The Catholic School - Edoardo Albinati 2019-08-13

A semiautobiographical coming-of-age story, framed by the harrowing 1975 Circeo massacre Edoardo Albinati's *The Catholic School*, the winner of Italy's most prestigious award, The Strega Prize, is a powerful investigation of the heart and soul of contemporary Italy. Three well-off young men—former students at Rome's prestigious all-boys Catholic high school San Leone Magno—brutally tortured, raped, and murdered two young women in 1975. The event, which came to be known as the Circeo massacre, shocked and captivated the country, exposing the violence and dark underbelly of the upper middle class at a moment when the traditional structures of family and religion were seen as under threat. It is this environment, the halls of San Leone Magno in the late 1960s and the 1970s, that Edoardo Albinati takes as his subject. His experience at the school, reflections on his adolescence, and thoughts on the forces that produced contemporary Italy are painstakingly and thoughtfully rendered, producing a remarkable blend of memoir, coming-of-age novel, and true-crime story. Along with indelible portraits of his teachers and fellow classmates—the charming Arbus, the literature teacher Cosmos,

and his only Fascist friend, Max—Albinati also gives us his nuanced reflections on the legacy of abuse, the Italian bourgeoisie, and the relationship between sex, violence, and masculinity.

An Ideal Presence - Eduardo Berti 2021-09-07

In 2015, Eduardo Berti spent several weeks in residence at the University Hospital Centre in Rouen, France, observing and conversing with the staff of its palliative care department. From that experience he created this series of lightly fictionalized testimonials from nurses, nursing aides, doctors, administrators, social workers, volunteers, and the other people who make the unit tick. The result is a distinctly intimate and often poignant portrait of sickness and care, an unflinching look at death through the eyes of the people who work with it every day - but also a profound reflection on what it means to be alive.

Birchwood - John Banville 2009-06-03

An early classic from the Man Booker-prize winning author of *The Sea*. I am therefore I think. So starts John Banville's 1973 novel *Birchwood*, a novel that centers around Gabriel Godkin and his return to his dilapidated family estate. After years away, Gabriel returns to a house

filled with memories and despair. Delving deep into family secrets—a cold father, a tortured mother, an insane grandmother—Gabriel also recalls his first encounters with love and loss. At once a novel of a family, of isolation, and of a blighted Ireland, *Birchwood* is a remarkable and complex story about the end of innocence for one boy and his country, told in the brilliantly styled prose of one of our most essential writers.

Medieval Conduct - Kathleen M. Ashley 2001

Focusing on a broad range of texts from England, France, Germany, and Italy -- conduct and courtesy books, advice poems, devotional literature, trial records -- the contributors to *Medieval Conduct* draw attention to the diverse ways in which readers of this literature could interpret such behavioral guides, appropriating them to their own ends. *Medieval Conduct* expands the concept of conduct to include historicized practices, and theorizes the connection between texts and their concrete social uses; what emerges is a nuanced interpretation of the role of gender and class inscribed in such texts. By bringing to light these subtleties and complexities, the authors also reveal the ways in which the assumptions of literary history have shaped our reception of such texts in the past two centuries.

De Rerum Natura III - Titus Carus Lucretius 1997

Lucretius' poem, for which Epicurean philosophy provided the inspiration, attempts to explain the nature of the universe and its processes with the object of freeing mankind from religious fears. The third book not only seeks to demonstrate that, since the soul is mortal, there can be no after-life, but also aims to reconcile the reader to the prospect of the end of his consciousness. This edition incorporates a new text and prose translation and is designed to set the book in the context of the whole poem and of the Epicurean philosophical system, to explain and elucidate its argument, and at the same time to analyse some of the literary and artistic features which contribute to Lucretius' poetic achievement and stature. Latin text with facing page translation.

Cecilia Valdés or El Angel Hill - Cirilo Villaverde 2005-09-29

Cecilia Valdés is arguably the most important novel of 19th century Cuba. Originally published in New York City in 1882, Cirilo Villaverde's

novel has fascinated readers inside and outside Cuba since the late 19th century. In this new English translation, a vast landscape emerges of the moral, political, and sexual depravity caused by slavery and colonialism. Set in the Havana of the 1830s, the novel introduces us to Cecilia, a beautiful light-skinned mulatta, who is being pursued by the son of a Spanish slave trader, named Leonardo. Unbeknownst to the two, they are the children of the same father. Eventually Cecilia gives in to Leonardo's advances; she becomes pregnant and gives birth to a baby girl. When Leonardo, who gets bored with Cecilia after a while, agrees to marry a white upper class woman, Cecilia vows revenge. A mulatto friend and suitor of hers kills Leonardo, and Cecilia is thrown into prison as an accessory to the crime. For the contemporary reader Helen Lane's masterful translation of *Cecilia Valdés* opens a new window into the intricate problems of race relations in Cuba and the Caribbean. There are the elite social circles of European and New World Whites, the rich culture of the free people of color, the class to which Cecilia herself belonged, and then the slaves, divided among themselves between those who were born in Africa and those who were born in the New World, and those who worked on the sugar plantation and those who worked in the households of the rich people in Havana. Cecilia Valdés thus presents a vast portrait of sexual, social, and racial oppression, and the lived experience of Spanish colonialism in Cuba.

Rabinal Achi - International Society for Scientometrics and Informetrics 2007

The *Rabinal Achi*, one of the most remarkable works of Mayan literature, dates back to the 1400s. The drama is set in the Guatemalan highlands in the second half of the fifteenth century. In an exemplary trial that takes place in Kajjub, the capital of the Rabinalab at that time, a captured enemy warrior (Quiché Achi) appears before the royal court. A series of combative dialogues pits the offending warrior against the local warrior (Rabinal Achi) and the king (Job Toj), reconstructing the deeds of those involved and retracing the antagonistic history of these two Mayan groups, the Quiché and the Rabinalab. Alain Breton approaches the text from an anthropological and ethnographical perspective, demonstrating

that this indigenous text reenacts pre-Columbian historic paradigms. Breton translated into French an entirely new transcription of the original text, and Teresa Lavender Fagan and Robert Schneider translated the text into English. Both the transcription and the translation are accompanied by detailed commentary and a glossary.

La Memoria De Los Seres Perdidos - Sierra I. Fabra

Revulsion: Thomas Bernhard in San Salvador - Horacio Castellanos Moya 2016-07-26

The 1997 novel that put Horacio Castellanos Moya on the map, now published for the first time in English. An expatriate professor, Vega, returns from exile in Canada to El Salvador for his mother's funeral. A sensitive idealist and an aggrieved motor mouth, he sits at a bar with the author, Castellanos Moya, from five to seven in the evening, telling his tale and ranting against everything his country has to offer. Written in a single paragraph and alive with a fury as astringent as the wrath of Thomas Bernhard, *Revulsion* was first published in 1997 and earned its author death threats. Roberto Bolaño called *Revulsion* Castellanos Moya's darkest book and perhaps his best: "A parody of certain works by Bernhard and the kind of book that makes you laugh out loud."

Alive - Piers Paul Read 2016-10-11

The #1 New York Times bestseller and the true story behind the film: A rugby team resorts to the unthinkable after a plane crash in the Andes. Spirits were high when the Fairchild F-227 took off from Mendoza, Argentina, and headed for Santiago, Chile. On board were forty-five people, including an amateur rugby team from Uruguay and their friends and family. The skies were clear that Friday, October 13, 1972, and at 3:30 p.m., the Fairchild's pilot reported their altitude at 15,000 feet. But one minute later, the Santiago control tower lost all contact with the aircraft. For eight days, Chileans, Uruguayans, and Argentinians searched for it, but snowfall in the Andes had been heavy, and the odds of locating any wreckage were slim. Ten weeks later, a Chilean peasant in a remote valley noticed two haggard men desperately gesticulating to him from across a river. He threw them a pen and paper, and the note they tossed back read: "I come from a plane that fell in the mountains . . ." Sixteen of the original forty-five passengers on the F-227 survived its horrific crash. In the remote glacial wilderness, they camped in the plane's fuselage, where they faced freezing temperatures, life-threatening injuries, an avalanche, and imminent starvation. As their meager food supplies ran out, and after they heard on a patched-together radio that the search parties had been called off, it seemed like all hope was lost. To save their own lives, these men and women not only had to keep their faith, they had to make an impossible decision: Should they eat the flesh of their dead friends? A remarkable story of endurance and determination, friendship and the human spirit, *Alive* is the dramatic

bestselling account of one of the most harrowing quests for survival in modern times.

That Winter - Pamela Gillilan 1986

Pamela Gillilan was born in London in 1918, married in 1948 and moved to Cornwall in 1951. When she sat down to write her poem *Come Away* after the death of her husband David, she had written no poems for a quarter of a century. Then came a sequence of incredibly moving elegies. Other poems followed, and two years after starting to write again, she won the Cheltenham Festival poetry competition. Her first collection *That Winter* (Bloodaxe, 1986) was shortlisted for the Commonwealth Poetry Prize.

The Girl with the Leica - Helena Janeczek 2019-10-08

The life of a female war photographer killed in action is told by three of her friends in this biographical novel by the author of *Bloody Cow*. Gerda Taro was a German-Jewish war photographer, anti-fascist activist, artist, and innovator who, together with her partner, the Hungarian Endre Friedmann, was one half of the alias Robert Capa, widely considered to be the twentieth century's greatest war and political photographer. She was killed while documenting the Spanish Civil War and tragically became the first female photojournalist to be killed on a battlefield. August 1, 1937, Paris. Taro's twenty-seventh birthday, and her funeral. Friedmann leads the procession. He is devastated, but there are others, equally bereft, with him: Ruth Cerf, Taro's old friend from Leipzig with whom she fled to Paris; Willy Chardack, ex-lover; Georg Kuritzkes, another lover and a key figure in the International Brigades. They have all known a different Gerda, and one who is at times radically at odds with the heroic anti-fascist figure being mourned by the multitudes . . . Another character in the novel is the era itself, the 1930s, with economic depression, the rise of Nazism, hostility towards refugees in France, the

century's ideological warfare, the cultural ferment, and the ascendancy of photography as the age's quintessential art form. Winner of the Strega Prize, *The Girl with the Leica* is a must-read for fans of historical fiction centered on extraordinary women's lives. "A biography, a feminist parable, a declaration of love for photography, and a tableau of the 1930s: *The Girl with the Leica* is all this at once." —*Il Sole 24 Ore* (Italy) "Janeczek creatively and seamlessly spotlights war photographer Gerda Pohorylle." —*Publishers Weekly*

Tierra Del Fuego - Sylvia Iparraguirre 2000

Tierra del Fuego is a suspenseful seafaring tale in the tradition of Horatio Hornblower, enriched by a chilling psychological and cultural tale that probes deeply into human nature - one reminiscent of *Heart of Darkness* or *Lord of the Flies*. It is based on the true story of the Yamana Indian, Jemmy Button, parts of which are recorded in Chapter 10 of Charles Darwin's *The Voyage of the Beagle*. This novel explores Captain Robert Fitzroy's abduction of Jemmy Button from his home in Cape Horn and Fitzroy's attempt to "civilize" Button in England in order to return him to his country as a bearer of "enlightened society." The experiment leads to tragic consequences. *Tierra del Fuego* deals with European arrogance and exploitation without resorting to the cliché of the "Noble Savage." The tale is told from the point of view of John William Guevera, an "outsider" with an English father and Argentinean mother. Guevera, living between those two worlds, is one of the few characters in the novel who can foresee the tragic consequences of the "experiment" and who can best understand Jemmy Button and the political machinery behind the curtain of "civilized society."

A heartfelt, humorous story of a teen boy's impulsive road trip after the shock of his lifetime—told entirely in lists! Darren hasn't had an easy year. There was his parents' divorce, which just so happened to come at the same time his older brother Nate left for college and his longtime best friend moved away. And of course there's the whole not having a girlfriend thing. Then one Thursday morning Darren's dad shows up at his house at 6 a.m. with a glazed chocolate doughnut and a revelation that turns Darren's world inside out. In full freakout mode, Darren, in a totally un-Darren move, ditches school to go visit Nate. Barely twenty-four hours at Nate's school makes everything much better or much worse—Darren has no idea. It might somehow be both. All he knows for sure is that in addition to trying to figure out why none of his family members are who they used to be, he's now obsessed with a strangely amazing girl who showed up out of nowhere but then totally disappeared. Told entirely in lists, Todd Hasak-Lowy's debut YA novel perfectly captures why having anything to do with anyone, including yourself, is: 1. painful 2. unavoidable 3. ridiculously complicated 4. possibly, hopefully the right thing after all.

Privacy, Domesticity, and Women in Early Modern England -

Corinne S. Abate 2017-05-15

The ten essays in this collection explore the discrete yet overlapping female spaces of privacy and domesticity in early modern England. While other literary critics have focused their studies of female privacy on widows, witches, female recusants and criminals, the contributors to this collection propose that the early modern subculture of femaleness is more expansive and formative than is typically understood. They maintain that the subculture includes segregated, sometimes secluded, domestic places for primarily female activities like nursing, sewing, cooking, and caring for children and the sick. It also includes hidden psychological realms of privacy, organized by women's personal habits, around intimate friendships or kinship, and behind institutional powerlessness. The texts discussed in the volume include plays not only by Shakespeare but also Ford, Wroth, Marvell, Spenser and Cavendish, among others. Through the lens of literature, contributors consider the unstructured, fluid quality of much everyday female experience as well as the dimensions, symbols, and the ever-changing politics and culture of the household. They analyze the complex habits of female settings-the verbal, spatial, and affective strategies of early-modern women's culture, including private rituals, domestic practices, and erotic attachments-in order to provide a broader picture of female culture and of female authority. The authors argue-through a range of critical approaches that include feminist, historical, and psychoanalytic-that early modern women often transformed their confinement into something useful and necessary, creating protected and even sacred spaces with their own

symbols and aesthetic.

Art - Auguste Rodin 1912

Theory of Restoration - Cesare Brandi 2005

Works and Lives - Clifford Geertz 1988

The illusion that ethnography is a matter of sorting strange and irregular facts into familiar and orderly categories—this is magic, that is technology—has long since been exploded. What it is instead, however, is less clear. That it might be a kind of writing, putting things to paper, has now and then occurred to those engaged in producing it, consuming it, or both. But the examination of it as such has been impeded by several considerations, none of them very reasonable. One of these, especially weighty among the producers, has been simply that it is an unanthropological sort of thing to do. What a proper ethnographer ought properly to be doing is going out to places, coming back with information about how people live there, and making that information available to the professional community in practical form, not lounging about in libraries reflecting on literary questions. Excessive concern, which in practice usually means any concern at all, with how ethnographic texts are constructed seems like an unhealthy self-absorption—time wasting at best, hypochondriacal at worst. The advantage of shifting at least part of our attention from the fascinations of field work, which have held us so long in thrall, to those of writing is not only that this difficulty will become more clearly understood, but also that we shall learn to read with a more percipient eye. A hundred and fifteen years (if we date our profession, as conventionally, from Tylor) of asseverational prose and literary innocence is long enough.

Interdisciplinary Research : Case Studies from Health and Social Science - Frank Kessel 2008-03-11

Interdisciplinary research now receives a great deal of attention because of the rich, creative contributions it often generates. But a host of factors--institutional, interpersonal and intellectual--also make a daunting challenge of conducting research outside one's usual domain. This newly updated and revised edition of *Interdisciplinary Research* is a substantive and practical guide to the most effective avenues for collaborative and integrative research in the social, behavioral, and bio-medical sciences. It provides answers to questions such as what is the best way to conduct interdisciplinary research on topics related to human health, behavior, and development? Which are the most successful interdisciplinary research programs in these areas? How do you identify appropriate collaborators? How do you find dedicated funding streams? How do you overcome peer-review and publishing challenges? This is the only book that provides answers directly from researchers who have carried out successful interdisciplinary programs. The editors give a concise account of the lessons that can be taken from the book, and then present a series of case studies that reveal the most successful interdisciplinary research programs. These programs provide a variety of models of how best to undertake interdisciplinary research. Each of the chapter authors has carried out innovative, collaborative programs, and all give compelling accounts of the benefits of interdisciplinary research and the central strategies required to achieve them.

The Revolt from the Village, 1915-1930 - Anthony Channell Hilfer 2018-08-25

This incisive book traces the attack on American provincialism that ended the myth of the Happy Village. Replacing the idyllic life as a theme, American writers in revolt turned to a more realistic interpretation of the town, stressing its repressiveness, dullness, and conformity. This book analyzes the literary technique employed by these writers and explores their sensibilities to evaluate both their artistic accomplishments and their contributions to American thought and feeling. Originally published 1969. A UNC Press Enduring Edition -- UNC Press Enduring Editions use the latest in digital technology to make

available again books from our distinguished backlist that were previously out of print. These editions are published unaltered from the original, and are presented in affordable paperback formats, bringing readers both historical and cultural value.

The Magic of the State - Michael Taussig 2013-10-18

Set in the enchanted mountain of a spirit-queen presiding over an unnamed, postcolonial country, this ethnographic work of ficto-criticism recreates in written form the shrines by which the dead--notably the fetishized forms of Europe's Others, Indians and Blacks--generate the magical powers of the modern state.
