Powershift - Daymond John 2020-03-10

The bestselling author and star of ABC's Shark Tank reveals how to master the three prongs of influence: reputation, negotiation, and relationships. Have you ever wanted to make a big change in your life but weren't sure where to start? In Powershift, Daymond John shares the answer. To take control of your destiny and drive the change you want to see, you need to lay the groundwork so you're prepared to seize every opportunity that comes your way. And that means mastering •

Influence—make an impression: Develop a reputation that highlights what you stand for. • Negotiation—make a deal: Hone a win-win negotiating style. •

Relationships—make a connection last: Nurture those connections you make along the way. Through never-before-told stories from his life and career, Daymond shares the lessons that got him to where he is today:

from how he remade his public image as he transitioned from clothing mogul to television personality, to how he mastered the negotiation strategies that determine whether deals are won or lost “in the tank,” to his secrets for building long-lasting—and profitable—relationships with founders and brands. Throughout the book, some of the world's most successful personalities reveal how they shifted their power in meaningful ways: Kris Jenner on determining your value: “You don't have to go ask somebody else for permission. You have the power to be able to stick to your guns and demand your worth.” Mark Cuban on finding and understanding your why: “Time is the one asset we don't own, we can't buy, and we can never get back.” Pitbull on tapping into your inner power: “A lot of people feel that to be powerful is to exude strength. I think it's the total opposite. To be powerful is to be powerless.

It's when you give everybody what you got." Whether you're an innovator working to turn your big idea into a reality, a professional looking to land a major promotion, or a busy parent trying to find more time to focus on what's really important to you, Daymond shows you how to shift your power and energy towards positive change.

Millionaire Success Habits - Dean Grivosi

The War on Normal People - Andrew Yang 2018-04-03

From 2020 Democratic presidential candidate Andrew Yang, a captivating account of how "a skinny Asian kid from upstate" became a successful entrepreneur, only to find a new mission: calling attention to the urgent steps America must take, including Universal Basic Income, to stabilize our economy amid rapid technological change and automation. The shift toward automation is about to create a tsunami of unemployment. Not in the distant future--now. One recent estimate predicts 45 million American workers will lose their jobs within the next twelve years--jobs that won't be replaced. In a future marked by restlessness and chronic unemployment, what will happen to American society? In *The War on Normal People*, Andrew Yang paints a dire portrait of the American economy. Rapidly advancing technologies like artificial intelligence, robotics and automation software are making millions of Americans' livelihoods irrelevant. The consequences of these trends are already

being felt across our communities in the form of political unrest, drug use, and other social ills. The future looks dire-but is it unavoidable? In *The War on Normal People*, Yang imagines a different future--one in which having a job is distinct from the capacity to prosper and seek fulfillment. At this vision's core is Universal Basic Income, the concept of providing all citizens with a guaranteed income-and one that is rapidly gaining popularity among forward-thinking politicians and economists. Yang proposes that UBI is an essential step toward a new, more durable kind of economy, one he calls "human capitalism."

You're Broke Because You Want to be - Larry Winget 2008

Winget is known as The Pitbull of Personal Development and The World's Only Irrational Speaker, commanding high fees for his speaking engagements because his programs are so effective. How to Prevent the Next Pandemic - Bill Gates 2022-05-03

From the author of the #1 New York Times best seller *How to Avoid a Climate Disaster: The COVID-19 pandemic isn't over, but even as governments around the world strive to*

put it behind us, they're also starting to talk about what happens next. How can we prevent a new pandemic from killing millions of people and devastating the global economy? Can we even hope to accomplish this? Bill Gates believes the answer is yes, and in this book he lays out clearly and convincingly what the world should have learned from COVID-19 and what all of us can do to ward off another disaster like it. Relying on the shared knowledge of the world's foremost experts and on his own experience of combating fatal diseases through the Gates Foundation, he first helps us understand the science of infectious diseases. Then he shows us how the nations of the world, working in conjunction with one another and with the private sector, can not only ward off another COVID-like catastrophe but also eliminate all respiratory diseases, including the flu. Here is a clarion call--strong, comprehensive, and of the gravest importance--from one of our greatest and most effective thinkers and activists.

The text also includes a discussion of such key areas as backscattering, launched power limitations, and receiver sensitivity, as well as a concise historical account of the field's development.

Rich Dad, Poor Dad - Robert T. Kiyosaki 2016-04-27

Although we have been successful in our careers, they have not turned out quite as we expected. We both have changed positions several times-for all the right reasons-but there are no pension plans vesting on our

behalf. Our retirement funds are growing only through our individual contributions. Michael and I have a wonderful marriage with three great children. As I write this, two are in college and one is just beginning high school. We have spent a fortune making sure our children have received the best education available. One day in 1996, one of my children came home disillusioned with school. He was bored and tired of studying. "Why should I put time into studying subjects I will never use in real life?" he protested. Without thinking, I responded, "Because if you don't get good grades, you won't get into college." "Regardless of whether I go to college," he replied, "I'm going to be rich."

The Warrior Within - D.J. Vanas 2022-08-02

A transformational guide to getting yourself right in order to accomplish the work you were meant to do, from speaker, former U.S. Air Force officer, and member of the Ottawa tribe D.J. Vanas. When faced with an important job, and people depending on you to do it, most of us will give and give until there's nothing left. But running on empty, even for a worthy cause, only sets you up for failure in the long run. To persevere on the path to success requires more than sheer fearlessness and willpower. It requires what D.J. Vanas calls the warrior spirit, the kind of strength that looks outward but comes from deep within. Drawing inspiration from Native American philosophy and tradition, The Warrior Within outlines a new model for personal power in the face of overwhelming chaos. A true warrior is not the toughest or bravest person in the room. A true warrior is committed to self-mastery, knows how to navigate change and disruption, transforms setbacks into opportunities for achievement, refuses to quit, and most importantly, always fights for something

bigger than the self. With a vast array of stories and examples, from vision quests to treacherous hikes to veterans and service providers at the front lines, Vanas shows how to apply these principles to transform how you show up both for yourself and those around you. More than an empowerment manual, The Warrior Within is a call to accomplish the world-changing work you were meant for by tapping into the power of the warrior spirit.

Capital Returns - Edward Chancellor 2016-05-04

We live in an age of serial asset bubbles and spectacular busts. Economists, policymakers, central bankers and most people in the financial world have been blindsided by these busts, while investors have lost trillions. Economists argue that bubbles can only be spotted after they burst and that market moves are unpredictable. Yet Marathon Asset Management, a London-based investment firm managing over \$50 billion of assets has developed a relatively simple method for identifying and potentially avoiding them: follow the money, or rather the trail of investment. Bubbles whether they affect a whole economy or merely a single industry, tend to attract a splurge of capital spending. Excessive investment drives down returns and leads inexorably to a bust. This was the case with both the technology bubble at the turn of the century and the US

housing bubble which followed shortly after. More recently, vast sums have been invested in mining and energy. From an investor's perspective, the trick is to avoid investing in sectors, or markets, where investment spending is unduly elevated and competition is fierce, and to put one's money to work where capital expenditure is depressed, competitive conditions are more favourable and, as a result, prospective investment returns are higher. This capital cycle strategy encourages investors to eschew the simple 'growth' and 'value' dichotomy and identify firms that can deliver superior returns either because capital has been taken out of an industry, or because the business has strong barriers to entry (what Warren Buffett refers to as a 'moat'). Some of Marathon's most successful investments have come from obscure, sometimes niche operations whose businesses are protected from the destructive forces of the capital cycle. Capital Returns is a comprehensive introduction to the theory and practical implementation of the capital cycle approach to investment. Edited and with an introduction by Edward Chancellor, the book brings together 60 of the most insightful reports written between 2002 and 2014 by Marathon portfolio managers. Capital Returns provides key insights into the capital cycle strategy, all supported with real life examples from global brewers to the semiconductor industry - showing how this approach can be usefully applied to different industry conditions and how, prior to 2008, it helped protect assets from financial catastrophe. This book will be a welcome reference for serious investors who looking to maximise portfolio returns over the long run.

Edge - Laura Huang 2020-01-28

Laura Huang, an award-winning Harvard Business School professor, shows that success is about gaining an edge: that elusive quality that gives you an upper hand and attracts attention and support. Some people seem to naturally have it. Now, Huang teaches the rest of us how to create our own from the challenges and biases we think hold us back, and turning them to work in our favor. How do you find a competitive edge when the obstacles feel insurmountable? How do you get people to take you seriously when they're predisposed not to, and perhaps have already written you off? Laura Huang has come up against that problem many times--and so has anyone who's ever felt out of place or underestimated. Many of us sit back quietly, hoping that our hard work and effort will speak for itself. Or we try to force ourselves into the mold of who we think is "successful," stifling the creativity and charm that makes us unique and memorable. In *Edge*, Huang offers a different approach. She argues that success is rarely just about the quality of our ideas, credentials, and skills, or our effort. Instead, achieving success hinges on how well we shape others' perceptions--of our strengths, certainly, but also our flaws. It's about creating our own edge by confronting the factors that seem like shortcomings and turning them into assets that make others take notice. Huang draws from her groundbreaking research on entrepreneurial intuition, persuasion, and implicit decision-making, to impart her profound findings and share stories of previously-overlooked Olympians, assistants-turned-executives, and flailing companies that made momentous turnarounds. Through her deeply-researched framework, Huang shows how we can turn

weaknesses into strengths and create an edge in any situation. She explains how an entrepreneur scored a massive investment despite initially being disparaged for his foreign accent, and how a first-time political candidate overcame voters' doubts about his physical disabilities. *Edge* shows that success is about knowing who you are and using that knowledge unapologetically and strategically. This book will teach you how to find your unique edge and keep it sharp.

Rise and Grind - Daymond John 2019-03-26

New York Times bestselling author of *The Power of Broke* and "Shark" on ABC's hit show *Shark Tank* explores how grit, persistence, and good old-fashioned hard work are the backbone of every successful business and individual, and inspires readers to Rise & Grind their way the top. Daymond John knows what it means to push yourself hard--and he also knows how spectacularly a killer work ethic can pay off. As a young man, he founded a modest line of clothing on a \$40 budget by hand-sewing hats between his shifts at Red Lobster. Today, his brand FUBU has over \$6 billion in sales. Convenient though it might be to believe that you can shortcut your way to the top, says John, the truth is that if you want to get and stay ahead, you need to put in the work. You need to out-think, out-hustle, and out-perform everyone around you. You've got to rise and grind every day. In the anticipated follow-up to the bestselling *The Power of Broke*, Daymond takes an up close look at the hard-charging routines and winning secrets of individuals who have risen to the challenges in their lives and grinded their way to the very tops of their fields. Along the way, he also reveals how grit and persistence both helped him overcome the obstacles he has faced in life and ultimately fueled his success.

You Don't Have to Be a Shark - Robert Herjavec
2016-05-17

From bestselling author and Shark Tank star Robert Herjavec comes a business book in which he transcends the business world, helping us all learn the art of persuasion in order to get ahead in our personal and professional lives. A Wall Street Journal Bestseller! Many people assume that effective sales ability demands a unique personality and an aggressive attitude. It's not true, and Robert Herjavec is proof. Known as the "Nice Shark" on the ABC's Emmy Award-winning hit show SHARK TANK, Robert Herjavec is loved by viewers, who respond to his affable nature. He has developed an honest and genuine approach to life and selling that has set him apart from his cut-throat colleagues, and rewarded him with a degree of wealth measured in hundreds of millions of dollars. In You Don't Have to Be a Shark, Robert transcends pure sales technique and teaches "non-business people" what they need to know in order to sell themselves successfully. We are each our own greatest asset, and in order to achieve our goals, we need to be able to communicate with others, position ourselves and even look the part. Robert's philosophy is simple: Great salespeople are made, not born, and no one

achieves success in life without knowing how to sell. Entertaining, enlightening and effective, *You Don't Have to Be a Shark* will reveal the secrets of one of North America's most successful businessmen, who also happens to be one of today's most prominent TV personalities, delivered in a friendly, down-to-earth manner, and filled with anecdotes and observations to support its hard-nosed advice.

Mentor to Millions - Kevin Harrington 2020-09-22

Kevin Harrington, one of the original "sharks" of the TV hit *Shark Tank*, and serial entrepreneur Mark Timm take you on a journey that radically redefines what it means to truly succeed--at work, at home, and in every area of life. On one of the best days of his life as an entrepreneur, Mark Timm found himself sitting in his car at the end of his driveway. In just a minute he would go into the house and greet his wife and children. But as he basked in the success he'd just had, he also had to face a surprising realization: he didn't really want to go home. Mark knew that once he stepped into the happy chaos of his family, the euphoria of the day would evaporate. His work life and his home life might as well have been two different worlds. And at that moment, he acknowledged--as he puts it--that "my businesses were getting my first and my best, while my family got my last and my least." *Mentor to Millions* charts Mark's journey from that pivotal moment to a whole new understanding of how work, life, and relationships can coexist and thrive together. His guide through this journey: his accomplished mentor, Kevin Harrington, one of the original "sharks" from *Shark Tank*, who shares amazing stories and imparts invaluable wisdom about how to win in business and in every area of life. This deeply personal, easy-to-follow book invites you to join

Mark and Kevin on the journey. Every page pulls back the curtain on entrepreneurship at the highest level, revealing priceless business lessons--which lead to the biggest lesson of all: combining the best of business, family, and personal life. If you're succeeding in business, struggling, or just starting out, and want your life at home to be what you've always dreamed it can be, this is the lesson you need to learn: the most valuable business you'll ever own, work for, or be a part of isn't the business you go to every day, it's the one you go home to.

Shark Tales - Barbara Corcoran 2011-02-09

The inspiring true story of *Shark Tank* star Barbara Corcoran--and her best advice for anyone starting a business. After failing at twenty-two jobs, Barbara Corcoran borrowed \$1,000 from a boyfriend, quit her job as a diner waitress, and started a tiny real estate office in New York City. Using the unconventional lessons she learned from her homemaker mom, she gradually built it into a \$6 billion dollar business. Now Barbara's even more famous for the no-nonsense wisdom she offers to entrepreneurs on *Shark Tank*, ABC's hit reality TV show. *Shark Tales* is down-to-earth, frank, and as heartwarming as it is smart. After reading it don't be surprised if you find yourself thinking, "If she can do it, so can I." Nothing would make Barbara happier.

Grow - Jim Stengel 2011-12-27

Ten years of research uncover the secret source of growth and profit ... Those who center their business on improving people's lives have a growth rate triple that of competitors and outperform the market by a huge margin. They dominate their categories, create new categories and maximize profit in the long term. Pulling

from a unique ten year growth study involving 50,000 brands, Jim Stengel shows how the world's 50 best businesses—as diverse as Method, Red Bull, Lindt, Petrobras, Samsung, Discovery Communications, Visa, Zappos, and Innocent—have a cause and effect relationship between financial performance and their ability to connect with fundamental human emotions, hopes, values and greater purposes. In fact, over the 2000s an investment in these companies—“The Stengel 50”—would have been 400 percent more profitable than an investment in the S&P 500. *Grow* is based on unprecedented empirical research, inspired (when Stengel was Global Marketing Officer of Procter & Gamble) by a study of companies growing faster than P&G. After leaving P&G in 2008, Stengel designed a new study, in collaboration with global research firm Millward Brown Optimor. This study tracked the connection over a ten year period between financial performance and customer engagement, loyalty and advocacy. Then, in a further investigation of what goes on in the “black box” of the consumer’s mind, Stengel and his team tapped into neuroscience research to look at customer engagement and measure subconscious attitudes to determine whether the top businesses in the Stengel Study were more associated with higher ideals than were others. *Grow* thus deftly blends timeless truths about human behavior and values into an action framework – how you discover, build, communicate, deliver and evaluate your ideal. Through colorful stories drawn from his fascinating personal experiences and “deep dives” that bring out the true reasons for such successes as the Pampers, HP, Discovery Channel, Jack Daniels and Zappos, *Grow* unlocks the code for twenty-first century business success.

Driven - Robert Herjavec 2010-09-21

Robert Herjavec has lived the classic “rags to riches” story, from having \$20 in his pocket to starting up technology companies worth hundreds of millions of dollars. Now the star of television’s *Dragons’ Den* and *Shark Tank*, this son of Croatian immigrants earned his incredible wealth by overcoming the odds with hard work and determination. On television, Herjavec bankrolls the best inventions and shoots down the best of intentions. Now, he’s sharing his hard-won wisdom in one of the most inspirational business books of recent times. In *Driven*, Herjavec shares the secrets that took him from his job waiting tables to growing his nascent technology company into a world-class conglomerate, The Herjavec Group. Herjavec’s principles are as valuable in the living room as they are in the boardroom. Anyone can succeed, on their own terms, by following his sage but simple advice—if they’re willing to take chances, to take control of their own future and to stay true to their own visions.

The Business Playbook - Chris Ronzio 2021-10-05

Entrepreneur, CEO, or business leader: no matter your title, the success of your company is a responsibility—and weight—that lies squarely on your shoulders. In the beginning, increased control was an asset that bought you peace of mind. But now, without the structure your business needs to thrive, you're overworked, overwhelmed, and unsure of the path ahead. Fortunately, everything that makes your company work can be captured and put to work for you. In *The Business Playbook*, serial entrepreneur Chris Ronzio walks you through his proven framework for building a playbook: the profile of your business, the people who work in it, the policies that guide it, and the processes that operate it. He shows you how to codify your culture and create a living

document that allows you to let go of day-to-day responsibilities and empower your team to run the business without you. If you want to build a company that doesn't rely on you putting in more hours, this book will show you the way.

Power Score - Geoff Smart 2015-06-16

ghSMART, the bestselling team behind Who: The A Method for Hiring, returns with a breakthrough formula for how the best leaders and teams deliver results. "ghSMART is the world's top firm for helping leaders hire talented teams and run them at full power. Nothing is more important."—Marshall Goldsmith, bestselling author of Mojo and What Got You Here Won't Get You There "The most useful book about leadership." That is what we hope you and your team will say after finishing Power Score. Is your team running at full power? Only 10 percent of leaders run their teams at full power. The formula you are about to learn is based on the most extensive

research of its kind, spanning more than 15,000 careers with over 9 million data points. The idea has been battle-tested for more than two decades by leaders in every major industry. It works. Successful leadership starts with three key questions: 1. Priorities—Do we have the right priorities? (Only 24 percent of leaders do.) 2. Who—Do we have the right people on the team? (Only 14 percent of leaders do.) 3. Relationships—Do we have the right relationships that deliver results? (Only 47 percent of leaders do.) Learn how to calculate your team's Power Score, and how to improve each of the three key areas of leadership. Learn what to do, and what not to do, from compelling statistics and inspiring stories of those leaders who have succeeded and those who have failed. You may be surprised how easy it is to read this little book. And you may be even more surprised by how fast this approach will boost your team's results. When you dial up your team's Power Score, you will make a greater impact as a leader, help your team earn more money for your cause (whatever your cause may be), and enjoy greater career success. Praise for Power Score "Shaking distrust out of an organization is hard. But the payoff is immense. Bravo to Smart, Street and Foster for sharing their ideas about how to make that happen."—Forbes "[Power Score] offers insights on improving in each dimension and inspiration. It's written briskly, in a question-and-answer format that keeps ideas clear and concise. The book's a winner and maybe you will be too if you try its approach."—The Globe and Mail "The power score is the secret sauce that gives the group the information needed to fix problems. The authors provide plenty of guidance presented in an accessible Q&A format."—Success "I wouldn't be surprised if Power Score became the new go-to guide for

leadership. Effective teams are key in everything from healthcare to business to government to nonprofits, and this book will help organizations change the conversation about getting results."—Atul Gawande, New York Times bestselling author of *Being Mortal* and *The Checklist Manifesto* "Smart, Street, and Foster have turned more than twenty years of research on leadership into a practical, systematic approach for getting results."—Frederick W. Smith, chairman and chief executive officer of FedEx Corporation "My entire team applied the principles of Power Score and has enjoyed explosive growth as a result. Even better, I am having more fun as a leader than ever before."—Jeff Booth, chief executive officer and founder of BuildDirect
Bee Fearless: Dream Like a Kid - Mikaila Ulmer
2020-08-18

A business memoir from fifteen year-old lemonade entrepreneur and one of TIME Magazine's Top 30 Most Influential Teens, Mikaila Ulmer, and her advice for life and business. When Mikaila Ulmer was four, she was stung by a bee--twice in one week. She was terrified of going outside, so her parents encouraged her to learn more about bees so she wouldn't be afraid. It worked. Mikaila didn't just learn what an important role bees play in our ecosystem, but she also learned bees are endangered, and set out to save them. She started by selling cups of lemonade in front of her house and donating the small proceeds to organizations dedicated to bee conservation. When she realized the more lemonade she sold, the more bees she could help, Me & the Bees Lemonade was born. Now she sells her lemonade across the country. From meetings with Fortune 500 CEOs, to securing a deal on Shark Tank, to even visiting the Obama White House, Mikaila's lemonade and passion for

bee conservation have taken her far. In *Bee Fearless*, part memoir, part business guide, Mikaila--now fifteen-- shares her personal journey and special brand of mindful entrepreneurship and offers helpful tips and guidance for young readers interested in pursuing their own ventures, instilling in them the bee-lief that they can be fearless and achieve their dreams too.

Will it Fly? - Pat Flynn 2016

The Brand Within - Daymond John 2015-06-16

The Brand Within is the second title in "The Shark" Daymond John's bestselling Display of Power Series of business, motivational, and empowerment books aimed at young, would-be entrepreneurs. In this groundbreaking book, Daymond examines the loyalty and relationships which companies and celebrities seek to establish with their customers and fans, along with the identifying marks consumers carry when they buy into a brand or lifestyle. Drawing on his own experiences from the cutting edge of the fashion business--as well as on his hard-won insights developed as a sought-after marketing

consultant to global trendsetters and tastemakers-- Daymond maintains that branding relationships have now seeped into every aspect of our lives, and that in order to survive and thrive in the marketplace, consumers and aspiring professionals need to understand and nurture those relationships

Display of Power - Daymond John 2015-08-04

Daymond John was inexperienced. He was uneducated. With no formal business training to speak of, he was just a hustler from Hollis with a pipedream of making it big. That was all before he turned the world of fashion on its head. And now, more than a decade after FUBU's wildly successful launch, founder and CEO Daymond John is out to tell the story of the FUBU fashion empire. More than just another amazing American success story, *Display of Power* tells how four ordinary guys from Queens, New York, rose from street corners to corner offices and became the greatest trendsetters of our generation. Daymond John lays it all out on the line-- his secrets to success, his triumphs, and his utter failures--to show what it takes to harness and display the power that resides in us all. Part autobiography and part blueprint for success, *Display of Power* is a purely compelling read for anyone who wants something bigger out of life.
