexible budgeting, cost allocations, performance measurement and monitoring, reporting, calculation, manufacturing accounting (job order and process costing), activity based costing and multi-level contribution margin Accounting. On the UVK

website, numerous exam tasks and complete solutions thereto are available in English.

Basics of Accounting - Carsten Berkau 2018-02-19

Basics of Accounting targets students in international business study programs. It covers the widely applied syllabus of Accounting at universities on bachelors and masters level. In this book, the application of the methods comes first. The Basics teach how to do Accounting by a case study based approach. All cases were taken from former exam papers at international universities and calculated completely and illustrated understandably. Managerial Accounting is about Accounting for managers. It is linked to General Management where companies are seen as a whole as well as to Cost Accounting which comprises all methods/instruments applicable for calculations, budgeting and cost monitoring in business.
