Eyewitness 2018-01-16  
Experience the best of this region: from exploring Prague- visiting St. Vitus's Cathedral and the Charles Bridge-to hiking in stunning Šumava National Park. In the Slovak Republic, discover Bratislava before exploring the lowlands in the west or the Tatras mountains in the north. Inspiring photography and unique illustrations bring to life

major attractions such as Prague's Old Town Hall, Špilberk in Brno, and St. Martin's Cathedral in Bratislava. With hotel and restaurant recommendations and insider tips, this guide will help you plan the perfect trip through the Czech and Slovak Republics, and their picturesque towns, such as Trnava and Banská Bystrica, magnificent scenery, diverse topography, and rich history. With hundreds of full-color photographs, hand-drawn illustrations, and custom maps that illuminate every page, DK Eyewitness Travel Guide: Czech & Slovak Republics truly shows you this city as no one else can.

### **The Julian Alps of Slovenia** -

Justi Carey 2015-05-11

This guidebook contains over 60 walks which explore the best of the Julian Alps of Slovenia. The walks and treks in this guidebook are organised around five bases in the Julian Alps - Kranjska Gora, Bovec, Kobarid, Bled and Bohinj - all of which have a range of accommodation and public transport facilities. There is

something here for everyone - from easy valley walks and rougher forest trails to high-mountain protected routes, including multiple routes up Triglav, Slovenia's highest peak. Several possibilities for multi-day walks are included. The Julian Alps are situated in the small independent republic of Slovenia, at the south-eastern end of the Alpine chain. Their highest peak, Triglav, at 2864m, may be smaller than some of the better-known western giants, but what the mountains lack in stature they make up for in interest and accessibility. The dramatic limestone peaks drop steeply through forests to flower meadows, and will give you a feast for the eyes no matter which direction you turn.

*DK Eyewitness Travel Guide Italy* - DK 2015-10-06

DK Eyewitness Travel Guide: Italy is your in-depth guide to the very best of Italy. From touching the stones of the Colosseum in Rome to gazing up at Michelangelo's David in Florence to savoring a gelato along the canals of Venice,

experiences and hidden gems - the best spots to eat, drink, shop and stay - detailed maps and walks which make navigating the country easy - easy-to-follow itineraries - expert advice: get ready, get around and stay safe - color-coded chapters to every part of Florence and Tuscany, from Santa Croce to Oltrarno, Central Tuscany to Southwest Tuscany Touring the country? Look out for our DK Eyewitness Italy.

**Tokyoids** - Francois Blanciak  
2022-09-13

A photographic survey of the robotic face of Tokyo buildings and an argument that robot aesthetics plays a central role in architectural history. In *Tokyoids*, architect François Blanciak surveys the robotic faces omnipresent in Tokyo buildings, offering an architectural taxonomy based not on the usual variables—size, material, historical style—but on the observable expressions of buildings. Are the eyes (windows) twinkling, the mouth (door) laughing? Is that balcony a howl of distress? Investigating

robot aesthetics through his photographs of fifty buildings, Blanciak argues that the robot face originated in architecture—before the birth of robotics—and has played a central role in architectural history. Blanciak first puts the robot face into historical perspective, examining the importance of the face in architectural theory and demonstrating that the construction of architecture’s emblematic portraits triggered the emergence of a robot aesthetics. He then explores the emotions conveyed by the photographed buildings’ robot faces, in chapters titled “Awe,” “Wrath,” “Mirth,” “Pain,” “Angst,” and “Hunger.” As he does so he considers, among other things, the architectural relevance of Tokyo’s ordinary buildings; the repression of the figural in contemporary architecture; an aesthetic of dismemberment, linked to the structure of the Japanese language and local building design; and the influence of automation technology upon human interaction. Part

photographic survey, part theoretical inquiry, Tokyoids upends the usual approach to robotics in architecture by considering not the automation of architectural output but the aesthetic properties of the robot.

*DK Eyewitness Tokyo* - DK

Eyewitness 2020-01-21

This fascinating city; the world's largest metropolis, is becoming increasingly popular with and accessible to foreign visitors. Few people today are not affected by the creativity, culture and economy of Tokyo, yet this megacity remains an enigma for many. Tokyo is the seat of the Japanese government and an economic powerhouse in the global financial market as well as a city at the cutting edge of fashion trends and modern architecture. This DK

Eyewitness Travel Guide

provides in-depth coverage of the city, from the looming skyscrapers, neon-bathed streets and flashing video screens of the labyrinthine Shinjuku district to the traditional shrine complex of Meiji Jingu and the arresting mix of contemporary building developments found throughout the city.

Insights into history and culture to help you understand the stories behind the sights. Hotel and restaurant listings highlight DK Choice special recommendations. With hundreds of full-color photographs, hand-drawn illustrations, and custom maps that illuminate every page, DK Eyewitness Travel Guide: Slovenia truly shows you this country as no one else can. *Slovenia - Culture Smart!* - Jason Blake 2011-09-01 Slovenia seems closer to Austria or Italy than to its Balkan neighbors. The richest

of the Slavic nation-states, it has an entirely Western tradition, having belonged in the past to the Roman Empire, the Frankish kingdom, the Holy Roman Empire, the Republic of Venice, the Habsburg monarchy, and the First French Empire. After the Second World War it became part of the Republic of Yugoslavia, before declaring independence in 1991. This extraordinary cultural legacy is what sets Slovenia apart, matched by an amazingly varied topography packed into a small area. Traveling toward the coast, you see changes in the landscape and in the architecture. This reflects both the natural and the historical variety: the Venetians built their buildings one way, the Austrians another. Slovenia's natural beauty is astonishing. Legend relates that when God was allotting nature's bounty, he forgot Slovenia. His last-minute solution was to take bits of the best from other places: gorgeous Alpine ranges, the less craggy Pohorje mountains, the Pannonian plain stretching

toward Hungary, hill after hill rolling southward into the horizon, the unique karst landscape, rivers aplenty, and a few miles of Adriatic coastline. Never having had a glorious unified kingdom in the past, Slovenians identify themselves not by blood or history but by their language, which differs from the other languages of the ex-Yugoslavia. The older generation is fluent in Serbo-Croatian, which helps for politics and trade, but has little of its historical baggage, and the country has geo-political importance as a politically stable stepping stone to the Balkans. As far as nationhood goes, Slovenia's golden age is now. There is a sense of change in the country—mostly for the better, and not the dull stampede toward materialism that one sees in some other former Eastern bloc countries. As a tourist destination Slovenia has it all, from medieval ruined monasteries to whitewater rafting. The people of this lovely land are genuinely glad that others are "discovering" their country.

There are no real language problems; the younger people all speak English. Moreover, membership of the EU means that this is a country in transition. Culture Smart! Slovenia will introduce you to the inner world of this moderate, orderly, and conservative people who have emerged into the post-Communist world hungry for change.
