[The Quest](#) - Mircea Eliade 1984-05-15

In [The Quest](#) Mircea Eliade stresses the cultural function that a study of the history of religions can play in a secularized society. He writes for

the intelligent general reader in the hope that what he calls a new humanism "will be engendered by a confrontation of modern Western man with unknown or less familiar worlds of meaning." "Each of these essays contains insights which will be fruitful and challenging for professional students of religion, but at the same time they all retain the kind of cultural relevance and clarity of style which makes them accessible to anyone seriously concerned with man and his religious possibilities."—Joseph M. Kitagawa, Religious Education

*Not Always a Saint* - Mary Jo Putney 2015-08-25

Regency thrills from the New York Times bestselling author of *Not Quite a Wife*, who always delivers “adventure, passion and pure reading pleasure” (Jo Beverley). After the death of his sweetheart when he was at university, Daniel Herbert buried his grief in medical

studies and his passion for healing. Viewed as a saint by those who know him, in his own mind he never quite manages to live up to his own high standards. Most men would be thrilled to learn they’ve inherited a title and estate from a distant relative, but Daniel is appalled because the burden of wealth will interfere with his medical calling. Warily he accepts that he must enter society and seek a wife—a sensible woman who can oversee his properties, leaving him free to continue his work. He does not expect to become intoxicated by a woman called the Black Widow, who is as mysterious as she is shockingly beautiful . . . Jessie Kelham’s looks have always been a curse. Now alone with a young daughter and a perilous secret, she is in need of protection. But dangerously attractive Daniel Herbert is not the kind of husband she has in mind. If he recognizes her, the demons of her past will surely erupt. Yet they cannot keep apart and are soon drawn into a union that may bring joy—or shattering danger . . . Praise for

shamanic way to interpret natal horoscopes  
Shamanic Egyptian Astrology integrates the  
Egyptian pantheon, the ancient language of  
astrology, and shamanic practices to promote a  
new way to interpret and work with natal charts.  
Revealing the cross-cultural mythology and  
astrological significance of the individual

Egyptian gods and goddesses, the authors link  
each of the 12 zodiac signs and 11 celestial  
bodies of Western astrology with its Egyptian  
ancestor, introducing new significance to their  
positions and interactions in a horoscope. For  
example, Leo is linked with Anubis and Taurus  
with Hathor. Venus is associated with the  
goddess Isis and Jupiter with Horus. Each  
chapter includes sacred invocations and  
shamanic rituals to invite the wisdom of each  
Egyptian deity into your life--such as calling on  
Sekhmet for action or Thoth for clarity. With  
sample interpretations of the charts of Barack  
Obama and Gloria Steinem, this book provides a  
practical framework for accessing the wisdom of  
ancient Egypt and offers astrological and  
shamanic tools for spiritual guidance and the  
coming shift in planetary consciousness.

**Trickster and Hero** - Harold Scheub 2012  
The trickster and the hero, found in so many of  
the world's oral traditions, are seemingly  
opposed but often united in one character.

Trickster and Hero provides a comparative look at a rich array of world oral traditions, folktales, mythologies, and literatures—from The Odyssey, The Epic of Gilgamesh, and Beowulf to Native American and African tales. Award-winning folklorist Harold Scheub explores the “Trickster moment,” the moment in the story when the tale, the teller, and the listener are transformed: we are both man and woman, god and human, hero and villain. Scheub delves into the importance of trickster mythologies and the shifting relationships between tricksters and heroes. He examines protagonists that figure centrally in a wide range of oral narrative traditions, showing that the true hero is always to some extent a trickster as well. The trickster and hero, Scheub contends, are at the core of storytelling, and all the possibilities of life are there: we are taken apart and rebuilt, dismembered and reborn, defeated and renewed.

**Applying Islamic Principles to Clinical Mental Health Care** - Hooman Keshavarzi

2020-07-27

This text outlines for the first time a structured articulation of an emerging Islamic orientation to psychotherapy, a framework presented and known as Traditional Islamically Integrated Psychotherapy (TIIP). TIIP is an integrative model of mental health care that is grounded in the core principles of Islam while drawing upon empirical truths in psychology. The book introduces the basic foundations of TIIP, then delves into the writings of early Islamic scholars to provide a richer understanding of the Islamic intellectual heritage as it pertains to human psychology and mental health. Beyond theory, the book provides readers with practical interventional skills illustrated with case studies as well as techniques drawn inherently from the Islamic tradition. A methodology of case formulation is provided that allows for effective treatment planning and translation into therapeutic application. Throughout its chapters, the book situates TIIP within an Islamic

epistemological and ontological framework, providing a discussion of the nature and composition of the human psyche, its drives, health, pathology, mechanisms of psychological change, and principles of healing. Mental health practitioners who treat Muslim patients, Muslim clinicians, students of the behavioral sciences and related disciplines, and anyone with an interest in spiritually oriented psychotherapies will greatly benefit from this illustrative and practical text.

Exploring European changes in religious and secular beliefs and practices related to life passages, this book provides a deeper understanding of the impacts of social change on personal identity and adjustment across the life course. According to latest research, Europeans who consider religious services appropriate to mark life passages significantly outnumber those who declare themselves as believers. Drawing on fascinating oral histories of older people's memories in both Eastern and Western Europe, this book presents illuminating views on peoples' quests for existential meaning in later life. *Ageing, Ritual and Social Change* presents an invaluable resource for all those exploring issues of ageing, including those looking from perspectives of sociology and psychology of religion, social and oral history and East-Central European studies.

**Text Analysis in Translation** - Christiane Nord 2005

Text Analysis in Translation has become a classic

in Translation Studies. Based on a functional approach to translation and indebted to pragmatic text linguistics, it suggests a model for translation-oriented source-text analysis applicable to all text types and genres independent of the language and culture pairs involved. Part 1 of the study presents the theoretical framework on which the model is based, and surveys the various concepts of translation theory and text linguistics. Part 2 describes the role and scope of source-text analysis in the translation process and explains why the model is relevant to translation. Part 3 presents a detailed study of the extratextual and intratextual factors and their interaction in the text, using numerous examples from all areas of professional translation. Part 4 discusses the applications of the model to translator training, placing particular emphasis on the selection of material for translation classes, grading the difficulty of translation tasks, and translation quality assessment. The book concludes with the

practical analysis of a number of texts and their translations, taking into account various text types and several languages (German, English, Spanish, French, Italian, Portuguese, and Dutch).

The Porcelain Workshop - Antonio Negri  
2008-06-06

In 2004 and 2005, Antonio Negri held ten workshops at the College International de

Philosophie in Paris to formulate a new political grammar of the postmodern. Postmodernity, Negri suggests, can be described as a "porcelain workshop": a delicate and fragile construction that could be destroyed through one clumsy act. Looking across twentieth-century history, Negri warns that our inability to anticipate future developments has already placed coming generations in serious jeopardy. In the impassioned debates recounted in this book, Antonio Negri attempts to describe the formation of an alternative political horizon and looks for a way to define the practices and modes of expression that democracy could take.

### **The Columbia Literary History of the United States** - Emory Elliott 1988-02-15

For the first time in four decades, there exists an authoritative and up-to-date survey of the literature of the United States, from prehistoric cave narratives to the radical movements of the sixties and the experimentation of the eighties. This comprehensive volume—one of the

century's most important books in American studies—extensively treats Hawthorne, Melville, Dickinson, Hemingway, and other long-cherished writers, while also giving considerable attention to recently discovered writers such as Kate Chopin and to literary movements and forms of writing not studied amply in the past. Informed by the most current critical and theoretical ideas, it sets forth a generation's interpretation of the rise of American civilization and culture. The Columbia Literary History of the United States contains essays by today's foremost scholars and critics, overseen by a board of distinguished editors headed by Emory Elliott of Princeton University. These contributors reexamine in contemporary terms traditional subjects such as the importance of Puritanism, Romanticism, and frontier humor in American life and writing, but they also fully explore themes and materials that have only begun to receive deserved attention in the last two decades. Among these are the role of women

as writers, readers, and literary subjects and the impact of writers from minority groups, both inside and outside the literary establishment.

*Captive in Iran* - Maryam Rostampour

2013-04-02

Maryam Rostampour and Marziyeh Amirizadeh knew they were putting their lives on the line. Islamic laws in Iran forbade them from sharing their Christian beliefs, but in three years, they'd covertly put New Testaments into the hands of twenty thousand of their countrymen and started two secret house churches. In 2009, they were finally arrested and held in the notorious Evin Prison in Tehran, a place where inmates are routinely tortured and executions are commonplace. In the face of ruthless interrogations, persecution, and a death sentence, Maryam and Marziyeh chose to take the radical—and dangerous—step of sharing their faith inside the very walls of the government stronghold that was meant to silence them. In *Captive in Iran*, two courageous

Iranian women recount how God used their 259 days in Evin Prison to shine His light into one of the world's darkest places, giving hope to those who had lost everything and showing love to those in despair.

### **MIT, PERSONAJ, SPAȚIU ÎN BASMUL CULT GERMAN ȘI ROMÂN - PAUL CRISTIAN**

CALMÂC 2021-01-01

Cercetarea de față reprezintă un demers pe cât de dificil pe atât de curajos de a aduce noi informații într-o zonă cu încă destul de numeroase teritorii puțin cunoscute în cercetarea literară de la noi, dar care se dorește a fi, totodată, chiar mai mult decât atât, autorul urmărind, cum afirmă el însuși, „transformarea mitului în basm, definirea condiției umane în sfera superioară a eroului și încadrarea acțiunii într-un univers amplu și complex, cu o spațialitate divizată pe mai multe paliere ale cunoașterii.” În capitolele bine structurate din acest volum sunt disecate cu aplomb problematici complexe, deloc ușor de urmărit. În

ciuda dificultăților de documentare și a caracterului pe alocuri încă viu, controversat și eluziv al conceptelor și metodei domeniului, autorul nu se refugiază într-un tentant conformism, ci încearcă, cu proștețime și curaj, clarificări și definiții axiologice care pot din plin deveni puncte de plecare pentru cercetări ulterioare. Symbolism in Greek Mythology - Paul Diel 1980

*Return from the Archipelago* - Leona Toker 2000  
Comprehensive historical survey and critical analysis of the vast body of narrative literature about the Soviet gulag. Leona Toker organizes and characterizes both fictional narratives and survivors' memoirs as she explores the changing hallmarks of the genre from the 1920s through the Gorbachev era. Toker reflects on the writings and testimonies that shed light on the veiled aspects of totalitarianism, dehumanization, and atrocity. Identifying key themes that recur in the narratives -- arrest, the stages of trial, imprisonment, labor camps, exile, escapes, special punishment, the role of chance, and deprivation -- Toker discusses the historical, political, and social contexts of these accounts and the ethical and aesthetic imperative they

fulfill. Her readings provide extraordinary insight into prisoners' experiences of the Soviet penal system. Special attention is devoted to the writings of Varlam Shalamov and Aleksandr Solzhenitsyn, but many works that are not well known in the West, especially those by women, are addressed. Consideration is also given to events that recently brought many memoirs to light years after they were written.

Zenobia - Gellu Naum 1995

A full-length novel by a member of the Romanian literary avant-garde, *Zenobia* is the evocation of the singular quest of a Surrealist knight-errant who strives to be true to the gentle demands of his lady in a landscape of snares, desolation,

incipient madness, and material poverty magically interrupted by moments of extreme beauty. Love, in all its intimate, carnal communion, lights the path through the dark forest, the streets of Bucharest, and the desert swamps. The narrator, speaking from the depths of love and despair, invites the reader to share his quest.

**Hieroglyphic Dictionary** - Bill Petty 2012

The Hieroglyphic Dictionary is part of Museum Tours' series "The Essentials" ... books that anyone serious about the study of Egyptology will find useful. It has been created to fill a need for a low cost, yet comprehensive, translation aid to hieroglyphs that is convenient to use. Its emphasis is on words found in monumental inscriptions, as opposed to words found strictly in papyri. The words it contains are most likely to be encountered on the monuments in Egypt or in museums. It contains a about 4,000 entries. This compares favorably to the 2,500 entries in the vocabulary of Alan Gardiner's "Egyptian

Grammar", and the 5,000 plus entries in Raymond Faulkner's "Dictionary of Middle Egyptian". The volume's convenient size makes it ideal for everyday use anywhere one happens to be, a local museum or the monuments in Egypt. It is a "must have" for any serious student, Egyptologist or Egyptophile. From Museum Tours Press.

The Red Sphinx - Alexandre Dumas 2017-01-03  
In 1844, Alexandre Dumas published The Three Musketeers, a novel so famous and still so popular today that it scarcely needs introduction. Shortly thereafter he wrote a sequel, Twenty Years After. Later, toward the end of his career, Dumas wrote The Red Sphinx, another direct sequel to The Three Musketeers that begins a mere twenty days afterward. Picking up right where the The Three Musketeers left off, The Red Sphinx continues the stories of Cardinal Richelieu, Queen Anne, and King Louis XIII—and introduces a charming new hero, the Comte de Moret, a real historical

figure from the period. Dumas wrote seventy-five chapters of *The Red Sphinx*, but never quite finished it and the novel languished for almost a century. While Dumas never completed the book, he had earlier written a separate novella, *The Dove*, that recounts the final adventures of Moret and Cardinal Richelieu. Now for the first time in one cohesive narrative, *The Red Sphinx* and *The Dove* make a complete and satisfying storyline—a rip-roaring novel of historical adventure, heretofore unknown to English-language readers, by the great Alexandre Dumas, king of the swashbucklers.

Readers will recognize in these pages the joy of a life about to blossom, of the search for knowledge and the desire for true love.
