*Shark Girl* - Kelly Bingham 2011-04-26

A teenager struggles through physical loss to the start of acceptance in an absorbing, artful novel at once honest and insightful, wrenching and redemptive. (Age 12 and up) On a sunny day in June, at the beach with her mom and brother, fifteen-year-old Jane Arrowood went for a swim. And then everything -- absolutely everything -- changed. Now she's counting down the days until she returns to school with her fake arm, where she knows kids will whisper, "That's her -- that's Shark Girl," as she passes. In the meantime there are only questions: Why did this happen? Why her? What about her art? What about her life? In this striking first novel, Kelly Bingham uses poems, letters, telephone conversations, and newspaper clippings to look unflinchingly at what it's like to lose part of yourself - and to summon the courage it takes to find yourself again.

**Delia's Shadow** - Jaime Lee Moyer 2013-09-17

"[Jaime] Moyer creates a hauntingly real San Francisco, full of characters you can't wait to get to know better. Delia's Shadow is an engaging debut novel, one that cost

me a good night's sleep." –Jim C. Hines, author of *Libriomancer* It is the dawn of a new century in San Francisco and Delia Martin is a wealthy young woman whose life appears ideal. But a dark secret colors her life, for Delia's most loyal companions are ghosts, as she has been gifted (or some would say cursed) with an ability to peer across to the other side. Since the great quake rocked her city in 1906, Delia has been haunted by an avalanche of the dead clamoring for her help. Delia flees to the other side of the continent, hoping to gain some peace. After several years in New York, Delia believes she is free...until one determined specter appears and she realizes that she must return to the City by the Bay in order to put this tortured soul to rest. It will not be easy, as the ghost is only one of the many victims of a serial killer who was never caught. A killer who after thirty years is killing again. And who is now aware of Delia's existence. *Language Activism* - Haley De Korne 2021-08-02

While top-down policies and declarations have yet to establish equal status and opportunities for speakers of all languages in practice, activists and advocates at local levels are playing an increasingly significant role in the creation of new social imaginaries and practices in multilingual contexts. This volume describes how social actors across multiple domains contribute to the elusive goal of linguistic equality or justice through their language activism practices. Through an ethnographic account of Indigenous Isthmus Zapotec language activism in Oaxaca, Mexico, this study illuminates the (sometimes conflicting) imaginaries of what positive social change is and how it should be achieved, and the repertoire of strategies through which these imaginaries are being pursued. Ethnographic and action research conducted from 2013-2018 in the multilingual Isthmus of Tehuantepec brings to light the experiences of educators, students, writers, scholars and diverse cultural activists whose aspirations and strategies of social change are significant in shaping the future language ecology. Their repertoire of strategies may inform and encourage language activists,

scholars, and educators working for change in other contexts of linguistic diversity and inequality.

*Murder at the Sleepy Lagoon* - Eduardo Obregón Pagán 2004-07-21

The notorious 1942 "Sleepy Lagoon" murder trial in Los Angeles concluded with the conviction of seventeen young Mexican American men for the alleged gang slaying of fellow youth Jose Diaz. Just five months later, the so-called Zoot Suit Riot erupted, as white soldiers in the city attacked minority youths and burned their distinctive zoot suits. Eduardo Obregon Pagan here provides the first comprehensive social history of both the trial and the riot and argues that they resulted from a volatile mix of racial and social tensions that had long been simmering. In reconstructing the lives of the murder victim and those accused of the crime, Pagan contends that neither the convictions (which were based on little hard evidence) nor the ensuing riot arose simply from anti-Mexican sentiment. He demonstrates instead that a variety of pre-existing stresses, including demographic pressures, anxiety about nascent youth culture, and the war effort all contributed to the social tension and the eruption of violence. Moreover, he recovers a multidimensional picture of Los Angeles during World War II that incorporates the complex intersections of music, fashion, violence, race relations, and neighborhood activism. Drawing upon overlooked evidence, Pagan concludes by reconstructing the murder scene and proposes a compelling theory about what really happened the night of the murder.

**Lipstick Jihad** - Azadeh Moaveni 2007-03-31

As far back as she can remember, Azadeh Moaveni has felt at odds with her tangled identity as an Iranian-American. In suburban America, Azadeh lived in two

worlds. At home, she was the daughter of the Iranian exile community, serving tea, clinging to tradition, and dreaming of Tehran. Outside, she was a California girl who practiced yoga and listened to Madonna. For years, she ignored the tense standoff between her two cultures. But college magnified the clash between Iran and America, and after graduating, she moved to Iran as a journalist. This is the story of her search for identity, between two cultures cleaved apart by a violent history. It is also the story of Iran, a restive land lost in the twilight of its revolution. Moaveni's homecoming falls in the heady days of the country's reform movement, when young people demonstrated in the streets and shouted for the Islamic regime to end. In these tumultuous times, she struggles to build a life in a dark country, wholly unlike the luminous, saffron and turquoise-tinted Iran of her imagination. As she leads us through the drug-soaked, underground parties of Tehran, into the hedonistic lives of young people desperate for change, Moaveni paints a rare portrait of Iran's rebellious next generation. The landscape of her Tehran – ski slopes, fashion shows, malls and cafes – is populated by a cast of young people whose exuberance and despair brings the modern reality of Iran to vivid life.

**Talking Book Topics** - 2014-05

**Cloaked** - Alex Flinn 2011-02-01

I'm not your average hero. I actually wasn't your average anything. Just a poor guy working an after-school job at a South Beach shoe repair shop to help his mom make ends meet. But a little magic changed it all. It all started with a curse. And a frog kidnapping. And one hot-looking princess, who asked me to lead a rescue mission. There wasn't a fairy godmother or any of that.

And even though I fell in love along the way, what happened to me is unlike any fairy tale I've ever heard. Before I knew it, I was spying with a flock of enchanted swans, talking (yes, talking!) to a fox named Todd, and nearly trampled by giants in the Everglades. Don't believe me? I didn't believe it either. But you'll see. Because I knew it all was true, the second I got cloaked.

**The Heat of the Sun** - David Rain 2012-11-13

An exuberant debut that sweeps across the twentieth century—beginning where one world-famous love story left off to introduce us to another With Sophie Tucker belting from his hand-crank phonograph and a circle of boarding-school admirers laughing uproariously around him, Ben "Trouble" Pinkerton first appears to us through the amazed eyes of his Blaze Academy schoolmate, the crippled orphan Woodley Sharpless. Soon Woodley finds his life inextricably linked with this strange boy's.

The son of Lieutenant Benjamin Pinkerton and the geisha Madame Butterfly, Trouble is raised in the United States by Pinkerton (now a Democrat senator) and his American wife, Kate. From early in life, Trouble finds himself at the center of some of the biggest events of the century—and though over time Woodley's and Trouble's paths diverge, their lives collide again to dramatic effect. From Greenwich Village in the Roaring Twenties, to WPA labor during the Great Depression; from secret work at Los Alamos, New Mexico, to a revelation on a Nagasaki hillside by the sea—Woodley observes firsthand the highs and lows of the twentieth century and witnesses, too, the extraordinary destiny of the Pinkerton family. David Rain's *The Heat of the Sun* is a high-wire act of sustained invention—as playful as it is ambitious, as moving as it is theatrical, and as historically resonant as it is evocative of the powerful bonds of friendship and of love.
