The Outsiders - William Thorndike
2012

It's time to redefine the CEO success story. Meet eight iconoclastic leaders who helmed firms where returns on average outperformed the S&P 500 by more than 20 times.

The Other Wes Moore - Wes Moore
2011-01-11

NEW YORK TIMES BESTSELLER • The “compassionate” (People), “startling” (Baltimore Sun), “moving” (Chicago Tribune) true story of two kids with the same name from the city: One went on to be a Rhodes Scholar, decorated combat veteran, White House Fellow, and business leader. The other is serving a life sentence in prison. In development as a feature film executive produced by Stephen Curry, who selected the book as his “Underrated” Book Club Pick with Literati The chilling truth is that his story could have been mine. The tragedy is that my story could have been his. In December 2000, the Baltimore Sun ran a small piece about Wes Moore, a local student who had just received a Rhodes Scholarship. The same paper also ran a series of articles about four young men who had allegedly killed a police officer in a spectacularly botched armed robbery. The police were still

hunting for two of the suspects who had gone on the lam, a pair of brothers. One was named Wes Moore. Wes just couldn't shake off the unsettling coincidence, or the inkling that the two shared much more than space in the same newspaper. After following the story of the robbery, the manhunt, and the trial to its conclusion, he wrote a letter to the other Wes, now a convicted murderer serving a life sentence without the possibility of parole. His letter tentatively asked the questions that had been haunting him: Who are you? How did this happen? That letter led to a correspondence and relationship that have lasted for several years. Over dozens of letters and prison visits, Wes discovered that the other Wes had had a life not unlike his own: Both had had difficult childhoods, both were fatherless; they'd hung out on similar corners with similar crews, and both had run into trouble with the police. At each stage of their young lives they had come across similar moments of decision, yet their choices would lead them to astonishingly different destinies. Told in alternating dramatic narratives that take readers from heart-wrenching losses to moments of

surprising redemption, *The Other Wes Moore* tells the story of a generation of boys trying to find their way in a hostile world.

The Complete Financial History of Berkshire Hathaway - Adam J. Mead
2021-04-13

For the first time the complete financial history of Berkshire Hathaway is available under one cover in chronological format. Beginning at the origins of the predecessor companies in the textile industry, the reader can examine the development of the modern-day conglomerate year-by-year and decade-by-decade, watching as the struggling textile company morphs into what it has become today. This comprehensive analysis distills over 10,000 pages of research material, including Buffett's Chairman's letters, Berkshire Hathaway annual reports and SEC filings, annual meeting transcripts, subsidiary financials, and more. The analysis of each year is supplemented with Buffett's own commentary where relevant, and examines all important acquisitions, investments, and other capital allocation decisions. The appendices contain balance sheets, income statements, statements of cash flows, and key ratios dating back to the 1930s, materials brought together for the first time. The structure of the book allows the new student to follow the logic, reasoning, and capital allocation decisions made by Warren Buffett and Charlie Munger from the very beginning. Existing Berkshire shareholders and long-time observers will find new information and refreshing analysis, and a convenient reference guide to the decades of financial moves that built the modern-day respected enterprise that is Berkshire Hathaway.

Value Investing Made Easy: Benjamin Graham's Classic Investment Strategy Explained for Everyone - Janet Lowe

1997-11-22

The investment theories of Ben Graham, author of *Security Analysis*, have never been more popular. Now, Janet Lowe delivers a new book that provides an easy, accessible way to use Graham's classic, but complex investment theories. In addition to presenting Graham's teachings in a readily understandable way, Lowe includes examples of how Warren Buffett and other disciples have used the principles. Illustrations.

Winning (Enhanced Edition) - Jack Welch
2013-03-26

A champion manager of people, Jack Welch shares the hard-earned wisdom of a storied career in what will become the ultimate business bible. With *Winning*, Jack Welch delivers a wide-ranging, in-depth, no-holds-barred management guidebook about the tough strategic, organizational, and personal challenges that face people at every stage of their careers. Loaded with candid personal anecdotes, hard-hitting advice, and invaluable dos and don'ts, Jack explains his theory of business, by laying out the four most important principles that form the foundation of his success. Chapters include: How to Get Promoted, How to Think about Strategy, How to Write a Budget that Works, How to Work for a Jerk, How Find Work-Life Balance and How Start Something New. Enlivened by quotes from business leaders that Welch interviewed especially for the book, it's a tour de force that reflects Welch's mastery of execution, excellence and leadership.

Key Thinkers of the Radical Right - Mark Sedgwick
2019-01-08

Since the start of the twenty-first century, the political mainstream has been shifting to the right. The liberal orthodoxy that took hold in the West as a reaction to the Second World War is breaking down. In Europe, populist political parties

have pulled the mainstream in their direction; in America, a series of challenges to the Republican mainstream culminated in the 2016 election of Donald Trump. In *Key Thinkers of the Radical Right*, sixteen expert scholars explain sixteen thinkers, providing an introduction to their life and work, a guide to their thought, and an explanation of their work's reception. The chapters focus on thinkers who are widely read across the political right in both Europe and America, such as Julius Evola, Alain de Benoist, and Richard B. Spencer. Featuring classic, modern, and emerging thinkers, this selection provides a good representation of the intellectual right and avoids making political or value judgments. In an increasingly polarized political environment, *Key Thinkers of the Radical Right* offers a comprehensive and unbiased introduction to the thinkers who form the foundation of the radical right.

I Hate You-- Don't Leave Me - Jerold Jay Kreisman 2010

Revised and updated, the classic guide to understanding borderline personality disorder includes the latest research on the neurobiological, genetic and developmental roots of the disorder as well as connections with substance abuse, PTSD, ADHD and eating disorders. Original.

Warren Buffett and the Art of Stock Arbitrage - Mary Buffett 2011-01-06

'Give a man a fish and he eats for a day. Teach him to arbitrage, and he will eat for a lifetime' Warren Buffett *Warren Buffett and the Art of the Stock Arbitrage* is the first book to explore the secret world of Buffett's arbitrage and special situations investing. Long considered one of the most powerful and profitable of Buffett's investment operations, but the least understood,

these special types of investments have been the edge that has made Warren Buffett the world's greatest investor. This book examines Buffett's special brand of arbitrage investing, which involves taking advantage of short term price discrepancies that often occur when one company offers to buy another company. Buffett and David Clark, the authors of four best-selling books on Warren Buffett's investment methods, take the reader deep into the world of Buffett's arbitrage and special situation operations, giving us his strategies, his equations for determining value, and dozens of examples of his investments in this very lucrative segment of Buffett's investment operations. They offer detailed analysis and explanations of Buffett's arbitrage and special situations operations and techniques for the first time ever.

Warren Buffett - Todd A. Finkle
2023-03-14

Warren Buffett is perhaps the most accomplished investor of all time. The CEO and chair of Berkshire Hathaway has earned admiration for not only his financial feats but also the philosophy behind them. Todd A. Finkle provides striking new insights into Buffett's career through the lens of entrepreneurship. This book demonstrates that although Buffett is thought of primarily as an investor, one of the secrets to his success has been running Berkshire as an entrepreneur. Finkle—a Buffett family friend—shares his perspective on Buffett's early life and business ventures. The book traces the entrepreneurial paths that shaped Buffett's career, from selling gum door-to-door during childhood to forming Berkshire Hathaway and developing it into a global conglomerate through the imaginative deployment of financial instruments and creative deal making. Finkle

considers Buffett's investment methodology, management strategy, and personal philosophy on building a rewarding life in terms of entrepreneurship. He also zeros in on Buffett's longtime business partner, Charlie Munger, and his contributions to Berkshire's success. Finkle draws key lessons from Buffett's mistakes as well as his successes, using these failures to explore the ways behavioral biases can affect investors and how to overcome them. By viewing Buffett as an entrepreneur, this book offers readers a fresh take on one of the world's best-known financial titans.

Mindset - Carol S. Dweck 2007-12-26

From the renowned psychologist who introduced the world to "growth mindset" comes this updated edition of the million-copy bestseller—featuring transformative insights into redefining success, building lifelong resilience, and supercharging self-improvement. "Through clever research studies and engaging writing, Dweck illuminates how our beliefs about our capabilities exert tremendous influence on how we learn and which paths we take in life."—Bill Gates, GatesNotes "It's not always the people who start out the smartest who end up the smartest." After decades of research, world-renowned Stanford University psychologist Carol S. Dweck, Ph.D., discovered a simple but groundbreaking idea: the power of mindset. In this brilliant book, she shows how success in school, work, sports, the arts, and almost every area of human endeavor can be dramatically influenced by how we think about our talents and abilities. People with a fixed mindset—those who believe that abilities are fixed—are less likely to flourish than those with a growth mindset—those who believe that abilities can be developed. Mindset

reveals how great parents, teachers, managers, and athletes can put this idea to use to foster outstanding accomplishment. In this edition, Dweck offers new insights into her now famous and broadly embraced concept. She introduces a phenomenon she calls false growth mindset and guides people toward adopting a deeper, truer growth mindset. She also expands the mindset concept beyond the individual, applying it to the cultures of groups and organizations. With the right mindset, you can motivate those you lead, teach, and love—to transform their lives and your own.

Seeking Wisdom - Peter Bevelin
2004-03-01

"Peter Bevelin begins this quest for wisdom by embarking on an ambitious journey into the Darwinian forces at the reins of human decision-making, illustrating just how our pre-agrarian genetic hard-wiring all too often leads us into disastrous lapses in judgement, whether in financial transactions, business decisions or in everyday life, and ultimately offering us methods to sidestep error and enhance success. Bevelin argues that by being aware of the driving forces behind human nature, we can then more effectively approach our responsibilities in the workplace by conditioning ourselves to approach everyday problems through the logistical anchors of mathematical and scientific thinking. The philosophy of Berkshire Hathaway's Director and Vice-Chairman Charles Munger is offered as counterpoint to the notion that we are simply pawns of our own nature; instead, by actively engaging our knowledge of the natural determinants - biology, math, physics, etc. - and through studying diligently the philosophies of those who have weathered the storm and emerged victorious, we can use this knowledge to our distinct

advantage in not only business but in all walks of life."

Warren Buffett Speaks - Janet Lowe
2007-09-24

When Warren Buffett Speaks. . . people listen. "If people want to improve their investing skills, it has to help to study how the Master does it. This short book outlines Buffett's philosophy and techniques." -Peter S. Lynch, Fidelity Investments "Common sense with a deft irony . . ." -John C. Bogle, founder of The Vanguard Group and author, *The Little Book of Common Sense Investing* "It was Warren Buffett's thoughts and philosophy that first captivated investors. Janet Lowe has done us all a great service by collecting and arranging Warren Buffett's wit and wisdom in an easy-to-read and enjoyable book." -Robert G. Hagstrom, Portfolio Manager, Legg Mason Growth Trust mutual fund, and author, *The Warren Buffett Way, Second Edition* "A must-read. Buffett's wit and wisdom is a roadmap for anyone looking to succeed in business, investing, and life." -Steve Halpern, Editor, www.thestockadvisors.com

Bill Gates Speaks - Janet Lowe
2001-01-19

"Our slogan from the very beginning was 'a computer on every desk and in every home.'" "For me to become gun-shy might require surgery." An icon more powerful than anything on a Windows screen, Bill Gates today stands atop his fabled Microsoft fortress staring down competitors' threats and injunctions from an annoyed U.S. Justice Department. The kind of success Gates has created rarely escapes criticism. And Bill is getting more than his share. The story of how this Harvard dropout created the operating system that would become the worldwide standard for millions of computers is legendary. And equally legendary has been the take-no-prisoners tactics of

his corporate colossus, Microsoft. We've witnessed Gates's transformation from a geeky wunderkind into a business titan. Whether admired or detested, glorified or vilified, Gates is a household name and a worldwide curiosity. *Bill Gates Speaks* discloses what Bill Gates has to say on everything from financing a start-up to running a conglomerate, developing technology to raising a family, and growing his business to expanding his personal wealth. Drawing on quotes culled from speeches, articles, essays, newscasts, and interviews, this unique book weaves all of this information into a compelling and easy-to-read biography. Here is just a sample of what you'll find inside:
* "My parents weren't all that excited about their son announcing he was dropping out of a fine university to start a business in something almost nobody had heard of called 'microcomputers.'" * "I think business is very simple. Profit. Loss. Take the sales, subtract the costs, you get this big positive number. The math is quite straightforward." * "I envy people who thrive on three or four hours of sleep a night. They have so much more time to work, learn, and play." * "We never waste a lot of time talking about what we're doing well. It just isn't our culture. Every meeting is about 'Sure, we won in seven of the categories, but what about that eighth category?'" * "The PC industry is the model industry in the entire economy. The rate of innovation, the openness-all of these things are just fantastic. And Microsoft's role in creating this has been absolutely fundamental." The world listens when Bill gates speaks "I'm not competent to judge his technical ability, but I regard his business savvy as extraordinary. If Bill had started a

hot dog stand, he would have become the hot dog king of the world." - Warren Buffett "It is still possible to be a Vanderbilt, an Astor, a Rockefeller. You can still do that, you can be Bill Gates." -David Geffen "Everybody is waiting for this guy to slip. He hasn't slipped, and there's very little chance that he will. Everything that he keeps his hands in will work, and he will win." -Alan Kerr, Ogilvy & Mather "Love him or hate him, but you can't ignore him." -Fortune

The Vatican Diaries - John Thavis
2014-02-25

The New York Times—bestselling inside look at one of the world's most powerful and mysterious institutions For more than twenty-five years, John Thavis held one of the most remarkable journalistic assignments in the world: reporting on the inner workings of the Vatican. In *The Vatican Diaries*, Thavis reveals Vatican City as a place struggling to define itself in the face of internal and external threats, where Curia cardinals fight private wars and sexual abuse scandals threaten to undermine papal authority. Thavis (author of *The Vatican Prophecies: Investigating Supernatural Signs, Apparitions, and Miracles in the Modern Age*) also takes readers through the politicking behind the election of Pope Francis and what we might expect from his papacy. *The Vatican Diaries* is a perceptive, compelling, and provocative account of this singular institution and will be of interest to anyone intrigued by the challenges faced by religion in an increasingly secularized world.

The Warren Buffett Portfolio - Robert G. Hagstrom 2000-11-20

The Warren Buffett Way provided the first look into the strategies that the master uses to pick stocks. A New York Times bestseller, it is a valuable and practical primer on the

principles behind the remarkable investment run of the famed oracle of Omaha. In this much-awaited companion to that book, author Robert Hagstrom takes the next logical step, revealing how to profitably manage stocks once you select them. *THE WARREN BUFFETT PORTFOLIO* will help you through the process of building a superior portfolio and managing the stocks going forward. Building a concentrated portfolio is critical for investment success. *THE WARREN BUFFETT PORTFOLIO* introduces the next wave of investment strategy, called focus investing. A comprehensive investment strategy used with spectacular results by Buffett, focus investing directs investors to select a concentrated group of businesses by examining their management and financial positions as compared to their stock prices. A strategy that has historically outperformed the market, focus investing is based on the principle that a shareholder's return from owning a stock is ultimately determined by the economics of the underlying business. Hagstrom explains in easy-to-understand terms exactly what focus investing is, how it works, and how it can be applied by any investor at any level of experience. He demonstrates how Buffett arranges his stocks in a focus portfolio and reveals why this is as responsible for his incredible returns as the individual stocks he picks. Ultimately, Hagstrom shows how to use this technique to build and manage a portfolio to achieve the best possible results.

Benjamin Graham on Value Investing - Janet Lowe 1994

Examines Graham's investment theories in the context of his life and work, exploring how he became one of the world's most influential investors Damn Right! - Janet Lowe 2000-10-30
Praise for *Damn Right!* From the

author of the bestselling WARREN BUFFETT SPEAKS. . . "Charlie Munger, whose reputation is deep and wide, based on an extraordinary record of brilliantly successful business strategies, sees things that others don't. There is a method to his mastery and, through this book, we get a chance to learn about this rare individual." -MICHAEL EISNER, Chairman and CEO, The Walt Disney Company "Janet Lowe uncovers the iconoclastic genius and subtle charm behind Charlie Munger's curmudgeonly facade in this richly woven portrait of our era's heir to Ben Franklin. With a biographer's detachment, an historian's thoroughness, and a financial writer's common sense, Lowe produces a riveting account of the family, personal, and business life of the idiosyncratically complex and endlessly fascinating figure." -LAWRENCE CUNNINGHAM, Cardozo Law School, Author of The Essays of Warren Buffett: Lessons for Corporate America "For years, Berkshire Hathaway shareholders and investors worldwide (me included) have struggled to learn more about Warren Buffett's cerebral sidekick. Now we can rest and enjoy reading Janet Lowe's book about this rare intellectual jewel called Charlie Munger." -ROBERT G. HAGSTROM, Author of The Warren Buffett Way "Charlie has lived by the creed that one should live a life that doesn't need explaining. But his life should be explained. In a city where heroism is too often confused with celebrity, Charlie is a true hero and mentor. He lives the life lessons that he has studiously extracted from other true heroes and mentors, from Ben Franklin to Ben Graham. This book illuminates those life lessons." -RONALD L. OLSON, Munger, Tolles & Olson llp "Janet Lowe's unprecedented access to Charlie Munger and Warren Buffett has resulted in a first-class book that

investors, academics, and CEOs will find entertaining and highly useful."-TIMOTHY P. VICK, Money Manager and Author of How to Pick Stocks Like Warren Buffett
The Man Who Beats the S&P - Janet Lowe 2002-10-31
Learn value investing through the strategies and techniques of the Investment Portfolio Manager of the decade In the only value investing book focused on value investor Bill Miller, the manager of the \$11.6 billion Legg Mason Value Trust, Janet Lowe examines the techniques that have earned Miller celebrity status among investors and his peers. By taking the classic concept of value investing and catapulting it into the twenty-first century, Bill Miller has become a role model for those who wish to learn how to recognize value in today's new and emerging markets. Readers will be introduced to Miller's belief that "the value of any equity depends on the future, not the past." This idea has made him one of the most well regarded value investors in the mutual fund arena and the only manager of a diversified fund to beat the Standard & Poor's 500 for ten years in a row. Through this book, readers will come to understand America's new money master and his investing philosophy of looking beyond the obvious numbers. They will also learn Miller's computerized value matrix and other mathematical tools, while implementing the cutting-edge approach he uses when value investing. Packed with insights and advice, this comprehensive guide to value investing is sure to fill the needs of many investors.
Eyes of Artillery - Edgar F. Raines 2000
Plain Talk - Ken Iverson 1997-10-22
A visionary, maverick, and genuine American business hero, Ken Iverson

is one of the most closely-watched business leaders in the world. Credited with single-handedly rejuvenating the rapidly declining American steel industry to the status of world-class producer, Iverson is one of the most successful and, as he likes to point out, one of the lowest-paid CEOs in the U.S. In his long-awaited book, Ken Iverson shares his ideas, observations, and the lessons he's learned about what it takes to grow a super-competitive, world-class organization.

A Wealth of Common Sense - Ben Carlson 2015-05-15

A simple guide to a smarter strategy for the individual investor *A Wealth of Common Sense* sheds a refreshing light on investing, and shows you how a simplicity-based framework can lead to better investment decisions.

The financial market is a complex system, but that doesn't mean it requires a complex strategy; in fact, this false premise is the driving force behind many investors' market "mistakes." Information is important, but understanding and perspective are the keys to better decision-making. This book describes the proper way to view the markets and your portfolio, and show you the simple strategies that make investing more profitable, less confusing, and less time-consuming. Without the burden of short-term performance benchmarks, individual investors have the advantage of focusing on the long view, and the freedom to construct the kind of portfolio that will serve their investment goals best. This book proves how complex strategies essentially waste these advantages, and provides an alternative game plan for those ready to simplify.

Complexity is often used as a mechanism for talking investors into unnecessary purchases, when all most need is a deeper understanding of

conventional options. This book explains which issues you actually should pay attention to, and which ones are simply used for an illusion of intelligence and control. Keep up with—or beat—professional money managers Exploit stock market volatility to your utmost advantage Learn where advisors and consultants fit into smart strategy Build a portfolio that makes sense for your particular situation You don't have to outsmart the market if you can simply outperform it. Cut through the confusion and noise and focus on what actually matters. *A Wealth of Common Sense* clears the air, and gives you the insight you need to become a smarter, more successful investor. *Historical Dictionary of the Gypsies (Romanies)* - Donald Kenrick 2007-07-05

Originating in India, the Gypsies arrived in Europe around the 14th century, spreading not only across the entirety of the continent but also immigrating to the Americas. The first Gypsy migration included farmworkers, blacksmiths, and mercenary soldiers, as well as musicians, fortune-tellers, and entertainers. At first, they were generally welcome as an interesting diversion to the dull routine of that period. Soon, however, they attracted the antagonism of the governing powers, as they have continually done throughout the following centuries. The second edition of the *Historical Dictionary of the Gypsies (Romanies)* seeks to end such prejudice by clarifying the facts about this nomadic people. Through a list of acronyms, a chronology, an introductory essay, a bibliography, and hundreds of cross-referenced dictionary entries on significant persons, places, events, institutions, and aspects of culture, society, economy, and politics, the history of the Gypsies and their

culture is told.

Getting Started in Value Investing -

Charles S. Mizrahi 2011-01-07

An accessible introduction to the proven method of value investing. An ardent follower of Warren Buffett—the most high-profile value investor today—author Charles Mizrahi has long believed in the power of this proven approach. Now, with *Getting Started in Value Investing*, Mizrahi breaks down this successful strategy so that anyone can learn how to use it in his or her own investment endeavors. Written in a straightforward and accessible style, this book helps readers gain an overall understanding of the value approach to investing and presents statistics that reveal the overwhelming success of this approach through a variety of markets. Engaging and informative, *Getting Started in Value Investing* skillfully shows readers how to look for undervalued companies and provides them with the tools they need to succeed in today's markets. Charles S. Mizrahi (Brooklyn, NY) is Managing Partner of CGM Partners Fund LP. He is also editor of *Hidden Values Alert*, a monthly newsletter focused on value investing. Mizrahi has more than 25 years of investment experience and is frequently quoted in the press. Many of his articles appear online at gurufocus.com as well as on other financial sites.

Fast Food Nation - Eric Schlosser 2012

Explores the homogenization of American culture and the impact of the fast food industry on modern-day health, economy, politics, popular culture, entertainment, and food production.

The Willpower Instinct - Kelly McGonigal 2013-12-31

Based on Stanford University psychologist Kelly McGonigal's wildly popular course "The Science of Willpower," *The Willpower Instinct* is

the first book to explain the science of self-control and how it can be harnessed to improve our health, happiness, and productivity. Informed by the latest research and combining cutting-edge insights from psychology, economics, neuroscience, and medicine, *The Willpower Instinct* explains exactly what willpower is, how it works, and why it matters. For example, readers will learn:

- Willpower is a mind-body response, not a virtue. It is a biological function that can be improved through mindfulness, exercise, nutrition, and sleep.
- Willpower is not an unlimited resource. Too much self-control can actually be bad for your health.
- Temptation and stress hijack the brain's systems of self-control, but the brain can be trained for greater willpower.
- Guilt and shame over your setbacks lead to giving in again, but self-forgiveness and self-compassion boost self-control.
- Giving up control is sometimes the only way to gain self-control.
- Willpower failures are contagious—you can catch the desire to overspend or overeat from your friends—but you can also catch self-control from the right role models.

In the groundbreaking tradition of *Getting Things Done*, *The Willpower Instinct* combines life-changing prescriptive advice and complementary exercises to help readers with goals ranging from losing weight to more patient parenting, less procrastination, better health, and greater productivity at work.

Tao of Charlie Munger - David Clark 2017-01-03

Words of wisdom from Charlie Munger—Warren Buffett's longtime business partner and the visionary Vice Chairman of Berkshire Hathaway—collected and interpreted with an eye towards investing by David Clark, coauthor of the bestselling *Buffettology* series. Born

in Omaha, Nebraska in 1924 Charlie Munger studied mathematics at the University of Michigan, trained as a meteorologist at Cal Tech Pasadena while in the Army, and graduated magna cum laude from Harvard Law School without ever earning an undergraduate degree. Today, Munger is one of America's most successful investors, the Vice Chairman of Berkshire Hathaway, and Warren Buffett's business partner for almost forty years. Buffett says "Berkshire has been built to Charlie's blueprint. My role has been that of general contractor." Munger is an intelligent, opinionated business man whose ideas can teach professional and amateur investors how to be successful in finance and life. Like *The Tao of Warren Buffett* and *The Tao of Te Ching*, *The Tao of Charlie Munger* is a compendium of pithy quotes including, "Knowing what you don't know is more useful than being brilliant" and "In my whole life, I have known no wise people who didn't read all the time—none, zero." This collection, culled from interviews, speeches, and questions and answers at the Berkshire Hathaway and Wesco annual meetings, offers insights into Munger's amazing financial success and life philosophies. Described by Business Insider as "sharp in his wit and investing wisdom," Charlie Munger's investment tips, business philosophy, and rules for living are as unique as his life story; intelligent as he clearly is; and as successful as he has been.

Imperial Leather - Anne McClintock
2013-10-01

Imperial Leather chronicles the dangerous liaisons between gender, race and class that shaped British imperialism and its bloody dismantling. Spanning the century between Victorian Britain and the current struggle for power in South Africa, the book takes up the complex

relationships between race and sexuality, fetishism and money, gender and violence, domesticity and the imperial market, and the gendering of nationalism within the zones of imperial and anti-imperial power.

The Joys of Compounding - Gautam Baid
2020-06-02

Value investing is not just a system for success in the market. It is also an intellectual toolkit for achieving a deeper understanding of the world. In *The Joys of Compounding*, the value investor Gautam Baid builds a holistic approach to value investing and philosophy from his wide-ranging reading, combining practical approaches, self-cultivation, and business wisdom. Distilling investment and life lessons into a comprehensive guide, Baid integrates the strategies and wisdom of preeminent figures whose teachings have stood the test of time. Drawing on the work of investing greats like Warren Buffett, Charlie Munger, and Ben Graham, as well as philosophers and scholars, he artfully interweaves the lessons learned from his many teachers. Baid demonstrates their practical applications in the areas of business, investing, and decision making and also shows that these ideas can be applied to one's own life with just as much reward. A celebration of the value investing discipline, this book also recounts Baid's personal experiences, testifying to his belief that the best investment you can make is an investment in yourself. *The Joys of Compounding* offers curated reflections on life and learning for all investors, investment enthusiasts, and readers seeking a dose of practical wisdom. This revised and updated edition highlights Baid's distinctive voice.

My New Berkshire ABC - Nancy Rips
2020-05

Paradox is the first book to show how violence against women is a male issue as well as a female one – and how we can come together to stop it. Written by pioneering anti-violence educator Jackson Katz, The Macho Paradox incorporates the voices and experiences of women and men who have confronted the problem from all angles, the discussions surrounding current events in politics and pop-culture, and where the violence is ignored or encouraged in our upbringing. Katz also offers cogent explanations for why so many men harass and hurt women, and he shows what can be done to stop the violence. By working together as allies, Katz shows how all genders can end the abuse and mistreatment of women. Additional Praise for The Macho Paradox: "If only men would read Katz's book, it could serve as a potent form of male consciousness-raising."—Publishers Weekly "These pages will empower both men and women to end the scourge of male violence and abuse. Katz knows how to cut to the core of the issues, demonstrating undeniably that stopping the degradation of women should be every man's priority."—Lundy Bancroft, author of Why Does He Do That?: Inside the Minds of Angry and Controlling Men

Alles, was Sie über Charlie Munger wissen müssen - Rolf Morrien

2018-05-14

Im Mittelpunkt der Hauptversammlung des US-Konzerns Berkshire Hathaway, zu der jährlich Zehntausende Aktionäre pilgern, steht die Börsen-Legende, der Entertainer Warren Buffett. Doch einer hat die erfolgreichste Beteiligungsgesellschaft aller Zeiten entscheidend verfeinert und endgültig zur Erfolgsgeschichte gemacht: Charlie Munger. Erstmals steht mit diesem Buch der Mann im Rampenlicht, der auf dem Börsenparkett so oft im

Schatten von Warren Buffett steht. Er ist kein "Schnäppchenjäger" wie Buffett, sondern der Trüffelsucher, der die absoluten Top-Aktien findet. Sein Credo für den Börsenerfolg: "Kapitalanlage ist, wenn du wenige großartige Unternehmen findest und dann auf deinem Hintern sitzt." Die wichtigsten Fakten über Mungers beruflichen Werdegang, seine Erfolge und seine Anlagestrategie kurz und leicht verständlich auf gut 100 Seiten zusammengefasst.

Warren Buffett - Robert G. Hagstrom
2021-02-23

In Warren Buffett: Inside the Ultimate Money Mind, Hagstrom breaks new ground with a deep analysis of Buffett's essential wisdom, an intricate mosaic of wide-ranging ideas and insights that Buffett calls a Money Mind. What exactly is a Money Mind? At one level, it's a way of thinking about major financial issues such as capital allocation. At another level, it summarizes an overall mindset for successfully investing in today's fast-paced stock market, a mindset that depends on a commitment to learning, adapting, and facing down irrelevant noise. This is not a method book. It is a thinking book. Warren Buffett: Inside the Ultimate Money Mind explains the philosophies of self-reliance, stoicism, rationalism, and pragmatism and their contributions to making intelligent investment decisions. It also outlines the evolution of value investing, discusses how to develop a business-driven investing mindset, and describes the defining traits of successful active management. Lastly, it examines the surprising aspects of a Money Mind – sportsman, teacher, and artist. In short, Warren Buffett: Inside the Ultimate Money Mind helps readers understand the building blocks that go into making a Money Mind so they can begin to incorporate its principles in the service to a

life of value. Testimonials "An erudite masterpiece..." –Lawrence A. Cunningham, author; professor and director, Quality Shareholders Initiative, George Washington University "It's another must-read..." –Bethany McLean, journalist and Contributing Editor, Vanity Fair, author, Saudi America and co-author The Smartest Guys in the Room "Pure Genius! This is a game changer in investment books..." –Robert P. Miles, author; Executive in Residence, University of Nebraska at Omaha, Executive MBA Program, 'The Genius of Warren Buffett' "Effervescence and thoughtful analysis of Buffett's life and work..." –Tom Gayner, Co-chief Executive Officer, Markel Corporation "Hagstrom's books always enable readers to think about the world in new ways..." –Tren Griffin, author, Charlie Munger: The Complete Investor Charlie Munger - Tren Griffin 2015-09-15 Charlie Munger, Berkshire Hathaway's visionary vice chairman and Warren Buffett's indispensable financial partner, has outperformed market indexes again and again, and he believes any investor can do the same. His notion of "elementary, worldly wisdom"—a set of interdisciplinary mental models involving economics, business, psychology, ethics, and management—allows him to keep his emotions out of his investments and avoid the common pitfalls of bad judgment. Munger's system has steered his investments for forty years and has guided generations of successful investors. This book presents the essential steps of Munger's investing strategy, condensed here for the first time from interviews, speeches, writings, and shareholder letters, and paired with commentary from fund managers, value investors, and business-case historians. Derived

from Ben Graham's value-investing system, Munger's approach is straightforward enough that ordinary investors can apply it to their portfolios. This book is not simply about investing. It is about cultivating mental models for your whole life, but especially for your investments.

Dividends Don't Lie - Geraldine Weiss 1989

Following the straightforward system of investing in stick-to-quality blue-chip stocks with reliable dividend histories, investors will gain the confidence to make sophisticated stock market decisions and obtain solid value for their investment dollars.

Poor Charlie's Almanack - Charles T. Munger 2006

Charles Munger is Warren Buffett decade's long business partner, and his investment filter, jokingly called by Mr. Buffett - the abominable no man. The early pages cover Munger's family history, his framework for investing [wait for the fat pitches, and assess each opportunity using rational, rigorous frameworks drawn from multiple disciplines (and not finance theory!)], and even some warm testaments from family, friends and colleagues. The next section, assembled by leading investor Whitney Tilson, is well edited and benefits from Tilson's massaging of quotations made over time into logical sub-headings. The bulk of the text though is, as the subtitle suggests, the wit and wisdom of Mr. Munger as conveyed through various speeches in the last couple decade or so before 2006.

Money From Nothing - Robert Hockett 2020-09-15

A major work of financial theory and practice with immediate relevance to the rebuilding of the economy, and restoring the promise of equality When the government decides to spend

money, it simply creates the necessary funds for itself--as if out of thin air. That's how we pay for interstate highways, post offices, wars, social services, and economic stimulus packages. If it's that easy to make money . . . can't we all get more of it? Absolutely. And we should. So argue financial regulation expert Robert Hockett and bestselling philosopher Aaron James in this eye-opening, irreverent, and inspiring exploration of what the dollar really is. And better still, they show how we can build an economy that works for everybody without unwanted taxes and added regulations. In the process, we learn how disingenuous the political rhetoric surrounding inflation can be, how the demonized concept of the deficit is really just another way of tallying our collective national wealth, and how a strong central bank could free us from the abuses of private banking. With broad historical background and ambitious yet practical institutional proposals, Hockett and James offer a new vision of public finance--people's banking for a people's economy. Armed with this new outlook, we can even stop worrying debt and learn to love a strong, accountable, and transparent Federal Reserve as a cornerstone of our democracy.

When Scotland Was Jewish - Elizabeth Caldwell Hirschman 2015-05-07

The popular image of Scotland is dominated by widely recognized elements of Celtic culture. But a significant non-Celtic influence on Scotland's history has been largely ignored for centuries? This book argues that much of Scotland's history and culture from 1100 forward

is Jewish. The authors provide evidence that many of the national heroes, villains, rulers, nobles, traders, merchants, bishops, guild members, burgesses, and ministers of Scotland were of Jewish descent, their ancestors originating in France and Spain. Much of the traditional historical account of Scotland, it is proposed, rests on fundamental interpretive errors, perpetuated in order to affirm Scotland's identity as a Celtic, Christian society. A more accurate and profound understanding of Scottish history has thus been buried. The authors' wide-ranging research includes examination of census records, archaeological artifacts, castle carvings, cemetery inscriptions, religious seals, coinage, burgess and guild member rolls, noble genealogies, family crests, portraiture, and geographic place names.

The Constitution of Algorithms -

Florian Jatton 2021-04-27

A laboratory study that investigates how algorithms come into existence. Algorithms--often associated with the terms big data, machine learning, or artificial intelligence--underlie the technologies we use every day, and disputes over the consequences, actual or potential, of new algorithms arise regularly. In this book, Florian Jatton offers a new way to study computerized methods, providing an account of where algorithms come from and how they are constituted, investigating the practical activities by which algorithms are progressively assembled rather than what they may suggest or require once they are assembled.
