Actionable Gamification - Yu-kai Chou 2019-12-03

Learn all about implementing a good gamification design into your products, workplace, and lifestyle **Key Features** Explore what makes a game fun and engaging **Gain insight into the Octalysis Framework** and its applications **Discover the potential of the Core Drives of gamification through real-world scenarios** **Book Description** Effective gamification is a combination of game design, game dynamics, user experience, and ROI-driving business implementations. This book explores the interplay between these disciplines and captures the core principles that contribute to a good gamification design. The book starts with an overview of the Octalysis Framework and the 8 Core Drives that can be used to build

strategies around the various systems that make games engaging. As the book progresses, each chapter delves deep into a Core Drive, explaining its design and how it should be used. Finally, to apply all the concepts and techniques that you learn throughout, the book contains a brief showcase of using the Octalysis Framework to design a project experience from scratch. After reading this book, you'll have the knowledge and skills to enable the widespread adoption of good gamification and human-focused design in all types of industries. What you will learn Discover ways to use gamification techniques in real-world situations Design fun, engaging, and rewarding experiences with Octalysis Understand what gamification means and how to categorize it Leverage the power of different Core Drives in your applications Explore how Left Brain and Right Brain Core Drives differ in motivation and design methodologies Examine the fascinating intricacies of White Hat and Black Hat Core Drives Who this book is for Anyone who wants to implement gamification principles and techniques into their products, workplace, and lifestyle will find this book useful.

Washington Merry-Go-Round - Drew Pearson 2015-09-15

For most of three decades, Drew Pearson was the most well-known journalist in the United States. In his daily newspaper column—the most widely syndicated in the nation—and on radio and television broadcasts, he chronicled the political and public policy news of the nation. At the same

time, he worked his way into the inner circles of policy makers in the White House and Congress, lobbying for issues he believed would promote better government and world peace. Pearson, however, still found time to record his thoughts and observations in his personal diary. Published here for the first time, *Washington Merry-Go-Round* presents Pearson's private impressions of life inside the Beltway from 1960 to 1969, revealing how he held the confidence of presidents—especially Lyndon B.

Johnson—congressional leaders, media moguls, political insiders, and dozens of otherwise unknown sources of information. His direct interactions with the DC glitterati, including Bobby Kennedy and Douglas MacArthur, are featured throughout his diary, drawing the reader into the compelling political intrigues of 1960s Washington and providing the mysterious backstory on the famous and the notorious of the era.

Grammar for First Certificate - Louise Hashemi 2008

The Working Press of the Nation - 2000

Billy Williams - Billy Williams 2008

The Hall of Fame baseball player for the Chicago Cubs describes his life and career.

The Nixon Defense - John W. Dean 2014-07-29

Based on Nixon's overlooked recordings, New York Times bestselling author John W. Dean connects the dots between what we've come to believe about Watergate and what actually happened. Watergate forever changed American politics, and in light of the revelations about the NSA's widespread surveillance program, the scandal has taken on new significance. Yet remarkably, four decades after Nixon was forced to resign, no one has told the full story of his involvement in Watergate. In *The Nixon Defense*, former White House Counsel John W. Dean, one of the last major surviving figures of Watergate, draws on his own transcripts of almost a thousand conversations, a wealth of Nixon's secretly recorded information, and more than 150,000 pages of documents in the National Archives and the Nixon Library to provide the definitive answer to the question: What did President Nixon know and when did he know it? Through narrative and contemporaneous dialogue, Dean connects dots that have never been connected, including revealing how and why the Watergate break-in occurred, what was on the mysterious 18 1/2 minute gap in Nixon's recorded conversations, and more. In what will stand as the most authoritative account of one of America's worst political scandals, *The Nixon Defense* shows how the disastrous mistakes of Watergate could have been avoided and offers a cautionary tale for our own time.

California Real Estate License Exam Prep - Fred Crane 2015-06-01

The California Real Estate License Exam Prep book is designed to prepare future licensees to take and successfully pass the California Bureau of Real Estate (CalBRE) salesperson and broker examinations. All material in the book is based on the CalBRE salesperson and broker licensing examination content. This book may be used independently or in conjunction with the statutory licensing courses required to qualify for a license and begin your career in real estate or upgrade to a broker license.

On This Day in History - Dan Snow 2018-11-15

On which day was history's shortest war waged and won (in roughly 40 minutes)? How was Napoleon bested by a group of rabbits in 1807? Why did a dispute about beer in an Oxford pub lead to over 100 deaths and 470 years of penance? Why in 1752 did Britain go to bed on 2nd September and wake up on the 14th? How did a women's march in 1917 set off the Russian Revolution? *On This Day in History* brings to life a key event that happened on each day of the year. From the most important British battle that you've never heard of (20 May 685) to the first meeting of Lennon and McCartney (6 July 1957), and from why Julius Caesar should have been wary of the Ides of March (15 March 44BC) to the day Jeanne de Clisson became a pirate and single-handedly declared war on the King of France (2 August 1343), history is full of unlikely heroes and fascinating turning points. In this book Dan Snow shows us how each day

offers a different and unexpected insight into our past. And story by gripping story, this year grows into a vivid, very human history of the world.

Complete CAE Class Audio CDs (3) - Guy Brook-Hart 2009-04-23

Complete CAE is a course for the 2008 updated CAE exam. Informed by the Cambridge Learner Corpus and providing a complete CAE exam paper specially prepared by Cambridge ESOL, it is the most authentic exam preparation course available. English Words - Francis Katamba 2002-09-11

English Words aims to arouse curiosity about English words and about the nature of language in general, especially among introductory students who do not intend to specialize in linguistics.

Memoirs of an Imaginary Friend - Matthew Dicks 2012-08-21

Imaginary friend Budo narrates this heartwarming story of love, loyalty, and the power of the imagination—the perfect read for anyone who has ever had a friend . . . real or otherwise Budo is lucky as imaginary friends go. He's been alive for more than five years, which is positively ancient in the world of imaginary friends. But Budo feels his age, and thinks

constantly of the day when eight-year-old Max Delaney will stop believing in him. When that happens, Budo will disappear. Max is different from other children. Some people say that he has Asperger's Syndrome, but most just say he's "on the spectrum." None of this matters to Budo, who loves Max and is charged with protecting him from the class bully, from awkward situations in the cafeteria, and even in the bathroom stalls. But he can't protect Max from Mrs. Patterson, the woman who works with Max in the Learning Center and who believes that she alone is qualified to care for this young boy. When Mrs. Patterson does the unthinkable and kidnaps Max, it is up to Budo and a team of imaginary friends to save him—and Budo must ultimately decide which is more important: Max's happiness or Budo's very existence. Narrated by Budo, a character with a unique ability to have a foot in many worlds—imaginary, real, child, and adult—Memoirs of an Imaginary Friend touches on the truths of life, love, and friendship as it races to a heartwarming . . . and heartbreaking conclusion.

With the insightful guidance of The Ageless Woman, every woman can grow in health, beauty, and fulfillment after forty.

Something Missing - Matthew Dicks 2009-07-14

"The story of an obsessive-compulsive housebreaker whose every waking moment is jam-packed with finicky clockwork ritual--the kind of intense

micro-planning that might have made even Napoleon back off...Matthew Dicks has created an unforgettable character that will have you torn between wanting to throttle him--or adopt him." --Alan Bradley, author of the New York Times bestselling Flavia de Luce novels A career criminal with OCD tendencies and a savant-like genius for bringing order to his crime scenes, Martin considers himself one of the best. After all, he's been able to steal from the same people for years on end--virtually undetected. Of course, this could also be because of his unique business model--taking only items that will go unnoticed by the homeowner. After all, who would notice a missing roll of toilet paper here, a half-used bottle of maple syrup there, or even a rarely used piece of china buried deep within a dusty cabinet? Even though he's never met these homeowners, spending hours in their houses, looking through their photo albums and reading their journals, he feels like he knows them. So Martin decides to meddle more in their lives--playing the part of a rather odd guardian angel--even though it means breaking many of his neurotic rules. In this hilarious, suspenseful and often profound novel about a man used to planning every second of his life, Martin comes to realize that life is much better lived on the edge (at least some of the time).

Radio Production - Robert McLeish 2015-09-16

Radio Production is for professionals and students interested in

understanding the radio industry in today's ever-changing world. This book features up-to-date coverage of the purpose and use of radio with detailed coverage of current production techniques in the studio and on location. In addition there is exploration of technological advances, including handheld digital recording devices, the use of digital, analogue and virtual mixing desks and current methods of music storage and playback. Within a global context, the sixth edition also explores American radio by providing an overview of the rules, regulations, and purpose of the Federal Communications Commission. The sixth edition includes: Updated material on new digital recording methods, and the development of outside broadcast techniques, including Smartphone use. The use of social media as news sources, and an expansion of the station's presence. Global government regulation and journalistic codes of practice. Comprehensive advice on interviewing, phone-ins, news, radio drama, music, and scheduling. This edition is further enhanced by a companion website, featuring examples, exercises, and resources:

www.focalpress.com/cw/mcleish.

print puzzles that are easy to read. Giant grids make it simple to enter letters.

Engineering - Unesco 2010-01-01

This report reviews engineering's importance to human, economic, social and cultural development and in addressing the UN Millennium Development Goals. Engineering tends to be viewed as a national issue, but engineering knowledge, companies, conferences and journals, all demonstrate that it is as international as science. The report reviews the role of engineering in development, and covers issues including poverty reduction, sustainable development, climate change mitigation and adaptation. It presents the various fields of engineering around the world and is intended to identify issues and challenges facing engineering, promote better understanding of engineering and its role, and highlight ways of making engineering more attractive to young people, especially women.--Publisher's description.

English Words - Francis Katamba 2015-02-11

How do we find the right word for the job? Where does that word come from? Why do we spell it like that? And how do we know what it means?

Words are all around us - we use them every day to communicate our joys, fears, hopes, opinions, wishes and demands - but we don't often think about them too deeply. In this highly accessible introduction to

English words, the reader will discover what the study of words can tell them about the extraordinary richness and complexity of our daily vocabulary and about the nature of language in general. Assuming no prior knowledge of linguistics, the book covers a wide range of topics, including the structure of words, the meaning of words, how their spelling relates to pronunciation, how new words are manufactured or imported from other languages, and how the meaning of words changes with the passage of time. It also investigates how the mind deals with words by highlighting the amazing intellectual feat performed routinely when the right word is retrieved from the mental dictionary. This revised and expanded second edition brings the study of words right up to date with coverage of text messaging and email and includes new material on psycholinguistics and word meaning. With lively examples from a range of sources - encompassing poetry, jokes, journalism, advertising and clichés - and including practical exercises and a fully comprehensive glossary, *English Words* is an entertaining introduction to the study of words and will be of interest to anyone who uses them.

Why You're Wrong About the Right - S. E. Cupp 2009-12-01

And on your right, ladies and gentlemen, please observe *The Conservative* (*Conservitus Americanus*). This fascinating species inhabits vast territories across middle America, but rarely reveals itself in coastal urban areas. It is

commonly believed to be uptight, humorless, and devoid of compassion, and is often characterized as racist, homophobic, and highly eco-unfriendly. Primary behaviors include unnecessary warmongering, tax cutting, and gun collecting. For decades, conservatives have proven to be hopelessly un-hip, and their mating habits dull. They are highly feared and often despised, for so few know and understand their true nature. Get ready to meet the conservative next door or in the office down the hall, the person you never thought in a million years was one of "them." Lively, witty, and thought-provoking, *Why You're Wrong About the Right* blows the lid off the stereotypes that have long been associated with the American Right, and reveals the face of today's conservatives: an intellectually and philosophically diverse new breed of young, outgoing, smart, friendly professionals who live and work among liberals everywhere! Themselves closet conservatives in Leftoid Land (aka Manhattan), S. E. Cupp and Brett Joshpe inject their own unique and colorful points of view into an honest dialogue on conservative ideas in American life and popular culture, and draw from interviews with a roster of renowned writers and political personalities, including Tony Stewart, Tucker Carlson, Brian C. Anderson, Laura Ingraham, Pat Toomey, David Horowitz, Ted Hayes, and many more. Undercover conservatives, reveal your true colors with pride! Liberals, hug a conservative today! And whichever side you find yourself

on, you'll be engaged, surprised, and happily re-educated when you discover Why You're Wrong About the Right.

Evicted - Matthew Desmond 2017-02-28

NEW YORK TIMES BESTSELLER • WINNER OF THE PULITZER PRIZE

• NAMED ONE OF TIME'S TEN BEST NONFICTION BOOKS OF THE DECADE • One of the most acclaimed books of our time, this modern

classic "has set a new standard for reporting on poverty" (Barbara Ehrenreich, *The New York Times Book Review*). In *Evicted*, Princeton

sociologist and MacArthur "Genius" Matthew Desmond follows eight families in Milwaukee as they each struggle to keep a roof over their

heads. Hailed as "wrenching and revelatory" (*The Nation*), "vivid and unsettling" (*New York Review of Books*), *Evicted* transforms our

understanding of poverty and economic exploitation while providing fresh ideas for solving one of twenty-first-century America's most devastating

problems. Its unforgettable scenes of hope and loss remind us of the centrality of home, without which nothing else is possible. NAMED ONE

OF THE BEST BOOKS OF THE YEAR BY President Barack Obama •

The New York Times Book Review • *The Boston Globe* • *The Washington Post* • NPR • *Entertainment Weekly* • *The New Yorker* • *Bloomberg* •

Esquire • *BuzzFeed* • *Fortune* • *San Francisco Chronicle* • *Milwaukee Journal Sentinel* • *St. Louis Post-Dispatch* • *Politico* • *The Week* •

Chicago Public Library • *BookPage* • *Kirkus Reviews* • *Library Journal* •

Publishers Weekly • *Booklist* • Shelf Awareness WINNER OF: The

National Book Critics Circle Award for Nonfiction • The PEN/John Kenneth

Galbraith Award for Nonfiction • The Andrew Carnegie Medal for

Excellence in Nonfiction • The Hillman Prize for Book Journalism • The

PEN/New England Award • The Chicago Tribune Heartland Prize

FINALIST FOR THE LOS ANGELES TIMES BOOK PRIZE AND THE

KIRKUS PRIZE "Evicted stands among the very best of the social justice

books."—Ann Patchett, author of *Bel Canto* and *Commonwealth* "Gripping and moving—tragic, too."—Jesmyn Ward, author of *Salvage the Bones*

"Evicted is that rare work that has something genuinely new to say about poverty."—*San Francisco Chronicle*

Day Of Deceit - Robert Stinnett 2001-05-08

Using previously unreleased documents, the author reveals new evidence that FDR knew the attack on Pearl Harbor was coming and did nothing to prevent it.

USA TODAY Crossword - USA Today 2007-05

You can be sitting in the train working a puzzle but it can take you far away from the everyday. Before you know it you're at your stop or about to pass it. It's not like you were even in the train. It's something different, something removed from the ordinary." --Maki Kaji, *The Japanese Times*

The Nation's No. 1 Newspaper offers puzzle-smiths the ultimate book featuring a new collection of challenging conundrums. Boasting an average of 60 word clues, each game is centered on themes such as Letters to Rome, Tax Credits, Opposites Attract, and more.

Give People Money - Annie Lowrey 2019-07-09

A New York Times Book Review Editors' Choice Shortlisted for the 2018 FT & McKinsey Business Book of the Year Award A brilliantly reported, global look at universal basic income—a stipend given to every citizen—and why it might be necessary in an age of rising inequality, persistent poverty, and dazzling technology. Imagine if every month the government deposited \$1,000 into your bank account, with nothing expected in return. It sounds crazy. But it has become one of the most influential and hotly debated policy ideas of our time. Futurists, radicals, libertarians, socialists, union representatives, feminists, conservatives, Bernie supporters, development economists, child-care workers, welfare recipients, and politicians from India to Finland to Canada to Mexico—all are talking about UBI. In this sparkling and provocative book, economics writer Annie Lowrey examines the UBI movement from many angles. She travels to Kenya to see how a UBI is lifting the poorest people on earth out of destitution, India to see how inefficient government programs are failing the poor, South Korea to interrogate UBI's intellectual pedigree, and

Silicon Valley to meet the tech titans financing UBI pilots in expectation of a world with advanced artificial intelligence and little need for human labor. Lowrey explores the potential of such a sweeping policy and the challenges the movement faces, among them contradictory aims, uncomfortable costs, and, most powerfully, the entrenched belief that no one should get something for nothing. In the end, she shows how this arcane policy has the potential to solve some of our most intractable economic problems, while offering a new vision of citizenship and a firmer foundation for our society in this age of turbulence and marvels.

Washington Journal - Elizabeth Drew 2015-07-21

An updated edition of the landmark work of political journalism:“Unquestionably the best book yet on Watergate, and conceivably the best we will ever get.” —Greil Marcus, Rolling Stone Washington Journal opens in 1973 and follows the deterioration of Richard Nixon's presidency in real time. With her unprecedented access to the top figures, Elizabeth Drew's on-the-scene reporting is even more remarkable in hindsight, as Washington Journal captures the feeling of the period and reports conversations with the key decision-makers as they made up their minds about the most fateful vote they would cast. It also shows us the sense of fear among both close observers and the citizenry, as well as their nervous laughter at the era's absurdities. Drew understands Richard

Nixon as well as this most complex figure can be understood, and she shows how he brought himself down. This edition includes a new afterword revealing the fascinating—and frequently hilarious—story of Nixon’s efforts to regain respectability after he’d been forced from office, and also offers original insights into the meaning of Watergate and Nixon. Rich with new information unavailable at the time, the afterword is a major addition to a unique and enduring work of reportage. “Tells the story not as a tidy tale with a clear beginning and inevitable end, but as an experience thick with confusion, rumors, alarm, and half-truths . . . Helpful for trying to understand what it is like to live through a period of great confusion and potentially great import.” —Ezra Klein “An amazing book that more than stands the test of time.” —Jon Meacham, Pulitzer Prize winner and #1 New York Times-bestselling author of *And There Was Light* “To understand how the melodrama played out in real time in the capital, there may be no better guide than *Washington Journal*.” —Frank Rich, *New York Magazine*

Queenie - Jacqueline Wilson 2013-09-26

It’s 1953, the year Elizabeth is to be crowned Queen of England. Elsie Kettle can’t wait to go to London to see the celebrations on Coronation Day. Elsie lives with her Nan – her mum works as a showgirl, so she’s not around very often. Spirited and imaginative, but often lonely, Elsie longs

for a best friend. Luckily, she and Nan are very close; Elsie just wishes she was allowed a cat to keep her company sometimes. Then tragedy strikes. Nan and Elsie both fall ill with tuberculosis, and Elsie finds herself whisked away to the children’s ward of the hospital. Confined to bed for months on end, Elsie finds it very hard to adapt to the hospital’s strict regime. But she invents astonishing ways of entertaining the other children on the ward, and for the first time finds herself surrounded by true friends – including Queenie, the hospital’s majestic white cat. Finally, Elsie is well enough to leave hospital. But before she does, she has one very special, very unexpected visitor...

The Telegraph - The Telegraph 2012-05-07

Perfect for the daily commute or any spare minutes during the day., this brand new collection allows you to challenge your grey matter and increase your vocabulary.

Funster 100+ Large Print Easy Crossword Puzzles - Charles Timmerman 2020-11-02

From bestselling author Charles Timmerman. Frustration-free brain exercise. Never-before-published EASY puzzles. Large-print puzzles that are easy to read. Giant grids make it simple to enter letters. LOTS of puzzles = HOURS of fun. Includes free word search and Sudoku puzzles you can download.

Shakespeare's Metrical Art - George T. Wright 1988

This is a wide-ranging, poetic analysis of the great English poetic line, iambic pentameter, as used by Chaucer, Sidney, Milton, and particularly by Shakespeare. George T. Wright offers a detailed survey of Shakespeare's brilliantly varied metrical keyboard and shows how it augments the expressiveness of his characters' stage language.

Another 80 Great Word Puzzles - Jacqueline E. Mathews 1992-07-01

The fourth delightful collection of word games and puzzles for the entire family. Sit back, relax, and let your brain go wild with page after page of pleasures for the mind--plus games for car trips and rainy days.

Clueless in Academe - Gerald Graff 2008-10-01

Gerald Graff argues that our schools and colleges make the intellectual life seem more opaque, narrowly specialized, and beyond normal learning capacities than it is or needs to be. Left clueless in the academic world, many students view the life of the mind as a secret society for which only an elite few qualify. In a refreshing departure from standard diatribes against academia, Graff shows how academic unintelligibility is unwittingly reinforced not only by academic jargon and obscure writing, but by the disconnection of the curriculum and the failure to exploit the many connections between academia and popular culture. Finally, Graff offers a wealth of practical suggestions for making the culture of ideas and

arguments more accessible to students, showing how students can enter the public debates that permeate their lives.

Research in Psychology - Kerri A. Goodwin 2016-12-08

An approachable, coherent, and important text, *Research in Psychology: Methods and Design*, 8th Edition continues to provide its readers with a clear, concise look at psychological science, experimental methods, and correlational research in this newly updated version. Rounded out with helpful learning aids, step-by-step instructions, and detailed examples of real research studies makes the material easy to read and student-friendly.

Eighty Great Word Puzzles - Jacqueline Mathews 1988-03-01

As challenging as crosswords, more portable than Scrabble, 80 Great Word Puzzles will have thousands sharpening their pencils and their wits. Presents words for the wise and for those who just want to while away the hours.

Losing Our Religion - S. E. Cupp 2010-04-27

"The press has become a tool of oppression--politicized, self-aware, self-motivated, and power-hungry. . . . In short, these people can no longer be trusted." --From S. E. Cupp's *Losing Our Religion* It's time to wake up and smell the bias. The go-to commentator for such programs as Fox News's *Hannity* and CNN's *Larry King Live* and *Reliable Sources*, S. E. Cupp is just that--a reliable source for the latest news, trends, and

forecasts in young, bright, conservative America. Savvy and outspoken when shattering left-leaning assumptions as she did in *Why You're Wrong About the Right*, Cupp now takes on the most pressing threat to the values and beliefs held and practiced by the majority of Americans: the marginalizing of Christianity by the flagrantly biased liberal media. From her galvanizing introduction, you know where S. E. Cupp stands: She's an atheist. A non-believer. Which makes her the perfect impartial reporter from the trenches of a culture war dividing America and eroding the Judeo-Christian values on which this country was founded. Starting at the top, she exposes the unwitting courtship of President Obama and the liberal press, which consistently misreports or downplays Obama's clear discomfort with, or blatant disregard for, religious America—from covering up religious imagery in the backdrop of his Georgetown University speech to his absence from events surrounding the National Day of Prayer, to identifying America in his inaugural address as, among other things, "a nation of non-believers." She likens the calculated attacks of the liberal media to a class war, a revolution with a singular purpose: to overthrow God and silence Christian America for good. And she sends out an urgent call for all Americans to push back the leftist propaganda blitz striking on the Internet, radio, television, in films, publishing, and print journalism—or invite the tyrannies of a "mainstream" media set on mocking our beliefs,

controlling our decisions, and extinguishing our freedoms. Now, discover the truth behind the war against Christmas—and how political correctness keeps the faithful under wraps . . . the one-sided analyses of Prop 8 and the gay marriage debate . . . the media pot-shots at Sarah Palin's personal faith . . . the politicization of entertainment mainstays such as American Idol and the Miss USA Pageant . . . and much more. Also included are her penetrating interviews with Dinesh D'Souza, Martha Zoller, James T. Harris, Newt Gingrich, Kevin Madden, and Kevin Williamson of National Review, delivering must-read analyses of the latest stunning lowlights from the liberal media.

Where the Wild Cooks Go - Cerys Matthews 2019-09-05

'A joyous treasure trove' Michael Morpurgo 'A delight' Tom Jones 'A Tour De Force' Roger Phillips Cook your way around the world with Cerys Matthews' *Where the Wild Cooks Go*, with a Spotify playlist ready for each country, as well as poems, proverbs, curiosities and some very surprising aspects of world history. The pages of her 'folk cookbook' are brim-full of generations' old nuggets of wisdom, as well as stories about Catatonia touring days and other escapades, plus over a hundred recipes and cocktail ideas from 15 countries. Easy haggis, vegan haggis, jambalaya, cawl, traditional and vegan Welsh cakes, tequila prawns, chocolate and Guinness fondants, thousand hole pancakes, pineapple and chilli, potato,

chickpea and coconut curry, dahl and hedgerow salad are just some of delicious, sustainable and fuss free ideas served in this beautiful book.

The Cortisol Connection - Shawn M. Talbott 2007

The hormone cortisol, activated by the fight-or-flight (stress) response, is emerging as a major culprit in a variety of health problems. The Cortisol

Connection explores the documented relationship between elevated levels of this hormone, chronic stress, and such health conditions as obesity, depression, suppressed immune system, osteoporosis, and hypertension.

This new edition describes the results of the latest research about the connection between cortisol and HSD, and cortisol and testosterone.

Business Ethics - O. C. Ferrell 1990-12
