Oblivion - Héctor Abad 2012-04-24

Oblivion is a heartbreaking, exquisitely written memorial to the author's father, Héctor Abad Gómez, whose criticism of the Colombian regime led to his murder by paramilitaries in 1987. Twenty years in the writing, it paints an unforgettable picture of a man who followed his conscience and

paid for it with his life during one of the darkest periods in Latin America's recent history.

Shibumi - Trevanian 2005-05-10

A classic spy novel from the bestselling author, Trevanian, about a westerner raised in Japan who becomes one of the world's most accomplished assassins. Nicholai Hel is the world's most wanted man. Born in Shanghai during the chaos of World War I, he is the son of an aristocratic Russian mother and a mysterious German father and is the protégé of a Japanese Go master. Hel survived the destruction of Hiroshima to emerge as the world's most artful lover and its most accomplished—and well-paid—assassin. Hel is a genius, a mystic, and a master of language and culture, and his secret is his determination to attain a rare kind of personal excellence, a state of effortless perfection known only as shibumi. Now living in an isolated mountain fortress with his exquisite mistress, Hel is unwillingly drawn back into the life he'd tried to leave behind when a beautiful young stranger arrives at his door, seeking help and refuge. It soon becomes clear that Hel is being tracked by his most sinister enemy—a supermonolith of international espionage known only as the Mother Company. The battle lines are drawn: ruthless power and corruption on one side, and on the other . . . shibumi.

The 50th Law - 50 Cent 2010-07-09

'My favourite book' Tinchy Stryder BA Business Life Book of the Month The

ultimate hustle is to move freely between the street and corporate worlds, to find your flow and never stay locked in the same position. This is a manifesto for how to operate in the twenty-first century, where everything has been turned on its head. Building on the runaway success of Robert Greene's *The 48 Laws of Power* (almost five million copies sold), the 'modern Machiavelli' teams up with rapper 50 Cent to show how the power game of success can be played to your advantage. Drawing on the lore of gangsters, hustlers, and hip-hop artists, as well as 50 Cent's business and artistic dealings, the authors present the 'Laws of 50', revealing how to become a master strategist and supreme realist. Success comes from seeking an advantage in each and every encounter, and The 50th Law offers indispensable advice on how to win in business - and in life.

The Invention of Monolingualism - David Gramling 2016-10-06

Winner of the 2018 Book Award awarded by the American Association for Applied Linguistics *The Invention of Monolingualism* harnesses literary studies, applied linguistics, translation studies, and cultural studies to offer a groundbreaking investigation of monolingualism. After briefly describing what "monolingual" means in scholarship and public discourse, and the pejorative effects this common use may have on non-elite and cosmopolitan populations alike, David Gramling sets out to discover a new conception of monolingualism. Along the way, he explores how writers—Turkish, Latin-American, German, and English-language—have in recent decades confronted monolingualism in their texts, and how they have critiqued the World Literature industry's increasing hunger for "translatable" novels.

Conversation in the Cathedral - Mario Vargas Llosa 2005-02-01

A Haunting tale of power, corruption, and the complex search for identity Conversation in The Cathedral takes place in 1950s Peru during the dictatorship of Manuel A. Odría. Over beers and a sea of freely spoken words, the conversation flows between two individuals, Santiago and Ambrosia, who talk of their tormented lives and of the overall degradation and frustration that has slowly taken over their town. Through a complicated web of secrets and historical references, Mario Vargas Llosa analyzes the mental and moral mechanisms that govern power and the people behind it. More than a historic analysis, Conversation in The Cathedral is a groundbreaking novel that tackles identity as well as the role of a citizen and how a lack of personal freedom can forever scar a people and a nation.

Lineages of the Absolutist State - Perry Anderson 2013-03-12

Forty years after its original publication, Lineages of the Absolutist State remains an exemplary achievement in comparative history. Picking up from where its companion volume, Passages from Antiquity to Feudalism, left off, Lineages traces the development of Absolutist states in the early modern period from their roots in European feudalism, and assesses their various trajectories. Why didn't Italy develop into an Absolutist state in the same, indigenous way as the other dominant Western countries,

namely Spain, France and England? On the other hand, how did Eastern European countries develop into Absolutist states similar to those of the West, when their social conditions diverged so drastically? Reflecting on examples in Islamic and East Asian history, as well as the Ottoman Empire, Anderson concludes by elucidating the particular role of European development within universal history.

Heroes - Franco "Bifo" Berardi 2015-02-03

What is the relationship between capitalism and mental health? In his most unsettling book to date, Franco "Bifo" Berardi embarks on an exhilarating journey through philosophy, psychoanalysis and current events, searching for the social roots of the mental malaise of our age. Spanning an array of horrors – the Aurora "Joker" killer; Anders Breivik; American school massacres; the suicide epidemic in Korea and Japan; and the recent spate of "austerity" suicides in Europe – Heroes dares to explore the darkest shadow cast by the contemporary obsession with relentless competition and hyper-connectivity. In a volume that crowns four decades of radical intellectual work, Berardi develops the psychoanalytical insights of his friend Félix Guattari and proposes dystopian irony as a strategy to disentangle ourselves from the deadly embrace of absolute capitalism.

Life in the Argentine Republic in the Days of the Tyrants - Domingo Faustino Sarmiento 1868

The Antichrist - Friedrich Nietzsche 2014-12-01

The Antichrist (German: Der Antichrist) is a book by the philosopher Friedrich Nietzsche, originally published in 1895. Although it was written in 1888, its controversial content made Franz Overbeck and Heinrich Köselitz delay its publication, along with Ecce Homo. The German title can be translated into English as both "The Anti-Christ" and "The Anti-Christian".

The Dialogue in Hell Between Machiavelli and Montesquieu - Maurice Joly 2003

Joly's (1831-78) Dialogue aux enfers entre Machiavel et Montesquieu is the major source of one of the world's most infamous and damaging

forgeries, The Protocols of the Elders of Zion. That, however, was concocted some two decades after he died, and American political scientist Waggoner points to Joly's own text for evidence that he was not anti-semitic and was an intransigent enemy of the kind of tyranny the forgery served during the 1930s. He translates the text and discusses Joly's intentions in writing it and his contribution to the understanding of modern politics. The Promise of Politics - Hannah Arendt 2009-01-16

After the publication of *The Origins of Totalitarianism* in 1951, Hannah Arendt undertook an investigation of Marxism, a subject that she had deliberately left out of her earlier work. Her inquiry into Marx's philosophy led her to a critical examination of the entire tradition of Western political thought, from its origins in Plato and Aristotle to its culmination and conclusion in Marx. *The Promise of Politics* tells how Arendt came to understand the failure of that tradition to account for human action. From the time that Socrates was condemned to death by his fellow citizens, Arendt finds that philosophers have followed Plato in constructing political theories at the expense of political experiences, including the pre-philosophic Greek experience of beginning, the Roman experience of founding, and the Christian experience of forgiving. It is a fascinating, subtle, and original story, which bridges Arendt's work from *The Origins of Totalitarianism* to *The Human Condition*, published in 1958. These writings, which deal with the conflict between philosophy and politics, have never before been gathered and published. The final and longer section of *The Promise of Politics*, titled "Introduction into Politics," was written in German and is published here for the first time in English. This remarkable meditation on the modern prejudice against politics asks whether politics has any meaning at all anymore. Although written in the latter half of the 1950s, what Arendt says about the relation of politics to human freedom could hardly have greater relevance for our own time. When politics is considered as a means to an end that lies outside of itself, when force is used to "create" freedom, political principles vanish

from the face of the earth. For Arendt, politics has no "end"; instead, it has at times been-and perhaps can be again-the never-ending endeavor of the great plurality of human beings to live together and share the earth in mutually guaranteed freedom. That is the promise of politics.

Narcoland - Anabel Hernandez 2013-09-10

The product of five years' investigative reporting, the subject of intense national controversy, and the source of death threats that forced the National Human Rights Commission to assign two full-time bodyguards to its author, Anabel Hernández, *Narcoland* has been a publishing and political sensation in Mexico. The definitive history of the drug cartels, *Narcoland* takes readers to the front lines of the "war on drugs," which has so far cost more than 60,000 lives in just six years. Hernández explains in riveting detail how Mexico became a base for the mega-cartels of Latin America and one of the most violent places on the planet. At every turn, Hernández names names - not just the narcos, but also the politicians, functionaries, judges and entrepreneurs who have collaborated with them. In doing so, she reveals the mind-boggling depth of corruption in Mexico's government and business elite. Hernández became a journalist after her father was kidnapped and killed and the police refused to investigate without a bribe. She gained national prominence in 2001 with her exposure of excess and misconduct at the presidential palace, and previous books have focused on criminality at the summit of power, under presidents Vicente Fox and Felipe Calderón. In awarding Hernández the 2012 Golden Pen of Freedom, the World Association of Newspapers and News Publishers noted, "Mexico has become one of the most dangerous countries in the world for journalists, with violence and impunity remaining major challenges in terms of press freedom. In making this award, we recognize the strong stance Ms. Hernández has taken, at great personal risk, against drug cartels."

On Conspiracies - Niccolo Machiavelli 2013-10-31

Machiavelli is one of the most famous strategists of all time. In this collection he discusses the dangers of conspiracies, and the component parts of an army, vital for gaining and holding power in his day. He also gives advice on tactics and discipline, and explains why promises made

under force ought not to be kept. GREAT IDEAS. Throughout history, some books have changed the world. They have transformed the way we see ourselves - and each other. They have inspired debate, dissent, war and revolution. They have enlightened, outraged, provoked and comforted. They have enriched lives - and destroyed them. Now Penguin brings you the works of the great thinkers, pioneers, radicals and visionaries whose ideas shook civilization and helped make us who we are.

[The Social Contract](#) - Jean-Jacques Rousseau 2017-07-31

In *The Social Contract*, Rousseau wrote one of the most influential studies ever made. It is as relevant today as when it was first published more than 250 years ago. Political society, Rousseau argued, required each individual to submit their personal desires to the 'general will'. At the same time, there was no 'divine right' of the monarchy to allow them to act as they pleased. Therefore, there must be a social contract between governor and governed - the only truly legitimate form of government. Rousseau's ideas influenced both the French and American Revolutions and created the foundations of the liberal democratic societies we live in today.

The Strange Case Of Dr. Jekyll And Mr. Hyde - Robert Louis Stevenson 2022-10-19

"The Strange Case of Dr. Jekyll and Mr. Hyde" Stevenson's famous exploration of humanity's basest capacity for evil, has become synonymous with the idea of a split personality. More than a moral tale, this dark psychological fantasy is also a product of its time, drawing on contemporary theories of class, evolution, criminality, and secret lives. Also in this volume are "The Body Snatcher," which charts the murky underside of Victorian medical practice, and "Olalla," a tale of vampirism and "The Beast Within" which features a beautiful woman at its center.

Night and Day - Virginia Woolf 2004-09

Katherine Hilbery, torn between past and present, is a figure reflecting Woolf's own struggle with history. Both have illustrious literary ancestors: in Katherine's case, her poet grandfather, and in Woolf's, her father Leslie Stephen, writer, philosopher, and editor. Both desire to break away from the demands of the previous generation without disowning it altogether.

Katherine must decide whether or not she loves the iconoclastic Ralph Denham; Woolf seeks a way of experimenting with the novel for that still allows her to express her affection for the literature of the past. This is the most traditional of Woolf's novels, yet even here we can see her beginning to break free; in this, her second novel, with its strange mixture of comedy and high seriousness, Woolf had already found her own characteristic voice.

[The Enchiridion](#) - Epictetus 2015-12-23

The *Enchiridion* or *Manual of Epictetus* is a short manual of Stoic ethical advice from the 2nd-century Greek Stoic philosopher Epictetus. The focus is on applying philosophy in daily life. The primary theme is that one should accept what happens. The *Enchiridion*, along with the *Meditations* of Marcus Aurelius and Seneca's *Letters From A Stoic*, is one of three key texts from which the modern world knows Stoicism.

[The Prince](#) - Niccolò Machiavelli 2016-03-15

The *Prince* by Niccolò Machiavelli from Coterie Classics All Coterie Classics have been formatted for ereaders and devices and include a bonus link to the free audio book. "The first method for estimating the intelligence of a ruler is to look at the men he has around him." — Niccolò Machiavelli, *The Prince* Machiavelli's *The Prince* was a battle for obtaining and maintaining power in 14th century Italy but it is surprisingly relevant to the understanding of business, politics and the nature of society.

[The Count of Monte Cristo](#) - Alexandre Dumas 1926

On the 24th of February, 1815, the look-out at Notre-Dame de la Garde signalled the three-master, the Pharaon from Smyrna, Trieste, and Naples. As usual, a pilot put off immediately, and rounding the Chateau d'If, got on board the vessel between Cape Morgion and Rion island. Immediately, and according to custom, the ramparts of Fort Saint-Jean were covered with spectators; it is always an event at Marseilles for a ship to come into port, especially when this ship, like the Pharaon, has been built, rigged, and laden at the old Phocée docks, and belongs to an owner of the city. The ship drew on and had safely passed the strait, which some volcanic shock has made between the Calasareigne and Jaros islands; had doubled Pomegue, and approached the harbor under topsails, jib, and spanker, but

so slowly and sedately that the idlers, with that instinct which is the forerunner of evil, asked one another what misfortune could have happened on board. However, those experienced in navigation saw plainly that if any accident had occurred, it was not to the vessel herself, for she bore down with all the evidence of being skilfully handled, the anchor a-cockbill, the jib-boom guys already eased off, and standing by the side of the pilot, who was steering the Pharaon towards the narrow entrance of the inner port, was a young man, who, with activity and vigilant eye, watched every motion of the ship, and repeated each direction of the pilot. The vague disquietude which prevailed among the spectators had so much affected one of the crowd that he did not await the arrival of the vessel in harbor, but jumping into a small skiff, desired to be pulled alongside the Pharaon, which he reached as she rounded into La Reserve basin. When the young man on board saw this person approach, he left his station by the pilot, and, hat in hand, leaned over the ship's bulwarks. He was a fine, tall, slim young fellow of eighteen or twenty, with black eyes, and hair as dark as a raven's wing; and his whole appearance bespoke that calmness and resolution peculiar to men accustomed from their cradle to contend with danger.

The Art Of Seduction - Robert Greene 2010-09-03

Which sort of seducer could you be? Siren? Rake? Cold Coquette? Star? Comedian? Charismatic? Or Saint? This book will show you which. Charm, persuasion, the ability to create illusions: these are some of the many dazzling gifts of the Seducer, the compelling figure who is able to manipulate, mislead and give pleasure all at once. When raised to the level of art, seduction, an indirect and subtle form of power, has toppled empires, won elections and enslaved great minds. In this beautiful, sensually designed book, Greene unearths the two sides of seduction: the characters and the process. Discover who you, or your pursuer, most resembles. Learn, too, the pitfalls of the anti-Seducer. Immerse yourself in the twenty-four manoeuvres and strategies of the seductive process, the ritual by which a seducer gains mastery over their target. Understand how to 'Choose the Right Victim', 'Appear to Be an Object of Desire' and 'Confuse Desire and Reality'. In addition, Greene provides instruction on

how to identify victims by type. Each fascinating character and each cunning tactic demonstrates a fundamental truth about who we are, and the targets we've become - or hope to win over. The Art of Seduction is an indispensable primer on the essence of one of history's greatest weapons and the ultimate power trip. From the internationally bestselling author of The 48 Laws of Power, Mastery, and The 33 Strategies Of War.

Man, Myth, Messiah - Rice Broocks 2016-03-01

Did Jesus Really Exist? The search for the historical Jesus continues to be headline news. Any speculative theory seems to get instant attention as the debate rages about His real identity and the claims made in His name. Did Jesus really exist? Is there real historical evidence that demonstrates that He lived and actually said and did the things the Gospels record? Is there any validity to the speculative claims that the Jesus story was a myth, borrowed from a variety of pagan cultures of the ancient world? In this follow-up to the book God's Not Dead (that inspired the movie), Man, Myth, Messiah looks at the evidence for the historical Jesus and exposes the notions of skeptics that Jesus was a contrived figure of ancient mythology. It also looks at the reliability of the Gospel records as well as the evidence for the resurrection that validates His identity as the promised Messiah. Man, Myth, Messiah will be released concurrent to the God's Not Dead movie sequel, which will cover the same theme.

Hannibal - Thomas Harris 2009-06-23

#1 NEW YORK TIMES BESTSELLER • "Is it as good as Red Dragon and Silence of the Lambs? No . . . this one is better."—Stephen King, The New York Times Book Review You remember Hannibal Lecter: gentleman, genius, cannibal. Seven years have passed since Dr. Lecter escaped from custody. And for seven years he's been at large, free to savor the scents, the essences, of an unguarded world. But intruders have entered Dr.

Lecter's world, piercing his new identity, sensing the evil that surrounds him. For the multimillionaire Hannibal left maimed, for a corrupt Italian policeman, and for FBI agent Clarice Starling, who once stood before Lecter and who has never been the same, the final hunt for Hannibal Lecter has begun. All of them, in their separate ways, want to find Dr. Lecter. And all three will get their wish. But only one will live long enough to savor the reward. . . . Praise for Hannibal "Interested in getting the hell scared out of you? Buy this book on a Friday . . . lock all doors and windows. And by Monday , you might just be able to sleep without a night-light."—Newsday "Strap yourself in for one heck of a ride. . . . It'll scare your socks off."—Denver Post "A stunner . . . writing in language as bright and precise as a surgeon's scalpel, Harris has created a world as mysterious as Hannibal's memory palace and as disturbing as a Goya painting. This is one book you don't want to read alone at night."—The Atlanta Journal-Constitution "Relentless . . . endlessly terrifying . . . 486 fast-paced pages, in which every respite is but a prelude to further furious action . . . Hannibal begins with a murderous paroxysm that leaves the reader breathless. . . . Hannibal speaks to the imagination, to the feelings, to the passions, to exalted senses and to debased ones. Harris's voice will be heard for a while."—Los Angeles Times "A pleasurable sense of dread."—The Wall Street Journal "Enormously satisfying . . . a smashing good time, turning the pages for thrills, chills, horror and finally, a bracing, deliciously wicked slap in the face . . . perhaps the very best the thriller/horror genre is capable of producing."—San Diego Union-Tribune

From Dictatorship to Democracy - Gene Sharp 2008
A serious introduction to the use of nonviolent action to topple dictatorships. Based on the author's study, over a period of forty years, on non-violent methods of demonstration, it was originally published in 1993 in Thailand for distribution among Burmese dissidents.

The 5 Levels of Leadership - John C. Maxwell 2011-10-04

Use this helpful book to learn about the leadership tools to fuel success, grow your team, and become the visionary you were meant to be. True leadership isn't a matter of having a certain job or title. In fact, being chosen for a position is only the first of the five levels every effective

leader achieves. To become more than "the boss" people follow only because they are required to, you have to master the ability to invest in people and inspire them. To grow further in your role, you must achieve results and build a team that produces. You need to help people to develop their skills to become leaders in their own right. And if you have the skill and dedication, you can reach the pinnacle of leadership—where experience will allow you to extend your influence beyond your immediate reach and time for the benefit of others. The 5 Levels of Leadership are: 1. Position—People follow because they have to. 2. Permission—People follow because they want to. 3. Production—People follow because of what you have done for the organization. 4. People Development—People follow because of what you have done for them personally. 5. Pinnacle—People follow because of who you are and what you represent. Through humor, in-depth insight, and examples, internationally recognized leadership expert John C. Maxwell describes each of these stages of leadership. He shows you how to master each level and rise up to the next to become a more influential, respected, and successful leader.

The 48 Laws of Power - Robert Greene 2000-09-01

Amoral, cunning, ruthless, and instructive, this multi-million-copy New York Times bestseller is the definitive manual for anyone interested in gaining, observing, or defending against ultimate control – from the author of *The Laws of Human Nature*. In the book that *People* magazine proclaimed "beguiling" and "fascinating," Robert Greene and Joost Elffers have distilled three thousand years of the history of power into 48 essential laws by drawing from the philosophies of Machiavelli, Sun Tzu, and Carl Von Clausewitz and also from the lives of figures ranging from Henry Kissinger to P.T. Barnum. Some laws teach the need for prudence ("Law 1: Never Outshine the Master"), others teach the value of confidence ("Law 28: Enter Action with Boldness"), and many recommend absolute self-preservation ("Law 15: Crush Your Enemy Totally"). Every law, though, has one thing in common: an interest in total domination. In a bold and arresting two-color package, *The 48 Laws of Power* is ideal whether your aim is conquest, self-defense, or simply to understand the

rules of the game.

Victorian Occultism and the Making of Modern Magic - A. Butler

2011-01-05

The late Victorian period witnessed the remarkable revival of magical practice and belief. Butler examines the individuals, institutions and literature associated with this revival and demonstrates how Victorian occultism provided an alternative to the tightening camps of science and religion in a social environment that nurtured magical beliefs.

Feminist Interpretations of Niccolò Machiavelli - Maria J. Falco 2004

The contributors to this volume investigate whether or not Machiavelli was a misogynist and a proto-fascist or instead a proto-feminist and a democratic republican. Among these themes they explore the implications of dichotomies as 'Fortuna and virtù', the 'public and the private', 'nature and reason', 'ends and means', 'functionality and the common good', as well as the importance of the military to the socialization of citizens, particularly women, to civic life, and the social construction of gender. Some of the contributors consider the possibility that Machiavelli's approach to ethics provides a special insight that feminists, and women generally, might explore to their benefit.

The Art of Loving - Erich Fromm 2013-02-26

The landmark bestseller that changed the way we think about love: "Every line is packed with common sense, compassion, and realism" (Fortune). The Art of Loving is a rich and detailed guide to love—an achievement reached through maturity, practice, concentration, and courage. In the decades since the book's release, its words and lessons continue to resonate. Erich Fromm, a celebrated psychoanalyst and social psychologist, clearly and sincerely encourages the development of our capacity for and understanding of love in all of its facets. He discusses the familiar yet misunderstood romantic love, the all-encompassing brotherly love, spiritual love, and many more. A challenge to traditional Western notions of love, The Art of Loving is a modern classic about taking care of ourselves through relationships with others by the New York Times–bestselling author of *To Have or To Be?* and *Escape from Freedom*. This ebook features an illustrated biography of Erich Fromm including rare images and never-before-seen documents from the author's estate.
