Pendidikan Karakter - Thomas Lickona 2019-06-01

Beberapa tahun yang lalu, jika Anda mengajukan pertanyaan seperti ini kepada sekelompok orang, pasti akan memicu perdebatan. Jika ada yang menjawab ya, sekolah harus mengajarkan nilai-nilai kepada anak-anak, pasti ada orang lain yang segera menyela, "Nilai-nilai siapa?" Dalam sebuah masyarakat yang para anggotanya memegang beragam nilai berbeda, rasanya tidak mungkin bisa dicapai sebuah kesepakatan mengenai nilai yang harus diajarkan di sekolah. Pluralisme telah menyebabkan kelumpuhan; sekolah-sekolah kebanyakan memilih bersikap netral dalam persoalan nilai.

Adolescent Romantic Relations and Sexual Behavior - Paul Florsheim 2003-07-18

Developmental and clinical researchers have only just discovered the phenomenon of adolescent romance as a topic of serious scientific inquiry. This discovery may be related to the overwhelming evidence that adult romantic relationships are failing at alarming rates. Dramatic increases in the rates of divorce, out of wedlock childbirth, and relationship violence lead to questions about the developmental precursors of romantic love and commitment. What's wrong with love and can it be fixed? This book brings together a diverse group of experts from various disciplines to address a serious gap in the understanding of adolescent development. Part I focuses on romantic relations and sexual behavior from the perspective of normative adolescent development. Part II centers on high-risk adolescents and Part III explores the practical implications of current theory and research

for clinicians, educators, and health administrators. Together the chapters in this integrative and clinically useful book lay a foundation for understanding how adolescents successfully navigate the tumultuous waters of young love.

Nonsuicidal Self-Injury - E. David Klonsky 2011-01-01

Nonsuicidal self-injury (NSSI) is a baffling, troubling, and hard to treat phenomenon that has increased markedly in recent years. Key issues in diagnosing and treating NSSI adequately include differentiating it from attempted suicide and other mental disorders, as well as understanding the motivations for self-injury and the context in which it occurs. This accessible and practical book provides therapists and students with a clear understanding of these key issues, as well as of suitable assessment techniques. It then goes on to delineate research-informed treatment approaches for NSSI, with an emphasis on functional assessment, emotion regulation, and problem solving, including motivational interviewing, interpersonal skills, CBT, DBT, behavioral management strategies, delay behaviors, exercise, family therapy, risk management, and medication, as well as how to successfully combine methods.

Keluarga Layar Sentuh - Duski Samad 2017-04-15

Ada ungkapan dari sebahagian orang bahwa membaca buku kumpulan tulisan kurang menarik dan ada pula yang mengatakan bahwa buku jenis ini kurang ilmiah. Namun, perlu dimengerti dan dirasakan oleh pembaca bahwa buku kumpulan tulisan, artikel dan opini justru mestinya lebih menarik dan ilmiah, dikarenakan tulisan tersebut muncul dari kesadaran mendalam penulisnya memberikan jawaban terhadap masalah yang ada. Tidak pula

berlebihan bila dikatakan bahwa justru buku kumpulan tulisan bernilai ilmiah tinggi karena pemikiran yang muncul saat ada masalah adalah orisinil dan tipis sekali unsur subyektivitasnya karena ia tidak ada unsur "pesanan", kemurniannya lebih mengemuka. Walaupun harus diakui buku sejenisnya mengandung pengulangan yang dirasakan mengganggu dalam membacanya secara utuh.

Adolescence and Puberty - John Bancroft 1990-11-15

This wide-ranging volume presents an in-depth picture of adolescent sexuality and behavior. As perhaps the most vital period in human development, adolescence is a time of complex, often difficult interactions between diverse influences. Here, nineteen scientists representing ten disciplines explore the biological, psychological, and cultural factors involved in the onset of puberty and its associated emotional changes. Patterns of adolescent sexual behavior are viewed in cross-cultural perspective, psychiatric disorders are considered, and trends in adolescent sexual activity, contraception, and pregnancy are described. Key legal and social dilemmas are also explored. This is the third volume in a groundbreaking series from the Kinsey Institute, which has as its aim the study of topics relating to sex, gender, and reproduction that require an interdisciplinary approach. Previous volumes in the series include *Homosexuality/Heterosexuality* and *Masculinity/Femininity*.

Counseling Gifted and Talented Children - Roberta M. Milgram 1991

There is a gap between the enormous need for counseling services and research about the counseling needs of gifted individuals, on the one hand, and the limited availability of such services and knowledge on the other. This book is designed to give counselors, classroom teachers, gifted education specialists, and parents an understanding of the academic and social-personal needs of gifted and talented students, awareness of ways that they themselves may help these children, and an introduction to the available guidance strategies and materials. This book highlights the role of regular classroom teachers and teachers of the gifted in counseling; provides teachers, counselors, and parents with information about the wide variety of approaches to enrichment and/or acceleration; emphasizes the major role of parents in the development of their gifted children; stresses career education and guidance. Four chapters are devoted to important topics that have received very little

attention to date-gifted girls, preschool gifted, disadvantaged gifted, and learning-disabled gifted. Finally, a unique feature of the book is a chapter in which fictional portraits of gifted and creative children are presented and analyzed.

Smart & Good High Schools - Thomas Lickona 2005

Throughout history, and in cultures all over the world, education rightly conceived has had two great goals: to help students

become smart and to help them become good. They need character for both. *Smart & Good High Schools*, a 227-page "report to the nation" by Thomas Lickona and Matthew Davidson based on two years of research on American high schools, describes nearly 100 promising practices for developing adolescent character. These practices are organized around a vision aimed at encouraging a paradigm shift in character education: from focusing only on moral character to focusing on both performance character (needed for best work) and moral character (needed for ethical behavior). The report's research included visits to 24 diverse high schools, a comprehensive research review, and the input of a National Experts Panel and a National Student Leaders Panel. --Publisher description.

Romantic Relationships in Emerging Adulthood - Frank D. Fincham 2010-10-28

Emerging adulthood - the period between the late teens and mid-twenties - is a unique and important developmental period during which people gain relationship experience before settling on someone to partner with. *Romantic Relationships in Emerging Adulthood* presents a synthesis of research and theory on this topic. Leading scholars from demography, sociology, family studies, and psychology provide original data and theoretical analyses that address the formation, nature, and significance of romantic relationships in emerging adults. Until recently, it was assumed that romantic relationships in emerging adults were not particularly important or formative. The material presented allows this assumption to be thoroughly evaluated. This volume is intended to be a resource for anyone interested in understanding romantic relationships in emerging adulthood. It is especially appropriate for classroom use in upper-level undergraduate and graduate courses in the fields of family sociology, human development and family studies, clinical and developmental psychology, and social work.

Perempuan, Anak dan Keluarga dalam Arus Perubahan - Anggaunita Kiranantika 2020-11-01

Buku ini membahas tentang fenomena sosial yang terjadi dalam masyarakat, utamanya pada perempuan dan anak yang selama ini selalu dilekatkan dengan kelompok yang rentan akan kekerasan dalam berbagai aspek. Seiring modernisasi yang terjadi, apa yang dilakukan dan dialami oleh perempuan dan anak dalam masyarakat masa kini tidak selalu tersudutkan sebagaimana konstruksi sosial yang ada dalam masyarakat. Menariknya, partisipasi perempuan dan anak dalam masyarakat akan meneguhkan identitas diri mereka untuk keluar dari stigma yang selama ini melekat dengan kelemahan dan ketidak berdayaan.

Begitupun dengan keluarga yang menjadi satuan terkecil di dalam masyarakat, transformasi sosial yang terjadi di dalam keluarga disebabkan oleh peran, fungsi dan berbagai kondisi sosial yang melingkupi sebuah keluarga. Dinamika tersebut juga diulas dengan lengkap di dalam buku ini. Sebagai locus dalam kajian ini, kumpulan hasil penelitian yang terangkum dalam buku ini dilakukan tidak hanya di sebuah kota saja, namun juga dilakukan secara internasional dengan melakukan kajian di beberapa negara yaitu Indonesia, Malaysia dan Hong Kong. Sehingga, persoalan mengenai perempuan, anak dan keluarga dapat dibahas secara komprehensif dan merupakan representatif dari masyarakat Indonesia di tengah arus perubahan secara global. Melalui tiga sub tema besar yang terdapat dalam buku ini, para pembaca dapat menemukan beberapa informasi yang sangat relevan dan menarik mengenai: 1) Transformasi sosial yang terjadi secara mendasar kepada perempuan, anak dan keluarga adalah hal yang tidak mungkin dinafikan lagi. Sebagai makhluk sosial maka perubahan pasti akan dirasakan oleh semua individu tanpa terkecuali, 2) Berbagai permasalahan pokok yang selama ini belum banyak diulas atau ditemukan terkait dengan perempuan, anak dan keluarga, 3) Implementasi dari sudut pandang ilmu sosial yang berharga untuk terus memperkuat inklusi sosial dalam masyarakat kontemporer. Kami berharap semoga kumpulan tulisan yang berfokus pada kajian perempuan, anak dan keluarga dalam masyarakat kontemporer ini dapat memperkaya khazanah keilmuan sosiologi di Indonesia, utamanya pada kajian sosiologi gender dan sosiologi keluarga. Semoga buku ini bermanfaat bagi para akademisi, peneliti, pemerhati dan peminat kajian perempuan, anak dan keluarga di Indonesia. Terlepas dari semua hal, kami menyadari dalam penyusunan buku ini masih jauh dari kesempurnaan tulisan, namun kami telah mengusahakan yang terbaik bagi para pembaca. Akhir kata, semoga buku ini dapat memberikan manfaat maupun inspirasi pada para pembaca untuk

mengembangkan kajian ini dengan lebih baik lagi.

Marginalized Masculinities - Chris Haywood 2017-04-07

Across Europe we are witnessing a series of events that are drawing upon representations of men and masculinity that are rupturing the social fabric of everyday life. For example, media reports of social unrest, misogynous hate crime, religious extremism, drug trafficking and political Far Right mobilization often have been at the centre of the discussion the figure of the apathetic, disenchanting, socially excluded young man. *Marginalized Masculinities* explores how men in precarious positions in different countries and social contexts understand and experience their masculinities, focusing on men who are viewed as being marginal in a range of fields in society including the family, work, the media and school. By focusing on atypical or marginal masculinities in each subfield, Haywood and Johansson provide an informed understanding of what it means to experience marginalization. Indeed, within this enlightening volume the chapters engage with the issue of whether it is necessary to name 'a' dominant masculinity in order to make sense of and understand the nature of marginalized masculinity. This insightful title will be of interest to researchers, undergraduates and postgraduates interested in fields such as Gender Studies, International Studies, Comparative Studies and Men Studies.
