**Literature of Java** - Theodore G. TH. Pigeaud 2013-06-29

The third, concluding volume of "Literature of Java" contains Addenda and a General Index, preceded by Illustrations, Facsimiles of Manuscripts, Maps and some Minor Notes, additions which may be of use to students of Javanese literature. The older catalogues of collections of Indonesian manuscripts (Javanese,

Malay, Sundanese, Madurese, Balinese), which were written in Dutch, did not offer such additional aids to interested readers. One of the reasons was, , that the authors (Vreede, Brandes, van Ronkel, Juynboll, Berg) presupposed a certain knowledge of the Indonesian peoples, their countries and their culture with Dutch students. As often as not the latter, or their families, had lived for many years in Java, and they were destined, when they had completed their studies in The Netherlands, to pass one or more decades of 'their active life in the ,tropics in the service of Government, the Christian Missions or the Bible Society. The Archipelago was their second home country. Some familiarity with things Indonesian was found in several circles of

society in The Netherlands before the second world war, and information (though not always scholarly and exact) was supplied by quite a number of books and periodicals. For this reason it was thought superfluoU's to encumber specialistic books like catalogues of manuscripts with maps and general information which could be found easily elsewhere, for instance in the Dutch "Encyclopaedie van Nederlandsch-Indie". As circumstances have changed it is.

**Javanese Gentry** - Umar Kayam  
2013-01-01

"In my mind rose a misty picture of a little girl in a floral dress. As for her face: nothing. I could only hope that she had been pretty. I sat overcome. What a procession of developments in one day! Only that morning I had left Madiun; at midday

I was wobbling on a buggy past an ocean of rice fields; tonight, suddenly, I had been renamed by my parents and handed a wife." Thus begins Sastrodarsono's life, returning to his village as a newly-appointed schoolteacher, and by virtue of that position, a member of the "priyayi" - functionary gentry awesomely elevated above the peasantry of his origins. From those most traditional of Javanese institutions - change of name and a virtually imposed marriage-he moves on with his bride to found a line of modernizing generations active across the whole span of recent Indonesian history: the 20th century late-colonial period, Japanese occupation, war of independence and two decades of social disorder ending in the mid-1960s with the rise of Suharto's

authoritarian New Order government. The ideal of gentrification threads through this saga, both in the implicit concerns of a variety of characters and in the hopes of wretched villagers for whom the literacy necessary to approach that higher status is largely a forlorn dream.

*Twilight Phantasies* - Maggie Shayne  
2022-06-28

Wings in the Night The classic vampire-romance series that started it all... Book 1 Twilight Phantasies Strong sexual content Tamara's dreams are tormented. She is lost, alone, and calling out for someone, but when she wakes she can never remember his

name. Then she meets an enigmatic stranger during a midnight skate on a frozen pond, and is overcome with a sense of familiarity and powerful longing. Eric Marquand is a vampire, drawn to the beautiful Tamara because of the rare Belladonna antigen in her blood. It connects them. From the shadows, he has watched over her since childhood, a dark guardian. But when he returns after years away, he finds her living in the home of a man who's devoted his life to the annihilation of vampire-kind. Tamara's parents had died during Eric's absence. Daniel St. Clair, a high-ranking agent of the secretive Division of Paranormal Investigations, had become her legal guardian, had raised her. Worse, she now works for the DPI too. Tamara soon finds herself torn between her

love and devotion for the dear, aging man who raised her, and her passionate desire for Eric, the man whose touch she craves. Daniel insists that Eric is a vampire who will drain Tamara's blood and leave her a lifeless husk if given the chance. Eric says Daniel is a vampire hunter who performs sick experiments on his kind to find their weaknesses. He says Daniel will kill him, given the chance. But she hasn't much time to choose, because St. Clair's protégé, DPI vampire-researcher Curtis Rogers, has his own nightmarish plans for them both. **BONUS!** A never-before published short story: Rhiannon in the Temple of Isis: 1: Jewels of the Goddess Look for Book 2, Twilight Memories The Seen and Unseen Worlds in Java, 1726-1749 - Merle Calvin Ricklefs

*Asian Trade and European Influence* -

M. A. P. Meilink-Roelofs 2013-11-11  
Now that this study is completed and I wish to make due acknowledgment to all those who have in any degree contributed towards its realization, my thoughts turn in the first place to the one to whom this book is dedicated. It is a great grief to me that he who took such an intense interest in my work has not lived to see its conclusion. It was he who in the beginning urged me to venture upon this course of study and whose encouragement helped me in moments of despondency. The high standard which, with his keen and critical judgment, he set for his own work, was an example to me, and I shall strive to maintain it in my future studies. Not only did he help me to lay the foundation of my knowledge of archive science, but he was also my

guide in a field new to me in many respects, that of Asian maritime trade. His wide knowledge of medieval European trade in the Baltic area led me to compare and contrast the two worlds of East and West and thus helped me to obtain a deeper insight into the differences and similarities between the various problems involved. I am greatly indebted to Prof. Dr. J. M. Romein, who has followed the progress of my studies with great interest all these years, and on whose help and support, sometimes in very difficult circumstances, I have always been able to rely.

*The Admonitions of Seh Bari* -  
Pangerang Bonan 2012-12-06

The Javanese text being published here is not appearing in print for the first time: more than half a century ago it was published by B.J.O. Schrieke in his doctor's thesis *Ret Boek van Bonang* ("The Book of Bonang") (1916). In Schrieke's work, however, the emphasis fell on the historical introduction to the text rather than on the text itself, the edition of which is not free of shortcomings. Moreover, the analysis of the contents of the text appended to it could not make up for a complete translation. For the lack of a new edition and complete translation of

this Qld and important text has nQt been made before now is due to the small number of scholars of Javanese - and the even smaller number of those amQng them who concern themselves with the Muslim works of Javanese literature. In short, it is the piQneering character which the study of Indonesian literatures still largely PQssesses that has caused people to be contented with preliminary surveys Qf this extensive field of study j it is true that a number of welcQme milestones have been erected, but it can in no way be said that the cha:rting Qf the whole field is yet complete. After the first publication of a text and summary of its contents people are only too readily inclined to proceed to other projects, mOore attractive because of their novelty.

**Contributions of Muslims to Indian Subcontinents** - Abul Hasan Ali Nadwi  
2017-06-03

In 1951, on my return from an extensive tour of the Middle East, I was invited by the All India Radio to broadcast a series of talks in Arabic on Indian Muslims. These talks, luckily, were received favorably by some of the Indian missions lodged in that part of the world, and they suggested their publication in the form of a booklet. The All India Radio also broadcast them subsequently in some other languages and an international Arabic Journal,

Muslims, of Damascus was good enough to bring them out in its columns in a number of installments. In the present compilation five new essays have, in all, been included which were not broadcast over the radio. These are: -Influence of Muslims on Indian Civilization -Role of Muslims in the Struggle for Freedom -Indo-Islamic Culture -Sufi-Saints of India and their Impact on Society -Current Difficulties and Problems It is hoped that the book, with these additions, will be read with interest among the educated circles of the various communities that go to make our people and prove of some value in reducing the ignorance and the attitude of indifference which exist in the sister-communities towards the Muslims. It may, further, be helpful in promoting the growth of a

broad, realistic, national perspective in the country it so badly needs today. It will also, perhaps, not be too much to expect that, apart from non-Muslim friends, many educated Muslims, too, will find in these pages something which will be new to them and will add to their knowledge about themselves and go some way, however little, towards ridding them of the inferiority complex they have developed lately, but for which there can be no justification. The Muslim are not only citizens of an equal status with anybody in India; they are also among its chief builders and architects, and hold position second to none among the peoples of the world for selfless service to the motherland. They gave to India and to the Indian civilization a new Jibe and a new

dimension and awakened its people to a new set of moral and spiritual values. Every patch of its land and every particle of its soil bears the imprint of their greatness and is a monument to their industry, earnestness and creative genius. In every aspect of Indian life and civilizations can be seen evidences of their noble aestheticism and cultural richness.

**What is Structural Exegesis?** - Daniel Patte 2015-01-26

Structural exegesis is a major recent development in biblical studies and is related to simultaneous currents in other fields of academic study. Here, at last, is an introduction to structuralism and structuralist methods that does not presuppose advance knowledge of linguistics or

anthropology. Traditional exegetical methods follow a historical paradigm; structuralism follows a linguistic paradigm. Thus, these two approaches involve significantly different attitudes toward the biblical text. Through clear analytic explanations illustrated by application to

specific texts, Daniel Patte shows how structuralism and traditional scholarship must go hand in hand so that together they can carry the exegetical task to its end--opening the possibility for fresh insights based on clear understandings.
