Crafting Writers, K-6 - Elizabeth Hale 2008

How do we teach elementary students to independently use the different elements of craft that are discussed and taught in lessons? We begin by honoring the reality that terms like voice, sentence fluency, and writing with detail are descriptions of where we want our students to be, not next steps on how to reach those goals. In *Crafting Writers, K-6* Elizabeth Hale shows us how to identify specific elements of craft when assessing student work and planning instruction, and use them to teach students the specific craft techniques that will move them forward as writers. Liz offers practical information that teachers can use immediately in their classrooms. She also presents a concrete process for noticing craft in writing so teachers can develop and plan craft lessons based on their students' writing. Learning the techniques that make up good writing also allows teachers to see craft in many different levels of writing, a skill that is particularly powerful when conferring with below-grade-level writers. Additional chapters look closely at assessment and classroom management practices like group conferring. Most of us know good writing when we read it, but writing teachers need to know what makes it work. Filled with easy-to-use charts, and practical lessons, *Crafting Writers, K-6* provides clear insight into identifying and teaching the small elements that make good writing successful.

Vulture Best YA Book of 2017 A BuzzFeed Best YA Book of 2017 An ode to Put the Damn Guns Down, this is New York Times bestselling author Jason Reynolds's electrifying novel that takes place in sixty potent seconds—the time it takes a kid to decide whether or not he's going to murder the guy who killed his brother. A cannon. A strap. A piece. A biscuit. A burner. A heater. A chopper. A gat. A hammer A tool for RULE Or, you can call it a gun. That's what fifteen-year-old Will has shoved in the back waistband of his jeans. See, his brother Shawn was just murdered. And Will knows the rules. No crying. No snitching. Revenge. That's where Will's now heading, with that gun shoved in the back waistband of his jeans, the gun that was his brother's gun. He gets on the elevator, seventh floor, stoked. He knows who he's after. Or does he? As the elevator stops on the sixth floor, on comes Buck. Buck, Will finds out, is who gave Shawn the gun before Will took the gun. Buck tells Will to check that the gun is even loaded. And that's when Will sees that one bullet is missing. And the only one who could have fired Shawn's gun was Shawn. Huh. Will didn't know that Shawn had ever actually USED his gun. Bigger huh. BUCK IS DEAD. But Buck's in the elevator? Just as Will's trying to think this through, the door to the next floor opens. A teenage girl gets on, waves away the smoke from Dead Buck's cigarette. Will doesn't know her, but she knew him. Knew. When they were eight. And stray bullets had cut through the playground, and Will had tried to cover her, but she was hit anyway, and so what she wants to know, on that fifth floor elevator stop, is, what if Will, Will with the gun shoved in the back waistband of his jeans, MISSES. And so it goes, the whole long way down, as the elevator stops on each floor, and at each stop someone connected to his brother gets on to give Will a piece to a bigger story than the one he thinks he knows. A story that might never know an END...if Will gets off that elevator. Told in short, fierce staccato narrative verse, *Long Way Down* is a fast and furious, dazzlingly brilliant look at teenage gun violence, as could only be told by Jason Reynolds.

Since each curricular subject has its own integrity, there is a chapter for each discipline, grounding the reader in the essentials of the subject in order to foster knowledgeable and effective integration. The 2nd edition of *The Early Childhood Curriculum* includes information on the most recent trends in national curriculum standards, particularly in regard to the Common Core State Standards Initiative and the Next Generation Science Standards. Coupled with this information are practical suggestions for meeting standards while still providing young learners with a truly child-centered educational experience. Written with passion, humour and wisdom, *Reading Like a Writer* will inspire readers to return to literature with a fresh eye and an eager heart - to take pleasure in the long and magnificent sentences of Philip Roth and the breathtaking paragraphs of Isaac Babel; to look to John le Carré for a lesson in how to advance plot through dialogue and to Flannery O'Connor for the cunning use of the telling detail; to be inspired by Emily Brontë's structural nuance and Charles Dickens's deceptively simple narrative techniques. Most importantly, Prose cautions readers to slow down and pay attention to words, the raw material out of which all literature is crafted, and reminds us that good writing comes out of good reading. /div

No More "I'm Done!" - Jennifer Jacobson 2010

Yes! Primary students can grow into being independent writers! Disregarding the false notion that writing instruction in the primary grades needs to be mostly teacher directed, Jennifer Jacobson shows teachers how to develop a primary writing workshop that helps nurture independent, engaged writers. "No More I'm Done!" Demonstrates how to create a more productive, engaging, and rewarding writer's workshop. Jennifer guides teachers from creating a supportive classroom environment through establishing effective routines; shows teachers how to set up a writer's workshop; and provides an entire year of developmentally appropriate mini-lessons that build confidence and, ultimately, independence. Through her years of teaching and consulting, Jennifer has heard all the tough questions about working with primary writers: How do I get my students to sustain for a full writing period? What do I do about the student who can't

choose a topic? What about the student who writes about the same thing every day? She answers these questions and many more in the final chapter of the book. Practical, insightful, and, most importantly, effective, *No More "I'm Done!"* Will help primary teachers create a classroom full of writers who possess the skills to succeed in later grades and beyond. As Jennifer says, "You'll know you've succeeded when you have a few available moments and your kids shout, Can we write? And you say, yes."

Students practice revision and editing skills on texts other than their own--in groups, individually, and with partners. A goldmine of focused revision opportunities helps students build skills gradually and systematically, using their knowledge of the six traits. A focused approach ensures that the content of each lesson is manageable. Vicki skillfully incorporates strategies, ideas, and samples from literature so that even teachers who have previously felt timid about modeling writing and revision will gain the confidence they need to jump right in and lead students in effectively taking control of their own writing process.

I Know Why the Caged Bird Sings - Maya Angelou 2010-07-21

Here is a book as joyous and painful, as mysterious and memorable, as childhood itself. *I Know Why the Caged Bird Sings* captures the longing of lonely children, the brute insult of bigotry, and the wonder of words that can make the world right. Maya Angelou's debut memoir is a modern American classic beloved worldwide. Sent by their mother to live with their devout, self-sufficient grandmother in a small Southern town, Maya and her brother, Bailey, endure the ache of abandonment and the prejudice of the local "powhitetrash." At eight years old and back at her mother's side in St. Louis, Maya is attacked by a man many times her age—and has to live with the consequences for a lifetime. Years later, in San Francisco, Maya learns that love for herself, the kindness of others, her own strong spirit, and the ideas of great authors ("I met and fell in love with William Shakespeare") will allow her to be free instead of imprisoned. Poetic and powerful, *I Know Why the Caged Bird Sings* will touch hearts and change minds for as long as people read. "*I Know Why the Caged Bird Sings* liberates the reader into life simply because Maya Angelou confronts her own life with such a moving wonder, such a luminous dignity."—James Baldwin From the Paperback edition.

[Write This Way](#) - Kelly Boswell 2015-02-20

Modeling is one of the most effective of all teaching strategies and yet many teachers overlook this powerful tool in writing instruction. When teachers think aloud and then craft a piece of writing in front of their students, they give student writers a peek into what is possible in their own writing. In this book, Kelly Boswell shows you how to transform student writers by infusing short bursts of purposeful teacher modeling. As students watch an adult writer think, talk, and write, they can develop the skills needed in order to create writing that is both polished and purposeful. Tony Stead, educator, internationally known literacy specialist and author, says, ""Finally! Not just another book about how to teach writing, but one that targets the power of modeled writing. What a delight it is to read this professional resource that highlights the importance of this strategy as the cornerstone to successful teaching and learning of the writing process.
